Chairman Pangelinan: We will now hear testimony on Bill No. 169-32 (LS)), introduced by Senator Tina Muna-Barnes “An Act to Rezone Lot No. 5168-4, Located in the Municipality of Tamuning, from Single-Family Dwelling Zone (R1) to Light Industrial Zone (M1)” I would like to give the author of the bill an opportunity to briefly describe the bill and it’s intent.

Sponsor Summary

Senator Muna-Barnes: Si yu’os ma’åse Mr. Chair, thank you for giving me the opportunity. This piece of legislation was introduced at the request of the owners of Lot number 5168-4. I want to say the owners of this property acquired this property through land exchange with the government of Guam that was authorized by the Public Law 31-253 and after months of waiting for the completion of the implementation of Public Law 31-253 the approval process for the deed of exchange was completed and the owner received their copy and receive the official receipt of the exchange. Furthermore, when the owners conducted research on their property their finds of the zoning was designated R1.

The summary of this bill seeks to rezone this from a single family zone R1 to a light industrial zone and this is just, Mr. Chair, to allow the owner to achieve the maximum and best use of their property and to provide consistency with the surrounding properties that are either zoned commercial or light industrial. and I want to say for the record, I want to thank you and your committee for having a hearing to hear this bill you and I know that the exchange in question Public Law 31-253 was over two decades of working with family members to exchange lands that the government was utilizing land in another area that was in a light industrial zone. The Rosario family, I guess assumed when they did the exchange for the Government it would be the same as the property the family owned prior to the government taking their land, the family’s property previously that the government has utilize. When they did their finding at land management they found out it was R1 and of course they had to go through the whole step all over again and this is where we are at today. The family has been waiting. Recently they had to extend their apologies for not being here, their son is going through medical treatment back there and that is the only reason why there are not here today. Thank you for giving me this opportunity to speak and give a synopsis of this bill 169-32. I hope my colleague support it. Saina ma’åse.

Chairman Pangelinan: thank you very much and si yu’os ma’åse Senator Barnes. Mr. Eay will you present your testimony

Testimony

Glenn Eay

Mr. Eay: Thank you Mr. Chairman, thank you Senator Tina Muna-Barnes, Senator Won Pat, Senator Ben Pangelinan, Senator Tom Ada, Senator Chris Duenas, Senator Tom Morrison. I am here today as a member of application review committee from the department of public works, I support bill 169-32 an act to rezone lot 5168-4 from single dwelling family R1 to light industrial zone M1. As mentioned before by Senator Barnes that abutting properties from that area, there is a road the old Agana-Dededo-Yigo road and that connects to the Harmon

industrial park area and the area was zoned M1 light industrial and I mentioned earlier the abutting area they thought it was zoned M1 as research went by it was zone an R1. I support this bill because the abutting property which is lot number 5167 R1-1 is also an M1 property it would be only fair to be consistent with the adjacent property. Further down there is an auto shop, further down there is mostly auto shop in that area M1. Yes I do support the act to rezone R1 to M1.

Chairman Pangelinan: when you look at the property map you say the abutting properties are all sides of the property; all the abutting sides are also M1?

Mr. Eay: The abutting property, we have a restaurant, seyoung restaurant, we have the property to be rezone and the property next to it is M1. And then we have further down again is M1 as well. You know, because the surrounding properties are M1, I support the rezoning.

Chairman Pangelinan: Thank you very much. Senator Muna Barnes?

Senator Muna-Barnes: You talked about the abutting properties but the one in question, the government, in fair exchange to the Rosario family or the estate of Florencio Rosario families, are you familiar with what was committed on the exchange? Are you a part of the Rosario Family?

Mr. Eay: No I am not.

Senator Muna-Barnes: I apologize Because I do know that in the representation this case has been going on for over twenty years and when the exchange was made the family thought that they were going to get that property exchanged equivalent inclusive of the zoning efforts and when they looked at it there was nothing and I just thought you were familiar with the case thank you for the issue the only reason the Rosario came in because they came in the past and went through the process and they went through many many years their father and grandfather have come and gone and now they are dealing with third generation to try and close this. it's not the property that the parents owned but the exchange with the government has been over two decades and they were hoping to get this clear so they can maximize their property that the government gave them. Thank you Mr. Chair again I apologize for that I thought he had some information about that.

Chairman Pangelinan: The property in question is about a hectare?

Senator Muna-Barnes: three thousand nine hundred (3,900) Yes.

