Håfa Adai Senator Marsh,

Maria Leon Guerrero is unable to make the scheduled HRRA Commission confirmation hearing on Thursday, April 11 at 8:30am due to a scheduling conflict. Would you be able to accommodate her at a different time? She is available on the same day between 10:00am and 2:00pm. Si Yu'us Ma'ase for your consideration. Please let me know if you have any questions or need further assistance.

Kind regards,

Lasia Casil

Senator Kelly G. Marsh (Taitano), Ph.D. Chairperson, Committee on Heritage and the Arts, Parks, Guam Products, Hagåtña Revitalization, Self-Determination, and Regional Affairs

Subject: Confirmation Hearing to serve on the Board of Commissioners, Hagåtña Restoration and Redevelopment Authority.

Buenas yan Håfa ådai Senator Marsh (Taitano), as well as the other honorable members of the Committee on Heritage and the Arts, Parks, Guam Products, Hagåtña Revitalization, Self-Determination, and Regional Affairs. Si yu'os ma'åse for the opportunity to speak before you today as our Maga'haga's appointee to serve as the Chair on the Board of Commissioners for the Hagåtña Restoration and Redevelopment Authority.

I welcome this opportunity to serve our people, and I believe that I can leverage my competencies and experience to advance the mission of this important organization. I have been with the Bank of Guam since 2009, currently serving as Executive Vice President and Chief Operating Officer. My expertise is in banking, finance, strategic planning, and project management. But far more important than my background, I believe, are the reasons why I have decided to respond to this call to serve.

Bank of Guam has been a corporate resident of Hagåtña since we opened our doors in 1972. In 1990, we doubled down on our commitment to Hagåtña when we opened our 10-story headquarters building. The Bank, alongside the other businesses and residents that call Hagåtña their home, is a key stakeholder and therefore fully invested in seeing this area develop and thrive.

It is also very special and moving to me that my grandfather, Jesus Leon Guerrero, and my father, Anthony Leon Guerrero, both served as board members for the Hagåtña Restoration and Redevelopment Authority. They recognized the value in supporting this effort, and so do I.

In 2016, Guam hosted the Festival of Pacific Arts. Those of us who were there witnessed the capital city of Hagåtña come alive for two weeks with pedestrians, music, food, dancing, and commerce. Our sparse and sleepy capitol was transformed into a vibrant community, seemingly overnight. We got a glimpse of what Hagåtña could be, given the right conditions. FestPac also served as reminder of Guam's deep and rich history, a catalyst for our cultural renaissance, and a call to action for the next generation of leaders to develop authentic cultural experiences for our visitors to contrast with the hotels and luxury shopping arcades of Tumon Bay.

Senators, we have before us a unique opportunity to thoughtfully plan an urban community that is socially, environmentally, culturally, and financially sustainable. It will require leadership, engagement

of stakeholders, open-mindedness, analysis, debate, and compromise. But in the end, the Restoration and Redevelopment of our beloved capitol city is a priceless endeavor that will benefit our island and our people for generations to come.

If confirmed as the Chair for the Hagåtña Restoration and Redevelopment Authority, my objective will be to carry out the task in a manner that: 1) maximizes the potential of our limited resources; 2) is environmentally responsible; 3) preserves the integrity of our culturally and historically significant assets; 4) and most importantly, that strives to make Hagåtña an exciting place to live, work, and play.

Si yu'os ma'ase for the opportunity to speak, and I hope for your favorable consideration.

Respectfully,

Maria Eugenia H. Leon Guerrero

a. <u>Transcription of Hearing (block formatted)</u>

The public hearing was called to order at 8:36am.

SENATOR KELLY MARSH (TAITANO), PHD., CHAIR: So, we will begin hearing testimonies on the confirmation hearing of Miss Maria Eugenia Leon Guerrero to serve as a Member on the Board of Commissioners for the *Hagàtña* Restoration and Redevelopment Authority.

There have been several people that have signed up to provide support. And for those that would like to give testimony, I'll read the ones that have marked off that they are providing testimony... So, we have the executive director of the Authority-Miss Lasia, who is providing oral testimony...Miss Maria Leon Guerrero who will be providing her testimony.

Where did I put my...John Reyes thank you, John Reyes, Jr,, who was here in support; and, German Nuestro who is here in support as well? So, those that want to provide testimony if there's anybody else, okay. So, we'll go ahead and begin with the executive director, Miss Lasia Casil.

