ON**

Bill No. 97-32 (LS), As Amended

Sponsored by Senator Dennis G. Rodriguez, Jr.

“An act to appropriate available funds from the Guam/Territorial Highway Fund to designate and prioritize certain capital improvement projects, by the Department of Public Works for flood mitigation and other purposes.”

JUN 17 2013

MEMORANDUM

To: All Members

Committee on Appropriations, Public Debt, Legal Affairs,
Retirement, Public Parks, Recreation, Historic Preservation and
Land

From: Senator Vicente (Ben) Cabrera Pangelinan
Chairman

Subject: Committee Report on Bill No. 97-32 (LS), As Amended

Transmitted herewith for your consideration is the Committee Report on Bill No. 97-32 (LS), As Amended: "An act to appropriate available funds from the Guam/Territorial Highway Fund to designate and prioritize certain capital improvement projects, by the Department of Public Works for flood mitigation and other purposes," sponsored by Senator Dennis G. Rodriguez, Jr.

This report includes the following:

1. Committee Voting Sheet
2. Committee Report Narrative
3. Copy of Bill No. 97-32 (LS), As Introduced
4. Copy of Bill No. 97-32 (LS), As Amended
5. Public Hearing Sign-in Sheet
6. Copies of Written Testimonies
7. Copy of Fiscal Note
8. Copy of COR referral
9. Notices of Public Hearing
10. Copy of the Public Hearing Agenda

Please take the appropriate action on the attached voting sheet. Your attention to this matter is greatly appreciated. Should you have any questions or concerns, please do not hesitate to contact my office.

Committee Report

Bill No. 97-32 (LS): An act to appropriate available funds from the Guam/Territorial Highway Fund to designate and prioritize certain capital improvement projects, purchase heavy equipment needed by the Department of Public Works for flood mitigation and fund the Department of Revenue and Taxation's Transaction Processing System, sponsored by Senator D.G. Rodriguez, Jr.

I. OVERVIEW

The Committee on Appropriations, Public Debt, Legal Affairs, Retirement, Public Parks, Recreation, Historic Preservation and Land convened a public hearing on May 14, 2013 at 2:00 pm in *I Liheslatura's* public hearing room.

Public Notice Requirements

Notices were disseminated via hand-delivery and e-mail to all senators and all main media broadcasting outlets on May 7, 2013 (5-Day Notice), and again on May 10, 2013 and May 12, 2013 (48 Hour Notice).

Ms. Concepcion G. Viray, Resident of Perez Gardens Subdv.
Mr. Domingo S. Cabusao, Resident of Dededo, Chln Tan Margarita

II. COMMITTEE PROCEEDINGS

Chairman Vicente Pangelinan: On Bill 97-32, I have signed up for oral testimony: Ms. Concepcion Viray, Mr. Carl Dominguez, Mayor Melissa Savares, Mrs. Amanda Santos, Ms. Naomi Saenz, and Mr. Camacho.

Senator Dennis Rodriguez is the author of the bill, and it is an act to appropriate available funds from the Territorial Highway Fund, to designate and prioritize certain capital projects, purchase heavy equipment needed for DPW for flood mitigation, and to fund Department of Revenue and Taxation's Transaction Processing System. We're going to ask the author to please give a short synopsis of the bill.

(a) Bill Sponsor Summary

Senator Rodriguez: Thank you very much, Mr. Chair. Thank you very much for your patience. I'll make this very brief. This legislation is similar to an earlier legislation we introduced, which is Bill 25, which we withdrew officially from the legislature. What this does now is it identifies funding from the Territorial Highway Fund. Recently, the Public Auditor released an audit, and it indicated that there was about \$3.9 million available for use. And the Highway Fund is used primarily to improve our roadways on Guam. We've identified, and in consultation with the Department of Public Works, looking at some of the areas that have been flooding due to man-made errors or from perhaps, and I don't mean to offend anyone, but non-proper planning around the area. We understand we have other areas around the island that have flooding problems, are caused from natural erosion, and we've got to take care of those as well. So we've identified several projects here in this bill; we've also identified an item to fund, which is the Department of Revenue & Taxation's Transaction Processing System. This system will allow Rev & Tax to record and post all payment transactions on a real time basis. There was a recent audit that came out stating that the Department doesn't have an efficient system in place that would allow them to post these transactions in real time. I know this is deviating from the purpose of the Territorial Highway Fund, however, in the past, it has been done and if it is the

pleasure of the body, then hopefully we're able to incorporate this and have it funded by this legislation too.

Chairman Vicente Pangelinan: Thank you very much. Mayor Savares?

(b) Testimony

Mayor Melissa Savares: Thank you, Mr. Chair. For the record, my name is Melissa Savares, Mayor of Dededo, and I'm here in support of Bill 97-32. A portion of this bill allows for flood mitigation for the roadway, as we know, the Machanao area, where Perez Garden and UR Market, the Piga Subdivision, Ironwood Estates and, for those cock fighters, the Cockpit—all areas where people go. Since the development of Ironwood, the original road on Chalan Balaku is a two lane road that was fit for the Perez Gardens area, a little over 800 homes. Now the outskirts of the area, Ironwood Manor, Ironwood Development were constructed to allow families to rent affordable homes. There were no alternate roads in the design, however, when Ironwood put their sewer line in there is a road that goes from Chalan Lamaso, in front of the cockpit out to Route 3. They were able to connect their sewer line through that area. Right now, it is a gravel road, used by buses and residents of the area to eliminate some of the traffic that goes out onto Chalan Balaku and onto Ysengsong Road. Mr. Dominguez had an opportunity to see the area. We even have residents from Chalan Matagua using the Chalan Kotda area to come out onto Ysengsong Road to get onto the main thoroughfares. Both sides of the traffic on Chalan Balaku and Kotda are over a mile long in the mornings as well as in the afternoons. So of course, with the flood mitigation and paving that will be done from Chalan Lamasu, where Ironwood comes out of, in front of the Cockpit area to Route 3 will definitely ease some of the traffic pains for the residents exiting in the mornings and entering in the afternoons. We were hoping that this money will be enough for flood mitigation; this road actually travels behind the Fern Terrace area up above Finegayan Elementary, so it takes you right out to Route 3. If we do this right, with Public Works, we can spare some of the money to make repairs along Chalan Balaku. There are over 2000 cars that run through there in the mornings and evenings, including buses. Businesses are growing. There is only one market in that area, so for families to go out and get food and supplies, they do need to travel through these areas. Thank you.

Chairman Vicente Pangelinan: Thank you very much, Madame Mayor. Mr. Dominguez?

Mr. Carl Dominguez: Mr. Chairman, I failed to identify myself in the last bill I testified for, Bill 95. I'm Carl Dominguez, the Director of the Department of Public Works. Again, thank you for the opportunity to testify on Bill 97-32. [read written testimony – see attached]

Chairman Vicente Pangelinan: Thank you very much. Mrs. Santos?

Mrs. Amanda Santos: My name is Amanda L.G. Santos. I am in support of Bill 97 for the flood mitigation of residential unit of Lot 4, Block 10, Route 10 Barrigada. This flooding problem was never solved since 1985. My son and family encountered a horrible and dramatic experience during the flooding season. If this bill passes, it will lessen or ease the nightmares of

my son and family. It would also allow them to sleep good at night, especially during the rainy season. I hope and pray that in the future, they will live a better life. I thank you all.

Chairman Vicente Pangelinan: Thank you very much, Mrs. Santos. Naomi?

Mayor Joanna Margaret Blas for Mrs. Naomi Saenz: Good afternoon, Mr. Chair and Senators. On behalf of Mr. Alfred Saenz and Mrs. Naomi Saenz, they are in support of Bill 97, but would also like to submit additional information. I am fully in support of Bill 97 for DPW as I am one of the many that has been made clear by Mr. Santos (GHURA), that it is a matter of time when someone will be injured fatally in my property and property damaged because of the existing water flow easements that is endangering the life of my family and property. My family has been living in fear for life and property for more than two years. I am requesting that if this bill is passed, that DPW will add my residence with the following: retaining wall; clean out the easement behind our house to include the water flow that is prevented from encroaching our property and endangering our safety and further damage to our property, and to include the property of Asan Maina Consalacion, which is not addressed in your Bill 97. Please understand that our lives are at stake. We have pictures to prove that the erosion is really going through our property.

Mrs. Saenz has lived on that property, and we have taken a field trip up there, to include Mrs. Linda Tolan's house. It is ready to just go down with the erosion and they are asking that we add this to Bill 97-32. Thank you.

Chairman Vicente Pangelinan: Thank you very much, Madame Mayor. Mr. Camacho?

Mr. John Camacho: Thank you, Mr. Chairman and members of the Committee. My name is John Camacho, Director of Revenue and Taxation. I'm here in support of Bill 97, specifically on the TPS, the Transaction Processing System. [read written testimony – see attached].

