AN ACT TO *ADD* NEW SUBSECTIONS (5), (6), (7) AND (8) TO §13109(a), CHAPTER 13 OF TITLE 2, GUAM CODE ANNOTATED, RELATIVE TO SECTION 30 FUNDS AND OTHER FEDERAL MATTERS.

1 BE IT ENACTED BY THE PEOPLE OF GUAM:

- 2 Section 1. Legislative Findings and Intent. I Liheslaturan Guåhan finds
- 3 that with various parts of the military buildup in progress, the need to accurately
- 4 forecast the amount of the Section 30 funds which is due to Guam is essential for
- 5 development of sound fiscal policy strategies.

In May 2009, members of the Executive Branch and the Guam Economic Development Authority made a presentation to Standard and Poors, which estimated that by 2017 Section 30 funds will increase to \$133.5 Million Dollars a year. This is a \$90 Million Dollars or three hundred nine percent (309%) increase over Fiscal Year 2010.

As outlined in the Organic Act of Guam, *I Maga'lahen Guåhan*, with the concurrence of the government comptroller, estimates forthcoming duties, taxes and fees, also referred to as Section 30 funds, which are remitted to Guam prior to the start of said fiscal year.

In Fiscal Years 2003 and 2004 the requests submitted for remittance to the government of Guam by the Chief Executive were overestimated by Sixteen Million Five Hundred Twenty Thousand Fifty-two Dollars (\$16,520,052), which resulted in an overpayment that was required to be repaid to the federal government. The federal government recouped this overpayment by reducing the Section 30 remittance in the amount of Five Million Five Hundred Six Thousand Six Hundred Eighty-four Dollars (\$5,506,684) in Fiscal Years 2007, 2008 and 2009.

In Fiscal Years 2005 and 2007, the Chief Executive again submitted remittance requests which were overestimated by Twenty-three Million Two Hundred Thirty-three Thousand One Hundred Eighty-one Dollars (\$23,233,181). To recoup this overpayment of Section 30 funds, the amount of Five Million Eight Hundred Eight Thousand Two Hundred Ninety-five Dollars (\$5,808,295) in Fiscal Years 2010, 2011, 2012 and 2013 have and will be reduced in each of these years.

I Liheslaturan Guåhan finds that the practice of overestimating Section 30 advance requests impacts the amount of funds available for appropriation in future fiscal years. An example of the negative impact of this practice was the island experiencing budget shortfalls, which led to the government-wide increases of

1 certain fees and the implementation of new fees for services previously provided at

2 no charge to residents. Recent pledges of Section 30 funds for debt service leave

little room for error without impacting government of Guam operations and bond

4 ratings.

I Liheslaturan Guåhan further finds the need for fiscal responsibility among government officials extends to the federal sources of revenues, which our island is entitled to receive. We must not only project the amount of Section 30 funds due but must track the movement of personnel to recapture any additional funds or reimburse any funds as a result of said personnel movements.

It is, therefore, the intent of *I Liheslaturan Guåhan* to task the Office of Finance and Budget, the Special Accounting Service, and the Special Economic Service with the responsibility of compiling and providing to *I Liheslaturan Guåhan* and *I Maga'lahen Guåhan* as accurate a forecast as possible of the amount of Section 30 funds to be expected.

Recent government-wide audit findings highlighted issues related to incorrect classification of reimbursements as revenue as well as garnishment of federal grant monies due to the non-payment of monies due to federal departments for services rendered.

I Liheslaturan Guåhan finds that the dollar amount of these highlighted transactions materially affect current and future funding of the government of Guam, and therefore should be automatically transmitted as communication for purposes of examination and planning by *I Liheslaturan Guåhan*.

Section 2. New Subsections (5), (6), (7) and (8) are hereby *added* to §13109(a), Chapter 13 of Title 2, Guam Code Annotated, to read:

"(5) (A) *No later than* fifteen (15) days after the end of the third quarter of each fiscal year, *I Maga'lahen Guåhan* (the Governor of Guam) shall make available in a report to the Speaker of *I Liheslaturan Guåhan* and

the Office of Finance and Budget all correspondence between the United States Department of the Treasury, the Department of Interior, the Office of Insular Affairs, or its successor, and any other entities of the United States Government related to prior and future fiscal year estimates and reconciliations of duties, fees and taxes (also referred to as Section 30 funds) remitted prior to the commencement of the forthcoming fiscal year.
