COMMITTEE REPORT DIGEST

I. OVERVIEW

Introduction and Committee Referral

BILL NO. 253-31 (COR) – “AN ACT TO ADD A NEW § 2110 TO CHAPTER 2, TITLE 2, GUAM CODE ANNOTATED, RELATIVE TO REQUIRING A REPORT FROM THE LAND PLANNING DIVISION, DEPARTMENT OF LAND MANAGEMENT FOR ANY ZONING LEGISLATION,” was introduced by Senator Chris Duenas on June 28, 2011; and was subsequently referred to the Committee on Rules; Federal, Foreign & Micronesian Affairs; and Human and Natural Resources on June 29, 2011.

Scheduled for Public Hearing

Senator Rory J. Respicio, Chairperson of the Committee on Rules; Federal, Foreign & Micronesian Affairs; and Human and Natural Resources convened a public hearing on Thursday, July 7, 2011 at 9:00 AM in the Legislature’s Public Hearing Room. Among the items on the day’s agenda was the consideration of Bill No. 253-31 (COR).

Public Notice Requirements

In accordance with the Open Government Law, notices were disseminated to all senators and to all main media broadcasting outlets on June 29, 2011 and July 5, 2011. Individual notices were also issued to the Department of Labor and the Department of Administration.

II. SUMMARY OF TESTIMONY & DISCUSSION

Senator Respicio called the hearing to order at 9:03 AM, announced the title of Bill 253, explained the justification for the referral of the bill to the Rules Committee and then deferred to bill sponsor Senator Chris Duenas for opening remarks on the bill.

Senator Duenas explained that he drafted the bill after several concerns were brought to his attention during the year and a half that he was the director of the Department of Land Management. A number of constituents, to include the Mayor's Council, have experienced instances of zoning that have impeded on their opportunity from time to time. He saw fit that they might want a report from Land Management.

Senator Respicio then opened the floor for testimony and recognized President of the Mayors' Council of Guam, Dededo Mayor Melissa Savares, along with Piti Mayor Vicente "Ben" Gumataotao.

Mayor Savares appeared before the Committee in support of the bill, but expressed the concerns of the mayors with spot zoning. She provided the Committee with a brief explanation as to the different parts of the zoning process, or different processes in place, when it comes to re-zoning, including what the Department of Land Management (DLM) does. She explains that when a process bypasses DLM, there is increased concern regarding stress on the infrastructure in the neighborhood.

This issue tied into her next concern, which dealt with outreach. When zoning follows the traditional route, through the Guam Land Use Commission, DLM notifies all of the surrounding property owners via certified mail. With zoning legislation, however, many times the information on re-zoning is published in the newspaper or announced on the radio or on TV, but people claim that they don't read the newspaper or don't listen to the radio or watch TV. So she would like to see a requirement for all of the surrounding property owners to be notified.

Senator Respicio suggests that this outreach component can be incorporated into the language such that DLM would provide the listing of all the surrounding property owners and the Legislative Committee would be required to notify each owner.

Mayor Gumatao also appeared before the Committee to express his support of the bill. He is in favor of the Legislature being able to help with zoning issues because it makes it a lot easier for the people of Guam.

Senator Duenas clarified that the bill does not change the public hearing process, it just requires a report on the zoning bill to support the legislation. The summary zone changes do not change in terms of the Director's authority at the Department of Land Management. The key is that the reports to be required would give the Legislature more information when considering and deciding on zoning bills.

Senator Respicio added that recent legislation enhanced outreach in the form of requiring the posting of 4x8 notices/signs on the property to be rezoned. If this Legislature is going to enhance the rezoning process from this end, maybe this signage requirement is something the Legislature could do too.

Senator Guthertz asked about the zoning process in general and questioned whether the Legislature has to be involved at all. Her belief was that the bill creates another Land Use Commission within the Legislature, and she is concerned as to whether senators should re-zone property at all. She posted the questions, "Is that the responsibility of the Legislature?" and "If the GLUC was operating the way it was designed to, do you think the Legislature should be involved in this process?"

