II. TESTIMONY & DISCUSSION

Chairman Michael San Nicolas: We will now begin to hear testimony on Bill 34-32, also authored by Senator Tony Ada. I will yield to Senator Ada.

Senator Tony Ada: Thank you, Mister Chair. Mister Chair, what this bill does is authorizes the DRT to delegate the vehicle registration process to automotive dealers. This bill represents about six months of work

between the Guam Automotive Dealers Association and Revenue and Taxation. This bill is a win-win situation for everyone involved. The government, at Rev and Tax, would be able to process vehicle registrations faster and even utilize their personnel elsewhere if need be. The vehicle dealers would be able to register the vehicles on point of sale at the vehicle sales lot. The people become the biggest winner of all with having to not be able to stand in a long line to register a vehicle or being able to visit their dealer just once or twice and be able to get their registration and license plate. DRT has the means to adjudicate the rules and regulations and they have complete control over this program. It would have the authority to grant or repeal the dealer's authorization to participate in this program. Thank you, Mister Chair.

Chairman San Nicolas: Thank you, Senator Ada. Signed up for testimony is John Camacho, Director of Revenue and Taxation.

John Camacho: Thank you again for this opportunity to testify on Bill 34-32. The proposed bill allows the Department to work with the dealers to allow them to issue registrations, certificates and license plates. The Department sees this will benefit both the public and the government. Service will be provided faster at the dealers and the backlog the Vehicle Registration Branch experiences will be reduced. The Department thanks the Senators for providing a framework for our Department to build-on. The Department looks forward to the passing of this bill and will develop the rules and regulations to move quickly towards its implementation. And if there are any questions, I will be happy to answer them.

Chairman San Nicolas: Thank you, sir. Are there any Senators who wish to pose questions to Mister Camacho regarding this bill? Are there any members of the community who wish to comment regarding this bill? If you could, please approach the table.

Jay Jones: We previously presented testimony in complete support of Senator Ada's bill six months ago or something to that effect. We are just here in case there are any further questions or anything we can do to help move this process along.

Chairman San Nicolas: Thank you, sir. Do any Senators have any questions for Mister Jones?

Senator Frank Aguon, Jr.: Thank you very much, Mister Chairman. There was a comment made by Mister Shelly a little but earlier about the government trying to get its collection of taxes. In terms of how the process may work because I know that it is still subject to rules and regulations being formulated, obviously we are looking at least a minimum net zero loss in terms of revenues that Rev and Tax is presently collecting. I'd say, if the registration fee is right now \$45 for a particular vehicle then the dealership may come in and say, 'Okay, we'll process this based on the allowance by law and promulgation of the rules and regulations but we're going to take a cut of \$10 for administrative fees.' That is a question I would have to ask as it applies to the resources at Rev and Tax and the government of Guam presently collects. So, is it a net zero anticipated loss so whatever additional costs would be tagged on by the dealers so that they can cover the costs of administering such a program?

Mr. Camacho: I understand the bill calls on the dealers to practically cover all or part of the costs. I'm hoping they cover all the costs.

Sen. Aguon: I anticipate that the dealers, as a private entity, will cover all the costs.

Mr. Camacho: As far as the registration, I don't think so. The only additional that the Department will be taking is monitoring those license plates and registrations that are handed over to the dealers and making sure that, and they're going to be bonded by the way, so these are the things that we worked with the good Senator here and partly with the dealers.

Sen. Aguon: I am not necessarily concerned about how the private business enterprise and the dealers are going to be able to recover costs because that is going to be factored in. My biggest concern is, is this going to be a net zero revenue loss, or net zero revenue situation, on the part of Rev and Tax? Or are we looking at every additional vehicle that is going to be registered through this mechanism – through the dealership? I support the concept. Obviously, it is moving in a direction where the dealership will be able to expedite the processing of registration, administering license plates and what not. My question again comes back to – will this reflect a net zero revenue loss or situation rather than a \$90 vehicle registration now the government of Guam is only going to generate \$60 because the additional \$30 is going to be directed towards the dealers for incurring the costs of processing this outside of your agency? That's my question.

Mr. Camacho: My understanding of the bill is that everything remains the same. It's just that they're allowed to issue those registrations.

Sen. Aguon: Just for clarification purposes, there will be a net zero revenue base?

Mr. Camacho: In terms of the collection of fees, yes.

Sen. Aguon: Your fees will still be the same and any additional costs will be incurred by the dealers.

Mr. Jones: The dealers never anticipated any change in our expense to do this.

Sen. Aguon: I just want to make sure that is clear.

Mr. Jones: We don't plan on charging a fee or anything.

Sen. Aguon: I did qualify my statement. I support the concept. I want to make sure that in this particular case, if there is going to be a direct impact, that Rev and Tax has to understand and make sure that accommodations are provided.

Mr. Jones: We have not asked for any of those accommodations.

