Hafa Adai Madam Chairperson,

Hafa adai, Madam Chair and members of the 35<sup>th</sup> Guam Legislature. I thank you for this opportunity to come before you to testify of my full support for the reappointment of Mr. Frank Arriola to the Guam Community College Board of Trustees.

I have had the privilege of working with Mr. Arriola for 13 years. His leadership and grasp of the role Guam Community College plays in our island and region have helped to usher us through a period of growth both in our campus and our programs.

GCC has cut the ribbon on two major renovations: Building 200 and 100, now collectively Building E, and we are well along with the major renovation of Building 300 into our new Multipurpose Auditorium, and new construction of the state-of-the-art DNA Forensic Lab that will house our regions first DNA crime lab and classrooms for our forensics students.

In addition, GCC grew our Practical Nursing program from a certificate to an Associates Degree, and just this semester we started our very first four-year degree program – our Bachelor of Science in Career and Technical Education. A program that we designed to support GDOE's need for teachers.

These initiatives came out of the Institutional Strategic Master Plan (ISMP) that shapes our planning and development for a five to seven-year period. Our ISMP is guided by the vision established by the Board of Trustees, but more importantly, Chairman Arriola has always offered his expertise, experience and sound

judgement, and he has provided the support that has helped achieve much in this short time. During this uncertain time, Chairman Arriola and the Board of Trustees collectively, understand GCC's pivotal role in supporting and advancing workforce development to assist the tens of thousands who remain unemployed or underemployed as a result the COVID-19 pandemic. Continuity in leadership at GCC is critical to ensuring that we remain at the forefront of this effort.

In closing, I want to restate my full support for the reappointment of Mr. Frank Arriola to the Guam Community College Board of Trustees.

Si Yu'os Ma'ase todus hamyu. Thank you for allowing me to testify before you today.

Respectfully,

Mary A.Y. Okada, Ed.D.

Hafa Adai Senator Shelton,

As the newly appointed Vice-Chair of the Guam Community College Board of Trustees, I respectfully submit this testimony in support of the reappointment of both Mr. Richard Sablan and Mr. Frank Arriola as members of the Board.

Both individuals have served on the board for a little over a decade. Each holding several positions during their tenure. Currently Mr. Arriola is our sitting Chairperson while Mr. Sablan is our Treasurer; both positions are critical to the operation of a successful board. Their leadership, insight and guidance have been instrumental in the success of the Guam Community College.

As the college strives to fulfill its mission as a leader in career and technical workforce development, providing the highest quality, student-centered education and job training for Micronesia, Now more than ever - their experience and guidance are needed as GCC continues to navigate through this pandemic and the challenges it brings to our college, our educators, our staff and most of all our students. Their continued insight and guidance, backed by their institutional knowledge and success as businessmen, provide valuable direction to our Board regarding policy issues. I know I speak for the other members in saying the board strongly supports the reappointments of both Mr. Arriola and Mr. Sablan to the GCC Board of Trustees.

Si Yu'os ma'ase for the opportunity to present this testimony in their favor.

Under his leadership the board has helped guide Guam Community College expansions that have added more classrooms and new programs, including a new four-year degree. It Is difficult to accurately measure the impact that Mr. Richard Sablan has had on the Board of Trustees and the Guam Community College throughout his tenure on the Board of Trustees. Sablan has helped shape the vision of the college over the long term, seeing growth in both the campus and the programs long before they come to fruition. **Senator Amanda Shelton, Chairperson:** Thank you very much President Okada. And now we'll take a testimony from Mr. Frank Arriola and then we'll have a round of questioning for you then we'll move to Mr. Sablan for your testimony and questions. So, Mr. Arriola.

**Mr. Frank P. Arriola:** Thank you. *Hafa Adai* and good morning Madam chairperson, Senator Taitague, Dr. Okada, Trustee Hara, and Trustee Sablan, and the GCC team and family. My name Is Frank Arriola and I'm grateful for the opportunity to appear before you today to address my nomination for reappointment to the Guam Community College Board of Trustees. I have been a member of the GCC Board of Trustees for years and served as a chairman for the past four years. The role of Board of Trustees is to provide the policy decision for the college to ensure that its mission is fulfilled and that is responsive to the needs of our island and region for career and technical education and training I come before you today and say without hesitation the Guam Community College serves as a model for workforce development on our island and our region. You would be hard-pressed to find an organization that fulfills its mandate more effectively than GCC. [GCC] continually has nineteen consecutive years with an unqualified audit opinion. Our recent seven-year accreditation, which is the most allowed by the accrediting commission for community and junior colleges, and the recent approval of GCC's first ever four-year degree in career and technical education. The expansion of our practical nursing program from a certificate to an associate degree, the successful launch of pre-apprenticeship boot camps in construction ship repair, and truck driving along with these programs. We've undertaken an ambitious expansion of the campus so our students can have the resources and support that they need to excel at GCC. We renovated both buildings and which are now consolidated into Building E. We are nearing completion of the