Senator Duenas explained that the issues he found while serving on the GLUC was making quorum and only meeting a twice every month. Because of the trouble with making quorum, there had been times when up to three months would pass and the Commission wouldn't be able to meet.

Senator Duenas also found Senator Guthertz' opinion interesting, because his original draft of this bill would remove the Legislature from the zoning process, but at least six other senators didn't believe that the Legislature should be stripped of that authority.

Mayor Savares explained that when it comes time for the village public hearings, a handful of residents, or representatives for a resident, will show up; and don't typically last very long.

Senator Guthertz added that she also attended several meetings, and was concerned that sometimes there is no one taking minutes. Land Management

didn't even at least have the meetings recorded if they couldn't have a secretary there to take minutes.

Mayor Savares expressed her belief that, at least as far as her constituents are concerned, the people look up to the Legislature to resolve their issues. Culturally, the people believe the Legislature is a resource to address their grievances.

Senator Guthertz is glad that the community believes that the senators have a role to play when it comes to making tough decisions, but maybe if the senators at least restricted themselves to residential re-zoning, then that might be reasonable.

Mayor Savares added that each village has a municipal planning council, and a resolution from each one should be attached before they can approve the request.

Mayor Gumataotao said that the bottom line is that the Legislature is saving the mayors' time, and what he needs more of, is time.

Senator Tom Ada expressed his concern about Section 2 in the bill, regarding the timing of the report. He recommends that the report should be required prior to the public hearing because during the public hearing is when members have a chance to cross-examine the Department of Land Management as to why they are making the certain recommendations that will be in the report.

Secondly, he expressed his concern with Section 2(b) of the bill, requiring an analysis with an explanation of methodology of the Committee, should it choose to adopt a different recommendation than that indicated in the report by DLM.

Lastly, he thinks that the bill strengthens the Legislative process on these types of bills.

Senator Palacios agreed, adding that he wants to retain his power as an elected official. The senators are the lawmakers, not the Department, he says. He would not like for their power to be diluted for the sake of slot zoning.

Senator Yamashita expressed her support of the bill because of the effect it will have in better facilitating "customer service," but also concerned with whether or not this shines light on the need for a certain function within our government needing review, namely the zoning process/function. She does believe, though,

that the Legislature does need assistance by the people who are the experts in this field.

Senator Respicio recapped that the bill should be amended and that the Legislature should be subjected to the same requirements that the TLUC goes through to inform residents of the property that is to be rezoned. The Committee on Lands Chairman really goes above and beyond in notifying the public. Also suggests that if Land Management doesn't respond, the Legislature can still act. Like in the case of fiscal notes being required, BBMR has 14 days to respond and if they don't respond then a waiver is authorized.

Mr. Jose Garrido, a Dededo resident, wanted to speak on the bill because he has the experience of being an employee of the Department and is a member of the Application Review Committee. It is very important that whoever it is to approve a rezone to please consult the development requirements of Guam, which is a brief description of what rezoning means or conditional use, and what are the criteria of permitted development under that particular zone. Summary zone changes are those minor things that the Director may approve but still requires a position statement from each of the ARC members. Does not believe that the zone change of a 400-acre property should not be subject to Legislative approval. Recommended that the Legislature may rezone but develop a criteria as to the size of the property and the type of development on that property that the Legislature may approve. What is the effect of a Legislative rezoning on the ARC and Guam Land Use Commission authority as per the law that created them because there might be some conflict in regards to rezoning by legislation and rezoning by application to the Guam Land Use Commission. Sometimes in a rezoning, there is a need to know why someone is rezoning. Wanted to bring up that there is a proposed hospital for Route 3, and believes that there is such a thing as a hospital zone.

Senator Duenas responded that the hospital to be built fell under Puntan Dos Amantes or Two Lover's Point.

Mr. Garrido wants to see it as a "hospital zone" because it implies restrictions in the adjoining property, that way the surrounding development can't contaminate the hospital. He then thanked the Chairman and the Senators for allowing him to testify.

Senator Duenas thanked Mr. Garrido and acknowledged that the bill will have to go back and a lot of work will have to be done on it. He thinks that looking at agriculture zone to R-2 at one level can be accommodated, while anything above

that will have to go through the whole ARC process. Bearing the expenses, it should be the same requirement and process of applying to Land Management and all fees should be processed to Land Management and those are points that will be worked on in Committee.

