The public hearing was called-to-order at 9:00 AM.

II. SUMMARY OF TESTIMONY & DISCUSSION

Acting Chairman Cruz: The Committee on Appropriations, Public Debt, Legal Affairs, Retirement, Public Parks, Recreation, Historic Preservation, and Land will now come to order. I regret to inform the community that Senator ben Pangelinan just passed away. But in his honor, we thought that, since he was the consummate government official who wanted government to move forward we would move forward with this public hearing this morning. And then attend to the other things that we need to do. But we will move forward with this hearing. In the last couple of days, he sent me a whole list of questions, so please bear with me when I ask the questions that he sent to me to ask. The public hearing notices were sent out as per public law five days ago and last notice was sent out the other day. So, if we can just have one moment of silence in his honor.

Summary

Acting Chairman Cruz: Thank you. We have several confirmation hearings this morning the first was to a board I know Senator Pangelinan was very interested in—that was the Chamorro Land Trust. Are the nominees here?

II. SUMMARY OF TESTIMONY & DISCUSSION

Mrs. Amanda Santos (“Tan Amanda”): Good morning, Senators. I am Amanda LG Santos a board member for CLT for four years. I will try my very best if confirmed to work diligently with Mike Borja our new director and other board members. As you all know I am an honorable board member in which I was mainly observing and otherwise a male watchdog like most people wanted me to do. Sometimes I disagree on issues that need to be address by the public. Thank you very much.

Acting Chairman Cruz: I would like to call the rest of the Board members up. I will let you choose who will goes first.

Mr. Pascual Artero Sablan: Let me start out by saying that I am quite emotional because about an hour ago I heard about Senator Ben Pangelinan. He was not only my nephew but my close friend. At the same time I was thinking of my sister who has advance stage cancer and at any time she could go so please bear with me. [Read from his Testimony Verbatim.]

Mr. Joseph I. Cruz. I don't have a prepared speech, but my name is Joseph Cruz. I retired from the Department of Land Management where I worked for 40 years. I am here to offer my service and support to the Chamorro Land Trust. As Mr. Sablan mentioned, he was part of the Land Use Commission as the technical staff. I was assigned to the Chamorro Land Trust during the Camacho administration. I know most of their operation and willing to give it a shot. Thank you.

Chairman Vice Speaker Cruz: Well, I guess the first question that Senator ben was whether or not you knew about the rules and regulations. Having been there forty years, I do not even dare ask you.

Mr. Joseph Cruz: Chapter 75...

Acting Chairman Cruz: And Tun Amanda was very humble in saying she was not verbal. That's not one thing I know her to be. And she's a great watchdog for the commission and so, I'm not even going to bother to ask her. Having served on that board for four years and...I was given a whole set of questions but it's obvious the credentials that you bring of forty years with the department. Your background and Tun Amanda having served there four years already that she's fully aware of what her responsibilities are. So, if it's okay, I will just do without going through the list of questions. I am sure he will understand that you have answered all those questions. Unless anybody has any questions or comments.

Senator Aline Yamashita: Thank you Mr. Vice Speaker. I thank you for making the time. It takes a lot of time. it takes a lot of effort, to schedule, to get there, to study, to do your homework and follow up. So you know we certainly thank you. You know if the media cameras were here, I would've loved to ask them to take a shot from this side because your three beautiful grandchildren or maybe all four of them are your grandchildren, I'm not sure...But all the beautiful children is such a mixture of our future, such well behaved children, and then our...from sunrise to sunset and it's such a beautiful picture of what you're going to be doing. You're going to be shepherding to make sure our land is addressed in care of, as we move forward. So, thank you, thank you very much for the families you have brought and then the work that you are willing to do. Thank you Mr. Vice Speaker.