Chairman Pangelinan: About three thousand nine hundred plus. Speaker Won Pat do you have any question?

Speaker Won Pat: are you familiar with this particular property?

Mr. Eay: No, the reason I am familiar, no, not too much.

Speaker Won Pat: I am trying to look at the map but that doesn't help because the numbers are really small. I need a magnifying glass to look at it. I think I might have found it 68-04 what is -- dash three (-3) what is that zone? Do you have that?

Mr. Eay: I don't have the dash three (-3) but I believe that would be the abutting property where the restaurant is.....

Chairman Pangelinan: that is commercial.

Speaker Won Pat: Right. Now the way I look at this we have four then we have three and I guess two and one, it's not very clear and I am looking at another map which is a lot bigger but I see residential lots on the back side of it I want to make sure that this property is not abutting residences. That is the reason I would like for you to clarify, I understand properties are commercial or M1 but we want to make sure it's not residential. Maybe on the back side it is residential and the front side is commercial.

Mr. Eay: The back side is Harmon sink which is owned by airport authority. There is no residential behind that.

Speaker Won Pat: Maybe I can work with the senators and see where exactly this is what properties there are. Thank you.

Senator Tom Ada: thank you Mr. Eay, I guess am just a little confused here, are you here as a DPW representative?

Mr. Eay: I am an ARC member. Application Review Committee.

Senator Tom Ada: Which is a part of DPW?

Mr. Eay: For DPW

Chairman Pangelinan: that's under the Guam Land Use Commission that has agency representative.

Senator Tom Ada: I guess I am just a little confused, when somebody tries to take the rezoning to the legislature it's the landowner normally that comes to the government..... I have never seen DPW come here and advocate for rezoning.

Mr. Eay: on the normal case for rezoning when it goes to the GLUC it goes to the ARC from there all the agency puts in their position statement and then it goes to the GLUC for approval.

Senator Tom Ada: do you know if the landowner is aware of all the requirements, the conditions that GPA is putting for their concurrence with this rezone that any basically any relocation cost is born by the landowner.

Mr. Eay: yes.

Senator Tom Ada: they are aware

Mr. Eay: For any relocation the cost bears to the landowners.

Senator Tom Ada: ok. Fine.

Chairman Pangelinan: Senator Duenas, any questions?

Senator Chris Duenas: If I am not mistaken, I believe the ARC member would know this, this is the settlement right? The author is correct, what happen here was a major injustice in terms by the taking of the water well and this contiguous lot, and what happened to this family is they lost the zoning of the light industrial zoning property and so they got stuck when the exchange and the settlement was made. While Normally I would I know that this legislature, and past legislation mailed in a report now the report should come with land management an attached to this from the ARC we don't like to short cut the process of the zoning but for the benefit of this committee this family was so wronged. This is an appropriate change, so thank you for representing ARC. Thank you Mr. Chairman.

Chairman Pangelinan: no further questions? Senator Morrison?

Senator Muna-Barnes: for the record I would like to submit written testimonies

Chairman Pangelinan: for the record and those will be submitted as part of the committee report.

Thank you very much, Si Yu'os Ma'ase. This concludes the testimony on Bill No. 169-32 (LS). There being no additional individuals to present any additional testimony, this Committee will continue to remain open for the acceptance of any additional information or public testimony on the bill discussed. You can submit those testimonies to my office directly on 324 W. Soledad Avenue, Hagatna, as well as the Guam Legislature at 155 Hesler St., Hagatna or email at office@guam.net

This hearing is adjourned.

III. FINDINGS & RECOMMENDATIONS

The Committee on Appropriations, Public Debt, Legal Affairs, Retirement, Public Parks, Recreation, Historic Preservation and Land, hereby reports Bill No. 169-32 (LS) with the recommendation To pass.

I MINA'TRENTAI DOS NA LIHESLATURAN GUÅHAN
2013 (FIRST) Regular Session

Bill No. 169-32 (LS)

Introduced By:

T.R. MUÑA BARNES

**AN ACT TO REZONE LOT NO. 5168-4, LOCATED IN THE
MUNICIPALITY OF TAMUNING, FROM SINGLE-FAMILY
DWELLING ZONE (R1) TO LIGHT INDUSTRIAL ZONE (M1).**

2013 AUG 16 PM 1:34

1 **BE IT ENACTED BY THE PEOPLE OF GUAM:**

2 **Section 1. Legislative Findings and Intent.** *I Liheslaturan Guåhan* finds
3 that it is the desire of the owners of Lot No. 5168-4 to maximize the use of their
4 property located in the Municipality of Tamuning to its highest potential. *I*
5 *Liheslaturan Guåhan* further finds that in order to achieve the maximum and best
6 use of their property, the owners have requested the assistance of *I Liheslaturan*
7 *Guåhan* to rezone Lot No. 5168-4 from its current Single-Family Dwelling Zone
8 (R1) to Light Industrial Zone (M1).

