COMMITTEE REPORT DIGEST

I. OVERVIEW

The Committee on Municipal Affairs, Tourism, Housing and Hagåtña Restoration & Redevelopment Authority convened a public hearing on Thursday, May 15, 2014 at 10:00 AM in I Liheslatura's Public Hearing Room. Among the items on the agenda was the consideration of the appointment of **Zenon E. Belanger**, to serve as a Member of Hagåtña Restoration and Redevelopment Authority, Board of Commissioners, and whose appointment history is as follows:

- Appointed by I Maga'lahaen Guåhan on April 29, 2014, for Five (5) years;
- Appointment packet forwarded to I Liheslatura on April 29, 2014;
- Appointment packet forwarded to this committee for public consideration on Thursday, May 1, 2014.

Public Notice Requirements

Notices were disseminated via e-mail to all senators and all main media broadcasting outlets on Thursday, May 8, 2014 (5-Day Notice), and again on Tuesday, May 13, 2014 (48-Hour Notice).

Senators Present

Senator Tina Muña Barnes, Chairperson

Senator Aline Yamashita, Committee Member

Senator Tony Ada, Committee Member

Senator Chris Duenas, Committee Member

II. SUMMARY OF TESTIMONY & DISCUSSION

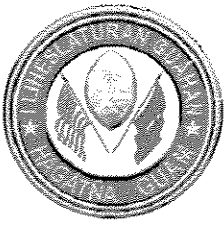

The public hearing was Called-to-Order at 10:03 AM.

Chairperson – Good morning and Manana Si Yu'os, many of God's blessings on this beautiful morning. The Committee on Municipal Affairs, Tourism, Housing and Hagåtña Restoration and Redevelopment authority is called to order at 10:03 a.m. For the record, ladies and gentlemen, in accordance to 5 GCA, Chapter 8, Subsection 8107, public hearing notices were sent out to all the Senators and main media on Thursday,

Chairperson, Committee on Municipal Affairs, Tourism, Housing and
Hagåtña Restoration and Redevelopment Authority

Vice Chairperson, Committee on General Government Operations and Cultural Affairs

155 Hesler Place Hagåtña, Guam 96910 [Tel: 671-472-3455/6 Fax: 671-472-3400] www.tinamunabarnes.com

I Mina'Trentai Dos Na Liheslaturan Guåhan

Office of The Legislative Secretary

Tina Rose Muña Barnes

May 8, 2014, which is five (5) working days prior and then a second public notice on Tuesday, May 13, 2014, which is forty-eight (48) hours prior. This hearing is for the appointment of Mr. Zenon E. Belanger as a Member to the Hagåtña Restoration & Redevelopment Authority Board of Commissioners. I understand that at 11:00 a.m. this morning entertain Bill No. 327-32 (COR) "An act relative to amending 12 GCA § 5135 (D) to place the GHURA 500 Lot Sale Fund under the custodianship, discretion and purview of the Guam Housing and Urban Renewal Authority". I want to thank my colleagues for joining me this morning, Senator Aline Yamashita, Senator Tony Ada and Senator Chris Duenas, thank you all for joining us this morning. On the agenda this morning is the appointment of Mr. Zenon E. Belanger to the Board of Commissioners of the Hagåtña Restoration & Redevelopment Authority. On the sign up sheet this morning to testify on behalf of Mr. Belanger is Mr. Joseph Santos, Ms. Vanessa Williams and Mr. Belanger. Please come forward. In the order of succession, it's Mr. Santos, Ms. Williams and then Mr. Belanger. Please proceed.

Mr. Joseph C. Santos – Hafa adai and good morning Madam Chair and Senators. My name is Joseph Santos, I'm the Senior Planner of the Hagåtña Restoration and Redevelopment Authority and I'm also with the Department of Chamorro Affairs. Before I read the written testimony from Chairperson, he'd like to say that he's sorry for not being able to be here as he is in Singapore. Ms. Shelly Calvo is in Paris and of course another BOC member is here, Ms. Vanessa Williams. Mr. Cameron is also currently off-island as well. Let me read the testimony now. Mr. Santos reads the testimony, which is attached for review. The Board is in support of Mr. Belanger's appointment.

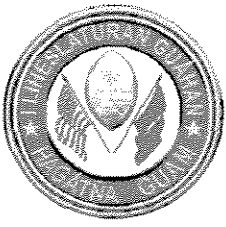

Chairperson – Thank you Mr. Santos. Ms. Williams, please proceed.

Ms. Vanessa Williams – Good morning Madam Chair and Senators. My name is Vanessa Williams, I am a member of the Board and I apologize for not having a written testimony, but I'm just standing in as a representative of the Commission. I just wanted to briefly speak in support of Mr. Belanger. As you know the HRRRA Board was empty for quite a while and we are fortunate to have Mr. Joe Santos to help out by way of planning and supporting the Board but we don't have a master planner. We are pleased to have the additional support of the Mayor and Legislative support, and we are really glad for this appointment especially with an engineering and planning background. It really would assist us in the development of plans. Thank you!

Chairperson, Committee on Municipal Affairs, Tourism, Housing and
Hagåtña Restoration and Redevelopment Authority

Vice Chairperson, Committee on General Government Operations and Cultural Affairs

I Mina'Trentai Dos Na Liheslaturan Guåhan

Office of The Legislative Secretary

Tina Rose Muña Barnes

Chairperson – You're welcome! Do we have any questions from anyone for this panel. If not, Mr. Zenon Belanger, please proceed.

Mr. Zenon E. Belanger – Good morning. I'm going to read my testimony. Mr. Belanger reads his testimony, which is attached for review.

