Ladies and gentlemen, on the agenda this morning is:

- Bill No. 247-33 (COR) – “AN ACT TO APPROPRIATE THE SUM OF EIGHT HUNDRED TWENTY THOUSAND DOLLARS (\$820,000) FROM FISCAL YEAR 2015 HOTEL OCCUPANCY TAX UNRESERVED FUND BALANCE TO THE GUAM MUSEUM FUND FOR MUSEUM OPERATIONAL CASH FLOW”
- Bill No. 218-33 (COR) – “AN ACT TO ADD A NEW § 40128(j) TO, AND TO AMEND 40128(f) OF, ARTICLE 1, CHAPTER 40, DIVISION 4, TITLE 5, GUAM CODE ANNOTATED, RELATIVE TO INCLUDING THE PARTICIPATION OF MUNICIPAL PLANNING COUNCILS OF SOUTHERN VILLAGES IN THE REVIEW AND APPROVAL PROCESS FOR PROPOSED COMMERCIAL DEVELOPMENTS”

Joining me here this morning ladies and gentlemen are Senators Tom Ada, Tommy Morrison and Tony Ada. Thank you for joining me.

So, let's begin with Bill No. 247-33 (COR). Ms. Lasia Casil, are you here to provide testimony or just supporting the bill?

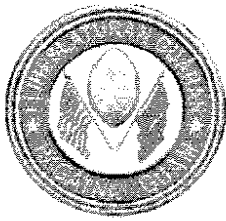

LASIA CASIL: I'm just here to provide support for the bill. Thank you!

CHAIRPERSON: Ok, thank you Ms. Casil! Next on the list to testify is Mr. Joseph Cameron. Mr. Cameron, please come up. State your name for the record and if you're here to support or not support the bill.

MR. JOSEPH CAMERON: Mr. Cameron reads his written testimony, which is attached.

CHAIRPERSON: Thank you Mr. Cameron. Senator Tom Ada, do you have any questions?

SENATOR TOM ADA: Yes, Madam Chair. I just have a couple of questions..regarding the unforeseen opening, was it in the paper last week, that it would be opening in mid March?

I Mina'Trentai Tres Na Liheslaturan Guåhan

Office of The Legislative Secretary

Tina Rose Muña Barnes

MR. JOSEPH CAMERON: According to GEDA, who is handling the contract with Inland Builders, that date has been earmarked as "March". The completion of the building is slated for March and we are pushing for the opening in time for FestPac. Between March and May, that would be a work in progress.

SENATOR TOM ADA: The structure should be completed in March and the opening in time for FestPac?

MR. JOSEPH CAMERON: Yes.

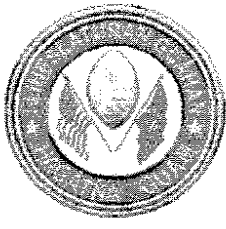

SENATOR TOM ADA: What are the efforts and thoughts for coordinating with the other museums that we have like the one in Naval Station and the War in the Pacific so that they complement each other?

MR. JOSEPH CAMERON: Thank you for that question. We had a task force several years ago that comprised of individuals from those facilities. They're very happy to work with us to expand to exhibits that are not in their facilities into the new museum. Yes there is a buy in for that and that takes a lot of coordination and communication for that. I have been communicating with Clifford Guzman who is from the Galaide Group who has been awarded the contract for the museum management and we're focused on that.

SENATOR TOM ADA: Madam Chair, just for the record, I am happy that you provided the information that there is 2.3 million dollars in this unreserved lapses and the museum is only asking for \$820,000 but there's also other needs of the tourism industry that depends on this source of income on safety related improvements. I just want to say for the record that I'm going to push for the hearing on bill no. 234-33 (LS) because when FestPac comes, I have a feeling that Tumon will be just an inundated as Hagatna. Thank you Madam Chair.

MR. JOSEPH CAMERON: Thank you for that comment, Senator Ada. Clearly we support the endeavor that we have a safe Tumon area and the Administration acknowledges that and supports safety for our tourists.

CHAIRPERSON: Si Yu'os Ma'ase Senator Ada. Senator Tony Ada would you like to say a few words?

I Mina'Trentai Tres Na Liheslaturan Guåhan

Office of The Legislative Secretary

Tina Rose Muña Barnes

SENATOR TONY ADA: No

SENATOR TOMMY MORRISON: Thank you Madam Chair. I just want to commend all your efforts for moving the museum forward, not only for our residents but for our tourists as well. And for the record I appreciate the efforts that Mr. Cameron and his team is doing to address the interim fee schedules and make sure that the public is fully aware of what the associated cost would be to help sustain our museum. I also want to comment on Senator Tom Ada's point, I know there are other issues out there, the safety issues for our visitors are addressed, not only in Tumon but throughout our island like our bridge in Umatac as well. Thank you Madam Chair and thank you Mr. Cameron.