Senator Respicio thanked the individuals for their testimony. There being no further discussion, **Senator Respicio adjourned the public hearing at approximately 9:50 AM.**

III. FINDINGS & RECOMMENDATIONS

In response to the suggestions presented during the public hearing and submitted by the Department of Land Management, Bill 253 was revamped to reflect a similar statutory structure as the statute requiring fiscal notes on all legislation. The findings and intent were clarified, but the original intent of the legislation was kept intact.

The “report” required was given a name, “Land Zoning Consideration Report” (LZCR). The statutory requirements were structured in such a way that an LZCR would be requested by the Legislative Lands Committee (or Standing Committee with jurisdiction over the zoning bill), and is required to be provided by the Department of Land Management prior to holding a public hearing on a zoning bill, or reporting the bill out of committee, or placing the bill on a Session agenda.

The substitute version of Bill 253 reflects clear language to address the preparation, contents, timeframe for submittal, committee report inclusion requirement, and revisions of Land Zoning Consideration Reports.

Therefore, the Committee on Rules hereby reports out **Substitute Bill No. 253-31 (COR) - “AN ACT TO ADD A NEW § 2110 TO CHAPTER 2, TITLE 2, GUAM CODE ANNOTATED, RELATIVE TO REQUIRING A “LAND ZONING CONSIDERATION REPORT” FROM THE DEPARTMENT OF LAND MANAGEMENT FOR ANY ZONING LEGISLATION”,** with the recommendation to TO PASS.

Bill No. 253-31(COR)

As Substituted by the Committee on Rules.

Introduced by:

Chris Duenas
J.T. Won Pat, Ed.D.

**AN ACT TO ADD A NEW § 2110 TO CHAPTER 2, TITLE
2, GUAM CODE ANNOTATED, RELATIVE TO
REQUIRING A "LAND ZONING CONSIDERATION
REPORT" FROM THE DEPARTMENT OF LAND
MANAGEMENT FOR ANY ZONING LEGISLATION.**

1 **BE IT ENACTED BY THE PEOPLE OF GUAM:**

2 **Section 1. Legislative Findings and Intent.** *I Liheslaturan Guåhan* finds that it is
3 the final authority for designating the zoning for all real property on Guam. When a bill to
4 establish a particular zoning designation comes before the Body for debate and approval,
5 the zoning designation request may not have undergone the same degree of scrutiny as if it
6 had gone through the process of review conducted by the Guam Land Use Commission.

7 Therefore, it is the intent of *I Liheslaturan Guåhan* to require that each bill seeking to
8 designate a particular zoning for any real property be accompanied by a "Land Zoning
9 Consideration Report" prepared by the Department of Land Management, reflecting the
10 recommendations of the Department's Land Planning Division, in the same manner as it
11 would do so for the Guam Land Use Commission. This "Land Zoning Consideration
12 Report" shall also reflect the recommendations of the Department's Application Review
13 Committee if the proposed zoning of property in question is greater than an R-2
14 designation zone. This report shall be requested by the Legislative Committee on Lands

1 from the Department of Land Management; and shall be appended to the committee report
2 on the bill prior to the bill's placement on the session agenda.

3 **Section 2.** A new § 2110 is *added* to Title 2 Guam Code Annotated, Chapter 2, to
4 **read:**

5 **“§ 2110. “Land Zoning Consideration Reports” Required for Land Zoning**
6 **Legislation.** Any bill that seeks to designate a particular zoning for any real property, shall
7 *not* be publicly heard, reported out by a Standing Committee of *I Liheslaturan Guåhan*, or
8 placed on a legislative session agenda, *unless* a “Land Zoning Consideration Report” has
9 been issued by the Department of Land Management, upon the request of the Legislative
10 Standing Committee with jurisdiction over the bill.

11 Failure of the Department to provide a “Land Zoning Consideration Report” to the
12 appropriate Legislative Standing Committee, shall *not* preclude the Standing Committee
13 from publicly hearing or reporting out of Committee any bill, as provided in subsection (c),
14 *infra*.

