Good Morning Senators,

My name is Derin Stinnett, I am 28 years old from the village of Mongmong. I was born and raised here on Guam and I am extremely proud to call our beautiful island – home. I am humbled by this opportunity to make a difference in our community through volunteering my time on the Board of Commissioners for the Department of Parks and Recreation.

I received my High School Diploma from Saint Paul Christian School and my Bachelor's degree from the University of Guam. I am currently employed at Docomo Pacific as a Senior Account executive in the Enterprise Sales Department.

I have an extensive background in the local sports community mainly with the Guam Basketball Confederation as a player for the Women's National Basketball Team for over 10 years representing our island in many local and international competitions. I currently serve as the Player Representative on the Guam Basketball Confederation's Board. In addition, I serve as Secretary for the local non-profit organization "Micronesian Sports Foundation" whose mission is to provide both youth and adult community members opportunities to be involved in various sports programs. We have been in operation since 2013 and have successfully ran over 50 sports leagues, youth programs and community outreach events here on island. I am also a coach for the Middle School Girls Basketball Team at Saint Paul Christian School.

Through my involvement in sports over the years, I have experienced first hand how being involved in team sports positively impacts an individual by teaching us valuable life lessons such as commitment, teamwork and work ethic while also providing an alternative outlet to delinquent behavior and bad influences from peers.

Paired with my experience in sports as an athlete and program coordinator – I have a lot to offer this board through the many relationships I have established in my Sales career which I believe would be helpful in perpetuating local business and government partnerships to enhance our public recreational facilities and community involvement. I look forward to working with the members of the board, Mr. Ybanez and local business partners to improve our island's public recreational facilities and create more programs and opportunities for our community.

Hafa Adai Senator Marsh and Members of the Committee,

My name is Sean Miles and I am the Regulatory Compliance Manager at DOCOMO PACIFIC. I submit this testimony in support of the appointment of Derin J. Stinnett as Member, Board of Commissioners for the Department of Parks and Recreation.

I have known Derin and have had the opportunity to work with her at DOCOMO PACIFIC for several years now. I have found Derin to be earnest, hardworking and very supportive of her peers. In addition, Derin's strong work ethic, leadership and tenacious character has seen her responsibilities ever increasing at DOCOMO PACIFIC. She is currently in charge of one of our leading revenue segments.

Despite being a busy professional, Derin manages to care for her family as well as be very giving of her time by assisting the coaching staff of the St. Paul's Christian School basketball team. She has also, for several years, proudly represented Guam as a member of Women's National Basketball team in many regional games, tournaments and invitationals as well as the recent 2019 Pacific Games held in Apia, Samoa. She has been a great ambassador of Guam as well as an inspiration to young children playing sports today.

Derin's strong work ethic and family centric nature will make her a great addition to the Board of Commissioners of the Department of Parks and Recreation. I ask for your support in Derin's confirmation. Thank you.

Respectfully,

Sean Miles

**START OF DERIN J. STINNETT CONFIRMATION HEARING.**

**SENATOR KELLY MARSH (TAITANO), PH.D., CHAIR:** *Håfa adai yan manana si Yu'os* again. We will now begin the confirmation hearing of *I Maga'håga's* nominee Derin Stinnett it to serve as a member on the Board of Commissioners the Department of Parks and Recreation. Again, to restate the Committee's general housekeeping rules the conduct of this public hearing shall be as follows. Those testifying shall be recognized in the order of the sign-up sheet. Written testimony maybe read. Lengthy written testimony should be summarized to about five minutes. Written testimony shall be submitted to the Committee. Please provide our legislative staff with your written testimony for photocopy. Testimony shall be confined to the substance. Persons will be allowed to present oral testimony only once. Once you are done, please remain at the table so that the members of the panel are able for request for additional comments or convey comments on your testimony. When you speak please make sure that the microphone is on and that you speak into the microphone and then please state your name for the record.

