PERSONAL TESTIMONY FOR THE APPOINTMENT TO THE GUAM ETHICS COMMISSION

Attn: The Honorable Joe San Agustin, Chair of the Committee on General Government Operations, Appropriations, & Housing

Buenas yan Hafa Adai,

I would like to thank the Honorable Joe San Agustin, Chair of the Committee on General Government Operations, Appropriations, & Housing, members of the committee, and Senators of the 35th Guam Legislature present for taking time this afternoon to learn more about me in order for you to make a sound decision regarding my appointment as a member of the Guam Ethics Commission.

My name is Marilyn Roberto Borja. I currently reside in Mangilao but was raised in the village of Talofofu. I graduated from Inarajan High School in 1994 and immediately entered the work force as an accountant for a local Security Company where I worked for 5 years. Medical Circumstances with my 2<sup>nd</sup> child forced me to change careers that would allow an increase in my single parent income to afford the medical expenses for my son's congenital disease. I entered the field of Marketing and Sales first at a local radio station, and then moved into Telecommunications a few years later, where I still work today, almost 17 years later, now Docomo Pacific.

I am fortunate and humbled to a great company who saw value in me at the young age of 26, invested in my growth, and saw past what others would see as a risk – a young single mother with two kids, one of which who had ongoing medical concerns – and for this, I am forever thankful to God and to the many leaders and colleagues I've had the great opportunity of working with. I am blessed to serve today as Vice President of Sales for the company's Enterprise Business Unit, a company that lives the "Inafamaolek" way through its corporate culture and driven by the strength of its people.

I am married to Tory Borja, we have 4 children and just like the other 170,000+ residents who call Guam home, we are simple people who love our island.

I've lived both sides of the coin, I've seen the hard life struggling for another day, and I've also been extremely fortunate – all of which I am thankful to God for blessing me and my family abundantly.

I am extremely humbled by this nomination, and the appointment by our Maga'haga, to serve as a member of The Guam Ethics Commission and hope you determine I can be of value to the it.

With regards to community involvement and giving back where I can, I currently volunteer and serve in the following organizations that are very close to my heart:

1. Vice Chair of Sanctuary - a private, non-profit organization founded in 1971 which exists to improve the quality of life for Guam's youth.
2. Secretary for Hurao Academy established in 2005 and whose primary mission is to promote and perpetuate the Chamorro language and culture.
3. I formerly served as the Vice Chair for the Chamber Business Women's Network, a subcommittee of the Guam Chamber of Commerce and am still involved today with continuous efforts to promote women in business and overall development.

I believe giving back to our community is fundamental, both in my professional life and my family life, a value I hope my children see, appreciate, and give back themselves.

The revival of the Guam Ethics Commission is key to a transparent Government, holding all Government Employees (including the Commission) to the highest ethical standards. I look forward, if confirmed, to apply my experiences, strengths, and insight to the commission through creating policies and procedures, decision making and regular reporting to name a few.

I am excited to be a part of the resurrection of this Commission and help set the foundation for a sustainable one and one that the People of Guam are confident in.

Chairman San Augustin, I would like to thank you and the members of the committee for your consideration and I humbly ask for the committee's confirmation.

Si Yu'us Ma'ase,

Marilyn Borja

SUBJECT: LETTER OF RECOMMENDATION, MS. MARILYN BORJA

To Whom It May Concern:

While it is for obvious reasons that I would be offering a recommendation for my sister, Marilyn Borja, on her appointment as a member to the Guam Ethics Commission, I think there is more to be said about having a lifetime of experiences with a person. When you've lived life with someone, you are able to see the best and worst in them. And when you are resurrecting a committee within the government in an effort for a transparent Guam, you would expect them to meet the highest standards and want absolute transparency from its members.

Marilyn has always been beyond her years, she is perceptive, sharp, with a high aptitude for math and analytics. She has always been driven to understand how things work, even growing up, she never responded the way a middle child often would, she was always a leader and a decision maker, had a high sense of empathy for those around her, most especially those under her care. Over the years, that display of leadership and respect translated into a well-structured and highly analytical approach to everything she did, whether at home or at work. She is a devoted mother and wife and has a strong personal desire for community and culture.

Her personal strengths are as impressive as her professional accomplishments.