Currently, we are updating our records. We are interfacing right now as we move forward. This TPS, once we get the appropriation, and we have the software, it will take over the interfacing that we are doing currently. We support Bill 97. Thank you.

Chairman Vicente Pangelinan: Thank you very much, Mr. Camacho. Any questions for this panel?

Senator Rodriguez: Thank you very much, Mr. Chair. And thank you for your testimony. Carl, I understand and thank you for informing us about the road repairs on Route 4.

Mr. Carl Dominguez: It is a routed road, so it's eligible for federal funding.

Senator Rodriguez: That's right. And perhaps in working with the Chair and the Committee, these are things we can highlight and look at the other areas where flood mitigation is needed, and leave it to you to decide where these funds are needed best.

Mr. Carl Dominguez: Senator and Mr. Chair, just to put things into perspective, the 2010 Guam Stormwater Master Plan identified these various flooding areas in the 19 villages, and in 2010 dollars, the estimate to mitigate flooding was \$170 million. In the Village Street Master Plan, which can be viewed on our website (www.guamtransportationprogram.com), the estimated cost to address non-routed roads and tertiary roads (small roads) is \$700 million. So that puts things in perspective. Your bill is for \$3.6 million to help solve some problems. It's a very small percentage, but it is much appreciated. The people who have come to testify are badly affected by road, flooding and erosion situations.

Senator Rodriguez: On the DOI grant that you talked about, \$2 million, we talked about this a few months ago. When do you anticipate this coming in?

Mr. Carl Dominguez: Based on an email this morning, I really am hoping that we have some positive written news from them by, not this Friday, but the following Friday.

Chairman Vicente Pangelinan: Thank you very much. Senator Ada?

Senator Tom Ada: First of all, you mentioned needing flexibility on how you move monies around. So from a formatting standpoint, and maybe Mr. Chairman, would it give more flexibility if the language was just to appropriate the \$3.9 million for the purpose of funding flood mitigation at the various sites, because you don't even have the designs? Where do these figures come from, like \$146,000 for Taitano Street?

Mr. Carl Dominguez: From one of my engineers. It was strictly for construction; he did not include design.

Senator Tom Ada: So you probably really need to be able to identify the eligible projects that will be funded under this appropriation without necessarily putting dollars to it. That is something I would recommend, Mr. Chairman. The other part you have here is \$2.2 million for road repairs. Now you indicated that Department of Interior is going to provide some funds for road repairs, but they can only do that on those segments of road that Government of Guam has full title to, and we do have roads that need to get repaired which GovGuam does not have title to, and so until it does, those roads will continue to erode and get worse. At some point, we're going to need to put money to it. So your suggestion to take this money and roll it into flood mitigation work concerns me. Given that, do you still want to roll in that \$2 million dollars into flood mitigation projects and just leave those road segments unrepaired?

Mr. Carl Dominguez: No. I testified that the verbiage in the bill states the \$2.2 million dollars is for road repair and what I said is that I'd like to be able to use some of that money for additional flood mitigation work where required.

Senator Tom Ada: And finally, I do have some concerns, quite frankly, and John, I'm very supportive of your operation and know you have your own shortcomings up there but at some point the Territorial Highway Fund was established for the purpose of making repairs to highways. Even the recent OPA indicated that we're starting to dip into that fund for non-

highway projects, of which this would be one of those. Just to let you know ahead of time, I certainly will try my best to get \$400,000 put into road repairs and flood mitigation and we'll need to find more escheated funds to get you your system.

Mr. John Camacho: Well, we do a lot of work on motor vehicles. [laughter] We cater the streetlight funds, the white goods. There's a relationship with our computer system.

Senator Tom Ada: Ok, I get your point. [laughter].

Chairman Vicente Pangelinan: Thank you very much, Mr. Camacho. Senator Muña Barnes?

Senator Muña Barnes: Si yu'us ma'ase, Mr. Chair. For Carl, based on the flood mitigation and the road repairs, I understand that many constituents approach their village mayors about the road concerns in their villages. The mayors do have a system with DPW to stay informed about these road concerns, right?

Mr. Carl Dominguez: Yes, I get faxes or emails on particular situations. Mayor Jessy Gogue has asked me on several occasions if I could do something to repair Maimai Road—either repair it or rebuild it. But it's not on our short term, four year radar screen right now. It's a funding issue, but yes, I get faxes and emails regarding certain flooding issues. In the bill, there's flooding in Yigo. Residents call personally, stop by the office, and request assistance. I remember going up to Yigo many months ago to see a certain flooding situation, and have not been able to help the resident at this point in time, but have not forgotten it. It's not on the list, but there are plenty of requests

Senator Muña Barnes: Does DPW today have a list based on all the requests that come in from the village mayors and residents listing those concerns?

Mr. Carl Dominguez: Not all of them. I have folders on those that are most persistent and appear to be most serious. For example, Mrs. Amanda Santos, I have witnessed her son's house flooding. Mr. & Mrs. Saenz from Asan, I have personally been to their property and Mrs. Tolan's house. I have seen the physical condition of the drainage easement between their two houses. Their properties are in peril, and I haven't been able to help them so far. Just the design work for Asan would be in the amount of \$25,000-\$30,000.

Senator Muña Barnes: My concern, Mr. Dominguez and Mr. Chair, is that our offices have been receiving concerns. From Barrigada, before the road where Tan Amanda lives was upgraded, there were no problems. Flooding and problems started after the upgrade and repair to the roads. One constituent is using sacks to block the water from coming into her house. The house was bought at the appraisal value, and now because of all the damage, the appraisal has gone down. This constituent works at Naval Hospital, has gone through the Mayor's Office and has seen the letters written from the Mayor of Barrigada to DPW, and yet to no avail. Maybe what we need to do is if you can provide us a listing of all those constituents needing assistance? We want to address all the areas, both serious and also those needing repair, before the situation is really bad. Our office has received a number of requests for repair. I thank the author for

allowing me to be a co-sponsor. In the last week, our office received a request from the Mangilao area, the Barrigada and the Maimai area.

Chairman Vicente Pangelinan: Thank you Senator.

Mr. Carl Dominguez: Senator, if I may. Perhaps if the Mayor's Council could come up with a list and we could sit down with the Mayor's Council – maybe the President and prioritize based on immediate need or high risk. We can evaluate the risk to the property owners and we can go forward in that regard.

Chairman Vicente Pangelinan: Thank you. I think that would be a good idea, Carl.

Mr. Carl Dominguez: I would be open to that.

Chairman Vicente Pangelinan: You can pull out that file at DPW from me.

Mr. Carl Dominguez: Yes, with the others.

Chairman Vicente Pangelinan: There being no further questions for this panel, we still have Mr. Carlos Camacho. Also for the record I want to assure everyone that is here who signed the sign up sheet in support of the bill, although you are not providing oral testimony, the committee report will reflect you are supporting the bill. For example, I have Christina Santos, Talen Santos, Tara Santos... if any of these individuals wish to provide oral testimony, you are welcome to come up. But, you only indicated that you support the bill. If you want to present oral testimony I will be happy to accommodate your desire.

But signing up for oral testimony I have Mr. Carlos Camacho and Ms. Linda Tolan.

Mr. Carlos Camacho: Good afternoon, Speaker Pangelinan, Senators, Speaker Won Pat. Thank you for allowing me to testify in support of Bill 97-32. As I was sitting in the back I was listening to all the other speakers and they said a lot of things to make this bill more flexible. I wanted to speak on behalf of the Ironwood Development in the Machanao area that Mayor Savares mentioned.

That easement she is talking about is parallel to Fern Terrace fronting the cockpit coming into the Machanao housing development. We are at the tail end of that project and yes, she is right – when DPW and the Mayor's Office tried to re-do some strategic planning... Carl and Mayor can remember, it was miles and miles of cars just trying to avert traffic out of UR Market up to Ysengsong Road. When we were asked by the Mayor to see how we could assist when we were doing our development, we found out through doing some land research that there was a 50' easement parallel to Fern Terrace - as we said - that was still boonies and parallel to Chamorro Land Trust properties. So, when we found out there was a 50' easement, we offered to open that easement and also offered to bring in the sewer line through that easement to benefit the government property, which is Chamorro Land Trust coming in to the left and also the other property owners that are in the Machanao area.

When we did that, we also found out from GTA before they became private that the telephone lines were not sufficient to support the growth in that area. So, we brought in the first fiber optic lines on behalf of GTA and we allowed them to station their fiber optics in one of our community centers. Now all our homes have fiber optics. The other thing we did was we hired TG Engineers when we opened up that road to design the road according to DPW's specs and easement and road design. We paid for that design – I am not sure Mayor if you told this to DPW yet – our designs have been paid and we are willing to transfer that design over to the government since it is a government easement at our cost, which was paid many years ago and give that to the government to assist them to lower that cost of the design and just doing the pavement.