This morning we have Derin Stinnett. If you could go ahead and sit up. We'll probably save your testimony for... after other testimony. We have the Director for the Department of Parks and Recreation Richard Ybanez. Are you providing testimony? You're just here in support. *Si Yu'os ma'åse* for being here in support...and then for Ray Suba. Are you are you here to provide testimony or is it for... I know where you have four people here today. So, are you here for

Stinnett? Okay so are you providing testimony or just support? Okay... so if you could go ahead and... *Si Yu'os ma'åse*. Thank you everybody for being here. We'll go ahead and hear those that are providing support. I guess we'll begin maybe from the left to the right just to make it clear. I see officer Kim Santos is here and then is it can sorry if I'm having trouble reading the last name...

**SENATOR KELLY MARSH (TAITANO), PH.D., CHAIR:** Okay... We're okay. So we can go ahead and follow the sign in sheet then we'll start with Mr. Suba.

**MR. PAUL SUBA:** Good morning Madam chair. *Lechay*...(very loud)! That woke me up...and good Senator Terlaje, I just want to say thank you for allowing me to come and give support testimony for a fine young lady. I've known Mrs. Stinnett since she was a child and watched her grow up and have been very... I would say very proud and amazed at her contributions to not only her school and her community but great reputation that she's built because of her family upbringing. I know her parents and they're very wonderful people. Her mom has stayed by her side and brought her up really well and so I've seen that this young lady has contributed in many ways particularly in the in the area of sports and she is very competent committed and dedicated to not only the sport itself, basketball and volleyball, but to the teams that she's played with and to their families and friends. I think that she will be an asset Mr. Director. Not only to the board and its members and to the agency, but for what the agency stands for because the one thing that we see on this island is a rise in crime and the crime rate is due to so many things. Many of them related to the drug epidemic that we've seen not only here but throughout the nation and elsewhere, but I think that someone with her caliber and character and her passion to help people develop the recreational facilities and the activities that are here on this island that have not been really addressed in a long time and it's good to see someone with her youthful mind and passion to see things get done. And so, I just wanted to say and make it really, actually simple, that I do absolutely support her being appointed and confirmed to this important administration, you know for the safety and the good of the youth on this island. So, thank you.

**SENATOR KELLY MARSH (TAITANO), PH.D., CHAIR:** *Si Yu'os ma'åse*. You brought forward many important points and we will definitely be following those up when we hear from everybody. We'll go ahead and hear from Officer Santos... if you'd like to go ahead and begin.

**MS. KIM SANTOS:** Good morning, Senator Terlaje and Madam Chair. Thank you for having us here. Well, I am Derin's mother and last night when I went home, I sat to actually start to write testimony that I could read off and then I thought you know what, I'm going to write some of her strong points. I'm not here because... every mother wants to talk about all the best, you know, traits of their children, right? So, I'm going to try to make this real short and be straight to the point. From the time Derin was a toddler through elementary school, junior high and high school, on through adulthood and into her marriage.

She is presently married to William Stinnett. He's sitting back here a fine young man that she married. Derin has shown the following characteristics. Always, from when you could first see

those indications when your children are small, she has shown the following characteristics traits and values and I will stand by these and give you my word that they are true.