Marilyn and I worked together for several years on the same sales team for a leading telecommunication company. I saw firsthand how her personal working methods helped her climb up the corporate ladder quickly, starting from administrative, to sales, to management to now the first female Vice President for the company. Her biggest strengths to me are her strong sense of loyalty and personal responsibility and holding herself accountable.

Marilyn and I sit on many civic and private boards and committees together and to be quite honest with you, feel lucky to have such a detail oriented and conscientious contributor with terrific range, both personally and professionally, by my side.

I would be proud to see her appointment to the Guam Ethics Commission.

Please do not hesitate to contact me if you have any further questions or require additional information.

Sincerely,

April 29, 2019

Hafa Adai, sir or madam! I am writing on behalf of Mrs. Marilyn Jocelyn Roberto Borja, in support of her selection as a member to the Guam Ethics Commission.

My relationship with Marilyn is quite a special one, which began nineteen years ago when we met through mutual friends and quite immediately, cultivated a friendship. It wasn't until several years later when Marilyn married my brother Tory and through their matrimony, she earned the award for "Most Favorite Sister-in-Law."

Through the nearly two decades that she's been in my life, I have seen Marilyn at her best and her worst, I've seen her experience love and ultimate heartbreak, but through every triumph and challenge, Marilyn never lost hindsight of her faith, values, and morals. Through it all, she somehow finds the pliability and courage to unselfishly provide support to her family, friends, work, as well the community.

If she doesn't realize it yet, Marilyn is someone to whom I look up to and rely on as a pillar of strength and comfort, for she has seen me in my darkest but never turned her back on me.

With Marilyn's strong personal and work ethics, I am confident that you will be exceptionally pleased to have her as a member of the Guam Ethics Commission. I thank you in advance for your time and consideration.

Respectfully,

*Nicole J. Borja*

Senator Joe San Agustin  
Chairman  
Committee on General Government Operations, Appropriations, and Housing  
35<sup>th</sup> Guam Legislature

Dear Senator San Agustin,

My name is Nathan Taimanglo and I am submitting my support for the confirmation of Marilyn Roberto Borja to the Guam Ethics Commission.

I currently am Chief People Officer of Docomo Pacific, Inc., a wholly owned subsidiary of NTT DoCoMo, the largest telecommunications provider in Japan, overseeing People Operations, Property, and Corporate Social Responsibility. I also currently serve as Vice Chairman of the Board of Directors of the Port Authority of Guam.

I have had the privilege of knowing Marilyn for several years, both personally and professionally. In terms of her corporate work, she is currently one of our company's Vice Presidents, overseeing sales for our Enterprise Business Unit. Her tenure of over 16 years with our firm has seen her rise from an account manager to now leading one of the primary channel drivers of our business success. On a personal level, I have known her as a confidante, trustworthy coworker, and, most importantly, as a close friend.

In terms of giving back to the community, Marilyn stepping up to serve the people of Guam will undoubtedly be of benefit to our island as a whole. I previously served together with Marilyn as board members of Sanctuary, Inc., where she is currently Vice Chairman. We are also both heavily involved in the Guam Chamber of Commerce.

I believe Marilyn is the right person for this position. With her experience and insight, she will be a major contributor to reviving the Guam Ethics Commission.

Please do not hesitate to contact me if I can provide further information.

Sincerely,

A handwritten signature in black ink, appearing to read 'Nathan T. Taimanglo', written over the word 'Sincerely,'.

**Chairman Joe S. San Agustin:** Thank you name.

**Kristine R. Lujan: (See Written Testimony).**

**Chairman Joe S. San Agustin:** Thank you must be Nathan, right? Okay sir.

**Nathan T. Taimanglo:** Thank You Chairman San Agustin, Senators Terlaje, my name is Nathan Taimanglo and I currently serve as the chief human resources of Docomo Pacific as well as the vice chairman of the Port Authority of Guam. I would like to remark first on that if I were to give me