Many times on that particular road, we have been using government assets – we paid for our own equipment that we hired companies to bring in the gravel road when we opened it. During the master plan – during DPW's time through Parson's we thought that that would connect to the new Route 3 road that they can pave that in, but again it was not a route road as we have learned and basically that is why that road was never paved. But every rainy season the road gets dilapidated and two times of the five times the Mayor fixed it, we assisted twice and the other three times the Mayor did it with her own resources. At least for that particular site and the thousands of families who live there, we wanted to say that we became a good community partner and would like to transfer our designs that we paid for – it was many years ago, there may be updates, so hopefully DPW can update it. We support Bill 97. Thank you.

Chairman Vicente Pangelinan: Thank you very much, Mr. Camacho. Mr. Santos?

Mr. Anthony Santos: Thank you Mr. Speaker and members of the 32nd Guam Legislature. I thank Carl Dominguez - for the years that we have been going through with a lot of this flooding situation and sleepless nights and mornings – this is the only Deputy Director, now Director that would come out to the house and entertain any kind of issues we had due to the causes of mother nature and because of the lack of engineering that they did to cause this problem or just natural disasters. But I thank Mr. Dominguez and the Mayor of Barrigada for coming to – not only myself, but the people of the island and villages to assist us, but they are only limited to certain things, but just themselves to come out to show their concern. I support Bill 97. This is the first step of helping those on the island that are suffering because of the flooding situation – whether it be erosion or mother natures way.

But, my situation was because of the fact of the raising of the road, lack of engineering that was done – I do believe that my situation should be looked at and be taken seriously. It would be different if it was caused by Mother Nature's way of saying, hey you bought a house, I am just going to flood your house – poor planning of drainage. I do support Bill 97 and thank Senator Rodriguez for following up on our issue because the past years my father has voiced his concern to the Legislature and the past Governors about our situation. I see now it is a step forward. I hope and pray that we do look at this and take it seriously because everyone on this island is going through a lot. I am not sure if you have gone through this before or if you have ever been through it, but I came back because this is my home. Then to find out that my house is being flooded because ... I left in 2000 because of my job in the Navy. So I came back after five years to find out that the house that I had given my deceased brother was flooding even back

then. So now I am encountering it, my family is encountering it – at times we have sleepless nights, sleepless mornings because we have to worry about water coming in.

I do believe this is a step closer to resolving other issues around this island. I support Bill 97. Thank you.

Chairman Vicente Pangelinan: Thank you very much, Mr. Santos. Ms. Tolan?

Ms. Linda Tolan: Good evening Mr. Chair and members of your Committee of the 32nd Guam Legislature. We were made aware that there is a bill – Bill 97-32 – there was a round table meeting last Friday at the Asan Community Center. Mr. Carl Dominguez attended it from DPW, EPA, the Mayor of Asan-Maina, Ms. Lori Crisostomo of Bureau of Planning and the Executive Director of GHURA and the engineer Albert Santos. Our problem in Asan at the Consolacion Court is erosion – big time – that threatens the property and the lives around there. We have talked to Mr. Carl Dominguez about this since 2011. Our communications are emails and he tried. He even tried getting a hold of Department of Agriculture to plant different kinds of trees, which we did. The property owners at the bottom also planted trees and put some plastic or rubber to prevent erosion. I planted coconut trees and mango trees and all kinds of trees. I even hired a backhoe and bought four truckloads of base course from Hawaiian Rock thinking it would help with the erosion. But it didn't. Every time it rains – right now every time the way we see it, it is about 5' down from its original elevation.

Also, the falls, the valley – that is no longer a valley right now because it is covered by all greens. Mr. Carl Dominguez is aware of this and I have also approached Senator Tom Ada on this issue. I echo Senator Tina Muna Barnes said about the flooding. I have that problem on Route 6. When they elevated the road, our property is like a swimming pool every time it rains. This started in 2009 when I started knocking the doors of Public Works. Right now if you look at my building there, I have sand bags in all the entrances in case it rains so it won't be a swimming pool. In the office, you know what we do when it rains so hard? All we do is bail out water and mop. That's how bad it is in our situation. Our village mayor can attest to that. She is now taking care of 20 years of problems in the Asan-Maina village.

I do support Bill 97-32, but please include the Asan-Maina village in your appropriations. Thank you.

Chairman Vicente Pangelinan: Thank you very much Ms. Tolan. Mayor?

Mayor Joanna Margaret Blas: Good afternoon. I am Joanna Margaret Blas, Mayor of Asan-Maina. Buenas Senadot and Mr. Chair. My residents have contacted me since I have been here – I have been elected into office since January. I have sent a letter of concern to GHURA because GHURA in 1995 took over Asan to redevelop it. I have a list of twenty problems in Asan to include the erosion, the flooding – not only in Asan but also in Maina; Snake road. To this date, it still floods. We ask that you – I thank you Senator Rodriguez and Senator Tina Muna Barnes for introducing this bill. We need to add to add the villages of Asan and Maina and I take care of Adelup, also, besides the Governor's Office.

So, please we have flooding concerns and erosion in Asan-Maina, Nimitz Hill. Right now I fear for the life of some families because if that water goes up, it will go into their homes and they have a generator right behind their home. With due respect, I would like to go ahead and say we met with the agencies: DPW, GWA, EPA, GPA and also Planning and Research, the Director Ms. Crisostomo. I have a village meeting during my first three months in office to address all these village concerns. Senators, the village of Asan-Adelup, minus the Governor's Complex, Maina and Nimitz Hill do have heavy flooding and erosion problems. I have taken the directors and their representatives, whom I have addressed these concerns on a field trip to see for themselves and they have looked at it and they shook their heads. I don't know how, but it has gone this long. We need to fix it before a life is taken. Flooding is not every day. Erosion is not every day. But when the storm – knock on wood, it has been twelve years – if something comes up this thing, the erosion, the flooding will affect the village of Asan and Maina, to include snake road.

I also issued a list of concerns to GHURA because when the redevelopment was done, GHURA took this – a lot of problems were caused from their engineering plans.... and not Albert, Albert is a good engineer. It was back in 1990, 1995. Now they said they gave it to DPW. So therefore we do not have any authority to take care of the problems. But we include them in our meetings. We are pleading with everyone to please take care - not only Asan and Maina, Adelup and Nimitz Hill, but the other villages, like Dededo, like Barrigada. Last July, the water was flowing down and cars were swaying on Halsey Drive that is towards Nimitz Hill. Right now, I still have water flowing from Santa Ana St. down to Nino Perdido. Last year, we had a death in the Leon Guerrero family – a motorcycle that flipped because of the water flowing.

Please, I urge you support to Bill 97-32 and with what Senator Tina Muna Barnes stated to revisit the villages and our concerns. Thank you very much and I appreciate Bill 97-32 authored by Senator Rodriguez and Tina Muna Barnes. Thank you, Chair and all the Senators for having us here today.

Chairman Vicente Pangelinan: Thank you. Mr. Santos?

Mr. Anthony Santos: I wanted to also thank Senator Muna Barnes for being co-author.

Chairman Vicente Pangelinan: Thank you very much. This panel is dismissed.

Chairman Vicente Pangelinan. Thank you very much. This concludes the testimony on Bill No. 97-32. There being no additional individuals to present any additional testimony, this Committee will continue to remain open for the acceptance of any additional information or public testimony on the bill discussed. You can submit those testimonies to my office directly on W. Soledad Avenue, as well as the Guam Legislature or through any of the electronic processes either email at office@senben.com or through our website at senbenp.com

This hearing is adjourned.

III. FINDINGS & RECOMMENDATIONS

The Committee on Appropriation, Public Debt, Legal Affairs, Retirement, Public Parks, Recreation, Historic Preservation and Land, hereby reports Bill No. 97-32 (LS), As Amended with the recommendation to pass.

MINA' TRENTAI DOS NA LIHESLATURAN GUAHAN
2013 (FIRST) Regular Session

Bill No. 97-32 (CS)

Introduced by:

D.G. RODRIGUEZ, JR. 
T.R. MUNA-BARNES 

AN ACT TO APPROPRIATE AVAILABLE FUNDS FROM THE GUAM/TERRITORIAL HIGHWAY FUND TO DESIGNATE AND PRIORITIZE CERTAIN CAPITAL IMPROVEMENT PROJECTS, PURCHASE HEAVY EQUIPMENT NEEDED BY THE DEPARTMENT OF PUBLIC WORKS FOR FLOOD MITIGATION AND FUND THE DEPARTMENT OF REVENUE AND TAXATION'S TRANSACTION PROCESSING SYSTEM.