She is intelligent, hard-working, selfless, determined and headstrong. Boy... can I say headstrong? She self-disciplined. She's very loyal. She's wise and she's balanced. You know being... I want to share a quick story... and this is an example of her character. I've gone to so many of her games. I mean, from the time she was in junior high school on through to... She plays basketball for Guam's national team. I'm... I was always very supportive, but I can remember... And she's traveled often times to play basketball and to represent Guam, which is also an honorable thing, but I can remember when she told me she was going to go to Turkmenistan and being a police officer and being very concerned about her safety. Police officer and a mother more than anything. I was very concerned about her safety and I remember going to their home and I said, you know Derin you... you should really think about it. You know, this is just these are just games, you know. I'm very concerned about your safety in that part of the world and I shared some of my concerns and I could see the look on her face. Oh my goodness, you know, and she goes oh mom, I'll think about it. I went back the next day. She was supposed to leave the following day. I said are you still going, and she basically looked me in the eyes and said, "Mom I thought about what you said but I made a commitment and I can't back out now". I have to be there and there's... I'm just... I'm going no matter what." But I'm very proud of her. She has worked hard. She's a hard worker. I would come home... You know, she would go to... When she was in high school, she would go to basketball practices after school. Two, three hours a day at St. Paul's, come home and the first thing she would do is clean. She's a kind of a clean freak. She would clean and then she would sit and do exercises. And then she would do her homework and she was a straight-A student and all I thought to myself was this kid has a lot of self-discipline. Where did she get it? And I'm here to support her. Not only because I'm a I'm her mother, but because I care about Guam and I think she will make a difference. Thank you.

**SENATOR KELLY MARSH (TAITANO), PH.D., CHAIR:** *Si Yu'os ma'ãse* for your testimony Officer Santos and now having read through the application... her degree in criminal justice completely makes sense. I see where that interest comes from and then... if we can also move on to Mr. Is it Guerrero? Then we'll go ahead and have perhaps some questions and some comments.

**MR. KEVIN GUERRERO:** Good morning Madam chair, Senator Terlaje. My name is Lieutenant Kevin Guerrero. I'm the staff duty officer for the Guam police and I'm here to provide oral testimony on behalf of Derin Stinnett. I've known Derin for over 25 years. I can attest to her character and based on what they've said about her I second that. She's a hard-working... very involved in sports. I've seen her grow up. Very intelligent and I think the knowledge she has in sports would benefit the parks and recs because she can see firsthand and what needs to be done. She also she also can assist the Director and giving guidance how to make the kids get involved in sports. I think sports can change a lot of things in the community and I see it firsthand because when she was in the sports a lot of times she got involved and kept her out of trouble. When you see kids stay idle, you know, they tend to get into mischief and sports is a big thing on island.

We just need to write more funding to parks and recs to fix the parks and get more community involved in sports. Sports has been involved for the longest time since I've known her. Now she's in the national team. She's still representing Guam and I think she'll be a fine representative to be in the board. I said I mean she's a good lady. This is my first time I woke up this morning to come here to support her... So, I just got off.

**SENATOR KELLY MARSH (TAITANO), PH.D., CHAIR:** *Si Yu'os ma'åse*, I think that really speaks to your commitment to coming here and providing that support and then the points that you highlighted are very important to hear *Si Yu'os ma'åse* for your testimony. And then let's go ahead and hear from Mrs. Stinnett herself.

**MRS. DERIN J. STINNETT:** Good morning Senators. Good morning everyone. My name is Derin Stinnett. I am 28 years old from the village of Mongmong. I was born and raised here on Guam and I'm extremely proud to call our beautiful island home. I am humbled by this opportunity to make a difference in our community through volunteering my time on the Board of Commissioners for the Department of Parks and Recreation.

I received my high school diploma from St. Paul Christian School and my bachelor's degree in Criminal Justice from the University of Guam. I am currently employed at Docomo Pacific as a senior account executive in the Enterprise Sales Department. I have an extensive background in the local sports community mainly with the Guam Basketball Confederation as a player for the women's national basketball team for over 10 years representing our island in many local and international competitions. I currently serve as a player representative on the board... on the Guam Basketball Confederations Board. In addition, I serve as secretary for the local nonprofit organization, Micronesia Sports Foundation whose mission is to provide both youth and adult community members opportunities to be involved in various sports programs.

