I. COMMITTEE PROCEEDINGS

Note: Chairman Cruz had to step away from the public hearing temporarily to attending another meeting. Senator Frank Aguon, Jr. was asked to convene the meeting in his absence.

Senator Frank Aguon, Jr. We're going to proceed to Bill No. 348. Mayor, I understand you are going remain there at the table as well as Mr. Borja. Bill No. 348 is an act to rezone Lot No. P10.9A-3-16, in the Municipality of Dededo from Agriculture to Commercial. We have Mr. Borja and Mayor Savares signed up to provide testimony. If anyone else in the audience here would like to provide testimony, I ask you to please proceed to the table. If not, Mayor?

Mayor Melissa Savares. Thank you for the opportunity. My name is Melissa Savares, Mayor of Dededo. We do have a resolution, a Municipal Planning Council Resolution of support that I provided to the staff to support the rezoning from agriculture to commercial for these two lots. We did restrict it to...there are five housing units within the immediate area of this properties. We have the Sagan Ypaopao area, Ypaopao Estates, Woodland Town Homes, Benson Subdivision, and now Paradise Estates that are located within the immediate vicinity of these two properties; off Chalan Langet. We have a DPW report that was presented at the Municipal Planning Council meeting that does show the roadway will be adequate to the zone change as well as the regulating agencies from GWA, EPA, and GPA.

Senator Frank Aguon, Jr. Thank you very much, Mayor for your testimony for this proposal. Mr. Borja?

Mr. Michael Borja. Like the previous three bills, for Bills 347 and 348, again we -- you know the process is in one of them. There's already a conditional land use (permit) on one of those properties. They were allowed to build a convenience store and the store is there. Now, they're changing it to commercial. In light of Mayor Savares's Municipal Planning Council Resolution supporting the change to commercial zoning - that would have been our most overwhelming concern. But likewise, we need to understand some of the concerns of the other regulatory agencies, to include EPA and others. In light of this, we're not going to stand in the way of one's desires to improve their livelihood and their business for this property, but we would still prefer to have them go through the channels. We would like to get a copy, for the record, from the Municipal Planning Council and we'll be in touch with Mayor Savares's office for the Municipal Planning Council resolutions.

Senator Frank Aguon, Jr. Thank you very much, Mr. Borja for your testimony this morning on this proposed measure.

Note: Chairman Crnz returned to the public hearing.

Chairman Benjamin Cruz. Is that everything? Oh great, thank you. Let me close this hearing properly. Bills 341, 342, 343, 345, 347, 348, 349, 329, 330, 287, and 332 will be considered having been heard this morning.

This concludes the testimony on Bill No. 348-32 (COR). There being no additional individuals to present any additional testimony, this Committee will continue to remain open for the acceptance of any additional information or public testimony on the bill

discussed. You can submit those testimonies to the office directly on Soledad Avenue, as well as the Guam Legislature or through any electronic email processes at cipo@guamlegislature.org

This hearing is adjourned.

Buenas yan Hafa Adai! The Department of Land Management has reviewed each of the listed bills and submits the following:

Each of these bills calls for the rezoning of a lot that is either Agricultural or Residential to Commercial. This legislation is asking properties to be rezoned without the vetting necessary in our Territory's statutes that calls for the "technical and professional review, analysis, advice, and agency positions concerning various development activities on Guam."

The Application Review Committee (ARC) made up of our regulatory agencies is mandated to review requests for zone changes that are submitted to the Department of Land Management. Their tasking is:

- (a) Ensure compliance with regulatory standards, procedures, policies, rules and regulations;
- (b) Ascertain the overall environmental, socioeconomic, infrastructural and cultural impact of proposed projects;
- (c) Evaluate alternative development activities or subdevelopment alternatives with applicant/developer/petitioner to provide the best development plan for the community;

Facsimile:
671-649-5383

(d) Assist other ARC member agencies and other government agencies in establishing social, physical infrastructural, economic, and cultural programs and standards for the proper development of Guam's present and future growth;

(e) Develop and provide official position statements by government of Guam agencies on applications submitted under the Zoning and Subdivision Laws, the Territorial Seashore Protection Act and other such laws as may be enacted by the Legislature.

By curtailing this review process, lots may be rezoned that may not be in compliance with regulatory standards. Additionally, the broad nature of a commercial zone may be contrary to the desires of the immediate surrounding communities since there is no input from the respective municipal planning councils.

The Department of Land Management greatly supports zone changes especially when they are in the economic interest of our island and to the benefit of the land owner. We encourage business development and strongly recommend using the processes already in place so we can ensure that the tools necessary for business development are available to land owners who seek to change the zoning of their property. In most of these bills, the need for a commercial zone may meet the needs for the area but without the agency reviews there is no way beforehand to determine if the regulatory requirements are satisfied. Subsequently, when building permits or business licenses are later sought, there may be restrictions that complicate their issuance. In most cases, rezoning is permitted in the normal application process but identified issues are noted and conditions on the rezoning are placed to ensure the matter is recorded for all future use.