renovation of former building with our multi-purpose auditorium which will be supported directly by our culinary kitchen in the adjacent building. We began construction on the new DNA forensic lab which will house the GPD DNA lab as well as a DNA training lab and classroom for GCC's criminal justice program. With the support of the GCC Foundation Board of Governors we recently purchased the Guam Trades Academy Building in Barrigada which will serve as our ship repair and construction institutional facility. These are just the improvements we have undertaken in the past three years there is still more to come in telecommunications and technology as well as hybrid automobile technology and in the midst of this pandemic GCC is working to design its workforce training programs to support the real needs of our island and to collaborate the support the training programs of our community partners, certifications in certified nursing assistants, medical coding, and billing, gen ed and sanitation are among the programs we are ramping up to support the real needs of our economy today. During my tenure on the Board of Trustees I've had the privilege of working alongside some of the most committed, caring, and engaged community leaders. My fellow board members have given their extensive knowledge and experience to the college and helped support the vision of GCC. I have also had the pleasure working with a leader Dr. Mary Okada, our president, who understands the complex process of turning educational practices into tangible, measurable, and meaningful outcomes for our students and our island community. And it is this dynamic combination of leadership at the board and operational levels that have made GCC such a uniquely successful government entity. At GCC we measure our decisions by the outcomes they produce for our students. This allows the college to be responsive to shifts in the needs of our community just like the one we face with COVID. We take our responsibility to support our island and our region very seriously and we continue to innovate so that we can reach the outcomes our community requires. I appear before you today to express my desire to continue serving as a member on the Guam Community College Board of Trustees. While much has been accomplished during my tenure there is still so much more we must do for our community. I stand ready for that task and I thank you in advance for your support of my nomination. I complete my testimony today by sharing GCC's mission statement: Guam Community College is a leader in career and technical workforce development providing the highest quality student setting education and job training for Micronesia. *Si Yu'us Ma'ase* for the opportunity to come before you today. Thank you.

**Senator Amanda Shelton, Chairperson:** Thank you very much Mr. Arriola and congratulations on your appointment once again to the board. I didn't realize that you had been serving for such a long period of time and I'm very thankful for your service and your continued willingness to further lead our Guam Community College so *Si Yu'us Ma'ase* for being here today. I think during this time of uncertainty and a lot of worry in our community about our economic status and how we will rebuild our island it's great to hear and be reminded of the successes from you,

President Okada, and Mister Chair of the Board of the successes of the Guam Community College. How you are truly living out the mission and that you are the hope for our future to prepare our people to take on the challenge of a changing workforce and a changing economy. So I think that's great I had a few questions for you about how you envision the Guam Community College's role in the redevelopment of our economy but you've kind of touched on that in your testimony. So, I appreciate it and how you will also be seeing out the projects that you've already been working on these last few years. And so, you've touched on that as well and I'll give it over to my colleague Senator Telo if she has any questions for you this morning.

**Senator Telo Taitague:** Thank you Madam chair for the opportunity I didn't want to miss this public hearing I'm sorry I was a little late I was on a KUAM interview. So you know thank you for serving and wanting to continue to serve in this capacity I wish you the very best of luck Frank you have my support and that's why I'm here this morning so good luck to you. And as Dr. Okada I also wanted to congratulate you on your election to the Guam Board of Education. Congratulations on that and I know you can multitask because you're a woman. **Mr. Frank P. Arriola:** Thank you ma'am I appreciate your support.

**Senator Telo Taitague:** for serving thank you. Thank you, Madam chair.

**Senator Amanda Shelton, Chairperson:** Thank you very much Senator Telo. Mr. Sablan I will move to you now for your testimony and then we'll have a round of questioning. If there are any questions.