We have been in operation since 2013 and have successfully ran over 50 sports leagues, youth programs and community outreach events here on-island. I am also a coach for the middle school girls' basketball team at the St. Paul Christian School. Through my involvement in sports over the years I've experienced firsthand how being involved in team sports positively impacts an individual by teaching us valuable life lessons such as commitment, teamwork and work ethic while also providing an alternative outlet to delinquent behavior and bad influences from peers paired with my experience in sports as an athlete and program coordinator. I have a lot to offer this board through the many relationships I have established in my professional career, which I believe would be helpful in perpetuating local business and government partnerships. To enhance our public recreational facilities and community involvement.

I look forward to working with the members of the board Mr. Ybanez and local business partners to improve our islands public recreational facilities and create more programs and opportunities for our community. Thank you very much.

**SENATOR KELLY MARSH (TAITANO), PH.D., CHAIR:** *Si Yu'os ma'åse* for your testimony. It adds very nicely to your application packet of for us to more fully understand all of your involvement. I'll go ahead and let Senator Terlaje provide some comments and possibly some questions.

**SENATOR THERESE TERLAJE:** Thank you Mrs. Stinnett for being willing to be on this board in addition to all the other activities that you are presently involved in. Your mother didn't have to say it because we just read all the things that you're doing just being on the national team by itself. We know you are self-disciplined and that you have done that throughout your career. Your schooling is... it's very admirable. So, I appreciate that... all that dedication that you've put into all the different... I'm very interested in your in this Micronesian Sports Foundation. Forgive me, I'm not that familiar with it but who are the other officers of that? You're the secretary right now?

**MRS. DERIN J. STINNETT:** Yes, my husband is the president of...

**SENATOR THERESE TERLAJE:** Okay.

**MRS. DERIN J. STINNETT:** ...the board and our vice president is Susuico who is also another member of the National Guam Men's Basketball Team. Yes.

**SENATOR THERESE TERLAJE:** Okay, great. Yeah... the... the activities that you discussed about them doing and actually all your experience and even your criminal justice degree. I used to teach about UOG in that department, but I'm thinking all of it really does... It's going to add to this board. So, I'm glad to hear that you're willing to do this. The board has... it's quite unique. I think you know Department of Parks and Rec is always treated like a line agency, yet they have a board that really, you know is between them in the legislature. So, for example, one of the duties of the board member that I wanted to just bring to your attention is hiring the Director, right? So, the Director for 'Parks and Rec' doesn't come to legislature for confirmation. It's going to be the board who hires its and fires or it's totally at your discretion. Are you willing to take on that responsibility?

**MRS. DERIN J. STINNETT:** Yes, definitely.

**SENATOR THERESE TERLAJE:** The safety of the parks has been a big, big issue, right? Everybody knows this and of course the activity... sorry. The availability of activity, recreation for the children that said I think an issue that has been long-standing but this park safety issue is really almost more dire right now and I think Chief Suba can attest to this because they've... you know, actually GVB has a role, parks and recs has a role, mayors have a role and everybody has a role and they're even proposals to privatize parks because they don't have much faith in parks and rec being able to take care of these parks. But I want to challenge you to please prove that we can do that, and I know Parks and Rec has had a boost of some grant money that they can do some repair and... But really, it's the safety I think you know, once we repair.

The government has really not been that delinquent in repairing although... it's because things have been damaged almost, you know repeatedly. Repeatedly and continuously and so but I think that with your experience, maybe you're going to be able to come up with a solution for that. That is... that is that continues to allow accessibility to the parks. Because that's what we're trading off... right? A lot of the mayor's tell me they're just going to fence it off. They're going to lock it up and that's one way to handle it but it's not... it's not going to do the other side of your job which is to encourage, you know recreation... And our beaches already are so limited.

Access to beaches are very limited on Guam right now. The more access we can provide that is safe. And I'm sure as a woman that you can appreciate... Things have changed probably even as you've grown up. For sure as I've grown up access to beaches is completely different now for us. We don't go where we used to go. We don't go, you know, even alone or even with another person sometimes you need a whole group because just to keep yourself safe. All of those things have changed the way we are able to enjoy Guam and so, I know that you appreciate all of those things and I'm just... I just want to put that on the record that I'm looking to you. I'm hoping that you're going to push this board and push the department to really make that a priority. Right? We can be proud I think of what we can do.

