SENATOR DENNIS G. RODRIGUEZ, JR.

Senator Tony Ada: I just want to thank Ms. Yasuhiro in taking a stand by becoming a member of the Advisory Council. If there is anything the legislature can do, please do not hesitate to contact us.

Senator ben pangelinan: Congratulations and thank you for accepting the nomination for the Guam Behavioral and Wellness Center. I notice that you wanted to follow the lead that the Systems of Care has provided. I was just curious if they have empanelled the Systems of Care council as well?

Virginia Yasuhiro: I am a part of the Systems of Care Advisory Council.

Senator pangelinan: Do you have a full compliment there?

Virginia Yasuhiro: Yes, we do.

Senator pangelinan: if you don't, I was going to suggest to merge the Systems of Care Council and the Advisory Council so we can move forward along with the dedicated members of these Councils. What would you suggest or propose to take away the stigma? What would the Council do to increase the outreach program?

Virginia Yasuhiro: I know that the department has brought in training, such as Mental Health First Aid. That educates the public what mental health and mental illness. When I speak about mental health, I am not only talking about the illness, but also regular citizens who need care and someone to voice their concerns on family issues without any wrong door. I think that is what's important. We, in the Service Members, Veterans, and their Families group, have also looked into that. It is also important to have consumers speak out and openly.

Senator Duenas: as a Director in DYA, I really enjoyed your input and participation in the PEACE Council. I just want to congratulate you on your accomplishments and your advocacy and you will definitely serve this Council well.

Chairman Rodriguez: I know a lot of what you have discussed today is something we have discussed in the conference. Thank you very much for accepting the nomination and we will continue to get the Council in its full body.

Testimony of Virginia W. Yasuhiro on the appointment to the Council on Mental Health and Substance Abuse

Buenas yan Hafa Adai Mr. Chairman and Members of the Committee on Health & Human Services, Insurance Reform, Economic Development and Senior Citizens.

Thank you for the opportunity to provide testimony today, as you consider my confirmation as a member of the Council on Mental Health and Substance Abuse. My name is Virginia Williams Yasuhiro. I have a Masters in Social Work from the University of Wisconsin-Milwaukee in 1981 and I am licensed by the Guam Board of Allied Health to practice individual, marriage and family therapy (Guam license #024). I have worked for the Government of Guam since 1982, first as a social worker with Child Protective Services and then with the Judiciary from 1983 as an Assistant Family Counselor, a Senior Therapist and currently as the Administrator for the Client Services and Family Counseling Division. I have worked hand in hand with the Department of Mental Health and Substance Abuse in a clinical capacity with shared cases, and in a public policy capacity as I have served in numerous mental health related councils/committees to include, the Mental Health Advisory Council from 1987-1993, past member of the Technical Assistance and Advisory Committee of Project Karinu, current member of the Guam Systems of Care Council, the PEACE Council, the Guam Service Members, Veterans and their Families Interagency Planning Team. I believe that my experience, not only as a clinician and administrator, but also in my various roles in collaboration with the department and other agencies, will be of benefit when I as a council member review the plans, programs and services of the department. I think it is an exciting but critical time for the department. Although District Court has returned control back to the management of the department, they continue to report back to District Court on progress.

I applaud members of this legislature for passing Bill 73 to rename the Department of Mental Health and Substance Abuse to the Guam Behavioral Health and Wellness Center. This alone is monumental in helping to reduce the stigma that has long been held by many generations of our people with regard to mental health treatment. This name change is not enough and must be coupled with a strong public information and stigma reduction campaign to undue the "mental" stereotypes and negativity that is so pervasive in our community. We need to foster a culture of acceptance of diversity and strength of character in each individual's ability to recognize challenges, whether it be a mental illness or life (challenge) and to seek help. There has been much emerging data that recognizes the importance of peer provided outreach and interventions in helping other peers seek and participate in treatment and services.