support to Marilyn Borja on the basis of how fast she can read the confirmation would go quite smoothly go ahead I had no idea she could read that quickly. I would also like to point out the fact that I have never seen a member give testimony and as questions to the chairman, so hats off to Kristine for asking so many question's in this Hall. I would also like to give my support to other members of the Ethics Committee that are appointed, I know so I would also like to give my support to them as well but in terms of Marilyn, I would like to speak to a few things first her professional experience you know she is a Vice President of our firm, she's a member of our executive management team in just her responsibilities alone she's responsible for a wide group of individuals and she's also accountable for a large part of our business namely the enterprise business unit in terms of sales channel, we're also a Japanese owned firm so in terms of ethical standard and accountability it doesn't really get any higher than that and Marilyn has been a big part of our corporate accountability programs as well as ethical review panels in terms of her character if I could tell a story you know part of the business that we pride ourselves on is our corporate culture and one thing that I set out to do when I first joined the firm was to reinvigorate that and Marilyn was a big part of that you know in terms of pride in our organization it's very well known that Marilyn is the heart of Docomo Pacific and she carries that every single day in terms of what she did with our group we basically shut the business down for four months and we gave the responsibility to our high potentials and these are people that we see in our business that will one day take over and be c-level positions within our organization and Marilyn basically without anyone asking you know she facilitated and led primarily the group responsible for reinvigorating our corporate culture and it's something that we're very proud of today if I could speak to her character you know she's one of my trusted confidants and between her and her sister Kristine, you know I do count on them as two very genuine friends what started out in my career as the older sisters that give your life advice has now become you know there are shoulder for me to lean on for advice and it's worked out quite well so you know undoubtedly she has my support and I look forward to her confirmation as a member of the Guam Ethics Commission and undoubtedly she will serve the people that Guam probably thank you.

**Chairman Joe S. San Agustin:** Thank you we have Miss Jayne Flores did you want to speak or did you did sign in I know you didn't give your testimony just right over there ma'am because I know you're going to speak for Miss Margaret and also for Shannon who's not here yet hopefully should be here soon yeah are you going to speak as fast as Miss Margaret no I'm just kidding.

**Jayne Flores:** I'll try good afternoon senators San Augustin and Senator Terlaje, my name is Jayne Flores, I'm here as the government committee chair and a board member of the Guam Women's Chamber of Commerce just to testify in favor of Miss Tyquiengco as a member of the Guam Ethics Commission. The Guam women's Chamber of Commerce wholeheartedly supports the appointment of Miss Margaret Tyquiengco is a member of the Guam Ethics Commission missed I can't go spotless business and public service records over the past 35 years includes successful leadership sales and service roles for corporations as you know such as Xerox Ford Motor Company, Atkins Kroll and Triple J. In 2013 Miss Tyquiengco or Meg embraced her entrepreneurial spirit and her desire to have a positive impact in the community by helping others reach their highest potential and create and claim success in their lives thus was born her consulting business energetic presence through which she coaches consults trains and speaks with individuals groups and businesses to help members and employees reach their full potential the premise behind Meg's consultation business is to assist value based businesses that are facing leadership management sales and service issues

within their team's Meg defines success not with monetary gains but based on her own ethical values and beliefs starting with love and happiness. Meg Tyquiengco not only believes in the power of giving back she lives that mantra makes life long record of volunteerism which was learned in the early age from her mother includes over two deck aids of involvement with the Junior Achievement she's also a member of the Guam Women's Chamber and the Guam Chamber of Commerce. Her efforts truly helped to elevate the talent pool on Guam and in Micronesia makes principles of honesty hard work and service to others make her the perfect member of the community to sit on the Guam Ethics Commission, the GWCC proudly and strongly recommends her appointment to this important Commission Si Yu'os Ma'åse' for the opportunities to submit this testimony honoring Meg Tyquiengco's professionalism and most importantly her commitment to ethics.

**Chairman Joe S. San Agustin:** Thank you Miss Flores ladies and gentlemen I'd like to also recognize Senator Lee has joined us and just let everybody know that we're live and most of those Senators are, might be still in their office watching exactly what all your testimony and I want to start out first was like before I asked Senator Terlaje, Senator Lee to give any comments I just love the composition of all the nominees we got two businesswomen we got a I'm a former criminal tax investigator side know exactly what you're talking about when you talk about tax fraud and we have a doctor in the house. Doc I guess you're going be bringing your instruments of you doing there your Commission meeting, because you're going to be, we have a speed reader, we got a lady from Merizo so you'll be looking at how long it took her to get up here and then we got the tax fraud saying hey let's make sure numbers match and we move on, you know the conversation I have to admit you know looking at every one of your nominee's background gosh, Triple J, Docomo like I said the doctors in the house I'm I feel very comfortable because he's going to be looking making sure, everything is right and then the tax fraud person will be saying to the two ladies hey slow it down let's go, this at a little bit of a calmer pace and I say this positively okay and I am going to be supporting you in your confirmation and I'll pass on now to Senator Terlaje and then Senator Lee will follow up.