2013 APR 22 AM 10:42 

1 **BE IT ENACTED BY THE PEOPLE OF GUAM:**

2 **Section 1. Legislative Findings and Intent:** *I Liheslaturan Guåhan* finds

3 that the Territorial Highway Fund (Guam Highway Fund) was recently audited and
4 that there are un-appropriated funds identified in the Balance Sheet that are
5 available for reprogramming for flood mitigation projects and road
6 repair/improvement projects throughout the island. There are specific areas in
7 Barrigada, Dededo, Ipan and Harmon that require immediate action. The projects
8 listed in Section 2 of this Act are areas that the Department of Public Works have
9 been made aware of their conditions and the work necessary to mitigate flooding
10 and other traffic safety related issues. *I Liheslaturan Guåhan* further finds that the
11 acquisition of heavy equipment for drainage improvement and emergency flood
12 mitigation are necessary tools for the Department of Public Works to carry out its
13 mandates and responsibilities to ensure proper maintenance of our roadways. *I*
14 *Liheslaturan Guåhan* is also aware of the need to fund the Department of Revenue

1 and Taxation’s Transaction Processing System as a means to upgrade and facilitate
2 certain functions within the Department of Revenue and Taxation.

3 **Section 2. Appropriation from the Guam Highway Fund.**

4 Notwithstanding any provision of law, the Sum of THREE MILLION NINE
5 HUNDRED THOUSAND DOLLARS (\$3,900,000) is hereby appropriated from
6 the un-appropriated fund balance of the Guam/Territorial Highway Fund to the
7 Department of Public Works and the Department of Revenue and Taxation as
8 follows:

9 **1. Flood Mitigation (DPW):**

- 10 A.) Taitano Street, Harmon, \$146,000
11 installation of 680 lineal ft.
12 inlet catch basin to Route 16
- 13
- 14 B.) Mitigation (flood) of residential unit at \$215,000
15 Lot 4, Blk 10, Municipality of Barrigada (Route 10),
16 as best determined appropriate by Director, DPW
- 17
- 18 C.) Lot 6-1, Blk 2, Municipality of Barrigada \$300,000
19 (Route 10)
- 20 D.) For pavement and flood mitigation \$300,000
21 of the offsite Ironwood access road in
22 Dededo
- 23
- 24 E.) Various flood mitigation work in the village \$150,000
25 of Yigo

1	2. Acquisition of the following (DPW):	
2	Long reach excavator, with	\$200,000
3	maintenance agreement for flood mitigation	
4	3.) Road repair/improvement work (DPW)	\$2,189,000
5	with an emphasis on improving traffic safety in	
6	such areas as along Route 4 in Ipan adjacent to Jeff's Pirate's	
7	Cove and similar concerns island-wide	
8	4.) Funding for the Transaction Processing System	\$400,000
9	for the Department of Revenue and Taxation	
10	Total	\$3,900,000.00

11 **Section 3. Reporting Requirement.** The Department of Public Works and
12 the Department of Administration shall submit a status report on all capital projects
13 initially authorized prior to this Act, as provided pursuant to §1504 of 5 GCA and
14 §22427, Division 2, 5 GCA, as well as the status of capital projects and other
15 purposes authorized pursuant to this Act, to *I Maga'lahan Guåhan*, and the
16 *Speaker, I Liheslaturan Guåhan*.

17 **Section 4. Severability.** *If* any provision of this Act or its application to
18 any person or circumstance is found to be invalid or contrary to law, such
19 invalidity shall *not* affect other provisions or applications of this Act which can be
20 given effect without the invalid provisions or application, and to this end the
21 provisions of this Act are severable.

22 **Section 5. Effective Date.** This Act shall become immediately effective
23 upon enactment.

**I MINA' TRENTAI DOS NA LIHESLATURAN GUAHAN
2013 (FIRST) Regular Session**

Bill No. 97-32 (LS)

As amended by the Author
and the Committee on
Appropriations, Public Debt,
Legal Affairs, Retirement,
Public Parks, Recreation, Historic
Preservation and Land

Introduced by:

**D.G. RODRIGUEZ, JR.
T.R. MUNA-BARNES**

**AN ACT TO APPROPRIATE AVAILABLE FUNDS FROM
THE GUAM/TERRITORIAL HIGHWAY FUND TO
DESIGNATE AND PRIORITIZE CERTAIN CAPITAL
IMPROVEMENT PROJECTS, ~~PURCHASE—HEAVY
EQUIPMENT NEEDED~~ BY THE DEPARTMENT OF PUBLIC
WORKS FOR FLOOD MITIGATION AND OTHER
PURPOSES AND ~~FUND THE DEPARTMENT OF REVENUE
AND TAXATION'S TRANSACTION PROCESSING SYSTEM.~~**

BE IT ENACTED BY THE PEOPLE OF GUAM:

Section 1. Legislative Findings and Intent: *I Liheslaturan Guåhan* finds
that the Territorial Highway Fund (Guam Highway Fund) was recently audited and
that there are un-appropriated funds identified in the Balance Sheet that are
available for reprogramming for flood mitigation projects and road
repair/improvement projects throughout the island. There are specific areas in
Barrigada, Dededo, ~~Ipan~~ Yigo and Harmon that require immediate action. The
projects listed in Section 2 of this Act are areas that the Department of Public
Works have been made aware of their conditions and the work necessary to
mitigate flooding and other traffic safety related issues. *I Liheslaturan Guåhan*
further finds that the acquisition of heavy equipment for drainage improvement and
emergency flood mitigation are necessary tools for the Department of Public

1 Works to carry out its mandates and responsibilities to ensure proper maintenance
2 of our roadways. However, in the public hearing of Bill 97-32, the DPW Director
3 has indicated that U.S. Department of Interior, Office of Insular Affairs has
4 approved a grant of \$2 Million to DPW for the purchase of heavy road repair and
5 maintenance equipment, including a long reach excavator. Therefore, use of local
6 funding is not necessary at this time. ~~I Liheslaturan Guåhan is also aware of the~~
7 ~~need to fund the Department of Revenue and Taxation's Transaction Processing~~
8 ~~System as a means to upgrade and facilitate certain functions within the~~
9 ~~Department of Revenue and Taxation.~~ Bill 123-32 was introduced to use funds
10 escheated to the general fund to fund the purchase of the Department of Revenue
11 and Taxation's Transaction Processing System. Therefore, use of funds from the
12 Guam/Territorial Highway Fund is no longer necessary.

13 **Section 2. Appropriation from the Guam Highway Fund.**

14 Notwithstanding any provision of law, the Sum of THREE MILLION NINE
15 FOUR HUNDRED THOUSAND DOLLARS (\$3,9400,000) is hereby
16 appropriated from the un-appropriated fund balance of the Guam/Territorial
17 Highway Fund to the Department of Public Works ~~and the Department of Revenue~~
18 ~~and Taxation~~ as follows:

19 **1. Flood Mitigation (DPW):**

20 A.) Taitano Street, Harmon, up to \$1246,000
21 to resolve the flooding in the area, as directed by the Director of DPW
22 ~~installation of 680 lineal ft.~~
23 ~~inlet catch basin to Route 16~~

24
25 B.) Mitigation (flood) of residential unit at \$215,000
26 Lot 4, Blk 10, Municipality of Barrigada (Route 10),
27 as best determined appropriate by Director, DPW

1
2
3
4

17
18
19
20
21
22
23
24
25

C.) Lot 6-1, Blk 2, Municipality of Barrigada \$300,000
(Route 40 8), as directed by the Director of DPW

D.) For pavement and flood mitigation \$300,000
of the offsite Ironwood access road in
Chalan Lamasu, Dededo, as directed by the Director of DPW in coordination
with the Mayor of Dededo

E.) Various flood mitigation work in the village \$150,000
of Yigo, as directed by the Mayor of Yigo

F.) Lot 1019-5-4 and 1019-5-3, Municipality of Barrigada, \$180,000
as directed by the Mayor of Barrigada

~~2. Acquisition of the following (DPW):~~

~~Long reach excavator, with \$200,000
maintenance agreement for flood mitigation~~

~~3.) Road repair/improvement work (DPW) \$2,189,000~~

~~with an emphasis on improving traffic safety in
such areas as along Route 4 in Ipan adjacent to Jeff's Pirate's
Cove and similar concerns island-wide~~

2.) Flood Mitigation Projects around the island \$2,009,000

As directed by the Director of DPW and as prescribed in Exhibit "A"
through "R" of this Act.

MUNICIPALITY OF AGANA HEIGHTS
Mayor's Council of Guam

Wanshelina Michel Guethaus

Paul M. McDonald

VIA FACSIMILE

May 22, 2013

TO: MR. ANGEL R. SABLAN, Executive Director
Mayor's Council of Guam

FROM: Paul M. McDonald, Mayor
Municipality of Agana Heights

SUBJECT: Storm Water Drainage Master Plan

RECEIVED
MAY 22 2013
MAYORS' COUNCIL OF GUAM

Dear Mr Sablan:

Here is a list of our Top Five Priorities of the Storm Water Drainage in the Municipality of Agana Heights.