Chairperson – Si Yu'os Ma'ase Mr. Zenon Belanger. I would just like to say for the record, I appreciate the appointment from the Governor's Office and I want to thank you for stepping up to the plate to help our people of Guam. It takes away a lot of personal time and with the Hagåtña Restoration and Redevelopment Authority, you would basically be working for free and with a lot of labor of love. I did want to ask you something Mr. Belanger, based on your current employment as Construction Manager at the Port, would you be able to balance your time to do both?

Mr. Zenon E. Belanger – I've always been a very energetic person, we balance it. We've always been able to balance the time for family and service to the Lord and to the community. I also teach at the Guam Trade's Academy. I am very busy but I've managed my time to make things happen. We do schedule everything. That's how we do it.

Chairperson – I just want to say thank you! Looking at your resume and your certifications, truly fit the description for the Hagåtña Restoration and Redevelopment Authority. I was at a function yesterday and someone mentioned about the baseball stadium. I just wanted to see if the Paseo Stadium is part of the renovations of the Hagåtña area. Is it a part of the master plan or could be it included?

Mr. Zenon E. Belanger – I've always been around the Paseo growing up, unfortunately, for me, since I've been back, I've been busy with family and business. In terms of the Paseo area, my understanding that there will be some activity but not familiar at this time. In the master plan, there's a lot of plans to build around the old river, by the district court all the way to Paseo. We will be making it a tourism area and maybe to have some cruise ships come in. Looking at Paseo, I'm sure that there will be some improvements.

Chairperson, Committee on Municipal Affairs, Tourism, Housing and
Hagåtña Restoration and Redevelopment Authority

Vice Chairperson, Committee on General Government Operations and Cultural Affairs

I Mina'Trentai Dos Na Liheslaturan Guåhan

Office of The Legislative Secretary

Tina Rose Muña Barnes

Chairperson – Great, I'm happy to hear that. Thank you again and I want to note for the record that you have my support. Senator Yamashita do you have any comments or questions?

Senator Yamashita – Thank you very much Madam Chair. Welcome to your Legislature. Thank you very much Mr. Belanger for your willingness to squeeze in yet one more item to your schedule. I appreciate your ability to manage time. I ask that as you help them form the plans that you take into consideration the accessibility issues are all on the table. We have to have the money for this and we are all living longer. The bike lanes really need to be phased in and the sidewalks as well. Maybe we could meet and you could tell me what's going on. Thank you and you do have my support.

Chairperson – Senator Ada?

Senator V.A. Ada – Thank you Madam Chair and just for the record Mr. Belanger and I are related, we're cousins. I look forward to seeing you on the Board and revitalize Hagåtña, it's our Capital. Thank you for stepping up and helping to plan what Hagåtña used to look like. You have my full support.

Chairperson – Thank you Mr. Minority Leader, Senator Duenas?

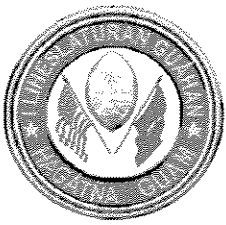

Senator Duenas – Thank you Madam Chair and good morning Joe, Vanessa and of course Zenon. You know I also am related to Zenon and I remember coming up in the years and looking at your resume, amongst us cousins you were always referred to as the really smart guy. I never realized what you did and looking at your resume today, it's really impressive. I wanted to get your thoughts since you mentioned roads and looking at the configuration of Hagåtña's roads, do you think there should be one way grid system with regard to the traffic flow?

Mr. Zenon E. Belanger – Some of that has already started in the Skinner Plaza area and the Bank of Hawaii area.

Senator Duenas – I'd like to have the board take a look at that. It should ease the congestion and make the flow of traffic better. Thank you Madam Chair and once again Zenon you certainly have my full support. This is an excellent appointment by the Administration. Thank you Madam Chair.

Chairperson, Committee on Municipal Affairs, Tourism, Housing and
Hagåtña Restoration and Redevelopment Authority

Vice Chairperson, Committee on General Government Operations and Cultural Affairs

Office of The Legislative Secretary

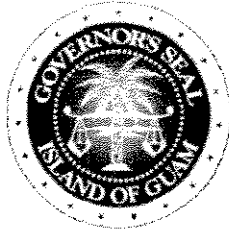

Tina Rose Muña Barnes

Chairperson – Si Yu'os Ma'ase Senator Duenas. Since I guess it is law and we would have to state the potential conflict of interest in any, just for the record, I am the niece of Mr. Zenon Belanger, my grandmother and his mom are first cousins. But knowing that, I still want to say that Zenon, not an easy task that you're taking on. Your testimony today brings a lot of lightning knowing that you truly want to see Hagåtña back to its original glory, where everybody around Guam always congregated here. Just knowing that you have that in your heart to bring that back and make sure that Hagåtña comes back to life and help make a difference in that. I'm gonna say that I'm giving you my full support. I want to thank Mr. Santos and Ms. Williams for giving up your time to come here. I want to say that this organization is one of the most powerful ones alive. If there are no other questions or comments from my colleagues, we will take a recess and come back at 11:00 a.m. to hear Bill No. 327-32 (COR). Thank you for being here and have a great afternoon. Sai'na Ma'ase!

The public hearing was adjourned at 10:29 AM.

III. FINDINGS & RECOMMENDATIONS

The Committee on Municipal Affairs, Tourism, Housing and Hagåtña Restoration and Redevelopment Authority hereby reports on the appointment of **Zenon E. Belanger** to serve as a Member of the Hagåtña Restoration and Redevelopment Authority, Board of Commissioners, with the recommendation TO CONFIRM.