The other thing that the Department of Parks and Recreation isn't responsible for right now is this historic preservation. Some of our, you know, parks our beaches and different things but many of our parks are historic properties, historic places. We've put a lot of investment into trying to, you know, protect. Protect our culture keep a place for people to enjoy that and... but... there's a million more things to do in that regard.

I'm sure you've heard of people; artifacts being picked up every day and but one of the responsibilities of this board is to... We've got the whole Historic Resources Division in the Department of Parks and Rec. I hope that you can do what it takes to get up to speed in that regard and to make sure that we are as critical as we can be as to what our role is.

You know, sometimes we've criticized private companies or even recently, you know, the military for what they have done to cultural sites and they turn around and want to say well what have you done to your cultural sites? And so of course we have to... we have to... we will always have that challenge, right? We have to do our part and, but we are all relying on Parks and Rec in this regard and the State Historic Preservation Officer up at Parks and Rec has a very unique role in many instances. They are the only people are only person who has access to information. Has access to these sites that I'm sure you can check all the *manâmkô*' you know... They've never had that privilege to go to a lot of these places and I appreciate that these *latte* sites, for example, are still intact and that what they really represent too, you know, and so... I'm also looking to you to make sure that those types of things that has to be a priority right now.

Somebody was talking to me the other day about all the rain that we're having and the flooding and how that makes all these historic places also very vulnerable to, you know, being washed away and permanently damaged or, you know, lost. We've got a huge challenge. You've got nature, you've mother nature and you've got, you know, crime and we've got the other challenges that our youth face and historic preservation. Lots of things so... I just but... I'm very confident and I want to congratulate you on being on the women's team and your performance in the South Pacific games.

**MRS. DERIN J. STINNETT:** Thank you very much.

**SENATOR THERESE TERLAJE:** And wish you the best and if there's anything that I can we can do to help you... please... you know, don't take no for an answer. Don't take this is the way it's always been done. Please don't take that. I want that to be the number one rule that that's not what you're going to accept because I think we can really show that Guam, we can do

these things and we have to work together. I know that you've said that in your testimony, so I appreciate that also seems -

**MRS. DERIN J. STINNETT:** If I may add, you know, I had the privilege of being in one of your classes up at UOG and that's really something I took away from your classes. Never take no for an answer especially being a woman. I appreciate that and thank you for everything.

**SENATOR KELLY MARSH (TAITANO), PH.D., CHAIR:** *Si Yu'os ma'åse* Senator Terlaje. You brought forward just a lot of really important points about the potential of you as a nominee and then the potential of our parts and all the efforts that it is that we really need to take as a community to safeguard them, to promote them and to be utilizing them and I really like that you highlighted that we as a community can do this. Sometimes I think being very humble as part of our nature. Maybe we also don't always recognize our capabilities or we're looking to sort of complement or support others, which can be a trait that you find in Pacific island communities. But you know, we really have so much talent. We really have so many people that are willing to volunteer such as yourself. Your list is quite lengthy and so I think that speaks to your understanding the commitment it involves. You've had many years of experience of volunteerism and your ability to perhaps coordinate and see some overlap between these organizations like the Micronesian Sports Foundation. There are, may be ways or the National Basketball Team for the women, that can be brought in to partner up or network with the Department of Parks and Rec. I think that those are definitely some opportunities that you bring with you. I do want to point out since you've been... and I was quite impressed, part of the women's national basketball team for 10 years and...

**MRS. DERIN J. STINNETT:** Correct.

**SENATOR KELLY MARSH (TAITANO), PH.D., CHAIR:** And so just yesterday... I don't remember why but I had sort of lightheartedly said that we should create a ladieslature basketball team. I don't know if you heard that Senator Terlaje. Apparently, we're getting pulled in different directions. Academic challenge bowl team but if we do go in that direction, I know who I can call.

