June 12, 2015

Honorable Benjamin J.F. Cruz Vice-Speaker I Mina'Trentai Tres Na Liheslaturan Guahan 155 Hesler Street Hagatna, GU 96910

RE: Bill No. 105-33 Testimony

Dear Vice-Speaker Cruz,

Hafa Adai, Vice Speaker Cruz, members of the Committee, and members of the 33<sup>rd</sup> Guam Legislature. Thank you for allowing us the opportunity to provide testimony in support of Bill No. 105-33(LS) which would amend §5204(d) of Article 2, Chapter 5, Title 11 of the Guam Code Annotated, allowing for the continued appropriation of funds from the Limited Gaming Fund.

I am pleased with the prospect of these funds being continually appropriated. Though limited in the amount received on an annual basis, the continued appropriation of these funds will mean that planned projects will continue with a secure funding source. The Department has been developing plans to utilize the Limited Gaming Fund proceeds to assist in the repair of school gym facilities, resurfacing of gym floors, replacement of broken scoreboards, repair of lighting systems, and to grade and sod sports fields. An IFB for the resurfacing of the gym floors at the Jose L.G. Rios Middle School will soon be put out for bid and will be funded by the proceeds of the Limited Gaming Fund. I am excited to continue these types of improvements to GDOE's sports facilities throughout the district knowing that there is a dedicated and continuous funding source.

I would like to thank you on behalf the department and our students and we are hopeful for the passage of Bill 105-33(LS) into law. I look forward to continued cooperation with the 33<sup>rd</sup> Guam Legislature in enhancing GDOE's sports programs and facilities.

# Mayors' Council of Guam

Konsehelon Mahot Guáhan

June 15, 2015

The Honorable
Senator Benjamin J.F. Cruz
Vice Speaker
Chairman, Committee on Appropriations and Adjudication
33<sup>rd</sup> Guam Legislature
155 Hesler Place, Suite 107
Hagåtña, Guam 96910

Dear Vice Speaker Cruz;

Buenas yan Hafa Adai! Thank you for the opportunity to submit testimony in support and in favor of Bill No. 105-33 (LS) – introduced by Senators Morrison, Muña-Barnes, V.A. Ada, Rodriguez, Jr., and Respicio - "An act to amend § 5204(d) of Article 2, Chapter 5, Title 1, Guam Code Annotated, relative to supporting the development of safe and healthy youth and community activities through a dedicated funding source."

Since the creation of the Limited Gaming Fund it has afforded our districts an opportunity like no other- to have a dedicated steady stream of income to repair and maintain our community and recreational facilities. With almost \$600,000 released since its inception to the MCOG and another \$300,000 awaiting disbursement- these will all go to worthwhile projects. (see attachment) It was only when we requested for the third allotment in March 2015 that we were informed that the funds needed to be appropriated every time and that it wasn't continuous. We applaud this honorable body's quick action in trying to rectify and settle this matter once and for all.

It is one of our goals as local leaders that children to be active every day. Physical activity stimulates growth and leads to improved physical and emotional health. Today, research shows that the importance of physical activity in children is stronger than ever. For example, medical researchers have observed that highly active children are less likely to suffer from high blood pressure, diabetes, cancer of the colon, obesity, and coronary heart disease later in life. Exercise is also known to relieve stress. Some children experience as much stress, depression, and anxiety as adults do. And because exercise improves health, a fit child is more likely to be well-rested and mentally sharp. Even moderate physical activity has been shown to improve a child's skill at arithmetic, reading, and memorization. But sport, not just exercise, gives a child more than just physical well-being; it contributes to a child's development both psychologically and socially.

# Mayors' Council of Guam

Konseheton Mahat Guáhan

Just look at the top athletes Guam was able to produce all these years just using the existing sports infrastructure. Imagine what can be accomplished with these investments to include public laws and 33-09 and 33-39. The MCOG has made great strides in the repair and rehabilitation of our sports and reaction facilities through the Compact Impact grant for Fiscal year 2012 and 2013 thanks to Governor Eddie Calvo, Congresswoman Madeleine Bordallo, former DOI Deputy Secretary Tony Babauta and Sen. Tina Muña-Barnes who recognized this as a priority to getting Guam healthier and making the needed repairs.

These repairs and renovations are in line with the Government of Guam's -Non Communicable Disease Consortium strategic objectives in providing opportunities for a healthier community and raise the level of activity. These renovations are also in line with the goals as part of the Children's Healthy Living Program study with the University of Guam to get our kids more active and be outdoors.

We are confident that with the passage of this legislation we can all breathe a little easier, live healthier, have a clearer vision of what we want to get done and start the long term planning process.

Thank you and Si Yu'os Ma'ase!

Senseramente,

Paul M. McDonald MCOG President

Cc.