CERTIFICATIONS: "Construction Quality Management (CQM) for Contractors" by the
US Department of the Navy NAVFAMAR, Guam
OSHA Safety – Construction 30 HR Course
Mediation of Construction Disputes

EXPERIENCE:

- **EA Engineering, Science and Technology, Inc.**, Construction Manager, Guam
Commercial Port Infrastructure Modernization, Guam (November 2012 – Present)

- Consult with engineers to develop plans and designs for building and installation work;
- Review plans and specifications prior to Bid Invitation and assist in the bidding process;
- Review construction plans and specifications to plan construction management procedures, completion timelines and staffing requirements;
- Assemble team members and define site organization and subcontractors at the start of a project in order to plan procedures for timely completion;
- Confer with and direct personnel and subcontractors in planning and executing work procedures;
- Interpret plans and specifications and coordinate various phases of construction to prevent interferences and project delays;
- Confer with supervisory and engineering personnel, inspectors, suppliers and subcontractors to resolve construction issues or delays and improve construction means and methods;
- Inspect work in progress to ensure the highest quality workmanship; conformance with specifications and construction schedules;
- Prepare weekly, monthly and annual progress reports;
- Ensure construction work performed is in accordance with plans and specifications;
- Conduct cost estimates of materials, labor and equipment; and
- Maintain engineering "As-Built" drawings;

- **Belanger & Associates, Inc.**, President & Principal Engineer, Guam (1991 - Present)

Belanger & Associates, Inc. is divided into 3 areas: Engineering, General Construction and Services.

Engineering Experience: Encompasses Project Management, Design and Construction Management functions.

- Over 30 years experience as a Project Manager, Project Engineer or Quality Control Manager.
-

PROJECT MANAGEMENT EXPERIENCE:

- Identification of key personnel and their roles. Assigns site management personnel to specific phases or aspects of a project such as technical studies, designs, preparation of specifications and technical plans and testing;
- Development of flow charts addressing information flow and key personnel;
- Development of comprehensive project schedules encompassing all tasks from project inception through design, construction and final acceptance;
- Establishment of organizational structure;
- Evaluation of various approaches, systems and controls;
- Evaluation of various approaches such as conventional owner financing, phased bid, fast tracking, and contractor financed/design/build methods;
- Development of an outline and schedule for all required governmental reviews and approvals;
- Development of a clear understanding of Local and Federal procurement laws as it applies to a project;
- Familiar with USACE EM 385-1-1 and experience in areas of hazard identification and safety compliance;
- Installation and monitoring of schedule controls;
- Long-Lead procurement controls;
- Construction cost estimates and cost control;
- Value Engineering;
- Scope Control;
- Bid Preparation;
- Identifying adequacy of resources;
- Government Agency Coordination;
- Provides consultation on engineering and project management related matters, including cost and schedule controls; and
- Provides leadership, motivation and managerial skills necessary to move projects forward in a cost effective and timely manner.

DESIGN EXPERIENCE:

- Oversees Design projects;
- Provides third party engineering services including constructability and design reviews for code compliances, environmental compatibility, value engineering and evaluation of means and methods;
- Reviews specifications/designs for compliance with engineering principles, company standards and customer's contract specifications;
- Coordinates activities concerned with technical developments, scheduling and resolving engineering design or test problems;
- Evaluates and approves design changes, specifications and drawing releases with customer approval; and
- Evaluates design features means and methods as Guam has a very harsh environment, i.e., seismic, cooling and corrosive awareness which is necessary to ensure compatibility of materials for Guam's environment. Design features are analyzed to ensure cost effectiveness and the longevity of materials for products specified in design and utilized in construction. Components are reviewed to ensure timeliness of project schedules and budget requirements.

QUALITY CONTROL EXPERIENCE:

- Department of the Navy's Web CM which is an internet based construction software and Quality Control tool supported by Primavera Systems. Web CM utilizes Project Management tools to make available project records to other users for the purpose of constructing a project in a timely and cost effective manner during the course of a project. Utilization of Web CM on Navy MILCON projects for the review and coordination of the project related work, including but not limited to project submittals, daily reporting, quality control, invoicing, and specifications and drawing control. Web CM has been utilized on Navy MILCON projects on Guam since October 2004.
- Performed WebCM functions since its inception on Guam in July 2004. See Project Experience for projects utilizing WebCM.
- Proficient in NAVFAC QC programs, including the three-phase approach for accomplishing the work. These include the Preparatory Phase, Initial Phase and Follow Up Phase for each Definable Feature of Work (DFOW).
- Primavera P6 Training November 2011 – Oracle Instructor through the Guam Contractors Association Trades Academy.
- Use of Primavera P6, P3 and SureTrak on all projects since 1986. These are fundamental tools for project planning and scheduling in the construction industry, and has revolutionized construction planning and project controls.
- Conducted 2-day seminars on Primavera P3 to incoming employees while working with Peterson Consulting in the home office in Chicago in 1989-1990. An additional training seminar was provided to Government of Guam, Department of Public Works Employees in the Vertical and Horizontal Construction Quality Sections.
- Prepared SureTrak schedule for DODEA School RFP with Dillingham Construction in 1999, assisted in preparing the RFP Proposed Project schedules.
- Use of SureTrak schedule for the construction of the Sherwood Hotel (1997), all MILCON projects since 2000 see Project Experience for MILCON projects.
- Other QC responsibilities include but are not limited to:
 - o Correspondence
 - o Inspections
 - o Cost Control and Reporting
 - o Contract Changes
 - o Contract Progress Payment processing
 - o Monitoring Submittals
 - o Document Clarifications
 - o Owner-Purchased Items
 - o Project Start-up
 - o Community Relations
 - o Safety
 - o Punch Lists
 - o Substantial and Final Completion Inspections
 - o Warranties
 - o Disputes and Claims