**MRS. DERIN J. STINNETT:** Definitely. I'll be there.

**SENATOR KELLY MARSH (TAITANO), PH.D., CHAIR:** Oh, wonderful and like I said, your volunteerism has been quite extensive. I really think that speaks to your ability to be such a contributing person to this board.

One of the issues that we've had for many years across many boards is getting quorum and so it looks like you have that commitment of understanding the importance of being part of a board and then making sure that... excuse me, quorum is there so that business can be conducted.

**MRS. DERIN J. STINNETT:** Yes

**SENATOR KELLY MARSH (TAITANO), PH.D., CHAIR:** And looking to your background. Some of what we're working with... We're very fortunate the Department of Parks and Recreation has about \$5.6 million to upgrade a lot of its facilities including some of our

sports facilities and other facilities and part of that is also set aside for putting in some security cameras. I think this is some of what you'll be able to offer is understanding issues like security cameras. There are some partnerships with the department of the police to set up other security cameras as well. I think that will be something that you can help address as well as the other safety issues there. We do want our families and individuals to feel safe when they go to the parks.

And as we've mentioned or at least is. I mentioned earlier in one of the other nominations that a lot of what we're seeing for damage to our public facilities or issues like illegal dumping or littering that these... a lot of it really is behavioral issues. With your criminal justice background, with your volunteerism and other elements, hopefully as a board member you would really be able to help tackle some of those issues and think through or develop a subcommittee whatever needs to be done to help them tackle those issues and get the community on board with really appreciating and taking care of our resources.

**MRS. DERIN J. STINNETT:** Yes.

**SENATOR KELLY MARSH (TAITANO), PH.D., CHAIR:** They are important to us there. We have family time versus celebrate our birthdays and so forth.

**MRS. DERIN J. STINNETT:** Yes.

**SENATOR KELLY MARSH (TAITANO), PH.D., CHAIR:** Let's see... with all of the commitments that you do have. On one hand, they mentioned that it's very positive because you it shows that you understand the commitment involved. Do you see that there would be any issue and being able to keep up with this this board as well on top of your other commitments?

**MRS. DERIN J. STINNETT:** No issue is at all. And you know, I've taken everything you guys have said to heart and I hope and I'm excited to work on this board.

**SENATOR KELLY MARSH (TAITANO), PH.D., CHAIR:** *Si Yu'os ma'åse* and I already mentioned the overlap that you have between some of the groups that you that you are a part of so I think we've covered a lot of the issues again. I think you have a lot of potential to help resolve some of those issues and I think you're just an example of one of our community members that really brings a lot to the table, really cares about our island, cares about making a difference.

**MRS. DERIN J. STINNETT:** Yes.

**SENATOR KELLY MARSH (TAITANO), PH.D., CHAIR:** So, if there are no further comments or questions the Committee will conclude the confirmation hearing of Derin J. Stinnett to serve as a member on the Board of Commissioners Department of Parks and Recreation. The Committee will continue to receive testimonies for the next few days. Please address your written testimony to the Committee on Heritage and the Arts, Parks, Guam Products, Hagåtña Revitalization, Self Determination, and Regional Affairs and submitted via email to [office.senatorkelly@guamlegislature.org](mailto:office.senatorkelly@guamlegislature.org), or you may hand deliver it to or otherwise deliver it to the office of myself located at the second floor of the Guam Congress Building.

The time is now 9:02 and a half if we're going to be super exact, but I think we're doing a good job of staying on track. I want to say *Si Yu'os ma'åse* to all of you for braving the traffic, especially on a rainy day and coming in so early in the morning. Thank you for your testimony was very helpful to here and then we'll go ahead and move on to the next the next nominee, which will be Dr. Michael Rabago.