**Mr. Richard P. Sablan:** Good morning I'm sorry about my delay here I'm working with a new computer and most people that know me, know I'm not very tech savvy so here I am. Can everybody hear me well? Okay, great thank you. Good morning Senator Amanda Shelton and my good friend Senator Telo Taitague, Dr. Okada, Mr. Hara, and Mr. Arriola. Good morning everybody I would like to thank you for this. I was born and raised in Guam. I attended high school at Father Duenas Memorial School and upon graduation attended college at UCLA where I graduated with a Bachelor of Arts degree in political science in which was a pretty long time ago. I returned back to Guam immediately after college and have lived and worked here since. I've been married years and my wife Ekaterina, and I have a 16-year-old son named Ivan who is also attending Father Duenas. I have served as a trustee for the college over the last 10 years. I am currently the board Treasurer and had previously served in the capacity of Vice Chairman for the board. My service on this board has been a personally fulfilling experience. In addition to helping shape institutional policy, I have watched our institution expand and develop under the most capable leadership of Dr. Mary Okada. In the last 10 years I attended a number of ribbon cutting ceremonies commemorating the completion of a new building or the renovation of another. As we speak four other facilities are either slated for renovation or in the planning phase for construction. I think my colleague Chairman Arriola has already touched on this; the college continues to grow and expand, and these new facilities will enhance the quality of the education of our students. To have been a part of this has been an honour and privilege for myself so when I was asked if I would be amenable to accepting an appointment for a third term, I wholly accept it. As a business owner and long-standing member of the private sector I fully appreciate the fact that our local economy is dependent on the quality and strength of our workforce. I am also aware that the quality and strength of our workforce is dependent on the education and training that our young people receive from their secondary and post-secondary institutions. During these challenging times as, we deal with a fallout from the COVID pandemic the mission of the Guam Community College becomes even more important than it has ever been. As a territory deals with major interruption in our economic in our economy and as tens of thousands of our workforce face uncertainties the college is here to help train our workforce to prepare for changes in occupations as we face the challenge of re-employing these displaced workers. Our workforce opportunities reimagined, conferences, as well as our industry specific boot camp programs are examples of the college's pro-activity as it works to upgrade their skills and retrain our workforce so that we can get them back to work. These conferences identify critical areas of the economy that need more employees and identify the training programs and resources to support the demand. I look forward to continuing to become involved with this work. Moving forward the Guam Community College has established itself as a true leader in educating our youth and developing our workforce. These young women men and women who graduate from the college and earn their various degrees and certifications in tourism, marketing, visual communications, allied health, construction trades, electronics, AutoCAD, automotive services, etc. move on to become productive members of our workforce. I continue to believe in the college's motto that the Guam Community College is a leader in career and technical workforce development providing the highest quality student-centered education and job training in Micronesia. Members of the Guam Legislature I am hoping that you

will look fairly and favorably on my appointment. That I may continue to serve and contribute to this esteemed institution. Thank you.

**Senator Amanda Shelton, Chairperson:** Thank you very much Mr. Sablan for your testimony this morning. Congratulations to you on your reappointment and your long term serving on the board as well *Si Yu'us Ma'ase* for your service. And I'm glad to hear in your testimony your commitment to really being there for GCC to help us lead our people back to work and back into a thriving economy. So, I was very glad to hear that in your testimony this morning and I look forward to moving both yours and Mr. Arriola's appointments in the December session to be approved and I'll give it over to Senator Telo if she has any questions for you today.

**Senator Telo Taitague:** Thank you Madam chair no questions just comments again and thanking Richard for continuing to serve on this board and serving the people of Guam. Again everything I said about Frank the —other Frank Arriola— is that you know you're under a great leadership and no wonder you want to continue to serve and I appreciate all that you're doing Richard. You know you go beyond what you're doing as a board member at the at GCC. Doing some other stuff in the community and I just wanted to recognize that too. And I appreciate it. A lot on your table and thank you again for serving and you're not the only one that's not techy savvy you know but you're doing good. Thank you again Frank, Richard. And Frank thank you so much.

**Mr. Frank P. Arriola:** Thank you Senators.

**Senator Amanda Shelton, Chairperson:** Thank you so much Mr. Sablan and Senator Taitague and I'd like to thank everyone who came today to provide testimony. I think being reminded of all of the success of the Guam Community College and your leadership over the last decade and more, Mr. Arriola, really gives us confidence — knowing the success of the Guam Community College gives us as Senators in the Guam Legislature confirming your appointments — the confidence that we need to know that the ground of course with Dr. Okada at the helm as well. So, with that the committee will still be accepting testimony for your appointments for the next few days for Mr. Sablan and Mr. Arriola and it can be emailed to my office at [officeofsenatorshelton@guamlegislature.org](mailto:officeofsenatorshelton@guamlegislature.org) or delivered to the Guam congress building. And that will conclude our public hearing for today these appointments to the Guam Community College Board of Trustees have been duly heard. For the record, the time now is 9 o'clock A.M. and this public hearing is adjourned. *Si Yu'us Ma'ase* everyone and be safe and happy thanksgiving to all of you.