9 *I Liheslaturan Guåhan* further finds that the owners of Lot No. 5168-4
10 acquired this property through a land exchange with the Government of Guam
11 authorized by Public Law 31-253. After months of waiting for the completion of
12 the implementation of Public Law 31-253, the approval process for the Deed of
13 Exchange was completed and the owners received their copy of the official Deed
14 of Exchange. (*See document attached as Exhibit "A"*). Furthermore, the owners
15 conducted research on the zoning status of the property and their findings
16 determined that the property had a zoning designation of R1. (*See document*
17 *attached as Exhibit "B"*).

1 *I Liheslaturan Guåhan* further finds that based on the findings of the R1
2 designation, the property owners not only want to achieve the maximum and best
3 use of their property, but want the zoning of their property to be consistent with the
4 surrounding properties that are either zoned Light Industrial or Commercial. (*See*
5 *reduced Zoning Map attached as Exhibit "C"*).

6 It is therefore the intent of *I Liheslaturan Guåhan* to authorize the rezoning
7 of the lot described herein for the purposes of assisting the owners in maximizing
8 the highest and best use of their property, as well as rezoning the property to
9 maintain consistency with the surrounding properties.

10 **Section 2. Lot Rezoning.** Notwithstanding any other provisions of law,
11 Lot No. 5168-4, containing an area of 3,976+/- square meters, located in the
12 Municipality of Tamuning, is hereby rezoned from Single-Family Dwelling Zone
13 (R1) to Light Industrial Zone (MI). The real property rezoned herein is officially
14 described as:

15 Lot No. 5168-4, Parceling Survey Map of Lot 5168, Municipality of
16 Tamuning, containing an area of 3,976+/- square meters as shown on
17 map prepared by Government of Guam, Department of Land
18 Management, L.M. Check No. 201FY89, Land Management I4-
19 89T330, recorded under Document No. 417648, Certificate of Title
20 GC#3114. Water and Power (electricity) and Sewer are available or
21 within a distance of 100 feet from the property. (*Parceling Survey*
22 *Map of Lot 5168 attached as Exhibit "D"*).

23 **Section 3. Effective Date.** This provisions contained herein shall take
24 effect immediately upon enactment of this Act.

SUBJECT: Testimony on Bill No. 169-32 (COR)

Buenas Yan Hafa Adai: The Department has reviewed Bill 169-32 (COR) – **AN ACT TO REZONE LOT NOS. 5168-4, LOCATED IN THE MUNICIPALITY OF TAMUNING, FROM SINGLE FAMILY DWELLING (R1) TO LIGHT INDUSTRIAL ZONE (M1)**

Hereby submitted are the testimonies for the above-described proposal. Based on the requirements of Title 21, Guam Code Annotated, Chapter 61 Zoning Law, Article 3, §61301 we render the following:

Lot No. 5168-4 containing an area of 3,976+/- square meters, located in the Municipality of Tamuning, and in close proximity to surrounding properties that have been zoned as Light Industrial or Commercial.

It is further noted that Department of Land Management at one time recommended that properties located within these particular areas that were acquired through government land exchange be rezoned unconditionally as Light Industrial to be consistent with the proposed plan.

Department of Land Management therefore supports this legislative intent to rezone the said property from its current Single Family Dwelling (R1) to Light Industrial Zone (M-1).

Telephone:
671-649-LAND (5263)

Facsimile:
671-649-5383

With respect to potential impacts to our mandates as requested by the Bureau of Budget Management and Resources, passage of Legislative Bills 169-32 (COR) will not have any affects, thereof.

Moreover, the Department would like to remind all concern that our Guam Legislature delegated land use development including zone changes through Public Law 1-88, as amended, to the Guam Land use Commission and the Department of Land Management. Furthermore, a viable zone change process exist, is efficient, and considers all aspect of land use planning in protecting the community and our island's interest.

We thank you for the opportunity to comment on this bill.

Senseramente,

DAVID V. CAMACHO

Yet another one....

