I MINA'TRENTAI UNU NA LIHESLATURAN GUÅHAN
2011 (FIRST) REGULAR SESSION

Bill No. 37-31 (COR)

Introduced by:

Judith P. Guthertz, DPA

2011 JAN 19 PM 12:08

AN ACT TO REPEAL AND REENACT SECTION 12 OF CHAPTER III, PART II, DEPARTMENT OF PUBLIC HEALTH AND SOCIAL SERVICES, OF PUBLIC LAW 30-196 RELATIVE TO FUNDING FOR THE GOVERNMENT OF GUAM ANIMAL SHELTER, CURRENTLY OPERATED BY THE GUAM ANIMALS IN NEED (GAIN), INC.

1 BE IT ENACTED BY THE PEOPLE OF GUAM:

2 Section 1. Legislative findings and intent: It is the intent of *I Liheslaturan Guåhan* to
3 ensure that the operations of the government of Guam animal shelter in *Yigo* continue
4 without interruption.

5 Ensuring for the proper care and handling of stray and domestic animals in Guam is
6 a public health issue. Thus, the budget act of the government of Guam for Fiscal Year
7 2011 directed that the sum of One Hundred Thousand Dollars (\$100,000) was appropriated
8 from the General Fund to the Department of Public Health and Social Services (DPHSS) for
9 the purposes of funding the operations of the government owned animal shelter in *Yigo*,
10 currently operated by the Guam Animals in Need (GAIN), Inc. However a Memorandum
11 of Understanding (MOU) currently exists between the Department of Agriculture and
12 GAIN for the exact same purposes.

13 *I Liheslaturan Guåhan* finds that it is in the best interest that the existing MOU
14 continue. As well, it is the intent of *I Liheslaturan Guåhan* to ensure that the operator of the
15 animal shelter is able to operate in the most expeditious manner with timely funding. The
16 current operator has met some challenges in receiving appropriate funding as allocated in

1 preceding budget acts of the government of Guam. It is the intent of *I Liheslaturan Guåhan*
2 to ensure that timely funding is provided for the operations of the - government owned,
3 not-for-profit run - animal shelter in Yigo, Guam.

4 **Section 2.** Section 12 of Chapter III, Part II of Public Law 30-196 relative to the
5 Department of Public Health and Social Services is hereby repealed and reenacted to read:

6 **“Section 12.** The sum of One Hundred Thousand Dollars (**\$100,000**) is appropriated
7 from the General Fund to the ~~Department of Public Health and Social Services~~ Department
8 of Agriculture and *shall* be used to fund the operations of the ~~Guam Animals in Need~~
9 ~~(GAIN)~~ government of Guam animal shelter, currently operated by the Guam Animals in
10 Need (GAIN), Inc. (GAIN), in Yigo, Guam for Fiscal Year 2011. Notwithstanding the
11 general provisions of §30107.1, Title 11, Guam Code Annotated, and this Act, this
12 appropriation shall continue to be available until expended and shall be paid all at once, or
13 in equal installments, to the shelter operator prior to the start of each quarter of the 2011
14 Fiscal Year. Any arrears due shall be paid to the current shelter operator no later than ten
15 (10) days after enactment of this provision into law.

16 **Section 2.** Effective Date: This provision shall take effect upon enactment into law.

31st Guam Legislature

Re: Bill 37-31, An Act to Repeal and Reenact Section 12 of Chapter III, Part II, Department of Public Health and Social Services, of Public Law 30-196 relative to funding for the government of Guam Animal Shelter, currently operated by Guam Animals In Need, Inc. (GAIN)

Dear Senator Respicio,

Guam Animals In Need supports this bill as we feel it is the most effective way to process the appropriation for the operation of the Yigo Animal Shelter by GAIN (Guam Animals In Need). Given that GAIN is a small non-profit and our funding is limited the processing of our appropriation in a timely manner is critical. We are open seven days a week every day of the year including holidays. We are appreciative of our appropriation as it helps us care for the homeless animals in our community. To clarify though the appropriation does not cover the full cost of operating the shelter for that GAIN operates in continual fund raising mode. That fund raising covers the remainder of the payroll costs, cleaning products, medicine, food, and infrastructure repairs etc. Given that the timely receipt of this appropriation is critical we ask that the 31st Legislature make Bill 37-31 go into effect immediately after passage of the bill. If the release of the appropriation is delayed our savings will be non-existent .

Our mission is: education, sterilization and the care for the homeless cats and dogs in our community, the lobbying for humane laws pertaining to animal welfare. The World Society for Protection of Animals states that to have an impact on our stray population GAIN's current sterilization program must continue as well an aggressive education program must coincide with it. If we can continue the current sterilization program we should see a difference in our stray population in a two to three year period and a change in the population at the shelter (fewer orphans and fewer pregnant females). To that end I would like to take a moment to

update you on these programs and perhaps by doing so illustrate why our appropriation is so important. These programs are funded in total by our fund raising efforts, no government funds are used. Although these programs are funded by our fund raising efforts when we do not get our appropriation in a timely basis we have to use these funds to run the shelter and the programs listed below are put on hold or down sized because of non government payment for the shelter.

