2009 (FIRST) Regular Session

Resolution No. 444-30(LS) – by R. J. Respicio, J. T. Won Pat Ed.D., J. P. Guthertz, DPA

Relative to presenting to President Barack Obama and to the Congress of the United States, the sentiments expressed by the people of Guam relative to the Final Environmental Impact Statement (FEIS) for the military buildup in Guam, including enumerating the findings of *Liheslaturan Guåhan* concerning poorly addressed and unresolved issues which proffer solutions that are not in the best interests of the United States, including Guam; providing a list of essential elements that the people of Guam believe must be favorably resolved in order to continue the buildup process; restating Guam's agenda of priority concerns relative to federal-territorial issues that must be concurrently addressed with the buildup; and asserting additional findings on actionable items relative to the flawed FEIS.
