April 18, 2019

Hafa Adai and Good Morning Madame Chair of the Committee on Health, Tourism, Historic Preservation, Land and Justice Senator Therese Terlaje and all Senators of the 35<sup>th</sup> Guam Legislature present here today. My name is Theresa Obispo and I sit before you to present my testimony supporting my nomination as a Member of the Guam Memorial Hospital Authority, Board of Trustees. I am the daughter of Henry Sahagon and Julie Ada Cruz. I am the second oldest of 7 children, 5 girls and 2 boys. I live in the beautiful village of Barrigada and I have resided there all my 48 years of life. I am married to Rommel Obispo and we have a daughter named Meagan who is currently attending Hawaii Pacific University and will be returning this summer to finish her last 2 years at the University of Guam.

In my packet I provided a copy of my professional background and community involvement. Majority of my working background has been spent at the Bank of Guam. I started as a telephone operator and with my commitment, loyalty and determination to do good work, for almost 30 years I have been given the opportunity to contribute and add value in the areas of operations, loans, and administration and the last 13 years working in Human Resources and currently serving as the Senior Vice President of HR. I graduated with an undergraduate degree in Business Finance and received my Masters in Business Administration from the University of Phoenix. I attended the Pacific Coast Banking School and in 2017 I received a graduate level certificate in the Business of Banking and a Leadership Certificate from the Foster School of Business at

the University of Washington. I currently hold a Senior Professional in Human Resources Certification from both the Human Resources Certification Institute and the Society for Human Resources Management. These certifications distinguish me as an expert in the field of Human Resources.

One area of my outreach to the community is spent supporting the American Cancer Society as a member on the Guam Advisory Board and a member on the Hawaii-Pacific Board. I believe in their purpose and their mission of saving lives, celebrating lives, and leading the fight for a world without cancer. My family has benefited from the work that they do and the support that they provide and I will be forever grateful. The other area of outreach is spent coaching and mentoring teenagers and young adults during my personal time. Although I did not think this was the case at the time and maybe some of you can relate, I can say that as a teenager and a young adult, I was once lost. I have learned a great deal through many years of trial and error and I believe I would have greatly benefited from a coach or mentor who could have guided me through the many challenges and obstacles I encountered through life. It is through this realization that I decided to help the next generation by sharing my experiences in hopes to guide them to their higher purpose.

Lastly I would to share with you that I worked for the Guam Memorial Hospital back in the mid 1980's as a summer intern in the Personnel division section. My parents both retired from Guam Memorial Hospital and so I practically grew up experiencing the family spirit that existed amongst the employees back then. I also have numerous family members who have spent their career doing the best work they can to maintain

and elevate the level of care at our only public hospital. This has become personal for I believe the torch is being passed to me and I will be honored to represent the people of Guam in this capacity and I will do my very best to protect the interest of our people if I am given the opportunity to serve on the Guam Memorial Hospital Authority, Board of Trustees. I bring my expertise in banking and human resources to the board and more importantly my love for people and my passion for making a difference through service to others.

Si Yuus Maase

Theresa Obispo

Senator Therese M. Terlaje

Chairperson, Committee on Health, Tourism, Historic Preservation, Land and Justice

**Subject:** Confirmation Hearing for Theresa C. Obispo, Board of Trustees, Guam Memorial Hospital Authority.

Buenas yan Háfa ádai Senator Terlaje, as well as the other honorable members of the Committee on Health, Tourism, Historic Preservation, Land and Justice. Si yu'os ma'áse for the opportunity to provide testimony in support of Theresa C. Obispo, who has been appointed to serve on the Board of Trustees for the Guam Memorial Hospital Authority.

I have known Theresa personally and professionally for more than 20 years. She began working at Bank of Guam in 1989, and she was my Dad's secretary for about two years in the mid 90's. From her humble beginnings she proved her value through many different areas of bank, from customer service, branch operations, consumer lending, to human resources. Coming from a very large family with modest means, she worked her way through to earn her Bachelor's Degree as well as her Human Resource certifications. I also had the pleasure of attending and graduating with Theresa at the Pacific Coast Banking School in Seattle, Washington.