GENERAL CONSTRUCTION EXPERIENCE:

- Contracts Management;
 - Oversee all labor, materials, equipment and supervision for various construction projects. Project Manager & Construction Quality Control Manager plans, directs and coordinates all activities of the firm's construction program to ensure that goals and objectives are specified and adhered to;
 - Responsible for ensuring home office support and field operations are linked;
-

- Responsible for reviewing individual project proposals and plans to ascertain time frame and funding limitations and to determine methods and procedures for accomplishing projects;
- Identifies labor/material requirements and allotment of funds for various projects;
- Direct construction activities on construction projects;
- Review specifications to plan procedures for construction on the basis of start and completion timelines and staffing requirements;
- Assembles members and defines site organization and subcontractors at the start of a project in order to plan procedures for timely completion;
- Confers with and direct personnel and subcontractors in planning and executing work procedures;
- Interprets specifications and coordinate various phases of construction to prevent interferences and project delays;
- Confers with supervisory and engineering personnel, inspectors, suppliers and subcontractors to resolve construction issues or delays and improve construction means and methods;
- Inspects work in progress to ensure the highest quality workmanship; conformance with specifications and construction schedules;
- Prepares progress reports;
- Designates workers according to type of project, work or construction activity involved;
- Ensures construction work performed is in accordance with plans and specifications;
- Conducts cost estimates of materials, labor and equipment; and
- Maintains engineering "As-Built" drawings; consults with engineers to develop plans and designs for building and installation work; and prepares layout diagrams.

SERVICES EXPERIENCE:

- Contracts Management and
- Oversee all aspects of work related to the project

- Barrett Consulting Group, Regional Manager, Hagatna, Guam (1991)**

Provided oversight of Barrett Consulting Group's Guam operations. Responsibilities included marketing in the Marianas Islands, providing engineering design and supervision of 11 man office in water & waste water design contracts with the Public Utilities Agency of Guam; Highway design with Department of Public Works; and Guam Community College Master Planning.
- Peterson Consulting Limited Partnership, Executive Consultant, San Francisco, California (1986-1991)**

Provided cost and schedule analysis to assist in the resolution of litigated matters. Projects consisted of time delays and/or cost overruns on educational facilities, office buildings, hotels, hospitals, prisons, highways, bridges, light rail projects, power generation facilities, condominiums and other industrial, commercial and residential facilities.
- Dillingham Construction/Hawaiian Dredging and Construction Company, Senior Cost and Scheduling Engineer, California & Hawaii (1979-1986)**

Provided cost and schedule training to entry level engineers. Assisted construction operations and formulation of project CPM schedules, preparation of construction budgets, monitoring the project schedule and forecasting project completion and costs. Pleasanton, California (1984-1986)

Provided cost and schedule analysis for Building, commercial and heavy divisions of Hawaiian Dredging & Construction Company and Dillingham Construction Company. Hawaiian Islands (1979-1984)

Projects included but are not limited to:

- TOSCO Oil Refinery Maintenance Shutdown, Martinez, California (1986)
- Golden Gate Bridge Replace Decking, San Francisco (1985-1986)
- Torras Causeway, Georgia (1985)
- Holiday Inn, Pleasanton, California (1985)
- Storm Water Storage, Milwaukee, Wisconsin (1985)
- Encino Business Center, Encino, California (1984-1985)
- New United Motors, Fremont, California (1984)
- Kaneohe Waterline, Oahu (1984)
- H2 Interchange, Oahu (1983-1984)
- Hawaii Loa Ridge - Residential Subdivision Earthworks, Oahu (1983)
- Highlands Highway (84-mile, 2-lane road, 32 Bridges), Papua New Guinea (1983)
- Kauai Hilton Hotel, Kauai (1982)
- Bank of Hawaii Kauai Shopping Mall, Kauai (1982)
- Marriott Kaanapali Beach Hotel, Maui (1980-1982)
- Maaleae Mermaid Condominiums, Maui (1980)
- Regency Park Condominiums, Oahu (1979-1980)
- Straub Clinic, Oahu (1979-1980)

- **A to Z Engineering and Surveying Company**, Co-Owner / Principal Engineer, Santa Fe, New Mexico (1978-1979)

Provided Engineering Services for residential planning and full service property surveying including boundary and route location surveys. Projects included:

- Route location for Public Service Co. of New Mexico - Power Pole Locations.
- Route location for Gas Company of New Mexico - Location of/for Gas Lines.
- Route Location of Access Road for Goldfield Mines, Santa Fe.
- Various Property Subdivisions and Lot Splits.