**Senator Jose "Pedo" Terlaje:** That first off good afternoon everybody I want to just kind of give credit to our Governor, Lieutenant Governor for making that right choice and I'm standing a choice of people and I just want to say thank you for your worth taking the challenge and thank you for your service and I want to congratulate each and every one of you ahead of time because sometimes when I get up here I kind of just come out and say hey you're going to be confirmed all fifteen of them are going to vote for you so, same goes all 15 of you will be voted by the 15 senators are 1 2 3 4 5 6 you be confirmed for sure and just like what the chairman says I think is really making his choice of approving your nomination and confirming you ahead of time just like me thank you very much, Dångkolo Na Si Yu'os Ma'åse'.

**Chairman Joe S. San Agustin:** Senator Lee she's got all the notes so she's been watching upstairs so I know she.

**Senator Régine Biscoe Lee:** Yes Mr. Chair I was watching earlier and I want to thank you all I want to first thank our Maga Haga, I think that she has also done some good due diligence and selecting each and every one of you I had the privilege of knowing many of you in our community so I want to thank you for accepting the nomination and also thank your families for the service that you will be providing to our community if confirmed in this capacity I also want to thank our stakeholders for the community for testifying on their behalf it's really important for us to if we don't

know you to be able to get to know you that I have the benefit of knowing many of you in personal and professional roles I think I do want to give each of you nominees or an opportunity to present something to the committee and just think about it for a minute but if you could give an example of an ethical dilemma that you faced whether it's in your life or in your personal life and just tell us a little bit about how you were able to make a decision and resolve this particular issue or challenge and if you could just give us an example of that because I want to have a better idea of your thought process in terms of ethical dilemmas and how you're able to come to the decisions that you are and so if I could ask my good friend Miss Marilyn Borja to start us off because I know she's already ready already Marilyn

**Marilyn R. Borja:** It was good that I actually have the HR head here because the first thing that, I'm a person that you know immediately things come to mind and I thought I would be asked this question so as a CHamoru woman right and also on mother sometimes we, you know we give the benefit of the doubt sometimes and we try to you know find reasons you know to justify certain things but when you work for a firm with high ethical standards some things aren't just accepted so without going into too much obviously protecting confidentiality of a specific situation but although it broke my heart, I've had to sever employment with you know certain employee or employees for breaking code not necessarily a code but our rules that we have set forth and our policies and procedures and sometimes I think it hurts so much when they're very high producers so you know having to just be grounded in in the policies and procedures that we set forth and not compromising them also goes leaps and bounds for the message that you're showing other employees so that's the answer that comes to my mind right now I hope that answers your question.

**Senator Régine Biscoe Lee:** Excellent thank you very much Meg?

**Margaret E.R. Tyquiengco:** Thanks Senator Lee, I the only thing I'm going to use this example similar to Marilyn's whereas the General Manager of Xerox, I had hiring, firing power and there were more than one employee that I had to release from employment due to ethics we same thing we have very high standards at Xerox and basically somebody was abusing their expense reports and you know I had to release them the nice thing is that when you live work for large corporations especially the ethics are very cut and dry it's very easy to follow and I think that's one of the things about this board is having cut and dry policies that you can follow so there's not a lot of gray matter to wobble in between so normally I just follow that and I'm going to say if it's something that is not in a cut and dry manner like in a corporation I really have to say I normally take a pause really kind of get an idea of what might have happened what were their mindset why did they do this and you know normally even though it might be termination or payback or something like that I still want to listen and understand why it might have happened because that way then we can also change the rules and make sure that they're in writing so it doesn't happen again and everybody understands at the same time going forward you know lesson learned.

**Senator Régine Biscoe Lee:** Thank you so much Megan and I guess to your point you mentioned a lot of cut-and-dry policies and I think there are very clear-cut guidelines in the Guam law but you know should you all be confirmed we look forward to hearing feedback from you if you do encounter that gray area if there's a an area in the law that we need to tighten up please we need to have that feedback so that we can situations don't happen again.