For the last three years I have worked very closely with Theresa as part of Bank of Guam's Senior Leadership Team. She is key player in our strategic initiatives, which include transformation of our customer's experience. The most important ingredient for customer experience, of course, are our employees. As the leader of our Human Resources group, Therese has ensured that the entire employee lifecycle is consistent with the customer experience that we seek to deliver, from recruitment, to training, to development, to performance evaluation, to retirement.

It's fair to say that under Theresa's leadership the Bank's Human Resources function has advanced tremendously. The demands on HR professionals have increased with growing regulations, the pace of technology, and changing employee demographics and expectations. Theresa has stayed on top of these demands, positioning the Bank for future progress and never forgetting her role: to be a voice and an advocate for employees, ensuring their welfare and success.

If Theresa is confirmed to the Board of Trustees, the Hospital will be gaining a very valuable resource. Her wisdom, experience, and integrity will surely guide our island's only public hospital to a more stable position. She is a woman who leads from the heart, but also recognizes when swift action is required and follows through with urgency. I am pleased to offer my unwavering endorsement of Theresa to the Hospital's Board of Trustees. I am confident she will do great things.

Respectfully,

Maria Eugenia H. Leon Guerrero

Manglona, Lillian Posadas, and Darlene Borja. So, Ms. Quichocho you may begin with your testimony and we've already read all the GMH requirements for the board or their duties and had that type of introduction, so I think we'll just proceed with the testimony, Ms. Quichocho.

**Janice Quichocho:**

Thank you, madam chair, actually I'm here to read Maria Eugenia Herrera Leon Guerrero's testimony. She would have loved to be present to provide her oral testimony, but she submitted and writing, and I'd offered to read it for her.

**Chairperson Therese Terlaje:**

All right thank you.

**Janice Quichocho:**

*Please see attached testimony by Maria Eugenia H. Leon Guerrero read by Janice Quichocho.*

**Chairperson Therese Terlaje:**

Thank you, Ms. Quichocho, for reading Maria Leon Guerrero's testimony. Please thank her for us for that testimony. We're very grateful to hear from someone who has had that type of experience working alongside you. And now Ms. Obispo we'll hear from you.

**Theresa C. Obispo:**

*Please see attached testimony for Theresa C Obispo.*

**Chairperson Therese Terlaje:**

*Si Yu'os ma'åse'* Ms. Obispo. I want to thank you for your willingness to accept this nomination and I think it's a great addition to the board that you have this background in HR and your background in in the community. I want to thank you also for your service as the member of the Pacific American Cancer Society and in Hawaii and the chairperson of the American Cancer Society and a member of the Guam American Cancer Society advisory board. All of those and all of your work in the community, I saw the other organizations that you've also committed to and so I want to thank you for all of that. I have a couple questions. First of all, I know that you're currently a member of the Bank of Guam. Do you think that being a member of the Bank of Guam and I'm raising this because this has been raised in the media with other nominations from the Bank of Guam sitting on boards just because of the relation to the current governor, do you think that that poses any conflict for you? Would you be able to act independently on this board?

**Theresa C. Obispo:**

Yes, I will be able to and if there are any situations or issues that arise related to Bank of Guam, I will recuse myself.

**Chairperson Therese Terlaje:**

Do you have any continuing business interests outside your employment? I don't see any on your packet. But do you have any that might pose a conflict of interests for you to serve as a member at the board?

**Theresa C. Obispo:**

No ma'am not at this time.

**Chairperson Therese Terlaje:**

Do you think you will be able to attend regular board meetings and participate in the committee meetings of the that the board members have been asked to participate in?

**Theresa C. Obispo:**

Yes, I will.