LASIA CASIL: Hafa adai, thank you. Again Speaker, Senator Marsh Taitano, and Senator Terlaje....again for the record, my name is Lasia Casil, and I'm the executive director of the Hagâtña Restoration and Redevelopment Authority. I'm here to speak in support of the confirmation of Miss Maria Eugenia Leon Guerrero as chairwoman to the Hagâtña Restoration Redevelopment Commission. As some of you know that Mrs. Leon Guerrero's father served on the first Board of the Hagâtña Restoration and Redevelopment Authority. I believe the Speaker was worked on that as well. She's an executive VP at the Bank of Guam having worked with many local businesses that we want to see come Hagâtña, And, she served on many community organizations including Chair of the Guam Foundation for the Public Education, treasurer of the Sanctuary, treasurer of the Rotary Club of Tumon Bay, the Huna'e Oral History Project. So, as a current member of the Guam Young Professionals and having studied overseas in Seattle, she brings a fresh young perspective. I think that will be a breath of

fresh air to this growing agency. I met Miss Leon Guerrero on the campaign trail last year and we've spoken about the...the HRRA and I know that she serves shares the same vision as a father in revitalizing our Capital while at the same time protecting and promoting our culture.

I look forward to working with her and Ms. Franquez on the Commission and the combined contributions of these two *metgot famalauan* from different generations contributing to our Commission moving forward. *Si Yu'os Ma'ase*.

SENATOR KELLY MARSH (TAITANO), PHD., CHAIR: Si Yu'os Ma'ase for that and just make sure that I'm staying on this. So, next if we can be hearing from is it Ms. Leslie Leon Guerrero?

LESLEY LEON GUERRERO Good morning *hafa adai*. Good morning, my name is Lesley Leon Guerrero vice president and director of customer experience for Bank of Guam. I'm here today to offer this testimony in support of Miss Maria Eugenia Leon Guerrero to serve as the chairwoman of the Board of Commissioners for the *Hagâtña* Restoration and Redevelopment Authority. I have known Maria both personally and professionally for over 10 years now. During this time, I have experienced firsthand the passion she brings to the project she undertakes and I don't expect anything less from her as she dives deep into this endeavor.

As a professional, I know Maria to be fair tactful in her approach and dedicated to completing tasks in their entirety. This often times calls for expanding our thought processes putting in a few extra hours at the end of a long day or fighting for a decision that goes against the grain of what historically has always been done. Her fearlessness and drive, to do things better smarter and in a way that carries the true spirit of why we are in business, is what makes her special, and why...sorry...always carries the true Spirit of why we are in business and is what makes her special and is synonymous with the type of dedication...she will bring to her work with the Authority. As I watch the videos of imagine...*Hagåtña* and view the pictures of what a revived *Hagåtña* would look like...I was excited....excited for the Authority...excited for the beautiful culturally rich spaces of that all of our people will simply be able to enjoy. But most excited by the fact....that I knew all of this can be realized. Carrying cultural historical and economic significance, this undertaking is, so important for our people and I'm confident in Maria's ability to see this vision through. Her work at Bank of Guam has spanned across the entire organization touching almost every aspect of its operations.

Her experience in project management will definitely be a major benefit to her sitting on this board. The organization the thought process that dives deep into requirements deliverables and costs and the focus on the people's experience will all become working assets that she will bring to ensure the success of the Authority's vision. Her work in overseeing the bank's network of branches, lends to experience, and controlling cost multitasking; and, inspiring hundreds of people. This too is key in rallying the troops and supportive this cause and can visit convincing investors to pledge and invest their money here; and, in seeking out new talent and resources necessary to build the culturally rich and dynamic Capital our island...and so, deserves.

