# HK protesters target malls, shops

HONG KONG (Reuters) - Hong Kong pro-democracy activists and riot police clashed in chaotic scenes around the city on Sunday, with police in riot gear chasing protesters through crowds of lunchtime shoppers.

Rallies in shopping malls on Hong Kong island and across the harbor in the Kowloon district began peacefully around midday with a few hundred people at each chanting "Free Hong Kong" and other slogans.

**NO HOLDING BACK:** Anti-government protesters ride escalators during a demonstration at New Town Plaza shopping mall

ers had dispersed, but riot police remained on the streets in various districts.

The Hong Kong government said a large group of protesters threw 20 Molotov cocktail petrol bombs at Mong Kok police station in Kowloon on Sunday night. Local media said barricades outside the police station were set ablaze but police and firefighters extinguished the fires.

Television footage showed shoppers screaming and some injured

retreat by chanting shoppers until they were outside of the mall.

In another incident, a group of 50 shoppers inside a mall faced off against riot police outside, chanting "Hong-Kong police mafia." The shoppers cheered when police drove off.

### Police criticized

Hong Kong's police, once praised as "Asia's finest," have been accused of using excessive force in dealing with protesters and have lost the confidence and respect of many

**Buenas yan Hafa Adai Senator Therese Terlaje, Chairperson for the Committee on Health, Tourism, Historic Preservation, Land and Justice and Senator Telo Taitague, committee member.**

**My name is Angela Maria Camacho and I am here today to provide testimony in support of my nomination as a member of the Guam Ancestral Land Commission.**

**I am currently the Housing Manager for Guam Housing Corporation.**

I am also a REALTOR®, with Today's Realty, a profession I've enjoyed since 2003. Over the past 16 years I've worked hard to develop a strong network of relationships with both the private sector and government agencies, which I've utilizes to provide customers and clients with the most valuable and current real estate information to meet their needs. Prior to real estate, I was an office manager and administrative officer with a local engineering and environmental firm, respectively. I also worked for three (3) years in the insurance industry. I am a graduate of the Academy of Our Lady of Guam and received my Bachelors degree in Business Management from the University of Guam.

Since working at the Guam Housing Corporation, there's been a steady increase in rental income and collections with continued efforts on rehabilitating and leasing vacant units to low to moderate income families and increasing collections within the Rental division and loans. I was also instrumental in updating GHC Rental Divisions lease agreements to reflect Public Law 34-146

“

“THE GUAM LANDLORD AND TENANT RENTAL ACT OF 2018.”

Challenges at GHC are large number of vacant units due to homes needing repairs and evictions of non-paying and non-compliant tenants. With the hard work and efforts from the team at GHC, I'm confident that we can continue to overcome our challenges.

I am a dispossessed Ancestral landowner descendant. I am the daughter of the late Jose Leon Guerrero Camacho and Agnes Manibusan Camacho and the grand-daughter of late Enrique Martinez Camacho married to the late Emeteria Baza LEON Guerrero Camacho who is a dispossessed Ancestral landowner under 21GCA chapter 80 Lot 5172 Tamuning.

I've read Chapter 80 of 21 GCA – Real Property relative to the establishment and duties of the Guam Ancestral Lands Commission and although I am new to

public service, I am willing and able to contribute my time, knowledge and expertise to the commission.

Si Yu'os Ma'ase for your time and consideration.

35th Guam Legislature

Committee on Health, Tourism, Historic Preservation, Land and Justice

The Guam Ancestral Lands Commission is a very unique commission on Guam authorized to and directed to establish and maintain 5 separate registries for the purposes of recording accurate information in the settlement of ancestral claims on original landowner's registry, excess lands registry, a claims registry, conditional awards registry and an ancestral title registry.

Which is a listing of applicants granted land title in return for the surrender of all their ancestral property claims. As we know ancestral property was taken from the Guam landowners and the U.S. government and it was the Government of Guam that decided to create a commission.

And that when land was returned to the Government of Guam they would in turn, return that to the original landowners. And so, it is this the duty of this commission to determine those original landowners to ensure that fairness and justice occurs and owners who ones are unlikely to get their land back.

Yet the Government of Guam is trying to also compensate them for the loss of that lands and so, that is where it gets very complex for the commission to solve those problems. We're not problems but to solve and to really benefit these landowners. And we've seen now decades of the effects of land takings on families, on generations.

And so, your work is not only very important but very urgent. That being said, if you would like to provide testimony please do.

**Angela M. Camacho:**

*Please see attached testimony.*

**Chairperson Therese M. Terlaje:**

Thank you very much, Ms. Camacho. I'm glad you read the statute that you talked about your and ancestral lands history because that is what are the criteria for this board. And so, that is satisfied.

Committee on Health, Tourism, Historic Preservation, Land and Justice

I'm going to now all the Director of the Guam Ancestral Lands Commission to testify Mr. Joseph Angoco.

**Joseph Angoco:**

Yes. Good afternoon, Senator Terlaje and Senator Taitague.