- **Department of Public Works - Highway Design and Construction Groups - Government of Guam**, Project Engineer / Principal Engineer (1974-1978)

Monitored the construction of Highways, Bridges, Sewer lines and Waterlines for the Government to include excavations and embankments, pavement grinding, asphalt pavement, concrete pavement, pavement marking, grooving and above ground utilities. Projects included:

- Principal Engineer for the Construction of Capital Improvement Projects, Guam. Staff consisted of 10 Engineers and 8 Inspectors (1977-1978).
 - Project Engineer, Route 4, Southern Seashore Road Reconstruction and 12-inch Water Main Installation, Merizo (1977)
 - Project Engineer, Marine Drive / Route 1 Road Reconstruction from Airport Rd. to Route 16 (1976)
 - Project Engineer, Route 4 Reconstruction and Sewer Installation from Route 10 to Chaot Bridge (1975)
 - Design of Route 1 Road Reconstruction from Airport Rd. to Route 16 (1974 - 1975)
 - Review of Route 14 - Hospital Road Design (1974)
-

- **Zia Engineering Company, Santa Fe, New Mexico - Highway Design, Engineer in Training (1973 - 1974)**
 - Highway & Drainage Design for New Mexico State Highway Department.
 - Surveying Services & Subdivision Design for Jicarilla Indian Reservation, New Mexico.
 - Route Location Surveys for Electrical and Gas Line Companies.
 - Albuquerque and Los Alamos, New Mexico. Surveying and Design for about 9 or 10 subdivisions in the mid-1970s with approximately 200 - 250 houses per subdivision. Work included drainage design, subdivision design, surveying and construction staking of lots, roadways and utilities.

Senator Tina Rose Muna Barnes
I Mina Trentai Dos Na Liheslaturan Guahan
Office of The Legislative Secretary
Chairperson, Committee on Municipal Affairs, Tourism, Housing
and Hagatna Restoration and Redevelopment Authority
155 Hesler Place
Hagatna, Guam 96910

Hafa Adai Madame Chairwoman and Members of the Committee:

Today, I am honored to come before you as a nominee for the Hagatna Restoration and Redevelopment Authority. Early in my career, I worked for the Department of Public Works in the reconstruction of our highways, sewer and water infrastructure projects for approximately 4 and half years. Career opportunities enabled me to travel in the construction industry to Santa Fe, New Mexico, Hawaii, Papua New Guinea and California over the next 12 years.

Over the past 23 years, since 1991, my family has owned and operated Belanger & Associates, Inc., an engineering and construction management firm on Guam. My family has been very fortunate to have been a part of the construction management of numerous education facilities for both the Guam Public School System and the University of Guam; the construction of the Pacific Underwater Observatory in Piti; reconstruction of Pale San Vitores Road in Tumon; completion of the Sherwood Hotel in Tumon; numerous federal projects for the military and other federal agencies on Guam; and construction of the recently completed Ylig Bridge in Yona.

I am currently employed as the construction manager for the Guam Commercial Port Infrastructure Modernization Project in Piti.

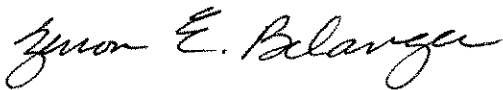

Every day is a new and challenging day to exercise our skills and talents. I am excited that I have the opportunity to use my talents for the benefit of the people of Guam and be a part of our cultural heritage in assisting and shaping the mission of the Hagatna Restoration and Redevelopment Authority. Being aware of the building requirements, zoning and land use requirements, environmental factors, and sensitivity to cultural and island issues, I bring technical skill sets to the Authority.

The mission of the Authority is a very challenging one, as the Authority is tasked with restoring and redeveloping Hagatna into the bustling village it has been for centuries before its unfortunate destruction during World War II. Listening to my elders on how and where everyone was from in Hagatna has intrigued me throughout my life. Growing

up and attending the Cathedral Grade School, I played in the Plaza de Espana, walked all over Hagatna as my Mother worked in a building near the current District Court. My family was from the Santa Cruz area. We continue to meet, party and watch the Liberation Day Parade by the lemai tree next to Congresswoman Bordallo's Hagatna Office.

I look forward to working with the Board of Commissioners of the Authority, the Governor's Office, the Legislature, the Judiciary, Mayor John Cruz and the people of Guam to see that Hagatna becomes the village it once was as the center of activity on our beautiful island of Guam. Biba Guam!

Si Yu'os Ma'ase,

Hagåtña, Guam

Subject: Hagåtña Restoration and Redevelopment Authority (HRRRA) Supports
Mr. Zenon E. Belanger to the HRRRA Board of Commissioners

Buenas yan Håfa Adai!

The HRRRA wholeheartedly support the confirmation of Mr. Zenon E. Belanger to the HRRRA Board of Commissioners. Mr. Belanger's expertise as a civil engineer would greatly benefit the HRRRA in the development of the City of Hagåtña, especially in the area of in-land and coastal flooding. The HRRRA is making great strides in completing the Hagåtña Masterplan. Mr. Belanger's project management skills would ensure that HRRRA's existing and planned projects are seen to realization such as the Guam & Chamorro Educational Facility; Hagåtña River Channeling Project; Hagåtña Waterfront & Shoreline Protection Project; Government House (Palasyu) Restoration; Hagåtña River-walk Project; Hagåtña Central Park Plan; Hagåtña Watershed Conservation Project; Hagåtña Reclamation Project for Cruise Ship Docking to name a few.

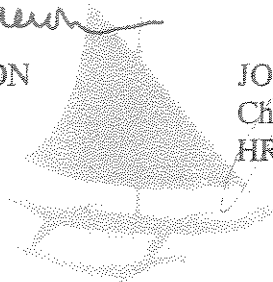

Furthermore, Mr. Belanger's skill set in civil engineering would help the City of Hagåtña to develop properly by engaging the U.S. Army Corps of Engineers (ACOE), especially in the area of the Hagåtña River Channeling and Hagåtña Waterfront & Shoreline Protection Project.

Again, the HRRRA wholeheartedly supports the confirmation of Mr. Zenon E. Belanger to the HRRRA Board of Commissioners. Please contact either one of us at 475-4281.