1. **JOSEPH CRUZ AVENUE/GUTERREZ DRIVE/JOE & FLO DRIVE**
-Flooding occurs up to 12 ft in residential homes along Joe & Flo Drive. A solution would to construct a gutter that would divert water from flooding homes.
2. **FRANCISCO JAVIER STREET/VICENTE SALOMON DRIVE**
-Ponding basin not capable of holding the amount of water during heavy rainfall's and/or rainstorms.
3. **TAIGIGAO STREET/CHALAN MACAJNA**
**Road across the gym, direct entrance to Taigigao Street
-Whenever it rains, the road always floods.
*Road further in Taigigao Street, going to the pipeline (residence of Augusto Delgado)
-Due to road being low water build up during rainstorms are really quick to fill and high flooding. It makes it impossible to drive through the road.*
4. **JOSEPH CRUZ AVENUE/FAHA DRIVE**
-Run-off from Joseph Cruz Avenue and Faha Drive need to be diverted away from private property (Antonio Chaco)
5. **TUTUJAN DRIVE/PAASAN DRIVE**
-Water run-off from all directions need to be diverted to reduce the amount of water buildup during rainstorms

Should you have any questions or concerns, please contact our office at (671) 472-8285/6.

Mayors' Council of Guam - Admin.Exhibit
"E"**RECEIVED**

MAY 21 2013

**MAYORS' COUNCIL
OF GUAM****From:** Jessy Gogue [ocp.mayor@gmail.com]**Sent:** Monday, May 20, 2013 5:49 PM**To:** Mayor Paul M. McDonald**Cc:** Mayors' Council of Guam - Admin.; Executive Director Angel R. Sablan; Julie Posadas - Quitano**Subject:** Fwd: STORM WATER DRAINAGE MASTER PLAN**Attachments:** storm-water-drainage-master-plan-draft.pdf, sqmp-appendix-d-cost-estimate-summaries-draft.pdf*Hafa Adai Mayor McDonald,*

With regard to the flooding in our District, please note that our TOP FIVE (5) priorities are as follows:

1. **Maimai Road (Route 15):** Between the Apusento Gardens entrance and the Taijeron Family residence, flooding gets as high as 5(+) feet during heavy rainfalls and even worse during a typhoon. This prevents many of the Maimai residents from gaining access to Route 4 and on occasion, many residents have become completely "land locked" because of similar flooding that occurs in front of the Department of Corrections (Dairy Road).
2. **Route 4 (Pago Bay):** [Not listed in the Storm Water Drainage Master Plan] Between the GWA Waste Water pump station and the Pago Bay Bridge.
3. **Chalan Nganga & Famha Road (Famha Area):** During heavy rainfall, roads are washed out and homes are flooded. Much of this flooding can be attributed to the growing development in this area which has allowed the rate of flow of rainwater to sheet across this area.
4. **Ramirez Drive:** Road in front of the elementary school continues to flood along with flooding in the homes across the street from the school. Much of the flooding can be attributed to the ineffectiveness of the ponding basins surrounding the school. Additionally, flooding seen this area has adversely affected the functions of GWA's Waste Water pump station and has, on occasion, allowed sewage to seep out from the sewer lines in this area.
5. **Manibusan Lane:** Currently the flow of water along Manibusan Lane are NOT properly channeled through this area, which has resulted in the flooding of the road and homes in this area.

Please let me know if you have any questions regarding my submission.

Sincerely,
Mayor Gogue

MEMORANDUM

To: Angel R. Sablan
Executive Director MCOG

From: Ernest T. Chargualaf
Mayor of Merizo

Subject: FLOODING AREAS TO BE ADDRESSED IN THE DISTRICT OF MERIZO

Buenas yan Hafa Adai. The areas identified below are the flooding areas that have been recurring problems year in and year out.

1. Barcinas Housing to Baza area.
- 2 Papatguan Bridge & surrounding areas.
3. Creek between the former 3R's store & Emma Reyes road.
4. Culverts from Espinosa Avenue to main road across Paul Salas and Jose Cruz (Bobi).
5. Howard & Janice Santiago residence.

In order to address and rectify these flood zones, the area residents along with the Mayor should be consulted as to how to proceed in doing so.

Thank You,

Ernest T. Chargualaf

I Mina'Trenta Dos Na Liheslaturan Guahan
Suite 207, Ada Plaza Center
Hagatna, Guam 96910

Buenas yan Hafa Adai, Mr. Chairman and Members of the Committee:

Thank you for giving the Department of Public Works the opportunity to review Bill 97-32, "An act to appropriate available funds from the Guam/Territorial Highway Fund to designate and prioritize certain capital improvement projects, purchase heavy equipment needed by the Department of public Works for flood mitigation and fund the Department of Revenue and Taxation's transaction processing system."

The DPW supports the bill to mitigate flooding conditions and improve the safety of our roads at various locations around the island. These flooding and deteriorated road conditions are hazardous to motorists and cause property damage to residences or businesses.

Because the dollar figures for the flood mitigation work listed in Section 2, Item No. 1 of this bill, e.g., \$146,000 for Taitano St., Harmon, \$210,000 for elevation of the residential unit on Lot 4, Block 10 in Barrigada, \$300,000 for Lot 6-1, Block 10 in Barrigada (fronts Route 8, not Route 10 as shown in the bill), etc., are just "rough" cost estimates and the actual costs will be established by engineering design and competitive bidding, the Department recommends verbiage be added to the bill which will allow the DPW some leeway with the funding to complete the projects.

The Office of Insular Affairs of the Department of the Interior has recently approved a grant of \$2 Million to DPW for the purchase of heavy road repair and maintenance equipment. The grant award is still subject to the DOI's appropriation being passed into law by Congress. If and when it comes through, the DPW intends to use the DOI grant to purchase an excavator, dump trucks, a grader, a roller compactor and other equipment which will allow us to clear rivers, drainage ditches and ponding basins as well as repair roads. Thus, if the DOI grant comes through, We would request that the \$200,000 listed in this bill for the purchase of a long-reach excavator instead be used for badly needed road repairs or additional flood mitigation work.

With regards to Item No. 3 in this bill, I am pleased to inform you that the DPW will be going out to bid by mid-June to re-surface the stretch of Route 4 from the Togcha bridge past Jeff's Pirate

The Honorable
Eddie Baza Calvo
Governor

The Honorable
Ray Tenorio
Lieutenant Governor

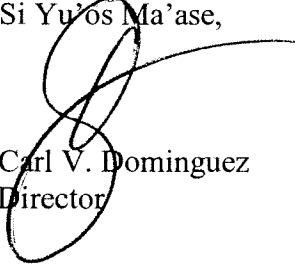

Carl V. Dominguez
Director

Jon "Jay" Rojas
Deputy Director

Cove and on to the Ipan beach park. This re-surfacing project, 100% will greatly improve the traction vehicles will have as they traverse that section of Route 4, especially in wet conditions. This project is 100% funded by the Federal Highway Administration (FHWA). The DPW recommends, that in addition to road repair and improvements, the \$2,189,000 listed be used to mitigate flooding and erosion problems in the villages.

The Department commends I Mina'Trenta Dos Na Liheslaturan Guahan and appreciates its attention to solving problems that adversely affect our motorists and residents. If you have any questions or require any additional information, please do not hesitate to contact me.

RE: BILL NO. 97-32(CS): AN ACT TO APPROPRIATE AVAILABLE FUNDS FROM THE
GUAM/TERRITORIAL HIGHWAY FUND TO DESIGNATE AND PRIORITIZE CERTAIN
CAPITAL IMPROVEMENT PROJECTS, PURCHASE HEAVY EQUIPMENT NEEDED BY
THE DEPARTMENT OF PUBLIC WORKS FOR FLOOD MITIGATION AND FUND THE
DEPARTMENT OF REVENUE AND TAXATION'S TRANSACTION PROCESSING
SYSTEM.

Buenas Yan Saludas:

The Department of Revenue & Taxation (DRT) hereby submits written testimony regarding the
aforementioned proposed legislation. DRT would like to thank the sponsors of this legislation for the
following reasons:

- 1) DRT currently faces the challenge of updating and correctly posting to taxpayer accounts
payments, credits and assessments since the discontinuance of the former point of sale system
in November 2011.
- 2) The integrity of data at DRT since that discontinuation has been deemed unreliable resulting in
numerous inaccurate billings and assessments to taxpayers of Guam.
- 3) The present point of sale system currently used by the Department of Administration does not
allow for interfacing of payments made at the Treasurer of Guam. It only allows for the
posting of general ledger accounts at DOA but not taxpayer subsidiary ledgers at DRT.
- 4) DRT would like to implement a Transaction Processing System that would correct the
interface issues, prevent duplication of work, and post to the general and subsidiary ledger
accounts while protecting taxpayer information.

Should you have any concerns on this matter, feel free to contact me at 635-1815.