My name is Joseph Angoco, I'm the Executive Director for the Guam Ancestral Lands Commission. Have been as this position since January 23<sup>rd</sup> of this year. As confirmed by the GALC board.

Several months ago, Ms. Camacho, indicated her interest in serving as a board member. I advised her that one of the prerequisites to become a board member was you had to be either a dispossessed landowner heir or descendent. I instructed her these steps to take, to find out and she did contact the staff at the Guam Ancestral Lands Commission. And from there was confirmed that she was indeed a dispossessed landowner descendent.

My testimony will be short. I've known Ms. Camacho approximately for a year. In my observation over, she has an uncanny way of dealing with any given subject situation. Her meticulousness is commendable. I have witnessed her in several of the meetings with the administration where she has sat in to speak on behalf of her boss namely – Alice Taijeron, the Director for the Guam Housing Corporation.

She presents several options and alternatives giving it a very clear and approachable and logical way to address certain matters. I believe and I guess that's why I am here to testify in her behalf as the Executive Director of the Guam Ancestral Lands Commission.

There are many beneficiaries that would be critical of the decisions that we make. Since they are concerned about you know particularly compensation and many issues. The lack of access, patience into their ancestral lots. I need a person like Ms. Camacho. Simply to present different alternatives as there are many, many, many different options that the public provides during my you know the GALC board meetings. That's held twice a month; the second Wednesday and the fourth Wednesday of every month.

And so, given that is why I'm here to support for a confirmation. She brings a fresh approach and is very knowledgeable of both the business and government sector in dealing with situations that most an average citizen does not. And that is my testimony.

Senator

Thank you.

**Chairperson Therese M. Terlaje:**

*Si Yu'os ma'åse'* Mr. Angoco.

Senator Taitague?

**Senator Telo Taitague:**

Thank you, Madame Chair. And Madame Chair for the record, I just wanted to indulge that I'm a very good friend of Angie Camacho. We've known each other for over 16 years or 15 years and Angie, if I was not sitting here, I'd be sitting down there right now testifying in your favor and your character, your honesty and all the things that I've known you to be.

I've actually Madame Chair actually seek advice from Ms. Camacho on several occasions, you know certain things. Subject matters that would be helpful in actually making decisions that are morally and ethically correct.

That's why I know especially in this position that you're taking. Which needs those attributes to be honest, ethically, morally correct when it comes to people's properties. And I know that you carry that trait as someone who's known you for over 15, 16 years and I'm my only sad thing is that now you're probably going to get rid of one of these things. Which is the real estate property. You're not going to have time just taking your position at the Guam Housing has limited you know extra work that you have placed on your time.

Which is almost nil now because of all the good work that you've done at Guam Housing. I commend you for that. I knew they chose the right person. So, congratulations on your new program that you have going and put in place and it's long needed.

There is something I'm hoping that you stay on top of it with the good Director here. Thank you, Joe. Good to see you, Joe. And that is the part where GEDA is actually your administrator for properties. They oversee some of the lands that have you know and they help generate funding and revenue for you, for ancestral land.

And one of the biggest findings is when we were working with the fiber optic cables. They looked into it and I knew about that but I'm glad that they finally you know decided to take it

Senator  
**THERESE M. TERLAJE**

by the rain and move forward and that is the \$4.5 million that were discovered that AT&T owes the Guam Ancestral lands.

Now there's going to be a lot of movement, a lot of movement moving forward or hoping that a bill that passes in the next session on the fiber optic cables task force will be put into place. And there's going to be a lot of help and information needed by ancestral lands to be able to recover or assess fees.

And this is another opportunity that I hope Angie that you take this by the horns and go with it because I know that ancestral lands needs funding and it's very interesting. Please come to my office anytime you know you have my number, I think you know it by hear.

Call me up if you want more information on it, to help you. But I think GEDA they were in a conference call with me, with FCC yesterday and they're very were a little bit more versed on what the federal side is on fiber optic cables now we need the local side to assess.

Okay. So, that's what's happening Angie. Ai adai ready go, set, go because I know you're going to do a lot of things at ancestral lands and don't over you know extend yourself because I know you tend to want to help everybody.

So, good luck to you. You know you have my support and I asked kindly ask Madame Chair you know for this support or and she can watch

**Angela M. Camacho:**

Thank you, senator.

**Chairperson Therese M. Terlaje:**

Thank you, senator.

Ms. Camacho?

**Chairperson Therese M. Terlaje:**

If we could get a copy of your testimony sometime that would help us and putting together the committee report. But also, if I could just ask you a couple of things from what you said.

So, first of all you are the housing manager at the Guam Housing Corporation, that is an unclassified position?

**Angela M. Camacho:**

Correct.

**Chairperson Therese M. Terlaje:**

How long have you had that position?

**Angela M. Camacho:**

January of this year.

**Chairperson Therese M. Terlaje:**

Okay so, do you see that this is there any potential conflict in holding that position and being on this commission?