Senseramente,

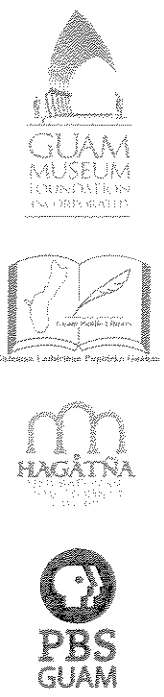

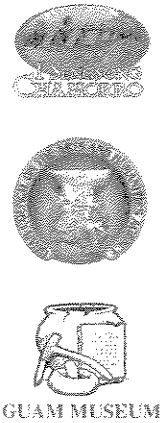

JOSEPH ARTERO CAMERON
Executive Director
HRRRA

MEMORANDUM

To: **Rennae Meno**
Clerk of the Legislature

From: **Senator Rory J. Respicio**
Majority Leader & Rules Chair

Subject: **Referral of Appointment**

As Chairperson of the Committee on Rules, I am forwarding my referral of the following appointment:

Appointee: **Zenon E. Belanger**
Position: **Member, Hagatna Restoration and Redevelopment Authority Board of Commissioners**

For a copy of Mr. Belanger's appointment packet, please visit the Guam Legislature's website at www.guamlegislature.com. Under the "Reports" menu select the "Messages & Communications" option and refer to:

"Doc. 32GL-14-1584: Governor's message transmitting the appointment of Mr. Zenon E. Belanger, to serve as a Member, Hagatna Restoration and Redevelopment Authority Board of Commissioners."

Please ensure that the subject appointment is referred, in my name, to **Senator Tina Rose Muña Barnes, Chairperson of the Committee on Municipal Affairs, Tourism, Housing and Hagåtña Restoration and Redevelopment Authority**. I also request that the same be forwarded to all Senators of *I Mina'trentai Dos na Liheslaturan Guåhan*.

Should you have any questions, please feel free to contact our office at 472-7679.

MEMORANDUM

To: **Rennae Meno**
Clerk of the Legislature

From: **Senator Rory J. Respicio**
Majority Leader & Rules Chair

Subject: **Referral of Appointment**

As Chairperson of the Committee on Rules, I am forwarding my referral of the following appointment:

Appointee: **Zenon E. Belanger**
Position: **Member, Hagatna Restoration and Redevelopment Authority Board of Commissioners**

For a copy of Mr. Belanger's appointment packet, please visit the Guam Legislature's website at www.guamlegislature.com. Under the "Reports" menu select the "Messages & Communications" option and refer to:

"Doc. 32GL-14-1584: Governor's message transmitting the appointment of Mr. Zenon E. Belanger, to serve as a Member, Hagatna Restoration and Redevelopment Authority Board of Commissioners."

Please ensure that the subject appointment is referred, in my name, to **Senator Tina Rose Muña Barnes, Chairperson of the Committee on Municipal Affairs, Tourism, Housing and Hagåtña Restoration and Redevelopment Authority**. I also request that the same be forwarded to all Senators of *I Mina'trentai Dos na Liheslaturan Guåhan*.

Should you have any questions, please feel free to contact our office at 472-7679.

Si Yu'os ma'åse'!

EDDIE BAZA CALVO

RE: Board Appointment

Dear Madame Speaker:

By virtue of the authority vested in me pursuant to the Organic Act of Guam and the local laws applicable to the following position, I am pleased to transmit the following appointment and supporting documents for:

- APPOINTEE: Zenon E. Belanger
- POSITION: Member, Hagåtña Restoration and Redevelopment Authority Board of Commissioners
- TERM LENGTH: Five (5) years

The appointment is subject to the consent of *I Liheslaturan Guåhan*. Please schedule a hearing at your earliest convenience.

Senseramente,

[Signature]
EDDIE BAZA CALVO

EDDIE BAZA CALVO
Governor

RAY TENORIO
Lieutenant Governor

Office of the Governor of Guam

APR 29 2014

Mr. Zenon E. Belanger

Dear Mr. Belanger:

Thank you for your commitment to serve the people of Guam. The Calvo-Tenorio administration continues to face unprecedented challenges, both near and long-term. The task ahead of us will require the collective efforts of the best minds who will have the courage to make tough decisions for the good of all our people. I hereby appoint you to serve in the Calvo-Tenorio administration as:

**Member, Hagåtña Restoration and Redevelopment Authority Board of
Commissioners
Term length: Five (5) years**

This appointment is subject to the advice and consent of *I Liheslaturan Guåhan*.
Please contact the Office of the Governor at 472-8931 for further processing.

Senseramente,

EDDIE BAZA CALVO

P.O. Box 2950 • Hagatna, Guam 96932

 **ZENON E. BELANGER, P.E.**

EDUCATION: B.S. CIVIL ENGINEERING
UNIVERSITY OF NEW MEXICO, 1973

REGISTRATION: Registered Professional Civil Engineer, #476, 1978, Guam

CERTIFICATIONS: "Construction Quality Management (CQM) for Contractors" by the
US Department of the Navy NAVFAMAR, Guam
OSHA Safety – Construction 30 HR Course
Mediation of Construction Disputes

EXPERIENCE:

- **EA Engineering, Science and Technology, Inc.**, Construction Manager, Guam
Commercial Port Infrastructure Modernization, Guam (November 2012 – Present)
 - Consult with engineers to develop plans and designs for building and installation work;
 - Review plans and specifications prior to Bid Invitation and assist in the bidding process;
 - Review construction plans and specifications to plan construction management procedures, completion timelines and staffing requirements;
 - Assemble team members and define site organization and subcontractors at the start of a project in order to plan procedures for timely completion;
 - Confer with and direct personnel and subcontractors in planning and executing work procedures;
 - Interpret plans and specifications and coordinate various phases of construction to prevent interferences and project delays;
 - Confer with supervisory and engineering personnel, inspectors, suppliers and subcontractors to resolve construction issues or delays and improve construction means and methods;
 - Inspect work in progress to ensure the highest quality workmanship; conformance with specifications and construction schedules;
 - Prepare weekly, monthly and annual progress reports;
 - Ensure construction work performed is in accordance with plans and specifications;
 - Conduct cost estimates of materials, labor and equipment; and
 - Maintain engineering "As-Built" drawings;

- **Belanger & Associates, Inc.**, President & Principal Engineer, Guam (1991 - Present)

Belanger & Associates, Inc. is divided into 3 areas: Engineering, General Construction and Services.