CHAIRPERSON: Thank you Senator Morrison and thank you Mr. Cameron. I realize the needed funds for this project and we need to showcase Guam to the rest of the world to the 27 countries that will be here. For some, it may be their first time here on Guam. So, once again, thank you Mr. Cameron for your testimony. If there's no one else that would like to provide testimony for Bill No. 247-33 (COR), I will call this bill publicly heard. Sai'na Ma'ase!

Håfa Adai Madame Chair, members of the Committee on Municipal Affairs, Tourism, Housing and Guam Preservation Trust and honorable senators! My name is Joseph Cameron and I am here today in my capacity as President of the Department of Chamorro Affairs to express my support for Bill No. 247-33 (COR) - "AN ACT TO APPROPRIATE THE SUM OF EIGHT HUNDRED TWENTY THOUSAND DOLLARS (\$820,000) FROM FISCAL YEAR 2015 HOTEL OCCUPANCY TAX UNRESERVED FUND BALANCE TO THE GUAM MUSEUM FUND FOR MUSEUM OPERATION CASH FLOW."

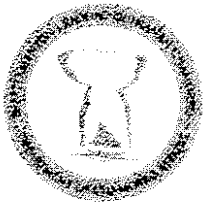

A total of \$529,710.00 was appropriated in 2015 for the Museum through Public Law No. 33-66. At the time, it was the intent that the Department of Chamorro Affairs would operate the facility and the funds were earmarked specifically for additional personnel through April of this year. It was discussed and anticipated that there would be a subsequent appropriation for other operational expenses to take us through the end of this fiscal year.

Since then, the DCA decided that it would be in the best interest of the people of Guam to contract out the management, operations and maintenance of the facility. The scope of services was put out to bid, proposals were accepted and evaluated and a notice of intent to award was given to the most qualified proposer. The contract has since been negotiated and is presently being reviewed by the Attorney General prior to final signature. Our intent is to have the Museum fully staffed and operational in time for the upcoming Festival of the Pacific Arts this May and through the rest of this fiscal year.

While the long-term goal is to make the New Guam museum as self-sustaining as possible, there are a myriad of start up operational costs that must be addressed before this can be realized. These costs can be categorized into five distinct areas including, but not limited to:

1. Management and Administration:

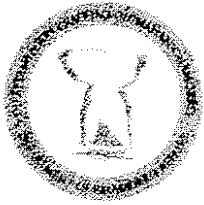

The management and administration will be designed to achieve accreditation in the shortest period of time. This includes accounting and finance, administrative functions, human resources and staffing, negotiation with vendors, suppliers and tour agents, safety, security and quality management, as well as inventory and property management. There are numerous other operational costs that will need to be addressed such as outfitting the retail space with museum branded and culturally produced merchandise, store design and furnishings as well as the café components. In addition, exhibit lighting for the changing exhibit areas will have to be procured and installed. This is just the tip of the iceberg to get the museum operational by the opening of Festpac.

We anticipate that the Museum will be open 7 days a week and will require a minimum of two shifts along with full security and custodial services. Our contractor has assembled a fine team of local experts and off-island expertise who have proven experience in managing projects and museums of this magnitude. We are confident that they will be able to meet our expectations provided we can obtain the funding required.

2. Collections Management

Our current collection at the Museum includes over 250,000 objects and artifacts that have to be properly inspected, curate, conserved, catalogued and digitized. This does not include the thousands of objects and artifacts that are currently being held in trust with various archeological firms on behalf of the DCA. This first year will be spent on a forensic review of our existing collections management systems and engaging a pilot program from which an accredit able Collections Management Plan can be designed and implemented. Our contractor's plan includes working in collaboration with the University of Guam, MARC, and local archeology firms to identify additional collections that should be properly curate into the Museum's collection.

GUAM MUSEUM

GUAM MUSEUM
LEARNING CENTER
FOR THE FUTURE

3. Exhibitions and Educational Programs

The New Guam Museum will be a center for education and a participatory, fun and exciting place for our community to gather and experience our heritage and culture in meaningful ways. Our educational programming includes outreach to all our public and private schools for rotating field trips as well as to our institutions of higher learning as a research center for history, anthropology and archeology. We are currently poised to work with GDOE and DoDEA on continuing education programs. We will be reaching out to nearly 160 history and Chamorro teachers this summer with pre-visit lesson plans and study guides for their students in preparation for next school year.

In addition, we will feature an extensive docent, volunteer and tour guide training program ensuring that they are well versed and confident about the information they present.

Our interpretive education programs will be designed to reach our entire community through interactive changing exhibits and activities, in-house education programs, special presentations and workshops.

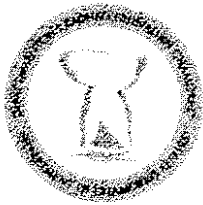

4. Public Relations Events, Sales and Marketing

Public Relations, Events, Sales and Marketing will drive interest and admission fees to help augment and/or offset funding requirements. This includes print collateral and brochures in various languages to serve our visitor industry, creating interest for memberships and endowments, and a whole host of marketing via traditional and electronic media.