Over the past few years I've....I've witnessed her growth as a leader and a mentor as well. I'm not sure if it was a rising position at work or the fact that a little angel..named towel, flipped her world upside down either way. She's adjusted well as both a leader and a mother and it shows. There's a special grace only mothers possess. A gentleness that we all can appreciate. They're strict when they need to be, forgiving, compassionate, generous, but always fair. I've seen all of these in Maria. The Compassion she shares with our people and the dedication she brings to the work. She does not just within the bank but in the community is inspiring. Through her work with various nonprofits, like Sanctuary and the Foundation for Public Education, she brings balance to her life. One that to me, seems set....to continue the legacies of her father and grandfather; and, I think she's been doing an amazing job at it. As a friend, I see a light in her when she represents the organization through speeches, check presentations, and photo ops...a sense of pride that "hey dad, if only you can see me now," that kind of Pride. As an employee, I am inspired by her commitment every day and the confidence that unfolds as a result of it. I can go on and on about this amazing person, but I'll conclude with just saying that if vision, intelligence, and dedication to understanding the full picture of what is needed to rebuild, restore, and revitalize Hagåtña, Maria's your girl. She will dig deep as many questions, seek out alternative solutions; and, sure you spend responsibly and always fight for the best deal...she's a great negotiator.

I absolutely believe in her commitment to bring *Hagåtña* back to its true...our island's capital and kindly ask that you join me in support of her nomination. Thank you.

SENATOR KELLY MARSH (TAITANO), PHD., CHAIR: Si Yu'os Ma'ase for that...for your testimony. And now we'll hear from Miss Maria Leon Guerrero herself.

MARIA EUGENIA LEON GUERRERO:Sorry, I'm going green with my testimony...okay then, *hafa adai* Senator Marsh Taitano as well as the other honorable members of

Committee on Heritage and the Arts, Parks, Guam Products, *Hagåtña* Revitalization, Self Determination and Regional Affairs.

Si Yu'os Ma'ase for the opportunity to speak before you today as our Maga'haga has appointed to serve as the Chair on...the Board of Commissioners for the Hagàtña Restoration and Redevelopment Authority. I welcome this opportunity to serve our people and I believe that I can leverage my competencies and experience to advance the mission of this important organization. I have been with Bank of Guam since 2009 currently serving as Executive Vice President and Chief Operating Officer. My expertise is in banking, finance, strategic planning, and project management. But, far more important than my background, I believe, are the reasons why I have decided to respond to this call to serve.

Bank of Guam has been a corporate resident of *Hagåtña* since we opened our doors in 1972 and in 1990, we doubled down on our commitment to *Hagåtña* when we opened our 10-story headquarters building. The bank alongside all the other businesses and residents that call *Hagåtña* their home, is a key stakeholder; and, therefore fully invested in seeing this area develop and thrive. It is also very special and moving to me, that both my grandfather Jesus Leon Guerrero and my father Anthony Leon Guerrero served as board members for the Authority in one iteration or another. They recognize the value in supporting this effort...and so, do I. In 2016, Guam hosted the Festival of Pacific Arts. Those of us who were there, witnessed the capital city of *Hagåtña* come alive; and, the sleepy capital was transformed into a vibrant community seemingly overnight. We got a glimpse of what *Hagåtña* could be, given the right conditions.

FestPac also served as a reminder of Guam's deep and rich history. It was a catalyst for our cultural renaissance and a call to action for the next generation of leaders to develop authentic cultural experiences for our visitors to contrast with the hotels and luxury shopping arcades of Tumon Bay.

Senators we have before us a unique opportunity to thoughtfully plan an urban community that is socially environmentally culturally and financially sustainable. It will require leadership. It will require engagement of all the stakeholders, it will require open-mindedness analysis debate and compromise, but in the end the restoration and redevelopment of our beloved capital city is a priceless endeavor; and, one that will benefit our Island...and our people for generations to come.

If confirmed as a Chair for the *Hagåtña* Restoration and Redevelopment Authority, my objective will be to carry out the task in a manner that maximizes the potential of our limited resources that is environmentally responsible that preserves the Integrity of our culturally and historically significant assets and most importantly that strives to make Agana an exciting place to live work and play. Si Yu'os Ma'ase for the opportunity to speak with you today, and I hope for your favorable consideration. Thank you.

SENATOR KELLY MARSH (TAITANO), PHD., CHAIR: Si Yu'os Ma'ase for that. I'll go ahead and start with the Vice Chair of my Committee, uh, Speaker Muña Barnes.