Senator Duenas: Thank you Mr. Vice Speaker, Chairman. I am humbled and honored by this panel and I just want to take this opportunity to share with this committee my observations: first, with Tan Amanda we get the two for one because we know that is she a watch dog but her husband is a watch dog and if we don't follow through with our commitment in supporting what this commission wants to and needs to do we will be in double trouble. So I want to just say to the committee this is one excellent continuous appointment. And Tan Amanda thank you for praying over Senator ben I know that you helped him on his way to heaven. You shared that with me the other night and it meant a lot to me.

Joe, there is no question, you have walked the land, you know the issues and I think the Committee just needs to know the year and a half I worked with you at department of Land Management I was really impressed with your work and your deep knowledge of Public Works. These things are really important going forward to ensure that this acumen of this board will truly move the Chamorro Land Trust forward. Joe what I want to ask you to do with the other members particularly with Mr. Sablan who I don't know, I look forward to getting to know. We have the staff here from Department of Land Management, Margarita Borja and the others. For your benefit Mr. Sablan I don't know if you were following along during the Camacho administration things came to a head in terms of rules and regulation and things that had to happen at the Chamorro Land Trust. One of the things I recommended was this unification come together.

There was a plan put together by the University of Guam, Dr. Barber, former Senator Joanne Brown. It was a very comprehensive body of work that I know still exists with Margarita and the team from Department of Land Management. And it was strictly recommendations, which was not telling you what to do; it was saying this is what we found. It took the expertise of The University of Guam it took all the depth of knowledge that the organizations have and here is what we found and that was what started to move Chamorro Land Trust and get things moving again and sorting out the way they could fairly mitigate whatever they can to move forward. So Joe, if you can share that with your colleagues when you sit down at your meetings and please ask Margarita and the team and to present the findings of the University of Guam and give you a playbook, if you will, just a guideline. Mr. Sablan, I want to just say because I know many Arteros I have spent many times at your property, to barbeque, play and have fun with my family so I understand where you are

coming from. I meet with a lot of your family members in terms of the ongoing issues in terms of Route 3A and so I know when you say to this panel and Committee that truly in your blood understand in the plight of landowners the value of land to our people that emulates from your heart. I just want all of you to know right now that I feel very comfortable placing my vote for your nomination and I will raise both hands. I know there are strict rules with our session but I wonder if we could do a notwithstanding but I will talk to the Speaker about that later. For today's session maybe we can get this done at today's session maybe not but if we can do a notwithstanding because the Governor called us in on for another issue if we can't do it I am sure we can get you on the next session but if we could do it that would sure be a blessing. I will close with that, I just want to say I am deeply humbled by this panel and Mr. Sablan I hope we can make time to have coffee or something and just go over your ideas but I can tell from your testimony you are going to be a great addition. Thank you Mr. Chairman.

Senator Morrison: Thank you Mr. Chair I just want to say that although sometimes we struggle to get commissioners and board members throughout our agencies I just want to say throughout my experience today has highlighted that we brought the best of the best for our island to serve our people and I am very encouraged with the leadership that is going to be put in place to serve at Department of land management at this very critical agency. I thank you for serving our island.

I also want to point out that Senator Yamashita and I have been seeing the same thing Mrs. Santos, I/we have been looking at you daughter, she is right behind you and as you spoke she was really amazed she was really amazed. So you starting her civic involvement very, very early. I just want to thank you all. Thank you Mr. Cruz and Mr. Sablan and thank you Mr. Chairman.

Senator Tony Ada: Thank you Mr. Chairman. Thank Mr. Cruz and Mr. Sablan and Mrs. Santos. I want to thank you for your service to the community and you all have my vote for your confirmation to the Chamorro Land Trust. Thank you Mr. Chairman.