15 **(a) Preparation of “Land Zoning Consideration Report.”** A “Land Zoning
16 Consideration Report” shall be prepared by the Director of the Department of Land
17 Management, the head of the Department's Land Planning Division and, if the proposed
18 zoning of property in question is greater than an R-2 designation zone, the head of the
19 Department's Application Review Committee. The Report shall be prepared in
20 consultation with other permitting governmental departments and agencies, and the
21 property owner, as deemed necessary by the Department.

22 **(b) Contents of “Land Zoning Consideration Report.”** A “Land Zoning
23 Consideration Report” prepared in accordance with this Section shall include:

24 **(1)** The recommendation of the Land Planning Division; and

1 (2) If applicable, the recommendation of the Application Review
2 Committee; and

3 (3) A map of the subject property; and

4 (4) A contact listing for the surrounding property owners, for the
5 purposes of notifying surrounding property owners of any public hearings or other
6 public discussions to be held in regards to the zoning designation request; and

7 (5) Evidence of any consultation, made, at the discretion of the
8 Department, with other permitting governmental departments and agencies, and
9 the property owner, in consideration and review of the requested zoning
10 designation; and the outcome of any such consultation.

11 (c) **Timely Response for Submission of “Land Zoning Consideration Report”**
12 **or Waiver Granted.** The Department of Land Management shall provide to the requesting
13 Standing Committee, the “Land Zoning Consideration Report” no later than forty-five (45)
14 calendar days from receipt of the request for the report.

15 Other governmental departments and agencies or property owners consulted by the
16 Department shall provide their response to any inquiries made by the Department with
17 regard to the preparation of a “Land Zoning Consideration Report” no later than thirty (30)
18 calendar days from the date of receipt of such inquiry.

19 Should the Department need an extension for preparing the report, the Department
20 *shall* notify, in writing with justification, the Chairperson of the requesting Standing
21 Committee, who shall grant the Department an extension for up to fifteen (15) calendar
22 days. Such notice *must* be received by the Chairperson of the requesting Standing
23 Committee *prior* to the last day of the original forty-five (45) day timeframe granted.

24 Should the Department fail to meet the deadlines imposed in this Section, the
25 requirements stipulated in this Section for the “Land Zoning Consideration Report” *shall* be

1 waived. This waiver does not prohibit the Department from issuing a report at any time
2 past their deadline.

3 **(d) Inclusion in Committee Report Required.** The “Land Zoning Consideration
4 Report” shall be made a part of the Committee Report of the Standing Committee reporting
5 the bill out of Committee for consideration by the Legislature; and shall accompany the bill
6 throughout its course of discussion, from public consideration, to Floor debate, and
7 through passage, if applicable.

8 **(e) Revision of “Land Zoning Consideration Report”.** In the event that a
9 zoning bill is amended or substituted while in Committee for which a “Land Zoning
10 Consideration Report” had been previously obtained, and for which the change will have
11 an additional impact from that reported on the previously obtained report, the Standing
12 Committee with jurisdiction over the zoning bill *shall* obtain a “Revised Land Zoning
13 Consideration Report” following the same process outlined in this Section, except for that
14 the Department of Land Management *shall* submit the “Revised Land Zoning
15 Consideration Report” no later than thirty (30) calendar days from the date of receipt of the
16 request for the revised report.”

AN ACT TO ADD A NEW § 2110 TO CHAPTER 2, TITLE 2, GUAM
CODE ANNOTATED, RELATIVE TO REQUIRING A REPORT
FROM THE LAND PLANNING DIVISION, DEPARTMENT OF
LAND MANAGEMENT FOR ANY ZONING LEGISLATION.

