The public hearing was called to order at 9:05 a.m.

### **II. SUMMARY OF TESTIMONY AND DISCUSSION**

**Vice Speaker Benjamin J.F. Cruz** called the public hearing to order at 9:05 a.m. and announced the morning's agenda and public hearing notices.

**Vice Speaker Cruz** opened the hearing by explaining why he proffered Bill No. 256-31(COR), stating that the measure is intended to promote transparency in the H-2B process of certifying that qualified workers in Guam and the United States are not available to perform the required services, and that the alien's employment will not adversely affect the wages and working conditions of United States resident workers who are similarly employed on Guam.

conditions of United States resident workers who are similarly employed on Guam.

**Mr. Greg Massey**, Administrator for the Division of the Guam Department of Labor's (GDOL's) Division of Alien Labor Certification, was present and presented both written and oral testimony on behalf of GDOL Director Leah Beth Nahalowwa. Massey stated that the Department is in favor of Bill No. 256-31 (COR) with some specific amendments. Massey suggested that on line 13 the wording be amended to "...; the number of qualified, willing, and available United States residents who applied to fill said position;..." Massey stated that the reporting of unqualified, unwilling, or unavailable applicants would mislead users of the data posted on the website. Furthermore, Massey expressed concern over the posting of data on a bi-weekly basis as required on line 7 on the bill, stating that the requirement should quarterly so as not to overly task his division.

**Senator Chris Duenas** raised his concerns over the loss of professional jobs to alien workers. Massey said local authorities have no control over the H-1 program, administered by the U.S. Customs and Immigration (USCIS). Duenas said it is still a concern and that GDOL should inform USCIS of such concerns.

**Senator Tom Ada** expressed the concern that the Director is not present at the hearing and has not been present at number of public hearings related to GDOL. He also said the Department should do more to look into whether employer applicants for H-2B are appropriately compensating their workers particularly when they impose special requirements on positions that make them unattractive to local workers.

**Sen. Aline Yamashita** asked about the level of interaction GDOL engages in with other government of agencies in working to place persons seeking employment. Massey said the career one-stop center is run through a partnership of government agencies.

**Sen. Mana Silva-Taijeron** asked whether the GDOL maintains a working list of approved H-2B labor certifications and whether it was a simple task to post them on a bi-weekly basis, if not a daily basis. Massey said it is not difficult to do the postings and Department would do it, but it would create an additional process to a number of existing processes. He said he only has two caseworkers. Sen. Silva-Taijeron said she appreciates that he said it is not hard and definitely doable.

**Sen. Sam Mabini** asked how the information to be posted is being currently used to address employment needs. Massey said he didn't want to misspeak as to the level of attention One Stop Career Center staff and the Territorial Economist give to the data, but said Bill No. 256-31(COR)

would perhaps help in that regard.

**Sen. Rory Respicio** stated Bill No. 256-31(COR) was referred to the Committee on Youth, Cultural Affairs, Procurement, General Government Operations, and Public Broadcasting because of the technology aspect of the bill.

**Sen. Tom Ada** asked Massey to submit definitions of “qualified, unwilling, or unavailable” for purposes of Bill No. 256-31(COR). Massey said the Department will.

**Vice Speaker Cruz** aired his concerns over the prevailing wage survey conducted by GDOL. He further asked whether H-2B employers were actively seeking to recruit local workers to replace their H-2B workers. Massey said they in fact are not required to do so. Vice Speaker Cruz said he was told by employers that they were required to. Massey they said those employers are misinformed.

### **III. FINDINGS AND RECOMMENDATIONS**

The Committee on Youth, Cultural Affairs, Procurement, General Government Operations and Public Broadcasting finds that Bill No. 256-31 would help to educate and provide the public valuable information about the Alien Labor Certification program for H-2B labor.

GDOL has suggested only the reporting of “unqualified, unwilling, or unavailable” applicants. However, the Committee finds that this suggestion does not negate the appropriateness nor the efficacy of reporting the number of initial applicants. Therefore, the Committee finds that the listing of unqualified, unwilling, or unavailable applicants should be in addition to, and not a replacement of, the original language.

Furthermore, the Committee finds that GDOL should be afforded ample time to prepare a working list of specific items required under Bill No. 256-31 on a regular basis. Thus, the Committee finds that it is necessary to amend the measure so that the posting shall be on a quarterly, not bi-weekly, basis.

The Committee on Youth, Cultural Affairs, Procurement, General Government Operations and Public Broadcasting to which was referred Bill No. 256-31 (COR), hereby submits these findings to *I Mina' Trentai Unu na Liheslaturan Guahan* and reports out Substitute Bill No. 256-31(COR) with the recommendation TO DO PASS.

Dear Vice Speaker Cruz,

It is with pleasure that the Guam Department of Labor offers written testimony on Bill 256-31 which will be undergoing public hearing with your committee. After careful thought and consideration, we humbly offer the following comments on the bill:

**Bill No 256-31**

The bill mandates posting of information on labor certifications issued by the Governor. Specifically it requires posting of data on the number of applicants who applied for job positions contained in the labor certifications. Since only qualified, willing and available U.S. resident applicants can be considered in the adjudication of a labor certification, we offer the following suggestions for changes in the verbiage:

(on line 13)

“....; the number of **qualified, willing and available** United States residents who applied to fill said position;...”

The inclusion of this language will allow proper reporting of U.S. applicants who would have a potential effect on the labor certification. Reporting of unqualified, unwilling or unavailable applicants would mislead users of the data posted on the website and would likely lead to unnecessary confusion.

Letter to Vice Speaker Cruz  
Re: Testimony on Bill 256-31  
Page 2 of 2

Additionally, we are a little bit concerned with the posting of data on a bi-weekly basis as required on line 7 of the Bill. Most data reporting is done on a quarterly or yearly basis. It would seem that mirroring the quarterly or yearly reporting times would minimize additional work duties to an already understaffed division of the department. We humbly suggest that the language of the Bill be changed to require updates to the listing on a quarterly basis rather than bi-weekly.

With the suggested amendments in place, the Department of Labor would be in full support of the Bill.

We hope that the comments we have provided will be helpful in fine tuning the legislation before your committee. The Department and its staff stand ready to answer any further questions that you may have with regards to the above.

Sincerely,