SPEAKER TINA MUÑA BARNES: Si Yu'os Ma'ase Madam Chair, again for giving me the opportunity to rise and speak in support of Mrs. Maria Eugenia. Just for the mere fact of you coming home, I want to say un dånku'lu na si Yu'os Ma'ase for never forgetting where your roots are and literally stepping up to the plate where your grandfather has literally laid the blueprints and....and the pathway for a journey to revitalize Hagåtña and his desire to have Hagåtña for being a part of their home and you guys being here...in as far as are bringing back to the roots Bank of Guam has been around for over 40...I want to say 47 years, right, and just being a local bank. I want to say un dang'ko'lu na si Yu'os Ma'ase. I see Kin and a lot of the members from Bank of Guam here. Thank you for being here on behalf of Maria, but more importantly, thank you for stepping up to the plate to volunteer...as it is coming from the heart and working closely with the other members from Hagåtña Restoration and Redevelopment...revitalization. I want to say that in all the years that I, in the former years that I was the oversight share for this Authority. I want to say it's one of the most powerful...if not the most powerful Authority of, for our government agencies and you guys have a lot of big shoes to fill. But I know that with your expertise, I know that with your love and desire...for our island of Guam for our Capital Hagatña, that you guys will do an excellent job....so, I want to tell the Madam Chair that I support Miss Leon Guerrero and I want to say un dang'ko'lu na si Yu'os Ma'ase, for giving your time to this very important Authority, Si Yu'os Ma'ase.

SENATOR KELLY MARSH (TAITANO), PHD., CHAIR: Si Yu'os Ma'ase Speaker, I would also like to next ask the honorable Senator Therese Terlaje.

SENATOR THERESE TERLAJE: Si Yu'os Ma'ase for your testimony... to the two women...here that very good testimony. I appreciate it, especially the director. Your vision and you, having worked with Maria Leon Guerrero for years. So...and so, our nominee, future

Chairperson of this, Hagåtña Redevelopment and Revitalization Authority. I commend you for your testimony. I'm glad that you pointed out the things that you did. Our generation was not privileged to grow up Hagåtña, Like the, we just heard testimony from Rita Franquez, who is also going to be a member of this board and she grew up there... So, as when our parents did. So, we've heard from them secondhand, but...but for us its..its kind of second hand information and we're....we're going to hear it from other people. But I appreciate that you point out that the need for the balance of all the different interests, you know business and culture especially in your reference to Festpac. I very much appreciate it. I share the same sentiment that...that gave us in our generations a glimpse of....of the possibilities for *Hagåtña* and the feeling that really it really brought with us. It wasn't just a business. It was a feeling of ... of ... of community, right....and arts are prospering and business was prospering, music was prospering. It was a great time and that we were walking and I always laugh about that because I worked in Hagåtña all my life. I don't walk very much right. It's...it that was a reason to walk and it really made us appreciate more when you're walking...what you can see, how you can interact and so, I'm looking forward to Hagåtña with a lot more interaction, with all of us, who are working. And playing here, like you said, I am, I Also pointed out to the last moment that well, I first of all, I have no doubts on your capabilities or your leadership for this board. I'm thankful, that you're willing to do this...I...we are just looking to this board for fairness for all the Hagåtña landowners. I know that the priority I mean the projects there's....so, many projects. They're huge projects their technical projects, some of them are, you know....projects that we don't have expertise in for example, floodplain management. That's I think the number one that you've got to resolve. But that type....but all the projects planned for *Hagåtña* and that, you know, you prioritize those and always keep in mind fairness to all the Hagåtña landowners. Some of them are small....some of them are big, but you know, some of them actually do live here and I you know, we always have to...to keep all of their long-term interests in mind and...and again this board like one that the speaker said, it's a very powerful board. I think it's powerful because it...it by statute has taxes...have been dedicated to this board and...so, there, supposedly able to use taxes, from it, taxes from improvements on Hagåtña properties which are significant for their restoration and redevelopment projects. And the goal...some of the goals were to bring in, you know more people to live here. But...but, the use of taxes, I just think we want...I want the restoration board to be sensitive to where these are coming from. These are coming from taxpayers. These are...we are still struggling with the government that you know is in the needs...taxes for critical services. And...so, we just want to ensure that you will continue with your leadership to ensure that these this taxpayer's money...now is going to be used as with...with the priorities that you've really debated; make sure that that's going to serve our

community and that they're going to be used with the sensitivity as to where they're really coming from. And, what we're sacrificing to do this and that they're going to be uses, you know, as well as...as well as you can. So, I'm glad they put someone with your capabilities on there....so, I'm looking forward to that, *Si Yu'os Ma'ase*.