Senseramente,

JOHN P. CAMACHO

Hafa Adai Senator Pangelinan:

The Guam Housing and Urban Renewal Authority (GHURA) is pleased for this opportunity to offer comment on Bill 97-32(LS). **GHURA supports the Committee's intent with Bill 97-32(LS) to appropriate funds to the Department of Public Works to address much-needed public infrastructure mitigation projects.**

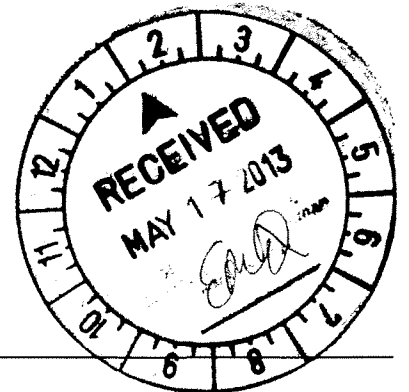

The sustainability of affordable housing is a key mandate of GHURA. We are encouraged to see included in the projects identified by DPW, road repair and improvements to a key access road serving the 300+ unit affordable housing development of Ironwood in Machanao, Dededo. In 2005, GHURA funded work on a \$450,000 water and sewer improvement project along that same span of road. With Bill 97-32(LS), the residents of Machanao will now have the use of a paved alternate access road.

A recent round table discussion focused on the need for flood mitigation throughout the island. We encourage the Guam Legislature to identify funding needed to fully implement the Department of Public Work's Guam Storm Water Drainage Master.

Finally, we wish to acknowledge DPW management and the spirit of resolve they exhibit in the face of these and other challenges.

Respectfully submitted for your consideration,

Michael J. Duenas

TESTIMONY ON **BILL 97-32(CS)**, AN ACT TO APPROPRIATE AVAILABLE FUNDS FROM THE GUAM/TERRITORIAL HIGHWAY FUND TO DESIGNATE AND PRIORITIZE CERTAIN CAPITAL IMPROVEMENT PROJECTS, PURCHASE HEAVY EQUIPMENT NEEDED BY THE DEPARTMENT OF PUBLIC WORKS FOR FLOOD MITIGATION AND FUND THE DEPARTMENT OF REVENUE AND TAXATION'S TRANSACTION PROCESSING SYSTEM.

Hafa Adai Chairman Rodriguez and Committee Members:

This written testimony is provided on behalf of the Bureau of Statistics and Plans in regards to Bill No. 97-32(CS) and offer the following comments:

Over the last several years, the Guam Coastal Management Program GCMP of the Bureau of Statistics and Plans and its networking agencies specifically Guam Environmental Protection Agency, Department of Agriculture's Forestry and Soil Resources Division, and United States Department of Agriculture's Natural Resources Conservation Service have put forth significant efforts to improve water quality and the overall health of watersheds on Guam. Several projects including reforestation and streambank stabilization have been undertaken to avoid adverse impacts.

There is a direct link between land alteration and the health of streams, coastal waters, and even Guam's sole source aquifer. The alteration of vegetated areas to buildings, driveways, parking lots, roads and other surfaces that prevent water from filtering into the ground to our landscape greatly increases the runoff volume created during storms. This alteration changes surface and groundwater drainage processes affecting our environment, our local economy, and our residents due to increased runoff volumes, waterway velocities, erosion, and flooding.

We support the intent of this bill and commend you on addressing flood mitigation and providing financial assistance to Department of Public Works. Thank you for the opportunity to comment on the above-mentioned bill. Si Yu'os Ma'ase.

LORILEE T. CRISOSTOMO
Director

32nd GUAM LEGISLATURE
155 Hesler Place
Hagatna, Guam 96910
HAND DELIVERED

✓ **Attn: SENATOR BEN C. PANGILINAN**
Chair, Committee on Appropriations, Taxation,
Public Debt, Banking, Insurance, Retirement & Land

And **SENATOR TOM C. ADA**
Chair, Committee on Utilities, Transportation, Public Works
& Veterans Affairs

**SUBJECT: APPROPRIATION FOR DPW TO REPAIR LAND EROSION
IN CONSOLACION COURT, ASAN
& SUPPORT FOR BILL 97-32**

Reference to PL 20-183 (Bill 305) as introduced by former Senators J.T. San Agustin, T. S. Nelson and C. T. C. Gutierrez of the 20th Guam Legislature, copy attached, that appropriated \$200,000.00 to construct retaining walls to protect houses within the Asa Urban Renewal Project and any other lots requiring such protection as identified by the Mayor of Asan-Maina.

Since October 2011, I have been in constant communication with then Deputy Director Carl Dominguez regarding the land erosion on government land in the village of Asan which is affecting the neighboring houses #218, 164, 178, 188, 194, 221 and 26 located at the Consolacion Court. Tried planting trees to slow down erosion; bought 4 big truck loads of base coarse from Hawaiian Rock Products and rented a backhoe to backfill the

I have also sought assistance from GHURA, Senator Tom Ada and Governor's Chief of Staff Frank Arriola for remedies on the ongoing problem that threatens the safety and security of our lives and homes.

Last several weeks, Asan-Maina Mayor Joana Margaret Blas and I have met with the Ghura board members, Executive Director Mike Duenas and Engineer Albert Santos. Last Friday, May 10, a meeting was held at the Asan Community Center which was attended by some property owners in Asan, DPW Director Carl Dominguez, GHURA Executive Director Mike Duenas & Engr. Albert Santos, Bureau of Planning Director Lorie Crisostomo, GWA John Quidachay, Mayor J. Margaret Blas and a Guam EPA.

32nd Guam Legislature
May 13, 2013
Page 2

As GHURA asserted the Asan Redevelopment project was already deeded to DPW; that they do not have contingent funds to help solve the problem and that DPW has not maintained the village's infrastructure: roads, valley, street lights, to name a few as preventative measures. The particular issue is the land erosion that has been occurring and lately we were told by GHURA of spring water underneath our homes which has been dropping the soil elevation especially when it rains.

DPW Director Carl Dominguez claims he has no funds to address the emergent community problem. He tried in the past seeking guidance from Dept of Agriculture and other agencies, to no avail.