Education:

- Village Wellness Program - In March 2011 we will be kicking off a Village Wellness Program. Every month we will go to a village(s) and educate on responsible pet ownership. Give out free de-wormer, rabies and offer a pet license for \$5. We will teach how to check your dog's ears, gums and also have some volunteers to teach obedience and council regarding behavioral issues. We are following a model of a New Zealand program that has been extremely successful. This program decreased the number of unsterilized pets and increased the overall wellness of the population of pets in the communities that participated. We are hoping to see the same results in our villages.
- Youth Outreach Programs - We have several youth outreach programs that will be launched in 2011 among them 'Dog Idol' This program teaching responsible pet ownership and the canine/human bond. Launches in March of 2011.
- Paws for Reading - Reading program for island youth. Increases reading skills and also teaches the unconditional love and understanding of a pet. Launches in the April/ May time period 2011
- Ebony (The Greyhound) Goes To School - Ongoing school presentations and shelter tours to children kindergarten - high school. Presentation educates on responsible pet ownership and the stray population of Guam and how our youth can help.

**** There are other community outreach programs in the planning stages that are also scheduled to launch in 2011

Sterilization Program

- From February 22, 2010 - December 31st 2010 (10 month period) our new sterilization program sterilized 1, 092 dogs and cats. Our previous program that ran for 9 consecutive days sterilized 380 the last year we ran it. Here is a quick scenario of the impact of sterilizing this many dogs and cats. Let's just take 400 animals out of the 1,092 that were sterilized, let's just say that 250 are female. Each stray female dog on the street or otherwise could potentially have 2 litters per year with an average of 8 pups or kittens per litter. That ALONE could be 4,000 animals that have just been saved from the life of being "unwanted"! This doesn't include the litters that the other 150 male animals can produce..... Now consider the 1,092 that were sterilized and imagine the impact to our stray population.

We fund raise to keep these programs going but when we as a small nonprofit have to extend a loan to the Government of Guam while we wait for our appropriation for two

quarters (or more) successful community outreach programs like the ones above are faced with being put on hold or canceled due to lack of funding. What is the result of them being put on hold? The stray population continues to increase and we continue to see a lack of responsible pet ownership in our community. We know definitively that three things will change/impact our stray issue and the current trend: education, sterilization and enforcement. The GAIN programs above address education and sterilization GAIN does not have enforcement capability that lies with the Government of Guam.

As you can see we have both a progressive sterilization and education program. What we ask of the Government of Guam is that our appropriation be released in a timely manner so that these successful programs can continue to make a difference in our community.

Best Regards,

Cindy Bartels

The Honorable Judith Guthertz
31st Guam Legislature

Re: Bill 37-31, An Act to Repeal and Reenact Section 12 of Chapter III, Part II, Department of Public Health and Social Services, of Public Law 30-196 relative to funding for the government of Guam Animal Shelter, currently operated by Guam Animals In Need, Inc. (GAIN)

Dear Senator Guthertz,

I am writing in support of this bill, because I believe that it is most expeditious to have the funding for the animal shelter under the Gov/Guam agency which is responsible for animal control and impoundment, the Department of Agriculture. As well, Agriculture is familiar with the contract between GAIN and Gov/Guam to operate the shelter, and has been receiving the quarterly financial reports which GAIN has filed ever since we took over operation of the Shelter March, 2001.

We have compiled our statistics for 2010, and I believe you will be impressed:

- **5,400** people visited the Shelter, turning in animals, adopting pets and volunteering;
- **5,283** animals were received at the Shelter, an all-time high;
- **842** were adopted, an all-time high;
- **42** were re-united with their families;
- **14 new concrete dog kennels** were built, a \$55,000 gift to the people of Guam;
- **\$8,000** was spent in infrastructure, mainly plumbing and septic.

We desperately need the \$100,000 appropriation passed by the Legislature. We save every penny we can: once again, our administrative costs to operate the organization were **zero**. But:

- It cost almost **\$130,000** to operate the shelter;
- It cost **\$92,000** for Shelter employees, an essential expense because we must employ certified euthanasia technicians.

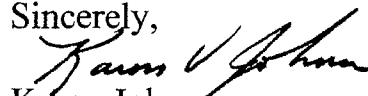

It is important to understand that because the Shelter is public, we perform humane euthanasia for the public as well. Many people cannot afford the \$75 which local vets charge for this service. We routinely perform euthanasia for sick, injured and old pets brought to us by their owners.

Once again, approximately 80% of the animals we receive were turned in by the public. People bring us strays and unwanted animals because our facility is first-rate: clean and well-managed. People know that our Pet of the Week ads and other adoption programs give animals a chance to find a permanent home.

The \$100,000 which the government allocates for the Shelter is well spent, because it allows us to invest in improvements which we otherwise could not make. As mentioned above, in 2010, GAIN spent **\$63,000** of its own money on infrastructure.

Thank you so much for your continued support. You can rest assured that the monies GAIN receives from Gov/Guam for this fiscal year will be well spent.

Sincerely,

Karon Johnson