SENATOR KELLY MARSH (TAITANO), PHD., CHAIR: Si Yu'os Ma'ase Senator. So, I want to build on...some of the comments that have been put forth. So, far. And again, I also want to say that it was very good to hear about the ways that FestPac impacted you. I think a lot of us myself included were very excited to see the city be revitalized at least for that period of time. And I think we've seen some slow movement towards that....that it's been this growing momentum and we are seeing the evenings...Wednesday nights and other nights, that we are seeing more people walking around and participating in a variety of events. So those are, I think are all good signs and they're all helping us envision where we can be going. So, I think it stops...in the old the older days, when someone as walking around Hagåtña....sometimes people would pull over and ask what was wrong. Like, why are you walking around Hagåtña, like did your car break down. But now we're seeing a whole lot of good reasons to be walking around Hagåtña: and, we're no longer having people stopping us and asking like, why we're bothering to walk around Hagatña. So...but the other part of that...that really meant a lot to me, was seeing the cultural revitalization...that aspect of the FestPac; and, seeing that...that needs to be part of how we are continuing to build, as we're revitalizing but also developing. That it's very much rooted in that sense. Hagåtña, has so, many layers. Miss Franquez has had spoken of some of them. And, we don't know the exact time that it dates back to, but there's likely three thousand five hundred years of history here. Those pre-latte years...we've found pre-latte pottery, excuse me, pottery here and this speaks to a very long rich history. And so, I believe that we're all looking forward to seeing those different layers come forward, that we're celebrating and embracing all of Hagåtña, as Miss Franquez is mentioning. This is the home of Hurao...and so, or it was a place that he was known to have rallied together people. And so, these are the sort of things that....there's ample opportunity to be bringing these elements forward along with the other elements that are Hagåtña. One of the technical aspects, that I'm looking forward to the Authority in tackling, is just seeing, if since it has been in the works for a long period of time and there have been these changes and these understandings now about climate change and sea level rise of just making sure that....that consideration...is there. I mean along with the flood zone that needs to be a consideration if the sea is going to be rising 3 feet or more...like what does that entail for Hagåtña. And, they're always solutions...but just making sure; and, that's where I think a lot of people are going to come in really-well in the Authority, of thinking

ahead...making sure that those plans are in place. So, that while the development is going on, in the envisioning, that we have the plans in place to make sure that we've taken care of the floodplain and we've taken care of the sea level rise and so forth. So, with that, one of the questions that I have is in the way that you're looking at the Authority and the board members...are there certain expertise that you are hoping comes on board as part of the board, and perhaps if you also have recommendations of ways that we could be expanding, those technical experts that will also be contributing to the board.

So...I had a when I'm when I met with last MARIA EUGENIA LEON GUERRERO: year she did give me a cursory look at some of the other board members that were on there and I think there's a good mix of people. I love that Rita's there. I've known her for a long time. And, I think she brings a lot to the table Carlos and who else was on there, but there was a very pretty diverse group. I don't....I'm not, too familiar with the expertise of other than Carlos and...and Rita what the others may bring. But, I would hope that...that we would solicit expertise in just Environmental Protection and those types of issues the...the vision that I saw its...it is inspiring and I would just want to make sure that everything that we do takes our natural environment into account that were working with our resources and not fighting against them to make Hagåtña into something that it's not. I think I agree with you. I think that there are, so many layers of Hagåtña, so many layers of history that have been buried and that have the opportunity to reemerge and be showcased and I think we should honor all of that and...and thank you Senator Terlaje for mentioning the being sensitive to the landowners because they absolutely they've, they live here. So, we can't just bulldoze over them and not consider them. That's....that's not right....so, I would think you know...what I don't have everything...everything that our board members don't have we need to bring in? You know, I'm not trying to be an X.....I'm not an expert in environmental issues or civic planning. And so, this is where I feel like we need the help and I'm sure that there are a myriad of agencies that need to get involved and weigh in on this...this is this is huge. Of course, it's going to be in phases but nonetheless it's going to be a very cross-functional effort. I'm fully expecting that....so, yeah, I think those are the those are the types of expertise that we need urban design, architecture, utilities, management....all areas that you know, I'm notI'm not familiar with. But I'm committed to working with the experts and coming up with solutions that are...are equitable and sustainable.