Senseramente,

MICHAEL J.B. BORJA
Director

Ref: Applicant **Ms MICHELE. LEON GURRERO, EUGENE H. SANTOS,**
request for a zone change from "A" Agricultural to "C" Commercial zone,
Municipality of Dededo.

Dear Mr. Santos,

The DPW is in receipt of your letter seeking assistance providing comments to a Zone Change to the following lots:

- (1.) Zone change from "A" (Agricultural) to "C" (Commercial) zone for the proposed Community Laundromat and Café on lot designated as DLM Map No.P10.9A-3-16 Municipality of Dededo.
- (2.) Zone change from "A" (Agricultural, Conditional use permit for Retail Store) to "C" (Commercial) zone with existing Retail Store on lot designated as DLM Map No.P10.9A-3-R19, Municipality of Dededo.

The above subject lots are corner lots with front yard facing Chalan Langet and side yard facing Chalan Mannantos. Chalan Langet is a 40' wide Public Access and Utility Right of Way with two (2) lanes paved road approximately twenty-two (22') feet wide with traffic flow which is low during the day or evening hours and will not impact its normal traffic flow.

DPW believes that the rezoning of the above lots will not have adverse effects on the residential area where as Lot P10.9A-3-R19 has been approved for conditional use permit for a Retail Store. Additionally, a Laundromat and Cafe is essential and/or public convenience to the surrounding neighborhood. The DPW therefore recommends approval for zone change.

Sincerely,

Carl V. Dominguez

The Bureau requests that Bill No. 348-32 (COR) be granted a waiver pursuant to Public Law 12-229 as amended for the following reason(s):

Bill No. 348-32(COR) is an Act to rezone Lot P10.9A-3-16, in the municipality of Dededo, from an Agricultural Zone (A) to a Commercial Zone (C).

Per the Department of Revenue & Taxation, the land and building tax rates remain the same regardless of the change to any property's zoning. Per the Department of Land Management, zone changes done through legislation are not charged any fees in regards to zone change amendments or certification of zoning fees. There is no component of the Bill that requires an act to make any changes to the property's existing infrastructure.

The intent of the Bill poses no fiscal impact upon any funds of the Government of Guam.

Munoz said he's very happy for his cast, crew, "and especially for my funders who also contributed to the project." He noted however that in moments of euphoric triumph "one must always remain anchored in humility and grace. This is an industry where you experience amazing peaks and low altitude valleys. It's important to focus on doing quality work and dangerous to be caught up in the hype."

This is the first time Munoz has utilized the web to release a film. He decided to take this route to get an audience.

"More people watch content on computers and smart phones than they do on traditional televisions. Looking at the analytics more people have seen 'Griot's Lament' over the past three weeks than my last three films combined."

The feedback and reviews make the efforts worthwhile with funding being a huge obstacle to the success of the project. Additionally, Munoz recounted an incident when his team was almost shot down by the LAPD because they weren't officially permitted to film.

"The officer was actually happy to see a group

Guam native Alex Munoz, right, is shown filming his latest work "Griot's Lament."

of people making an artsy film in his bear. He could have shut us down, but instead he let us off the hook."

Noting the outstanding contributions of people from Guam, Munoz mentioned locals Jeannett Da Duck and Thelma Hechenova.

Averill Leano did an amazing job doing the color correction and creating an award winning moon shot. The film looks good because of Averill's great eye. And the film sounds amazing because of Teddy Salas. We were up until 3 in the morning mixing the film. I have never met with a sound

mixer who is so creative, innovative, and efficient. I am very proud of Averill and Teddy's contributions. Success is always best when it is shared."

While webside 2 will be released on Michael Jackson's birthday in the meantime, Munoz looks forward to more contributions to Guam's film scene.

"I'm going to get back to Guam to conduct another FYI FILMS workshop with youth at DYA in 2015. We were just awarded a significant grant. I love working with youth, particularly on Guam."

Youth can also look forward to the 671/213 Alliance, an initiative meant to offer support and networking for people from Guam and all of the Marianas heading to Los Angeles in pursuit of a film career.

"We plan to offer two 671/213 Alliance scholarships before the year ends. Five one thousand dollar grants will be awarded to filmmakers on Guam to support them in their filmmaking pursuits."

He will also complete work on a documentary and proceed with the development of a local animation series.

Griot's Lament is viewable on Vimeo and Genius.com.

The Bureau requests that Bill No. 348-32 (COR) be granted a waiver pursuant to Public Law 12-229 as amended for the following reason(s):

Bill No. 348-32(COR) is an Act to rezone Lot P10.9A-3-16, in the municipality of Dededo, from an Agricultural Zone (A) to a Commercial Zone (C).

Per the Department of Revenue & Taxation, the land and building tax rates remain the same regardless of the change to any property's zoning. Per the Department of Land Management, zone changes done through legislation are not charged any fees in regards to zone change amendments or certification of zoning fees. There is no component of the Bill that requires an act to make any changes to the property's existing infrastructure.

The intent of the Bill poses no fiscal impact upon any funds of the Government of Guam.