Engineering Experience: Encompasses Project Management, Design and Construction Management functions.

- Over 30 years experience as a Project Manager, Project Engineer or Quality Control Manager.
-

PROJECT MANAGEMENT EXPERIENCE:

- Identification of key personnel and their roles. Assigns site management personnel to specific phases or aspects of a project such as technical studies, designs, preparation of specifications and technical plans and testing;
- Development of flow charts addressing information flow and key personnel;
- Development of comprehensive project schedules encompassing all tasks from project inception through design, construction and final acceptance;
- Establishment of organizational structure;
- Evaluation of various approaches, systems and controls;
- Evaluation of various approaches such as conventional owner financing, phased bid, fast tracking, and contractor financed/design/build methods;
- Development of an outline and schedule for all required governmental reviews and approvals;
- Development of a clear understanding of Local and Federal procurement laws as it applies to a project;
- Familiar with USACE EM 385-1-1 and experience in areas of hazard identification and safety compliance;
- Installation and monitoring of schedule controls;
- Long-Lead procurement controls;
- Construction cost estimates and cost control;
- Value Engineering;
- Scope Control;
- Bid Preparation;
- Identifying adequacy of resources;
- Government Agency Coordination;
- Provides consultation on engineering and project management related matters, including cost and schedule controls; and
- Provides leadership, motivation and managerial skills necessary to move projects forward in a cost effective and timely manner.

DESIGN EXPERIENCE:

- Oversees Design projects;
- Provides third party engineering services including constructability and design reviews for code compliances, environmental compatibility, value engineering and evaluation of means and methods;
- Reviews specifications/designs for compliance with engineering principles, company standards and customer's contract specifications;
- Coordinates activities concerned with technical developments, scheduling and resolving engineering design or test problems;
- Evaluates and approves design changes, specifications and drawing releases with customer approval; and
- Evaluates design features means and methods as Guam has a very harsh environment, i.e., seismic, cooling and corrosive awareness which is necessary to ensure compatibility of materials for Guam's environment. Design features are analyzed to ensure cost effectiveness and the longevity of materials for products specified in design and utilized in construction. Components are reviewed to ensure timeliness of project schedules and budget requirements.

QUALITY CONTROL EXPERIENCE:

- Department of the Navy's Web CM which is an internet based construction software and Quality Control tool supported by Primavera Systems. Web CM utilizes Project Management tools to make available project records to other users for the purpose of constructing a project in a timely and cost effective manner during the course of a project. Utilization of Web CM on Navy MILCON projects for the review and coordination of the project related work, including but not limited to project submittals, daily reporting, quality control, invoicing, and specifications and drawing control. Web CM has been utilized on Navy MILCON projects on Guam since October 2004.
- Performed WebCM functions since its inception on Guam in July 2004. See Project Experience for projects utilizing WebCM.
- Proficient in NAVFAC QC programs, including the three-phase approach for accomplishing the work. These include the Preparatory Phase, Initial Phase and Follow Up Phase for each Definable Feature of Work (DFOW).
- Primavera P6 Training November 2011 – Oracle Instructor through the Guam Contractors Association Trades Academy.
- Use of Primavera P6, P3 and SureTrak on all projects since 1986. These are fundamental tools for project planning and scheduling in the construction industry, and has revolutionized construction planning and project controls.
- Conducted 2-day seminars on Primavera P3 to incoming employees while working with Peterson Consulting in the home office in Chicago in 1989-1990. An additional training seminar was provided to Government of Guam, Department of Public Works Employees in the Vertical and Horizontal Construction Quality Sections.
- Prepared SureTrak schedule for DODEA School RFP with Dillingham Construction in 1999, assisted in preparing the RFP Proposed Project schedules.
- Use of SureTrak schedule for the construction of the Sherwood Hotel (1997), all MILCON projects since 2000 see Project Experience for MILCON projects.
- Other QC responsibilities include but are not limited to:
 - o Correspondence
 - o Inspections
 - o Cost Control and Reporting
 - o Contract Changes
 - o Contract Progress Payment processing
 - o Monitoring Submittals
 - o Document Clarifications
 - o Owner-Purchased Items
 - o Project Start-up
 - o Community Relations
 - o Safety
 - o Punch Lists
 - o Substantial and Final Completion Inspections
 - o Warranties
 - o Disputes and Claims

GENERAL CONSTRUCTION EXPERIENCE:

- Contracts Management;
 - Oversee all labor, materials, equipment and supervision for various construction projects. Project Manager & Construction Quality Control Manager plans, directs and coordinates all activities of the firm's construction program to ensure that goals and objectives are specified and adhered to;
 - Responsible for ensuring home office support and field operations are linked;
-