SENATOR KELLY MARSH (TAITANO), PHD., CHAIR: Si Yu'os Ma'ase for that. You mentioned a lot of very important types of expertise to be availing having the board avail itself of the environmental protection is very important, you know with *Hagåtña* being a city and village for so long and the center for a lot of colonial Administration amongst other things. It, the landscape of it has changed so much. But, there are important features that are still there. And so, it's very good to hear that. The board is going to be working towards keeping as much of that...that is truly representative of *Hagåtña* and the lives that have been here over the generations to have that in place . As well as, some of the other expertise that you mentioned. And so, I want to be working with the...and I think all of our committee members due to be seen how we can be continuing to support and helping you get the expertise that you need to be able to have as informed...an approach as possible. Are both you and Miss Franquez have some background in financing development working with other businesses, which I think will serve us all very well and we talked a bit about the budget and so-forth and as Senator Terlaje has mentioned that there is money in the law that is set aside or has the potential to be set aside to provide budgeting. But are there other...are there other ways that you're looking at developing so that it's bringing in these different opportunities from elsewhere; and, not just necessarily that one stream but bringing another streams or partnerships that you'd like to speak on.

No, I was... I was reading some articles **MARIA EUGENIA LEON GUERRERO:** about the Authority and I came across a blurb that said that parking was one of the main concerns that were brought up. I guess during the stakeholder feedback and how people were talking about how they wanted parking to...to be abundant and free and I have I guess I have a certain view on that. And ,I feel that we have too many cars on our Island...and I feel that if the objective is to make a community that is pedestrian-friendly, that is walkable, and sustainable; that we need to make sure that we do have facilities available for people to come to the capital and enjoy it. But having a car takes a toll on our Island...and I feel that there needs to be some kind of way to sustain that; and, so I'm not sure how I feel about the whole free parking thing. But I... but I think that there are some opportunities to maybe generate some revenues there...that could keep, that could sustain our community, and keep it in a beautiful condition because as lawmakers, you know that...that is not an easy thing to do and that it's not something that's free. And so, my thoughts are that, you know, we whether ... whether it's a... public-services we provide are attracting local entrepreneurs; is that, we need to keep in mind those revenue generating opportunities so, that we keep the common areas beautiful and clean. So, just some thoughts.

SENATOR KELLY MARSH (TAITANO), PHD., CHAIR: *Gof mauleg.* Both the Senator Terlaje and I, have been at the Center for Island Sustainability Conference that's ongoing right now. And so, the good news is that the Utilities Commission is promoting electric cars and the...looking at things like electric buses. And, there's a possibility of electric trolley....so, that

may be something that they're an ex-officio member I believe, of the board. So, that could be something that fits in with some of what you're looking at. And is... is more forward thinking and addressing some of the issues that you're...you're talking about there. So, I think those are really the majority of the things that I wanted to ask. I guess maybe the last thing would be that, sometimes with boards attendance has been an issue....so, as we're going through this nomination process. We're just... I guess is, encouraging all the members and looking for people that are really serious about dedicating their time. And, we're very appreciative of the time that people will be dedicating towards this. But we're hoping for of course, a board that continues to be able to meet regularly, because it is a very big task that you all have ahead of you. So, I do thank you in advance for your time....that, your foot is going to be putting forward to it. I'm sure they're going to be a lot of long hours associated with this. I just want to check to see if Senator Terlaje has any other comments. So, with that if there is anybody else here that has any testimony. There being none, the Committee will conclude the public hearing for the confirmation hearing of Maria Eugenia Leon Guerrero to serve on the Board of Commissioners for the Hagåtña Restoration and Redevelopment Authority. So I just want to put out the reminder again, that for any of the confirmation hearings whether it's Miss Ina Carillo, or Miss Rita Franquez, or Miss Maria Leon Guerrero, that we are continuing to receive testimonies over the next few days. Please address your written testimony to the Committee....Committee on Heritage and the Arts, Parks, Guam Products, Hagåtña Revitalization, Self Determination, and Regional Affairs; and, submit it via email to office.senatorkelly@guamlegislature.org, or you can have it delivered to the Guam Congress Building, 163 Chalan Santo Papa, Hagåtña, Guam 96910,

Si Yu'os Ma'ase for everybody who came out today, for your attendance, your participation and all of the thought that you put into this. The time is now 11.....Oh, it's 11:10 am, Si Yu'os Ma'ase.

The public hearing was adjourned at 11:10am.