**Chairperson Therese Terlaje:**

And as to administrative and financial matters, do you think you'll be comfortable to really give oversight, to ask the questions that are not being asked, and to demand answers before they move on them?

**Theresa C. Obispo:**

Yes. Well, I'm known for calling out the elephant in the room and challenging the status quo so yes, I'll be able to.

**Chairperson Therese Terlaje:**

I'm glad to hear that. And so, as I asked the other nominee about transparency, I just wanted to press with you that yes the public is very much looking at GMH. We want to see progress at GMH. We want to see consistency and so we're very happy so far with the transparency. But I think the board plays a very key role in this because it's the board that has actual written minutes and the board that creates the record of what was discussed what the priorities are right that's where we're going to determine what the priorities of GMH were and so I guess I'm just asking if you're willing to insist on this type of transparency and that all things we put on the record.

**Theresa C. Obispo:**

Absolutely.

**Chairperson Therese Terlaje:**

Thank you and so then as to being continuously ready for CMS, GMH's promise to do that, are you as a board member willing to contribute to that?

**Theresa C. Obispo:**

Yes.

**Chairperson Therese Terlaje:**

And ensure that they keep that promise. It's really what we're looking for right.

**Theresa C. Obispo:**

I will.

**Chairperson Therese Terlaje:**

And finally, I want to ask your thoughts on the billing and collection practices in general at GMH because this has been one of the findings on the recent audit. Do you have any thoughts on that?

**Theresa C. Obispo:**

Yes, and thank you for sharing that earlier, as I sat back here listening to you share that in the earlier nomination. I have background in those specific areas and I'm ready to share that with the board.

**Chairperson Therese Terlaje:**

Great. I have no further questions, but I want to thank you again and I'd like to ask the other senators, Senator Perez, if you have any questions.

**Senator Sabina Perez:**

Hi good morning. Thank you for being here and accepting the nomination. Those are really great questions that the chair has asked. I just want to add, what do you see your role as being part of the board. How would you like to contribute what do you see your role in being part of the board of GMH?

**Theresa C. Obispo:**

There are several things that I consider to be my strengths. My strategy going in is taking a look at the strategic action plans and bringing my expertise in both banking and human resources. There are a great number of employees at the hospital and my

background in human resources. I'd like to be able to share some of the things that help to engage employees and have them understand you know the importance of their work and really tying it to what's meaningful for them because when employees are tied to the work that they do and they understand the impact and it's meaningful to them. You get more engaged and productive employees, so I think that's one of the things that has helped me to help Bank of Guam become one of the employers of choice and I'd like to take that and bring that to the hospital.

**Senator Sabina Perez:**

Thank you. Have you had that have you had the opportunity to look at the HR practices currently at the hospital?

**Theresa C. Obispo:**

Not at the hospital but more particularly for the government of Guam, not in its entirety I have an idea and I see that there are many differences with the government of Guam and the private sector so those are the things that I initially will look at and identify the differences.

**Senator Sabina Perez:**

What sort of improvements do you envision happening at our hospital?

**Theresa C. Obispo:**

I envision the Guam Memorial Hospital being the first choice, top of line when our people need to get health care.

**Senator Sabina Perez:**

That's wonderful. Thank you. Thank you for that vision. Yes, that's all the questions I have.

**Theresa C. Obispo:**

Thank you.

from afar, of course on to get her MBA. It's not listed in the first few pages of the packet but if you look in her resume and she alluded to that, she has a humble beginning in you know office support services and now you have a high caliber top-flight senior vice president of a premier banking institution in front of us. She's well rounded. She's grounded but she's very capable of conducting the highest level of analyses. She comes from a tremendous family. Both parents are retired from the hospital. She's a consummate professional I trust. Theresa, you have my support.

**Theresa C. Obispo:**

Thank you, senator.

**Chairperson Therese Terlaje:**

Thank You Senator Castro. Senator Marsh Taitano.