Acting Chairman Cruz: I want to thank Senator Yamashita and Mr. Borja for calming me down and having me understand and that Senator ben was very, very passionate about Chamorro Land Trust and even in his illness the one thing he wanted done was to make sure that this board was fully staffed so it can continue its work. He has been an absolute watchdog as it relates to the Commission and the Guam Ancestral Lands Commission. That was the second thing he wanted to be Committee Chair of – Committee Chair for Land after First being Committee Chair for Appropriations because he believed that these were integral to this community. Though we may have lost him today, I think we honored him by meeting today and moving forward with this confirmation. Hopefully, Chamorro Land Trust will continue with its work and I may join Senator Duenas in making the motion to have the confirmations without having the committee reports. But I want to thank everybody for the willingness to step forward and assist in the memory of one of, probably, the best senator I have known and the most intelligent man, I don't know who will fill in his shoes. I want to thank you all for coming today if we could just end with a moment of

Silence and maybe I can ask Tan Amanda to just say a prayer for us “*kao sina un taitaiyi*” (will you pray for him).

Mrs. Amanda Santos: In the name of the Father and the Son and the Holy Spirit Amen. May the blessing of the Blessed Mother bless us all and may the power of the Holy Spirit come over us, St. Jude, Sam Roque, and all the Saints and Jesus, Divine Mercy, guide us in this confirmation in Jesus’ name. Amen.

Acting Chairman Cruz: The committee will stand adjourned.

The Honorable Chairman and Senators of *I Mina' Trentai Dos Na Liheslaturan Guahan* and the people of Guam; *dankulu na si Yu'us Ma'ase* for this opportunity to appear before the Committee; and, to receive testimony for my appointment to serve on the Chamorro Land Trust Commission. I am also honored by Governor Calvo's entrustment to serve the people of Guam in this capacity.

Mr. Chairman, let me share my distinct credentials to serve on the Chamorro Land Trust Commission.

- I am a Guamanian, but not just a regular Guamanian. Chamorro blood runs thick in the veins of my father and mother. So I do believe I am Chamorro.

- I was born after World War II, a non-citizen and I was naturalized in 1971. So I am obligated to uphold the Constitution and comply with the laws of Guam. More so, by definition, I am a “native inhabitant”. I am on the registry at Senator Pangelinan’s office, eligible to vote at our next decolonization plebiscite.
- My parents and family were the Chamorros that emerged from the jungles at war’s end. We were blessed and thankful to be alive. Happy of what little was left. The Artero’s relinquished property with little objection for National Defense; but instilled values focused on education, ‘family’ and hard workand, to make the best of what you have! I believe that the Trust is an instrument for those values and a tool to foster the furtherance of education and family core.

- My public administration instinct has been sharpened having administered many government divisions that manage complex but essential government programs. I know and can smell bureaucracy.....instead; mission and public service should be the compelling focus. I will use my prudent judgment to make sound decisions that are fair and impartial.
- I am a descendant of the Artero clan. I know what it's like for a family to own property.....not own property.....then own property...but then...somewhat own property. The Land Trust is reserved for Chamorro's...I will protect it!
- In my lifetime, I've gone through the drastic changes and pressures placed upon Chamorros that few ethnicities, as a people, were made to endure. The Land Trust and our government leadership are the last remaining bastions for Chamorros. That is all that is left.

The Land Trust is important to sustain the culture, the language and the identity of the Chamorros. Protecting the Trust will safeguard its people.

- Having been and then chaired the Guam Land Use Commission for many years, I am knowledgeable in perpetuating the highest and best of use of land; understand sound land use planning; and, sensitivity over ownership rights. My land use experience will influence how Land Trust properties are managed and used. I will be cautious that decisions assure socio-economic integration of Chamorros and not build Chamorro reservations. We must be vigilant that Chamorros do not inadvertently succumb or become subjected to the Hawaii-fication model.

Governor Bordallo was highly criticized in the siting of Guma Trankilidat (senior citizen homes) in the middle of the most expensive properties on Guam. He responded, ‘Why not?’

The Chamorro Land Trust Commission (CLTC) was created to administer the Chamorro Land Trust Act and to manage Chamorro Homelands. Mr. Chairman and members of the Committee, I am prepared and honored to protect and take part in the management of the Chamorro Homelands for the best interest of the Chamorro people.

I ask for your trust and confidence to confirm my appointment to serve you and my people in this capacity. Mr. Chairman and members of the Committee, I am now open for your questions. *Si Yu’us Ma’ase!*