**Margaret E.R. Tyquiengco:** And you know I'm not afraid of sharing my opinion.

**Senator Régine Biscoe Lee:** Yes, I do I do know that Hafa adai, Doc, good to see you.

**Robert S. Jack:** You too, Senator, I would echo what was what's been said and they're not too many I haven't faced too many ethical dilemmas because things are usually you know fairly clear-cut the dilemma is really in having to render that decision knowing that somebody's going to be suffering so I think compassion has to have a place when we're making decisions and it doesn't mean we make the wrong decision or do the wrong thing but in making the right decision if we can somehow offer solutions or steps to help the individual who was at the receiving end of a negative decision one example I'll share is a patient came in with a forum for DMV yet he didn't pass his driving test because his vision was just a little less than was required for him to get a license and I had I can sign a paper but I'm not going to go against the law or jeopardize lives by having somebody get a license in qualify but evening in telling him that we were able to come up with a solution for him because he's the sole breadwinner he's an elderly gentleman he's the one who takes his wife to doctors' appointments there is a need for this guy to drive so the solution was hey go to Motor Vehicle and have them do a road test because yeah there's a cut-off of 20/40 vision but 20/50 20/40 on the road you know I have to follow the guidelines but if he's a 20/50 I am sure that if he got a road test he'd be able to get his license as long as somebody can verify that this guy's safe on the road so I think at the end of the day you know most things are fairly clear-cut it's the it's the suffering that comes as a result of you having to make that decision that I think is hardest to deal with that's the dilemma.

**Senator Régine Biscoe Lee:** Thank you so much, Miss Camacho?

**Donnalynn C. Camacho:** So, with my work I'll sometimes, we get reports on employees that are doing something wrong or they're suspected of doing something wrong and so I know these people I work with them for years and it's a matter of separating how I feel for them personally versus what they did or didn't do and based on that I have to make the decision to file or to report them to federal law enforcement and yes I feel the compassion and how it affects them because sometimes they are release but at the end of the day everybody is responsible for their actions and they should stand by that.

**Senator Régine Biscoe Lee:** Thank you very much again thank you all so much in advance for your service I look forward to supporting all of these nominations based on your packets and your response today so again I just want to thank you for your time today and the time that you will spend in the future serving the people of Guam of this capacity.

**Senator Jose "Pedo" T. Terlaje:** I just want to add something too because that reminds me of our doctor, you're mentioning compassion and you know when I was in the police department right you know I have to get people violators on the road and sometimes you had that compassion and then I stopped you know a person driving like 50 60 miles an hour or 35 mile an hour zone and this person will come up to me and say hey you know I'm going on an emergency I said what kind of an emergency and I'm late for work so I said wow you know so sometimes you know like when I was going to college right you know I learned that and that sometimes most of the time reinforcement you know you don't reinforce by punishing people you know reinforcement you know to correct a mistake from a person sometimes you have to be compassionate and you just don't get down on the book and say hey you're fired you know you got to know the content you got to learn what the

consequences are going to be like if the person have a family you know you got to be compassionate but sometimes it depends on the type of violation the type of crime that type of mistake that this one person did and it's working environment thank you thank you doctor.

**Chairman Joe S. San Agustin:** And nominees, I'm just going to read a subsection of the code prohibition from political activities I don't know if any of you read it yet members of the Ethics Commission is stabbed so I'll not take an active part and political management or any political campaigns during the term of office or employment I honestly look forward to the nominees because what I've heard today and what I've seen your packet it says a lot and it's going to be fun to watch the Commission when anybody wants to turn to you and play political games I just read it, you wash your hand you say I'm sorry wrong is wrong right it's right. You'll all be compassionate but they all have to face reality and I believe the four of you will be able to fulfill that tax fraud doctor to businesswoman from a list so look quick, stay cool you have a nice Drive all the way up for 25 years but I do look forward to all four of you actually being confirmed I will be submitting that recommendation and that would end this hearing for the four of you and we will take a break because we have one more nominee that requested that she'll show up she's running late she had to take care of something but for the rest of the folks that are here this will end the public hearing for the four of you and it is now 2:40 and the public hearing for, let me read the names miss Donna Lynn Camacho, Mr. Robert Jack, Margaret E.R. Tyquiengco and Marilyn Borja, the public hearing for your nominations have concluded at this time and I do look forward for your confirmation thank you for the people of Guam we will take a pause for about 15 minutes pending the arrival of Miss Shannon Borja or Murphy, Shannon Murphy and then we will continue thank you.