**Senator Kelly Marsh Taitano:**

*Hafa adai and Si Yu'os ma'åse'*. Thank you everybody for being here this morning. Building on what other people have mentioned and, on the testimonies, provided, it's so important, the skills that you bring to the board and in just going through them as an HR administrator. And with the specialist certifications that you have, it's really important in the professional development of the hospital staff and that customer service. Having experiences of aging parents and trying to help them weave through the landscape of keeping track of all of their paperwork and interacting with clinics and hospitals, it can be quite overwhelming and complex from the customer perspective and so what you bring to perhaps being able to streamline some of that or help make it an experience where there's more of a bridge I think those are really important and really important for the hospital being able to keep its certification. That is a process of course that we're still undergoing and will always be part of what the hospital needs and so I think that you can bring a lot to the table in that way. And then just highlighting what Maria Leon Guerrero was mentioning wisdom, experience and integrity. Those are always welcome traits to distribute on any board and the fact that you are already well-versed in parts of the medical landscape and then I'm imagining also the patient and family landscapes for those that are dealing with issues like cancer. I think again those are really important traits that you bring to the table and that you've already been doing for a long time. So, that I think going into this board, you already have that experience, that understanding, and it already is getting you towards being able to understand similar other aspects in the medical field. So, I just appreciate all of those qualities and I think that you'll be a great asset. So, I joined that sentiment along with Maria Leon Guerrero. *Si Yu'os ma'åse'* for accepting the nomination.

**Senator Régine Biscoe Lee:**

*Si Yu'os ma'åse'* madam chair and thank you very much first of all to the stakeholders who are here today. Thank you for providing testimony on behalf of Ms. Obispo and ma'am thank you so much for accepting the governor's nomination. This is going to take a lot of time and dedication as I'm sure you're aware and so I just want to thank you for stepping up to the plate and agreeing to help our only public hospital. I wanted to ask, have you had an opportunity to attend any of the board meetings as of yet?

**Theresa C. Obispo:**

No.

**Senator Régine Biscoe Lee:**

Okay. I also have been looking through your packet and just reviewing and I'm really glad that you're bringing all your HR expertise to the table. As you know some of the suggestions and criticisms from both JACO and CMS have been that we've had issues with our hospital in terms of board governance and in terms of leadership and communicating both internally and externally and so I'm really hoping that you bring that expertise at the table and ensure that we have that those good checks and balances of the people who are leading our Hospital. We're really counting on you to do that and also in terms of I know in your resume and in your packet, there's a lot of instances where you were in charge of reporting and so I'm really wanting to ask you to continue to bring that experience to the board, ensure that they have efficient and timely reporting of all the things that they need to keep track of. And I know you might have mentioned this, but I also wanted to just emphasize the training piece. We're only as good as what we know and how often we're able to have those continuing education units and to just keep up up-to-date with all of these new things that might be coming down the pike. So again, I really want to thank you so much for taking the time and for bringing your expertise to the hospital. We'll be looking forward to you being our eyes and ears and really helping us to ride the ship at our public hospital. Thank you very much.

**Theresa C. Obispo:**

Thank you, senator.

Thank you again Ms. Obispo for accepting the nomination and thank you all for being here this morning in support of her. I appreciate that and I very much appreciate your education and that how you have progressed through your career. It seems like you were very willing to take on challenges. I can't believe you went through the banking school for HR. That's fantastic and you have your MBA so really I hope you're able to hit the ground running at the board. I know that they could use that and really assert yourself, demand to see everything. Don't let them tell you that this is the way we've always done things because that's exactly what we do not want especially in terms of the hospital. We want you to examine everything anew bring in your fresh perspective and do what you can't do in your own way to improve that and that we can always use improvement, right? So again, *Si Yu'os ma'åse'* to you and to your family for allowing you to accept this nomination and supporting you throughout this endeavor *Si Yu'os ma'åse'*. I wish you the best.

**Theresa C. Obispo:**

Thank you.

The public hearing was adjourned at 11:00 AM.