Sen. Aguon: Alright. Thank you very much. Thank you, Mister Chair.

Chairman San Nicolas: Thank you, Senator Aguon. Are there any other Senators who wish to pose any questions? Any other members of the community wish to testify? Please state your name.

Art Illagan: When I was director, we had discussions and we were talking with the dealerships about putting this thing together. The problem we had was the cost. Who was going to bear the cost and how would they be able to interface with Rev and Tax? I believe the Association was willing to bear the cost at that time but was it proper. There was no legislation for us to accept that work from the Association. I don't know how the mechanism is going to work with this law. There has to be a budget for it if you want us to do it. There has to be an appropriation for us to go out there and bid. Or, if the law allows, put the burden on the Association. Let them pay for it and let them implement. Make that program communicate with our computer system.

Chairman San Nicolas: Thank you, sir. I did have a question regarding that for John Camacho. Do you anticipate that the implementation of this program is going to incur any additional cost to be able to interface with the dealerships?

Mr. Camacho: The way I read the bill, the cost will be bore by the dealers to provide those costs to connect the required computers and technologies and to have access on all these vehicles that are going to be registered. That is my understanding.

Chairman San Nicolas: Just to clarify with Mister Jones, the dealerships are prepared to incur that cost not only on the dealership end but also on the DRT end so that there is a free flow of information and full integration?

Mr. Jones: Based on our understanding of how it's supposed to work with us inputting the customer information into the Rev and Tax system, yes. That is our intention to absorb those expenses as we know them. If there is some huge hardware or software expenses that we are unaware of to this point then that would have to be discussed. Based on our understanding of how it should work, yes, we do plan to absorb those expenses. We'll gain additional efficiency from this process as well. It's not like we are doing it out of the goodness of our heart. We all benefit and the customers benefit. It is basically a win-win situation as far as we can tell.

Chairman San Nicolas: Thank you, sir. Do other Senators have any questions?

Senator Tom Ada: I just hope that when Rev and Tax develops rules and regulations as to how this thing would work, there is somehow that quality control that is put in there. Then the dealers do not go directly into the Rev and Tax database to enter in their data as opposed to basically storing it and, for their purposes, basically have completed the registration for that vehicle so that he can drive out of the lot. Rev and Tax will have to come back and take a look so that we don't have a situation of corrupted data in the database and it's like, 'oh, this came from the dealers' or 'this came from our folks.' Once it gets into the Rev and Tax database it has gone through the scrutiny of Rev and Tax so that what is in the database, if it is wrong and an error, it is because of something Rev and Tax did and not because... I hope we don't do this finger pointing. I hope that is a consideration that will be made.

Mr. Camacho: Yes, Senator Tom Ada. When we adopt the proposed rules and regulations, we will look into checks and balances to make sure that the inputting of all the data that the dealers

are doing are at least monthly or quarterly looked at moving forward to ensure that there is continuity on their part and making sure that all cars are properly documented.

Chairman San Nicolas: Senator Aguon, you had a follow-up question for that?

Sen. Aguon: Thank you very much, Mister Chairman and thank you for your patience gentlemen. Let's say your registration is based on a formula that is applied for cost recovery, is that correct? Or is it arbitrarily...

Mr. Camacho: No. It is based on weight, I believe. The vehicle itself is based on weight.

Sen. Aguon: Okay. So, it isn't based on cost recovery. The reason I bring that up is because if it is based on cost recovery, the cost of personnel to administer, the preparation of the registration and what not, then a \$90 registration that would be conducted and administered out of Rev and Tax should be reduced in terms of the dealer administering the program. If the cost recovery is \$90, you would extract the cost of personnel, extract the cost of documentation, they will provide the license plate, they will provide the registration documentation. That cost factor would be extracted from the cost that would actually be assessed to the dealers so that a customer would still be paying that \$90 fee for registration but, guess what, the cost... and this is from the financial component and the business perspective. So, I would anticipate the formula that would be applied in this case because a \$90 registration fee that is based on weight would be applicable to the same with the dealers but, in the same token that administering the registration form, I don't know if that would be factored into the cost reduction so that the dealer will charge the same cost to the customer base but they would absorb that based on the fee that is assessed. I guess I'm digging too far into the weeds in terms of how the formula will be applied. That's going to come up through the rules and regulations. It's a concern I had originally that I stated whether the government is not going to lose revenue as a result of this or because the offset is direct service to the customers and improving efficiency in getting the registration in the hands of the customer once that customer purchases a vehicle. I think that the process is going to work to the benefit of our people. Thank you.

Chairman San Nicolas: Thank you, Senator Aguon. Any Senators wish to comment on this bill or pose questions to members of the community? If none, this shall conclude the hearing on Bill 34-32. Thank you, gentlemen.