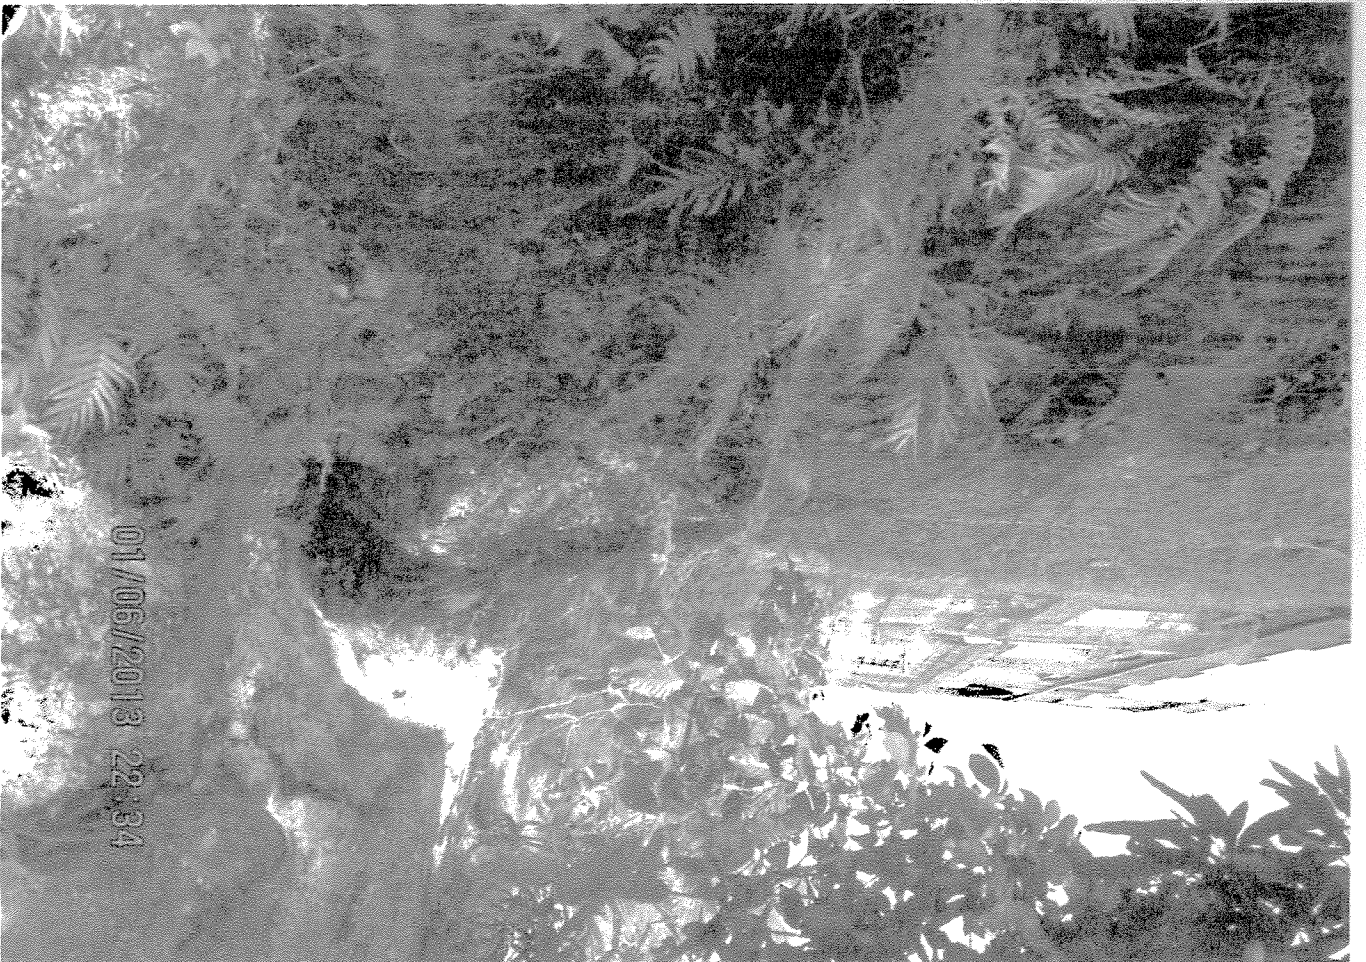

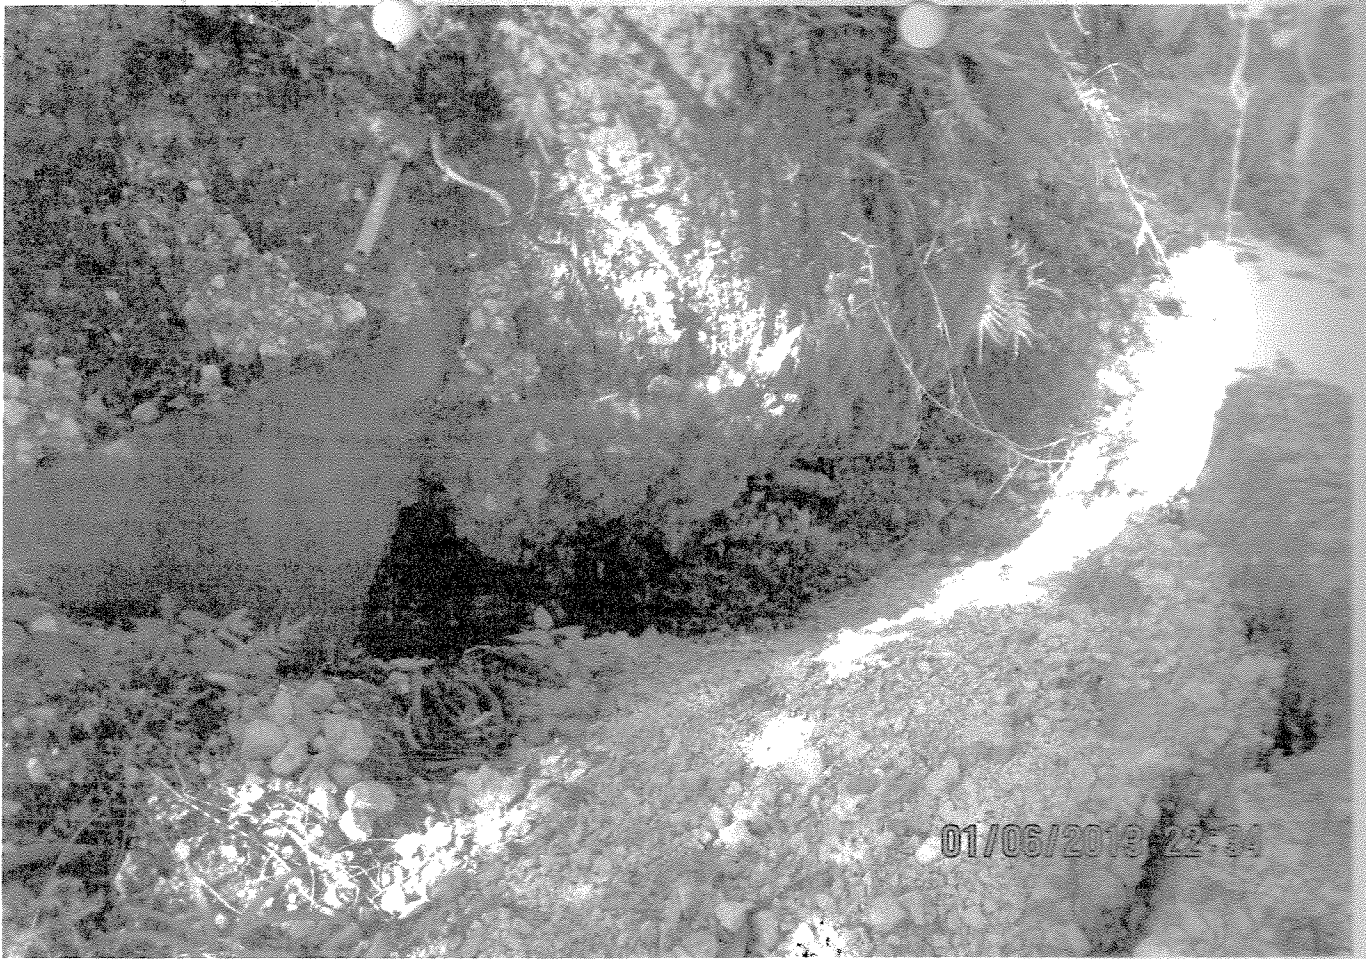

I'm enclosing photos showing the areas that pose danger and destruction of lives and properties for your easy reference.

