Dear Mr. Speaker:

Attached is Bill No. 262-34 (COR) entitled "*An Act . . . Relative to Repealing the Imposition of a General Sales Tax in Guam,*" which I have **VETOED**.

The obvious inexperience of freshmen senators like Regina Lee and Fernando Esteves, combined with the personal motives of senators running for higher office to include Senators Mike San Nicolas (congressional candidate), Frank Aguon (gubernatorial candidate), and Dennis Rodriguez (gubernatorial candidate) have robbed the Guam Memorial Hospital Authority and the Department of Education (DOE) of \$40 million a year, and manufactured a fiscal crisis for Fiscal Year 2019.

Financial and public health experts agree, and the senators admit, that GMH has always been shortchanged. A portion of the revenues earned from the sales tax were intended to finally fix decades of underfunding. The remaining revenue was earmarked for the public schools and the education of Guam's children.

And yet with shocking disregard, the senators have callously turned their backs on the hospital, the schools and their government in order to further their own interests.

Bill 262-34 provides no solutions and serves no purpose other than to:

(1) Strip GMH of \$30 million every year, at a time when the hospital needs life-saving facility investments and funding to address accreditation and CMS findings.

(2) Strip DOE of \$10 million every year, thereby crippling any facility repairs and classroom improvements; and

(3) Manufacture a fiscal crisis by repealing a revenue source without providing; and leaving the island with a revenue shortfall of up to \$160 million in Fiscal Year 2019.

In short, we have a hospital that for 40 years hasn't received the funding it needs to meet its mandate, we have nearly \$100 million in deferred maintenance at public schools, and a revenue shortfall of up to \$160 million. A repeal of the sales tax without a solution is a catastrophe that will cause the loss of *up to* 1,500 government jobs, which in turn will trickle down to adversely affect the private sector.

Mr. Speaker, you have repeatedly warned your colleagues that the shortfall in revenues caused by the federal tax cuts is real and that a repeal of the sales tax without an equally real solution is nothing but a fallacy. *"There are some real tough times ahead ... I assure you that the revenue loss is at least \$120 million and close to \$160 million if not more,"* you told your fellow Senators. *"The loss to the General Fund is real."* You also said that while painful, there has to be a solution proffered and not just a simple removal to the sales tax provision currently allowed by law: *"How are we supposed to raise the revenue?"*

I am proud to veto Bill 262-34. It is the most self-serving and irresponsible bill that has ever been passed by any Legislature. The senators who voted for it have shown their true colors. Abandoning the hospital and schools, and causing the shutdown of government services and a loss of personnel, are disasters that will very quickly bleed into and bring down the economy and the private sector.

Senseramente,

EDDIE BAZA CALVO
