TESTIMONY OF DOREEN T. CRISOSTOMO, Ph.D.
Appointee to Serve as a Director
of the Guam Housing Corporation Board of Directors

Public Hearing

Hafa Adai, Chairman San Agustin and Members of the General Government Operations, Appropriations, and Housing Committee. My name is Doreen Crisostomo. I'm honored to have been appointed by Governor Leon Guerrero and Lieutenant Governor Tenorio to serve as a member of the Guam Housing Corporation Board of Directors, and thankful for the opportunity to provide testimony before you today.

I have spent my entire career in government service and have served in various capacities within the executive and legislative branches. In particular, I served as the controller of the Guam Housing Corporation (GHC) during the Gutierrez-Bordallo administration. During this time, I oversaw the implementation of a new accounting system, implemented the first direct deposit banking system, and revived the 6% loan program in collaboration with the Office of the Governor.

Since that time, I've built up my academic credentials and professional experience in the government accounting field. I earned my master's degree in accounting from the University of Phoenix and doctoral degree from Capella University. I hold certifications in government finance, internal controls and as a fraud examiner. I am also a proud member of the University of Guam family – UOG is where I earned my undergraduate degree in accounting and, currently, it is where I spend my time as an associate professor of accounting.

I look forward to bringing this background with me during my return to GHC if confirmed by this Body. A couple of my goals at GHC, if confirmed, are to enhance the opportunities for low-to-moderate income families realize their dreams of home ownership and to decrease the vacancy rate of the rental division.

In reviewing GHC's Citizen-Centric Report (CCR) for fiscal year 2018, I noticed its loan portfolio decreased due to loan payoffs; the number of loans, grants, and loans on hand at the end of the year had also decreased. GHC relies on the interest income to fund its operations. Furthermore, its FY18 audited financial report indicated that it needed \$17.2M to fund 136 qualified applicants. One of the challenges with these applicants is finding a home to purchase based on their qualified loan amounts. GHC had a \$50M source of funding (through mortgage revenue bonds). However, due to the bond restrictions, the unused funds were returned. From my recollection, borrowers are required to take out additional insurance, namely mortgage insurance, which in turn increases their monthly payment, which in turn makes GHC's option not feasible

or less attractive to first-time homeowners compared to what other lending institutions require. I would like to explore other funding sources that will help low-to-moderate income families realize their dream of owning their own home.

Regarding the rental division, GHC has 149 units for rent. Its CCR indicated that rental income decreased in FY18 due to the increase in vacancies. As of August of this year, there were 43 vacant units. GHC does not have sufficient funds to renovate its units, which then causes an increase in the vacancy rate; additionally, the last major renovation occurred in FY15. Other challenges GHC faces are tied to limited maintenance staff, which limits addressing vandalism, theft, and deterioration of vacant properties. The good news is GHC was able to provide more emergency housing and provide homeless families with shelter in FY18 compared to FY17. I would like to work with management in building on these strengths while also finding ways to reduce the vacancy rate and review the policy governing income limits.

These are just some of the things I am confident I can help GHC address in the years ahead. Thank you for your time and hope I can look forward to your favorable vote on my nomination.

Doreen T. Crisostomo: Hello, and Håfa Adai, Chairman San Agustin, my name is Doreen Crisostomo. The number of loans grants and loans on hand at the end of the year had also decreased. GHC relies on the interest income to fund its operation furthermore its FY18 audit, audited financial report indicated it needed 17 point 2 million (17,200,000) to fund 136 qualified applicants one of the challenges these applicants are finding a home to purchase based on the qualified loan amounts. Borrowers are required to take out additional insurance and named LI the mortgage insurance which in turn increases their monthly payments which in turn makes GHC option not feasible or less attracted to first-time homeowners compared to what other lending institutions require. I would like to explore

other funding sources that will help low to moderate income families realize their dream of owning their own home regarding the renter division GHC has a hundred and forty units for rent its CCR citizen-centric report indicated that the rental income decreases in fiscal year eighteen due to the increase in vacancy. As of August, of this year there was 43 vacant units. GHC does not have the sufficient funds to renovate its unit which then causes the increase in the vacancy rate, additionally the last major renovation occurred in FY15. Other challenges GHC faces are tied to limited maintenance staff which limits addressing the vandalism theft and the deterioration of vacant properties. These are just some of the things I am confident I can help GHC address in the years ahead. Thank you for your time and hope to gain your vote.

Chairman Joe S. San Agustin: Doreen, you're not going to have any problems with me. I'm you know, I know you for a long time and you're the numbers lady. I mean if we had a position that the OFB we would probably ask you and try to convince you to come on board but you're busy quite busy at UOG and I remember last year we try to tap you as much as we could but with limited time on the tax commission but you know I honestly look forward to. I will be submitting your packet for confirmation. I like the first number one, thank you for accepting the appointment from the Governor to serve on the Guam Housing Board but uh do you, do you feel that there may be any conflict of interest do you know. I didn't think so. I was looking at your background, you didn't have and I believe you've always been involved in many events so I expect that you'll be gainfully employed with Guam Housing on other events and I look forward to submitting your packet at the next session for approval by the members at large, so thank you.

Doreen T. Crisostomo: Are you going to ask the three questions.

Chairman Joe S. San Agustin: Well. I normally ask those questions, you know that I've always asked every agency, yeah number one is where you at? Where do you want to go? And how can I help you and that's what I normally ask Doreen and I know that you've got answers for that so, go for it.

Doreen T. Crisostomo: Yes, Guam Housing right now does need additional funding and it's lacks funding for as I stated earlier, it lacks funding to give for first-time home owners in the mortgage division and also in the renter division and so if you really look at their CCR they only did nine loans in 2018 they kind of they process about over three hundred applicants and so where do we want to go, I'm sure that the Guam Housing on from my perspective where I would like to see Guam Housing go forward is to decrease the vacancy rate on the renter division and to provide funding for first time home owners because I think it's very important that you know when families feel they have an ownership. They own a home, you know, it will really help the community and so how can you help if you can, if you I mean just to start maybe give Guam Housing ten million dollars (\$10,000,000). Five million (\$5,000,000) for the mortgage area and five million (\$5,000,000) to do the renovation there's 18 units that needs renovation and in order to you know, they don't have the funding and the five million (\$5,000,000) can help at least twenty percent of the qualified applicants so and if you're trying to determine what source of funding can we take it out of the FY18 you know FY19 surplus.

Chairman Joe S. San Agustin: Thank you, Doreen, you know what, I'm going to, I will be looking forward to because you know this is on record, yeah, and I know that Frank Florig and the rest of the staff are probably watching this. I would hope that they will submit a formal request for that, once we can get you on board officially you can work them to put it in writing and then what we'll do is we will communicate that with the Governor's office and everybody else and we take a look at what is available because yes definitely we want to help all the family that as many as possible we can help. I know that you are going to come up with some other creative ways of processing at the Guam Housing, alright do you anything else Doreen?

Doreen T. Crisostomo: No thank you.

Chairman Joe S. San Agustin: Alright, thank you, the Committee will continue to receive testimonies for the next few days, please address your written testimony to the Committee on General Government Operations, Appropriations, and Housing and submit it via-e-mail to senatorjoessanagustin@gmail.com *Si Yu'os ma'åsi* for your attendance and participation in today's hearing and for those at home, thank you for watching. The public hearing for the appointment of Doreen T. Crisostomo is now adjourned, it is now **9:10** and have a great morning, thank you.

The public hearing was adjourned at **9:10A.M.**