1 BE IT ENACTED BY THE PEOPLE OF GUAM:

2 Section 1. Legislative Intent. *I Liheslaturan Guåhan* is the final authority for designating the
3 zoning for all real property on Guam. When a bill to establish a particular zoning designation comes before
4 the body for its debate and approval, it may not have undergone the same degree of scrutiny as if it had gone
5 through the process of review conducted by the Guam Land Use Commission. Therefore, it is the intent of
6 this legislation to require that each bill seeking to designate a particular zoning for any real property be
7 accompanied by a report prepared by the Land Planning Division in the same manner as it would do so for the
8 Guam Land Use Commission. This report shall be requested by the Committee on Rules from the Department
9 of Land Management in the same manner as it requests for fiscal notes from the Bureau of Budget and
10 Management Research. The report shall be appended to the bill's committee report *prior* to the bill's
11 placement on the session agenda.

12 Section 2. A new § 2110 is added to Chapter 2, Title 2, Guam Code Annotated to read:

13 "§ 2110 Legislative Zoning bills. (a) Upon the introduction of each bill that seeks to designate a
14 particular zoning for any real property, the Committee on Rules *shall* request from the Department of Land
15 Management a report that contains its recommendation(s) on the zoning request contained in the bill and a
16 map of the subject property.

17 (b) The legislative committee to which the bill was referred *shall* append to its committee report the
18 Department of Land Management's recommendation on the zoning designation being sought. *If* the
19 committee chooses to recommend a different zoning designation, it *shall* provide an analysis of why it is
20 doing so and the methodology used to support its recommendation. This analysis *shall* be contained in the
21 bill's committee report."

SUBJECT: Comment on Bill 253-31 (COR) - **AN ACT TO ADD A NEW § 2110 TO CHAPTER 2, TITLE 2, GUAM CODE ANNOTATED, RELATIVE TO REQUIRING A REPORT FROM THE LAND PLANNING DIVISION, DEPARTMENT OF LAND MANAGEMENT FOR ANY ZONING LEGISLATION.**

Bueñas Yan Hafa Adail

We are supportive in providing input to any zoning or rezoning action submitted to the Guam Legislature for its review and decision however, the requirement to submit a "Report" to the Committee on Rules, we foresee, will be an additional burden to the Division of Land Planning. Nonetheless, we submit our recommendations as follows:

1st – The "Report" being considered which is to be pattern after the same "Staff report" format that is submitted to the Guam Land Use Commission implies detailed research, input from other permitting governmental departments and agencies, that must be analytically scrutinized and integrated into the final report. Our research, information gathering and analysis required typically spans about 60-days prior to submitting to the Commission.

As can be realized, if the "Report" content is to take into account an excellent comparative analysis, then permitting government departments and agencies such as Guam Water Works Authority, Guam Power Authority, Department of Public Works, Guam Environmental Protection Agency, Department of Agriculture, Department of Parks and Recreation, Historic Preservation, Bureau of Statistics and Plans, must be included and required to submit its agency position to the Department of Land Management. Moreover, a time period for their position submittal must be identified, e.g., within 30-days, 45-days, etc. Included in this information and data gathering is coordination with the property owner as well as conducting a site inspection of the property.

RE: Comment on Bill 253-31 (COR)

July 6, 2011

Page 2 of 2 Comment on Bill 253-31 (COR)

This implies that the Bill should not be schedule for a public hearing until the Department's "Report" has been received by the Committee on Rules.

2nd – The Division has and continues to submit its comments under the current procedure. While it is not as in depth as the report submitted before the Commission, nonetheless, the analysis performed and the recommendations provided is reasonably adequate.

We recommend that if Bill 253-31 is to be passed, that the "Report" required of the Department will then be the single document submittal to the legislature; and that the current procedure for this Department to submit its comments will not be necessary.

I can be reached at 649-5263 extensions 311 or 612, should you have additional questions or need further clarification,

Senseramente,

Carlos R. Untalan

The Bureau requests that Bill No. 253-31 (COR) be granted a waiver pursuant to Public Law 12-229 as amended for the following reason(s):

The Bill is administrative in nature and intends to add a new Section 2110, to Chapter 2, Title 2 Guam Code Annotated relative to requiring a report from the Department of Land Management (DLM) for any zoning legislation. This report shall be requested by the Committee on Rules from the DLM in the same manner as it requests for fiscal notes from the Bureau of Budget and Management Research and be appended for the bill's committee report prior to the bill's placement on the session agenda.

The passage of this Bill would not have a financial impact on the Government of Guam.