**Angela M. Camacho:**

I don't see any but definitely if there were any if it was a voting thing I wouldn't vote on it. As a realtor we follow a high standard of code of ethics and honesty's definitely big in our business.

**Chairperson Therese M. Terlaje:**

I was going to ask you the same thing about your role as a realtor. If that if you foresee any conflict and with the role as an ancestral land commission member.

**Angela M. Camacho:**

Senator  
**THERESE M. TERLAJE**

As Senator Taitague mentioned I have very little time for real estate. Although I do have you know not very many but a few clients and customers that I've taken care of for a very long time and will be there if they need me. But other than that, I'm not taking new business and I don't actively work as a realtor.

**Chairperson Therese M. Terlaje:**

All right. Well we know that the Ancestral Lands Commission is involved with you know they're looking for investment of use of their property. So, for income as we discussed but mostly yeah, it's a fiduciary role for the benefit of the beneficiaries. That's your primary goal, right as opposed to creating any kind of kingdom at the ancestral lands commission.

We need to benefit these beneficiaries whose families have been displaced in many, many occasions and they've waited many years. So, it's tough it's going to be tough but I think I'm hoping your realtor expertise and your housing management expertise is actually going to help this ancestral land commission in very specific ways.

What about business interests? Do you have any other outside business interest that might conflict?

**Angela M. Camacho:**

No, senator I don't have time for anything other than what's in front of us already.

**Chairperson Therese M. Terlaje:**

All right. Well I want to thank you for taking this position. What about your ancestral land is that resolved, pending or what is the status?

**Joseph Angoco:**

If I may chime in Senator Terlaje. First of all, I just wanted to just add in the Guam Economic Development Authority performs as a property management team for the Guam Ancestral Lands Commission that is simply a memo of understanding. That there's no legal binding wait should we decide to outsource and seek other means of investment consultants or investment management.

Secondly, in regards to Ms. Camacho requisite as a descendent of an ancestral landowner. Several board members are also realtors. They have also but they have been they have gone to the briefings and have been made clear of the law regarding possible conflicts on interest.

In Public Law 25-45, if I may just go back that was passed, I believe in June of 1999 by republican-controlled work with then democratic Governor Carl Gutierrez. They came together I believe to exact some form of justice for the ancestral landowners dispossessed lands by coming together and when bringing about coming together and with the intent of doing pursuing or starting the process of pursuing. A means to take care of these folks. The board members that are serving right now. A majority of the 7 board members I believe at least 4 of them are realtors. But at no time have they every displayed to me any and mind you they were all nominated by previous administrations. Have displayed any form of conflicts and I work very well with them simply because we agree to disagree.

Yes, they do give me a hard time that every board meeting at that's twice a month and so I believe that Ms. Camacho in her meticulous way and her objectivity will likewise do the same. I'm just hoping that we can work together.

**Chairperson Therese M. Terlaje:**

As Chairperson of the committee put these things on the record so that it's clear going forward and these are historical documents that look back on later. And I just want those to be clear on the record.

So, Ms. Camacho, if you don't mind if you could just tell us what you understand to be the status of your ancestral land's claims.

**Angela M. Camacho:**

So, we're talking about Lot 5172 which is Oka, Tamuning. We reside there, so, I'm pretty sure that's already been resolved.

**Joseph Angoco:**

I could easily provide that answer for you senators. As Mr. Joseph Borja the Department of Land Management Director. I was just I believe confirmed here in August of this year states in his during his confirmation hearing process.

Senator  
**THERESE M. TERLAJE**

Records with the Department of are there. However, about 40% of the records are still have not been scanned so to speak. So, intensive research will have to be conducted within the Department of Land Management, the Superior Court of Guam and the District Court of Guam and any other resources.

**Chairperson Therese M. Terlaje:**

Mr. Angoco, I'm not asking you to resolve her claim right now. I just want to know what is the status. If she has pending claim that's relevant. I think if she her land is one of the those that's for example under the Tiyan airport and if there are beneficiaries of compensation that's I just think that's relevant. So, she thinks that those claims are resolved.

**Angela M. Camacho:**

Not to my knowledge.

**Joseph Angoco:**

Understood. I just wanted to clarify that a majority of them several the board members as a prerequisite and in the process of serving as commissioners. You need to be I don't know I believe I understand the intent why the 25<sup>th</sup> Guam Legislature inserted that requirement that you be a descendent. You know just simply because I guess you would have the feeling.

**Chairperson Therese M. Terlaje:**

We've established she's qualified. So, thank you. All right. So, thank you, Mr. Angoco and *Si Yu'os ma'ase' talu* Ms. Camacho. And thank you for agreeing to serve on this commission. It might be very time consuming they have 2 meetings a month. Are you going to be able to make those?

**Angela M. Camacho:**

I'll be there.

**Chairperson Therese M. Terlaje:**

All right. *Si Yu'os ma'ase'* Thank you very much.

**Joseph Angoco:**
