**2022 (SECOND) Regular Session**

**Bill No. 301-36 (LS)**

As amended by the Committee on Health, Land,  
Justice, and Culture; and further amended on the Floor.

Introduced by:

Joe S. San Agustin

**AN ACT TO APPROVE THE SECOND AMENDED AND  
RESTATED LAND LEASE AGREEMENT BETWEEN  
THE GUAM POWER AUTHORITY AND GUAM UKUDU  
POWER LLC, AS LENDERS' CONDITION TO FUND  
THE CONSTRUCTION OF A 198 MW POWER PLANT  
AND BATTERY ENERGY STORAGE SYSTEM  
FACILITY LOCATED ON LOT NOS. 5010-1NEW-NEW-1  
AND 5010-1NEW-NEW-R1, DEDEDO, AND A RELATED  
RESERVE FACILITY LOCATED ON LOT NO. 261-2,  
PITI, GUAM, AND TO AUTHORIZE THE USE OF  
THOSE PROPERTIES FOR SUCH PURPOSES.**

**BE IT ENACTED BY THE PEOPLE OF GUAM:**

**Section 1. Legislative Findings and Intent.** *I Liheslaturan Guåhan* finds that the Guam Power Authority (GPA), pursuant to that certain Consent Decree filed on April 20, 2020, in that case entitled *United States of America v. Guam Power Authority, et. al*, Case No. 1:20-cv-00007 (U.S.D.C. of Guam), as amended, is required to construct and operate 180 MW of new generation utilizing Ultra Low Sulfur Diesel (ULSD), among other obligations, to resolve violations of U.S. environmental laws regarding the operations of the Cabras and Piti power plants.

*I Liheslaturan Guåhan* finds that on November 5, 2019, following a public competitive bidding process in accordance with the Guam Procurement Law and

1 approval by the Consolidated Commission on Utilities (CCU) and the Public  
2 Utilities Commission (PUC), GPA and Guam Ukudu Power LLC (GUP) entered  
3 into an Energy Conversion Agreement (ECA) and pursuant thereto a Land Lease  
4 Agreement (LLA), both as amended, amended and restated, modified or  
5 supplemented from time to time, under which GUP shall develop, design, permit,  
6 finance, construct, test, commission, complete, own, insure, operate and maintain (a)  
7 a natural gas / ultra-low sulfur diesel dual-fired power electric facility with a  
8 nameplate capacity of 198 MW and a related battery energy storage system (CCPP  
9 Facility), to be located on Lot No. 5010-1NEW-NEW-1 and Lot No. 5010-1NEW-  
10 NEW-R1, Dededo, Guam near the Harmon substation, and (b) an ultra-low sulfur  
11 high speed diesel reserve facility (Reserve Facility), to be located on Lot No. 261-2,  
12 Piti, Guam, all on a build, own, operate and transfer basis to provide electric power  
13 capacity and net energy output to GPA (collectively, the New Power Plant Project).

14 *I Liheslaturan Guåhan* finds that as a final step in a lengthy and publicly  
15 intensive process, legislative approval of the lease, which is governed by the ECA,  
16 of Lot No. 5010-1NEW-NEW-1 and Lot No. 5010-1NEW-NEW-R1, Dededo,  
17 Guam and Lot No. 261-2, Piti, Guam (New Power Plant Project Sites) by GPA, as  
18 lessor, to GUP, as lessee, is required, among other financing conditions, to secure  
19 financing for the funding of the construction and commissioning of the New Power  
20 Plant Project.

21 *I Liheslaturan Guåhan* finds that approval of the lease of the New Power Plant  
22 Project Sites in the form and content presented by GPA to *I Liheslaturan Guåhan* in  
23 connection with its request for approval the Lease is necessary and essential to the  
24 timely commissioning of the CCPP Facility scheduled for April 2024 under the  
25 Consent Decree.

26 *I Liheslaturan Guåhan* finds that timely commissioning of the New Power  
27 Plant Project will serve numerous purposes, including, but not limited to, a cleaner

1 environment for Guam, a bridge to reaching the Legislature’s renewable energy  
2 goals, avoidance of high and avoidable fuel charges and possibly sanctions for non-  
3 compliance of the Consent Decree.

4 *I Liheslaturan Guåhan* finds and acknowledges that upon approval of the  
5 Lease, and compliance with other lender conditions, the closing of the financing for  
6 the construction of the New Power Plant Project can occur.

7 *I Liheslaturan Guåhan* finds that the request for approval of the Lease has  
8 followed a lengthy public process to prepare for the New Power Plant Project. For  
9 example, on May 1, 2018, after receiving input from numerous residents,  
10 governmental agencies, the Mayors Council of Guam, and the Dededo and  
11 Tamuning-Tumon-Harmon Municipal Planning Councils, *I Liheslaturan Guåhan*  
12 passed Bill 223-34, enacted as Public Law 34-102 on May 16, 2018, consolidating  
13 and rezoning Lot No. 5010-1NEW, Lot No. 5042-1 and Lot No. 5042-R1 in Ukudu,  
14 Dededo, Guam (consolidated as Lot No. 5010-1NEW-New) to Light Industrial Zone  
15 (M1) permitting a conditional use of the site for the construction and operation of  
16 the New Power Plant Project. The site where the Reserve Facility at Piti will be  
17 located is aligned with a Light Industrial Zone (M1).

18 *I Liheslaturan Guåhan* further finds that the Guam Hybrid Land Use  
19 Commission, pursuant to a public process, has approved on October 15, 2021, a zone  
20 variance for height of certain structures for the CCPP Facility, subject to the  
21 conditions from the agencies comprising the Application Review Committee.

22 Accordingly, *I Liheslaturan Guåhan* finds that it is in the best interests of  
23 Guam that *I Liheslaturan Guåhan* approves the Lease of Lot No. 5010-1NEW-  
24 NEW-1 and Lot No. 5010-1NEW-NEW-R1, Dededo, Guam and Lot No. 261-2,  
25 Piti, Guam for the construction of the New Power Plant Project.

26 **Section 2. Approval of the Lease of Lot No. 5010-1NEW-NEW-1 and**

## **ARTICLE 12: ABANDONMENT OF PREMISES**

Project Company shall not vacate or abandon the Premises at any time during the term of this Lease Agreement. If Project Company abandons, vacates, or surrenders the Premises or is dispossessed by process of law, or otherwise, any personal property belonging to Project Company and left on the Premises shall be deemed to be abandoned.

## **ARTICLE 13: PROJECT FINANCING**

GPA acknowledges and accepts that Project Company plans to obtain third party debt financing from Lenders to construct the Facility and hereby consents to customary lender mortgage rights and liens upon the Premises and any all improvements situated thereon including, without limitation, the Project Facilities, and any personal property of the Project Company used in connection therewith, and lender rights to step-in, assume and transfer the rights and obligations of the Project Company under this Lease Agreement as set forth in the Lender's Direct Agreement, the applicable terms and conditions of which are hereby by incorporated herein by reference.

## **ARTICLE 14: LIABILITY FOR LIENS ON PREMISES**
