Relative to recognizing and commending Pacific Revolution Corporation for identifying vertical farming as a resource for Guam by creating an innovative and sustainable food system; and to further commending the Corporation for their commitment to our island's residents by providing more effective and environmentally responsible ways of enhancing our agriculture.

BE IT RESOLVED BY THE COMMITTEE ON RULES OF I MINA TRENTAI KUÅTTRO NA LIHESLATURAN GUÅHAN:

WHEREAS, the focus of Pacific Revolution Corporation is on food production, recycling, manufacturing commodities, and economic development diversifying through small businesses; and it is invested in seeking alternatives to food security on Guam through vertical farm systems; and

WHEREAS, vertical farming is the use of indoor farming techniques in a closed and controlled environment to grow produce, which reduces the need for space, pesticides, and water to grow food; and

WHEREAS, a vertical farming system on Guam would be complimentary to traditional farming and economically beneficial through private-public partnerships; and, after aggressively pursuing and studying the concept of vertical farming for Guam, the Corporation discovered that the conventional systems we've been seeking, such as greenhouse layer farming and LED supported stack systems are not economical; and

WHEREAS, high-tech growing methods of vertical farming would cultivate leafy greens, healthy fruits, herbs, and microgreens; and eventually, chicken and livestock can be cultivated vertically; and

WHEREAS, vertical farming will be beneficial to the island through cleaner air, the safe use of municipal liquid waste, an ample supply of safe drinking water, and the creation of a sustainable environment that promotes good health for all those who choose to live on our island; and

WHEREAS, the cost of importing fresh produce has become burdensome; and, through the implementation of vertical farming, locally grown produce would become more affordable, and the selection of locally grown fresh produce would be greater; now therefore, be it

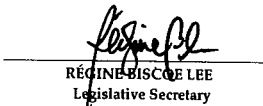

RESOLVED, that the Committee on Rules of I Minna Trentai Kuåttro Na Liheslaturan Guåhan does hereby, on behalf of I Liheslaturan Guåhan and the people of Guam, recognize and commend Pacific Revolution Corporation for identifying vertical farming as a resource for Guam by creating an innovative and sustainable food system; and does further commend the Corporation for their commitment to our island's residents by providing more effective and environmentally responsible ways of enhancing our agriculture; and be it further

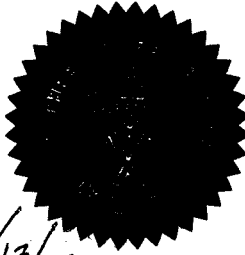

RESOLVED, that the Speaker and the Chairperson of the Committee on Rules certify, and the Legislative Secretary attest to, the adoption hereof, and that copies of the same be thereafter transmitted to Pacific Revolution Corporation; and to the Honorable Edward J.B. Calvo, I Maga'åhhen Guåhan.

DULY AND REGULARLY ADOPTED BY THE COMMITTEE ON RULES OF I MINA TRENTAI KUÅTTRO NA LIHESLATURAN GUÅHAN ON THE 12TH DAY OF JULY 2018.