Because of the unforeseen delays in opening, we will miss inclusion in the traditional sales brochures that tour operating companies publish in our source markets. Consequently, we will have to be creative in reaching our tourists.

5. **Facilities and Grounds Maintenance and Repair**

The cost of the construction of the New Guam Museum represents one of the largest investments our government has made in recent years and it is important that the museum facilities are maintained properly.

GUAM MUSEUM

The foregoing is but a broad overview of the various tasks that must be undertaken just in this first year. The challenge is that the current appropriations will not be able to sustain the necessary operations to the end of his fiscal year, nor can our contractor be expected to hire the appropriate staff or contract with vendors on a long-term basis. As it stands now, we are attempting to condense what would normally take 10 months of preparation into a scant three months.

GUAM MUSEUM
HONORABLE DEAN
DR. CHRISTOPHER

We further anticipate that we will not begin to see significant revenue generation until August of this year when the permanent exhibit is completed. However, with the proper planning we can maximize our revenue streams from event fees, membership sales, grants, retail sales and other revenue opportunities once Festpac is concluded.

In closing, I would like to thank you Madame Chair and your committee members for your efforts in helping us fund this exciting center of history and culture for our people. I would also like to thank Speaker Won Pat for her assistance in providing us with flexibility to address some of our challenges through Bills 235-33 and 242-33. Together, we can and will proudly open the doors of the New Guam Museum - welcoming the Festpac delegations and ushering in a new era of cultural awareness and pride for our people.

RE: Bill 247-33

Hafa Adai Senadora Muña Barnes:

Thank you for the opportunity to provide testimony for Bill No. 247-33: An act to appropriate the sum of eight hundred twenty thousand dollars (\$820,000) from fiscal year 2015 Hotel Occupancy Tax unreserved fund balance to the Guam Museum Fund for museum operational cash flow.

The construction of the Guam and Chamorro Educational Facility (Guam Museum) is a major resource that will be used to share Guam's 4,000-year-old story with our people and the rest of the world. It is a direct expression of the Chamorro culture and our island's unique identity. With the Festival of Pacific Arts (FestPac) quickly approaching, the Guam Museum will also be a beacon to showcase our culture and art with the visiting 27 island nations and territories that will be present from May 22-June 4, 2016.

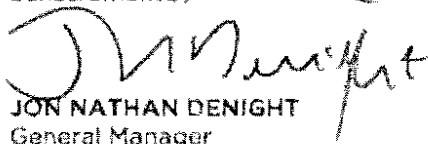

Additionally, the completion of the Guam Museum will help fulfill the fifth objective of the Tourism 2020 plan to place the Chamorro culture front and center as Guam's only unique competitive differentiator. It also takes tourism outside of Tumon and will enhance the visitor experience in our island's capital city of Hagatña.

Lastly, over the past few years, GVB has been expanding its mission and evolving from being a destination marketing organization to a destination marketing and management organization. This includes the undertaking of beautification projects, cleaning and maintaining roads, streetlight repairs, sidewalk enhancement, graffiti removal, landscape maintenance, visitor safety projects, beach cleaning, park maintenance, to name a few.

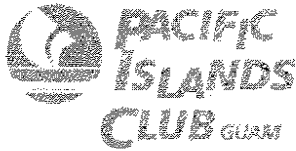

As you are well aware, the budget for GVB Capital Improvement Projects was not funded for this fiscal year. One of those projects included fixing the streetlights in Tumon. About half of the streetlights are not functioning, which has become a major public safety issue. GVB has a plan to fix the streetlight system, but we need the funds to move forward.

Thank you for your bill to support funding for GVB's Capital Improvement Projects, as well as your continued commitment to our tourism industry. We kindly ask for the support of all senators to fund capital improvement and destination enhancement projects. Si Yu'os Ma'ase again for allowing GVB to testify in support of this appropriation.

Subject: Street Lights

Hafa Adai Mr. Denight,

I am writing you to express our ongoing concern about the safety of our pedestrians and evening joggers crossing the access road to PIC's parking garage entrance. The street lights in the area have been out of order for a lengthy period of time. This presents a dangerous situation at PIC with motorist exiting our parking structure area. We have heard from guests and employees that they have encountered numerous near miss accidents with pedestrians, particularly joggers and runners. In all instances, it was because visibility was very poor due to improper lighting. We are fortunate that we have not encountered an accident, but it will only be a matter of time if we are not proactive in solving the current problem. We humbly ask to your help in resolving this important issue.

Sincerely,

PACIFIC ISLANDS CLUB

The proposed legislation intends to appropriate funds for the operations of the Guam and Chamorro Educational Facility (Guam Museum) for FY 2016. As of January 13, 2016, per DOA's analysis, the available unaudited, un-appropriated surplus of the HOT Fund is sufficient to cover the proposed appropriation of \$820,000.