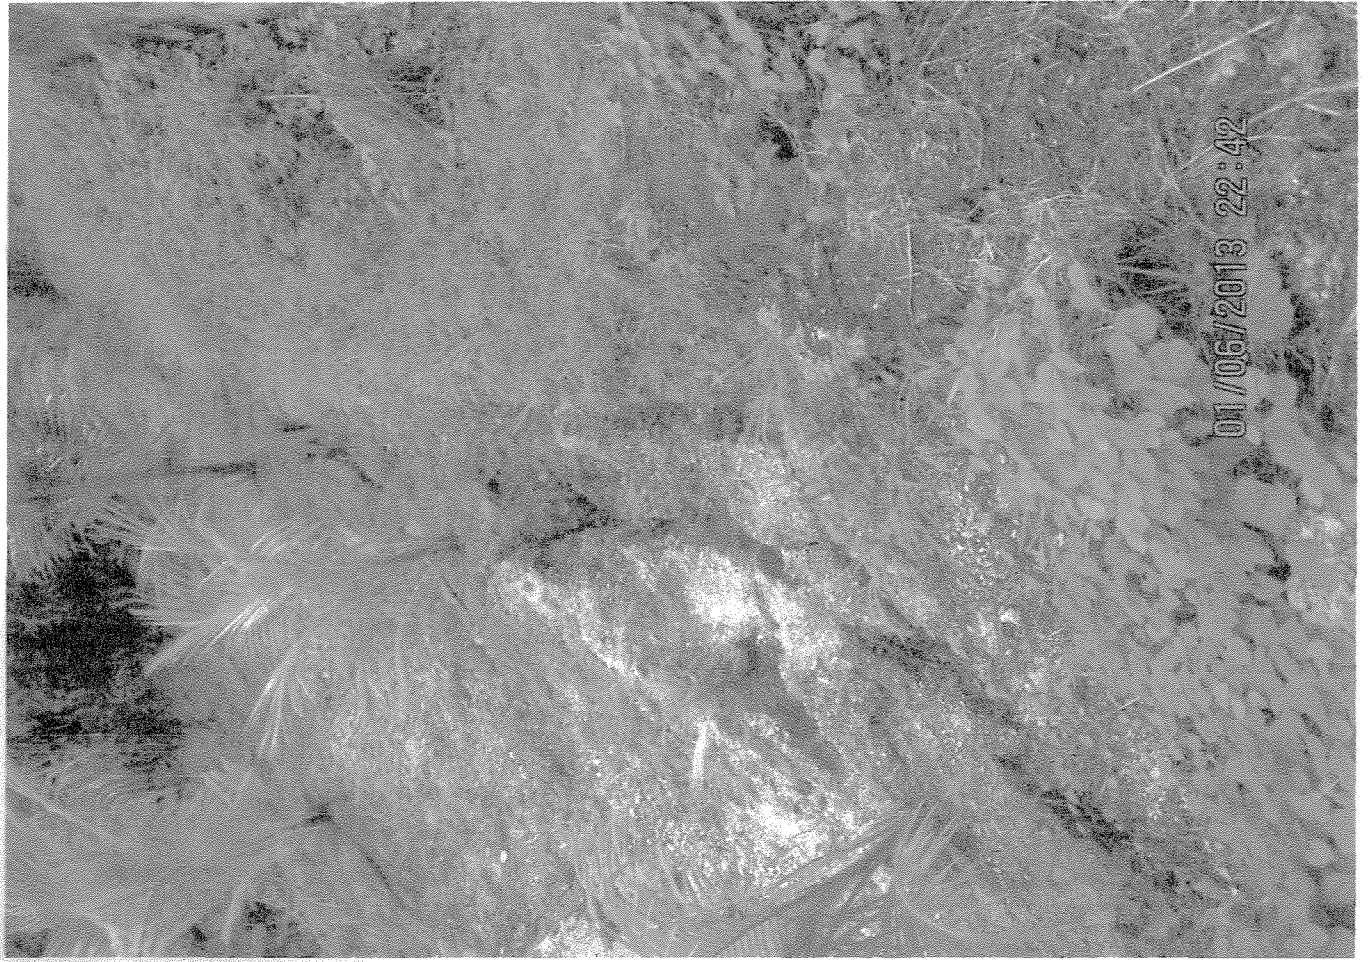

We, the residents of Asan, are here before the Guam Legislature seeking your rationale and compassionate understanding to address our community problem by giving the necessary funds to Dept. of Public Works so they can immediately act as soon as possible to avoid a calamity to happen.

Thank you very much for your utmost attention and consideration. God Bless.

01 / 06 / 2013 22 : 42

T E S T I M O N Y

14th day of May, 2013, 2:00 P.M.

This is a great day to extend the gratitude of the residents of Perez Gardens-Machanao to Senator Dennis G. Rodriguez, Jr. and Senator Tina R. Muna-Barnes of the 32rd Guam Legislature for introducing Bill 97-32 (CS), an act to appropriate available funds from the Guam/Territorial Highway Fund to designate and prioritize certain capital improvement projects with particular mention of Section 2 I.D) for pavement and flood mitigation of the offsite Ironwood access road in Dededo.

For sometime residents of Ironwood Subdivision have accessed the roads around/within Perez Gardens/Machanao which caused heavy traffic considering that there are 301 deep potholes and patches on the roads especially along Balako Rd. Our residents have great expectations that our roads, too, would have been included in the section of this bill.

At any rate the pavement and flood mitigation of the offsite Ironwood access road in Dededo hopefully would greatly ease the uncomfortable heavy traffic along Balako road in Machanao-Perez Gardens subdivisions.

Thank you very much for your concern and understanding.

(Sgd)  CONCEPCION G. VIRAY
Resident of Perez Gardens
Subdivision

May 14, 2013

Senator Ben Pangelinan
Chairman, Committee on Appropriations, Public Debts, Legal Affairs, Retirement,
Public Parks, Recreation, Historic Preservation and Land
32nd Guam Legislature

**RE: Submission of Written Testimony in support of Bill 97-32, An Act to
Appropriate Available Funds from the Guam/Territorial Highway Fund to
Designate and Prioritize certain Capital Improvement projects and for Flood
Mitigation.**

Dear Senator Pangelinan:

Good Afternoon Mr. Chairman and members of the Committee. My name is Domingo S. Cabusao, a retired Environmental Engineer at Guam EPA and long time resident of Perez Garden Subdivision in Machanao, Dededo. I thank the committee for giving me the opportunity to testify in favor of Bill 97-32 which provides funding for the paving and flood mitigation of Chalan Lumasu Ext. (also known as Ironwood Access Road) in Machanao, Dededo and I would like also to thanks Senator Rodriguez and Senator Tina Muna Barnes for sponsoring proposed Bill 97-32.

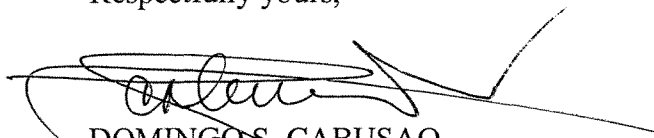

For your information, there are now five subdivisions within the area and utilizing only one entrance and exit road, the Chalan Balaku in Machanao Subdivision. In case of an emergency and/or an accident at the entrance road, we can't leave or exit the area. The traffic is getting worst especially in the morning and afternoon. The asphaltting of the Chalan Lumasu Ext (Ironwood Access Road) through the available funding of the Guam/Territorial Highway Fund will surely alleviate the traffic congestion in our area. We estimated that more than one thousand vehicles traverses the Chalan Balaku Road everyday, which has deteriorated badly due to the constant used by heavy equipments during the construction of the new three subdivision and the increase in numbers of cars using the road. The road which was paved during Governor Paul Calvo's term was not designed and built for heavy loads. We have requested DPW through the office of the former Director, to repair Chalan Balaku and pave Chalan Lumasu Ext. but according to her funding is not available to do repairs of the secondary roads.

The people of Machanao and I are also a tax payers, paying fuel tax and property tax and it is only right that the government of Guam provides the necessary services due to its people, especially to the people of Machanao. We are grateful that our beloved Mayor has volunteered to use her available village funding for the repairs of Chalan Balaku.

Mr. Chairman and members of the committee, I won't be here pleading and asking for your help in passing Bill 97-32, appropriating funding for the paving and flood mitigation of Chalan Lumasu Ext, if only the developer of the Ironwood Manor had paved the road as conditioned in their TLUC approval, which requires them to open the road, make it accessible and connect it to Route 3 prior to DPW approving the subdivision map. The subdivision map has been approved, houses have been built and occupied and the road was opened but not asphalted. We don't know what transpired between DPW and the developer.

Mr. Chairman and members of the committee, I 'm appealing to you, please consider Bill 97-32 and approve and pass it as soon as possible.

Respectfully yours,

A handwritten signature in black ink, appearing to read 'Domingo S. Cabusao', with a long horizontal flourish extending to the right.

DOMINGO S. CABUSAO
321 Chalan Tan Margarita
Dededo, Guam 96929

 Is there a federal mandate to establish the program/agency? // Yes /X/ No
4. Will the enactment of this Bill require new physical facilities? // Yes /X/ No
5. Was Fiscal Note coordinated with the affected dept/agency? If no, indicate reason: // Yes /X/ No
 // Requested agency comments not received as of the due date /X/ Other: Time constraints

Analyst: M. Flores Date: 4/24/13 Director: [Signature] Date: 4/25/13
 Angela Flores, BMA IV [Signature] John A. Rios, Director

Footnotes: 1/ Based on the FY 2012 released Audit by the Office of Public Accountability for the Territorial Highway Fund FY 2012, the Fund Balance amount is \$4,321,119, but which is committed for highway operations. The FY 2013 current tracking of GHF reflects an overage of \$1,955,392.

Comments on Bill No. 97-32 (LS)

The bill is seeking to appropriate \$3.9 million from the unappropriated fund balance of the Guam Highway Fund, to Department of Public Works (DPW) to fund costs for certain capital improvement projects, to purchase heavy equipment for flood mitigation purposes, and for road repair and improvement work; and to Department of Revenue and Taxation (DRT) to fund the Transaction Processing System to upgrade and facilitate certain functions.

Section 2 of the proposed legislation lists the items to be funded as follows: **1.** To DPW for flood mitigation purposes: **(A)** Taitano Street, Harmon installation of 680 lineal ft. inlet catch basin to Route 16 - \$146,000; **(B)** Residential unit, Lot 4, Blk 10, Barrigada (Route 10) - \$215,000; **(C)** Lot 6-1, Blk 2, Barrigada (Route 10) - \$300,000; **(D)** Offsite Ironwood access road, Dededo, to include pavement - \$300,000; **(E)** Yigo, various flood mitigation work - \$150,000 **2.** To DPW for acquisition of a long reach excavator, with maintenance agreement - \$200,000 **3.** To DPW for road repair and improvement work primarily to improve traffic safety along Route 4, Ipan adjacent to Jeff's Pirates's Cove, and other areas islandwide with emphasis on the improvement of traffic safety - \$2,189,000 and **4.** To DRT for the Transaction Processing System to improve and facilitate program functions - \$400,000.

Section 3 states that the Department of Public Works and the Department of Administration shall submit a status report on on all capital projects initially authorized under bonds, prior to this proposed legislation under § 1504 of 5 GCA and § 22427, Division 2, 5 GCA (see Attachment). The Section also requires DPW and DOA to report on the status of capital projects and others as per the proposed legislation.

Sections 4 and 5 pertain to Severability and Effective Date under the proposed legislation.

Based on the FY 2012 released Audit by the Office of Public Accountability for the Territorial Highway Fund FY 2012, the Fund Balance amount is \$4,321,119, but which is committed for highway operations. The FY 2013 current tracking of GHF reflects an overage of \$1,955,392.