32nd Guam legislature
November 19, 2013

Due to an oversight from a lot of people, we are back again for one more request of approval from the legislature. Unfortunately, I am unable to be there in person as I was, for the original process to obtain property 5168-4. Please accept mr. Frank Jimenez as our representative to see this process through. Due to zoning issues my family and I once again ask for your consideration and support to rezone lot 5168-4 to m-1 from r-1. We want to put this to rest once and for all, stemming from a long and hard legal battle that lasted over 20 plus years. Thanks so much.

To the 32nd Guam legislature,
Bill Number 169-32

As we try to move on with our lives and have a better life for our children and family, my siblings and I are requesting to have lot 5168-4 rezoned from R1 to M1. This is the last remaining portion of property that was a part of my father's estate. After over 20 years of finally getting compensated for us we run into another snag of this property zone. On behalf of my siblings and I, please rezone our last property that was entrusted to us. Thank you in advance.

Much appreciation,
Judy Rosario

Almost There

Me and my family come before the Legislature to help with Bill 169-32. A massive oversight occurred when we received the deed. The property still remained in residential zoning. Our automatic assumption was as the zone changed to commercial. Please help us rectify all this once and for all

My name is Patricia T. Rosario, heir of Lorenzo C. Rosario Sr. and respectfully request your assistance in this matter

Dated this day, November 18, 2013.

Thank you.

Patricia T. Rosario

Buenas yan Hafa Adai I Libeslaturan Guahan!

Esteemed members of the Legislature:

You have before you today Bill No. 169-32 (LS) for your consideration.

The approval of this bill will finally come full circle for our family in that it had taken my family a very long and arduous 23 years to complete.

With your help, we humbly request that you favor this bill to rezone this plot of land from Single family dwelling, R1, to Light Industrial, M1, so that it is consistent with all other surrounding properties.

Si Yu'os Ma'ase

Guam Power Authority has reviewed the application described above and submits the following position statement:

A. Comments and Recommendations Concerning GPA requirements:

1. GPA has no objection, however customer is required to comply with the following pursuant to the National Electrical Code, National Electrical Safety Code and GPA's Service Rules and Regulations:
 - Coordinate overhead/underground power requirements with GPA Engineering for new structures
 - Maintain minimum clearances as defined by the current edition of the National Electrical Safety Code and National Electrical Code
 - Maintain adequate clearance between any structures and electric utility easements in accordance with NESC and GPA requirements
 - Developer/Owner shall provide necessary electric utility easements to GPA prior to final connection
 - Provide scheduling and magnitude of project power demand requirements for new loads
 - All relocation costs for GPA's facilities, if necessary, is 100% chargeable to the applicant including but not limited to labor and materials
2. Primary distribution overhead and underground line extensions and GPA service connections must adhere to the guidelines outlined in the current issue of GPA's Service Rules and Regulations.
3. A system impact assessment may be required to determine the effect of this facility on GPA's existing power facilities.
4. All costs associated with the modification of GPA facilities shall be chargeable to the customer. This includes relocation costs, new installation costs and any required system upgrades.

B. General Comments

GPA has no objection to the request subject to the conditions cited above.

Sincerely,

JOAQUIN C. FLORES, P.E.

TESTIMONY ON BILL 169-32(LS) – AN ACT TO REZONE LOT NUMBER 5168-4, LOCATED IN THE MUNICIPALITY OF TAMUNING, FROM SINGLE FAMILY DWELLING (R-1) TO LIGHT INDUSTRIAL ZONE (M-1).

Hafa Adai Chairman Pangelinan,

The Bureau of Statistics and Plans (BSP) appreciates this opportunity to offer its written testimony on Bill 169-32 to rezone Lot 5168-4 in Tamuning from Single Family Dwelling (R-1) to Light Industrial Zone (M-1). After reviewing the bill, we believe that a light-industrial activity will be compatible to the surrounding land uses that already have several light industrial activities including a restaurant, a service station, the Boys' and Girl's Scout Offices, and the Vocational Rehabilitation Center. Infrastructures such as water, power and sewer are available in the immediate areas. Although this rezoning request would not cause any major impacts, we recommend that the applicant/landowner(s) coordinate with the Guam Environmental Protection Agency to develop the best management practices in order to prevent adverse impacts to our environment as the light-industrial activities on Lot 5168-4 start to materialize.

Also, we recognize the need for the Guam Legislature to step in to move the rezone process forward expeditiously on a case-by-case basis. However, we hope that the nearby landowners were informed about the bill to rezone and given able time to express their desires to the Legislature similar to the process conducted by the Guam Land Use Commission.