Subject: BILL 34-32 ISSUANCE OF VEHICLE REGISTRATION

To: TONY@tony.ada, GOV CALVO <EDDIECALVO@yahoo.com>, PETER@tony.ada

SEN TONY...THIS IS SGAMBY. THE PURPOSE OF THIS MISSIVE IS TO CITE WHAT I PERCEIVED TO BE RESTRICTIVE IN TERMS OF WHAT IS BEING CONSIDERED FOR SUBJECT BILL 34-32. I FIND IT SOMEWHAT PERPLEXING TO DISCOVER A BILL, WHICH BASICALLY WAS DESIGNED STRICTLY FOR A SPECIAL GROUP: TO WIT A CAR DEALERSHIP VICE THE NOTION THAT IT SHOULD BE FOR THE PEOPLE'S WHOLE CONSIDERATION...EQUAL ACROSS THE TABLE.

I FIND THIS PROPOSED BILL TOO RESTRICTIVE. WHY NOT OPEN FOR ALL HAVING AN ENTREPRENEURSHIP SPIRIT? THEN NOW IT WILL BE A WIN-WIN PROPOSITION.

AS WE CAN VENTURE INTO THIS CONCEPT, I WOULD CONSIDER THE BENEFITS OF A PARTNERSHIP WITH THE GOVERNMENT OF GUAM AND AS TO BE PROPOSED IS TO DESIGN A QUICK STOP LICENSING CENTER OPERATED UNDER A PRIVATE CONCEPT, WITH THE APPROVAL AND

CONCURRENCE OF REV & TAX DEPARTMENT.

THIS WOULD MEAN A REQUIREMENT TO ESTABLISH SATELLITE OFFICES TO PROVIDE ASSISTANCE WITH VEHICLE REGISTRATION AND TITLE TRANSACTIONS; BENEFITS FOR THE GOVERNMENT OF GUAM; AND IT WOULD BENEFIT THE PEOPLE OF GUAM...

IN FACT, THIS CONCEPT WILL HAVE THE OPPORTUNITY TO ASSIST THE CUSTOMERS WITH LONGER HOURS VICE COMPARISON TO THE WAY REV AND TAX NOW OPERATES...AND WITH LONG LINES. WE PROPOSE THIS PARTNERSHIP WITH GOVGUM AND OUR PRIVATE OPERATION TO PROVIDE:

- SHORTER EVENING HOURS
- EXTENDED EVENING HOURS
- WEEKEND HOURS - AND SATURDAYS
- SAVING VACATION TIME FROM CURRENT JOB
- LESS STRESS FOR THE PEOPLE OF GUAM CUSTOMERS
- HAPPY VOTERS
- CLOSER LOCATIONS/SITES (THREE SITES: NORTHERN, CENTRAL AND

SOUTHERN)

- OPEN POSITIONS FOR THE PRIVATE CORPORATION VICE POSITIONS AT REV

AND TAX

IN SUMMARY THIS WILL RESULT IN STRONG APPLICATIONS:

- PARTNERSHIP WITH GOVGUM AND QUICK STOP LICENSING CENTER
- BENEFITS TO GOVGUM -- INCREASED AND ON TIME REVENUE \$\$\$ FOR THE
- BENEFITS FOR THE PEOPLE OF GUAM...ON TIME RENEWAL/ISSUANCE OF
- HAPPY PEOPLE MAKES FOR HAPPY VOTERS

THIS CONCEPT WILL REDUCE EMPLOYEE COST AT REV AND TAX WHICH IS CURRENTLY STANDING AT \$474,589.30 JUST FOR THE AREAS OF VEHICLE REGISTRATION SECTION. THE PRIVATE CORPORATION WILL ABSORB THE COSTS ASSOCIATED WITH IMPLEMENTING THE BILL, INCLUSIVE OF SUBMITTING MONTHLY DATA AND REVENUE DIRECT TO REV AND TAX RESULTING FROM THE REGISTRATION AND LICENSING FEES COLLECTED.

Comments on Bill No. 34-32

This proposed legislation is seeking to add new §7178 and §7179 to Chapter 7 of 16 GCA, which would license car dealerships to issue vehicle registrations and temporary license plates, who are the point of sales for all new cars and for most used cars. The Director of the Department of Revenue and Taxation (DRT) is the authorization body for such measure that would develop the necessary administrative protocol to manage such endeavor entailing training, monitoring, auditing, and enforcing. Such legislation would consummate the issuance of such documents to car dealers as an extension of DRT.

This proposed change in the current motor vehicle policy and process will provide operational capacity to DRT at its present location by decentralizing the number of vehicle registrations processed and the number license plates issued. Furthermore, it will provide for the increased ability of the Motor Vehicle Division of DRT to service the growing population of the Guam without substantially increasing its work force. By providing more service capacity, DRT would be to generate more revenues, increasing its revenue contributions to the General Fund and other associated funds.