- Responsible for reviewing individual project proposals and plans to ascertain time frame and funding limitations and to determine methods and procedures for accomplishing projects;
- Identifies labor/material requirements and allotment of funds for various projects;
- Direct construction activities on construction projects;
- Review specifications to plan procedures for construction on the basis of start and completion timelines and staffing requirements;
- Assembles members and defines site organization and subcontractors at the start of a project in order to plan procedures for timely completion;
- Confers with and direct personnel and subcontractors in planning and executing work procedures;
- Interprets specifications and coordinate various phases of construction to prevent interferences and project delays;
- Confers with supervisory and engineering personnel, inspectors, suppliers and subcontractors to resolve construction issues or delays and improve construction means and methods;
- Inspects work in progress to ensure the highest quality workmanship; conformance with specifications and construction schedules;
- Prepares progress reports;
- Designates workers according to type of project, work or construction activity involved;
- Ensures construction work performed is in accordance with plans and specifications;
- Conducts cost estimates of materials, labor and equipment; and
- Maintains engineering "As-Built" drawings; consults with engineers to develop plans and designs for building and installation work; and prepares layout diagrams.

SERVICES EXPERIENCE:

- Contracts Management and
- Oversee all aspects of work related to the project

- **Barrett Consulting Group**, Regional Manager, Hagatna, Guam (1991)

Provided oversight of Barrett Consulting Group's Guam operations. Responsibilities included marketing in the Marianas Islands, providing engineering design and supervision of 11 man office in water & waste water design contracts with the Public Utilities Agency of Guam; Highway design with Department of Public Works; and Guam Community College Master Planning.

- **Peterson Consulting Limited Partnership**, Executive Consultant, San Francisco, California (1986-1991)

Provided cost and schedule analysis to assist in the resolution of litigated matters. Projects consisted of time delays and/or cost overruns on educational facilities, office buildings, hotels, hospitals, prisons, highways, bridges, light rail projects, power generation facilities, condominiums and other industrial, commercial and residential facilities.

- **Dillingham Construction/Hawaiian Dredging and Construction Company**, Senior Cost and Scheduling Engineer, California & Hawaii (1979-1986)

Provided cost and schedule training to entry level engineers. Assisted construction operations and formulation of project CPM schedules, preparation of construction budgets, monitoring the project schedule and forecasting project completion and costs. Pleasanton, California (1984-1986)

Provided cost and schedule analysis for Building, commercial and heavy divisions of Hawaiian Dredging & Construction Company and Dillingham Construction Company. Hawaiian Islands (1979-1984)

Projects included but are not limited to:

- TOSCO Oil Refinery Maintenance Shutdown, Martinez, California (1986)
 - Golden Gate Bridge Replace Decking, San Francisco (1985-1986)
 - Torras Causeway, Georgia (1985)
 - Holiday Inn, Pleasanton, California (1985)
 - Storm Water Storage, Milwaukee, Wisconsin (1985)
 - Encino Business Center, Encino, California (1984-1985)
 - New United Motors, Fremont, California (1984)
 - Kaneohe Waterline, Oahu (1984)
 - H2 Interchange, Oahu (1983-1984)
 - Hawaii Loa Ridge - Residential Subdivision Earthworks, Oahu (1983)
 - Highlands Highway (84-mile, 2-lane road, 32 Bridges), Papua New Guinea (1983)
 - Kauai Hilton Hotel, Kauai (1982)
 - Bank of Hawaii Kauai Shopping Mall, Kauai (1982)
 - Marriott Kaanapali Beach Hotel, Maui (1980-1982)
 - Maaleae Mermaid Condominiums, Maui (1980)
 - Regency Park Condominiums, Oahu (1979-1980)
 - Straub Clinic, Oahu (1979-1980)
- **A to Z Engineering and Surveying Company**, Co-Owner / Principal Engineer, Santa Fe, New Mexico (1978-1979)

Provided Engineering Services for residential planning and full service property surveying including boundary and route location surveys. Projects included:

- Route location for Public Service Co. of New Mexico - Power Pole Locations.
 - Route location for Gas Company of New Mexico - Location of/for Gas Lines.
 - Route Location of Access Road for Goldfield Mines, Santa Fe.
 - Various Property Subdivisions and Lot Splits.
- **Department of Public Works - Highway Design and Construction Groups - Government of Guam**, Project Engineer / Principal Engineer (1974-1978)

Monitored the construction of Highways, Bridges, Sewer lines and Waterlines for the Government to include excavations and embankments, pavement grinding, asphalt pavement, concrete pavement, pavement marking, grooving and above ground utilities. Projects included:

- Principal Engineer for the Construction of Capital Improvement Projects, Guam. Staff consisted of 10 Engineers and 8 Inspectors (1977-1978).
 - Project Engineer, Route 4, Southern Seashore Road Reconstruction and 12-inch Water Main Installation, Merizo (1977)
 - Project Engineer, Marine Drive / Route 1 Road Reconstruction from Airport Rd. to Route 16 (1976)
 - Project Engineer, Route 4 Reconstruction and Sewer Installation from Route 10 to Chaot Bridge (1975)
 - Design of Route 1 Road Reconstruction from Airport Rd. to Route 16 (1974 - 1975)
 - Review of Route 14 - Hospital Road Design (1974)
-

- **Zia Engineering Company, Santa Fe, New Mexico - Highway Design**, Engineer in Training (1973 - 1974)
 - Highway & Drainage Design for New Mexico State Highway Department.
 - Surveying Services & Subdivision Design for Jicarilla Indian Reservation, New Mexico.
 - Route Location Surveys for Electrical and Gas Line Companies.
 - Albuquerque and Los Alamos, New Mexico. Surveying and Design for about 9 or 10 subdivisions in the mid-1970s with approximately 200 - 250 houses per subdivision. Work included drainage design, subdivision design, surveying and construction staking of lots, roadways and utilities.