In closing, BSP supports the rezone request to Light Industrial Zone in order to develop future business activities that will address the island's growing economic needs. Thank you for giving us the time to provide our written comments and support on this bill.

Sincerely,

LORILEE CRISOSTOMO

Director

Comments:

1/ The proposed legislation to rezone Lot No. 5168-4, in the municipality of Tamuning from a Single-Family Dwelling Zone (R-1) to a Light Industrial Zone (M1) is an attempt by the owners of said property to: 1) maximize the use of their property and 2) to be consistent with the surrounding properties that are either zoned Light Industrial (M1) or Commercial (C). Per the Department of Revenue and Taxation, the subject property, which amounts to 3,976± square meters, was formerly owned by the Government of Guam and was not required to pay any local or federal fees towards real property taxes. Because the said property is under new ownership, the real property taxes will be implemented hereafter. The Bureau does not anticipate any further construction, therefore not anticipating additional building permits or increases in building taxes. If the proposed legislation is passed, the Bureau estimates that \$208.75 (3,976 sq. ft. X \$60 per square foot [appraised value] X 0.0875033% [land tax rate]) will be received by the Department of Revenue and Taxation in the form of real property taxes. The Bureau also estimates that \$50 will be received by the Department of Land Management in the form of a zone change amendment fee. The estimated total estimated to be received by the Government of Guam amounts to \$258.75

I MINA'TRENTAI DOS NA LIHESLATURAN GUÅHAN
2013 (FIRST) Regular Session

Bill No. 169-32 (LS)

Introduced By:

T.R. MUÑA BARNES

**AN ACT TO REZONE LOT NO. 5168-4, LOCATED IN THE
MUNICIPALITY OF TAMUNING, FROM SINGLE-FAMILY
DWELLING ZONE (R1) TO LIGHT INDUSTRIAL ZONE (M1).**

2013 AUG 16 PM 1:34

BE IT ENACTED BY THE PEOPLE OF GUAM:

Section 1. Legislative Findings and Intent. *I Liheslaturan Guåhan* finds that it is the desire of the owners of Lot No. 5168-4 to maximize the use of their property located in the Municipality of Tamuning to its highest potential. *I Liheslaturan Guåhan* further finds that in order to achieve the maximum and best use of their property, the owners have requested the assistance of *I Liheslaturan Guåhan* to rezone Lot No. 5168-4 from its current Single-Family Dwelling Zone (R1) to Light Industrial Zone (M1).

I Liheslaturan Guåhan further finds that the owners of Lot No. 5168-4 acquired this property through a land exchange with the Government of Guam authorized by Public Law 31-253. After months of waiting for the completion of the implementation of Public Law 31-253, the approval process for the Deed of Exchange was completed and the owners received their copy of the official Deed of Exchange. (See document attached as Exhibit "A"). Furthermore, the owners conducted research on the zoning status of the property and their findings determined that the property had a zoning designation of R1. (See document attached as Exhibit "B").

1 *I Liheslaturan Guåhan* further finds that based on the findings of the R1
2 designation, the property owners not only want to achieve the maximum and best
3 use of their property, but want the zoning of their property to be consistent with the
4 surrounding properties that are either zoned Light Industrial or Commercial. (*See*
5 *reduced Zoning Map attached as Exhibit "C"*).

6 It is therefore the intent of *I Liheslaturan Guåhan* to authorize the rezoning
7 of the lot described herein for the purposes of assisting the owners in maximizing
8 the highest and best use of their property, as well as rezoning the property to
9 maintain consistency with the surrounding properties.

10 **Section 2. Lot Rezoning.** Notwithstanding any other provisions of law,
11 Lot No. 5168-4, containing an area of 3,976+/- square meters, located in the
12 Municipality of Tamuning, is hereby rezoned from Single-Family Dwelling Zone
13 (R1) to Light Industrial Zone (MI). The real property rezoned herein is officially
14 described as:

15 Lot No. 5168-4, Parceling Survey Map of Lot 5168, Municipality of
16 Tamuning, containing an area of 3,976+/- square meters as shown on
17 map prepared by Government of Guam, Department of Land
18 Management, L.M. Check No. 201FY89, Land Management I4-
19 89T330, recorded under Document No. 417648, Certificate of Title
20 GC#3114. Water and Power (electricity) and Sewer are available or
21 within a distance of 100 feet from the property. (*Parceling Survey*
