II. TESTIMONY & DISCUSSION

Vice Speaker Benjamin J.F. Cruz, Chairman of the Committee on Appropriations and

Adjudication (“Committee”), announced Bill No. 307-33 (LS), acknowledged the Committee members present and recognized the sponsor of the legislation, **Senator Frank B. Aguon, Jr.**, to provide a statement.

Senator Aguon thanked the Chairman and proceeded to provide his sponsor statement for Bills No. 304, 305, 306, 207, and 308:

“[All five measures] address outstanding Prior Year Obligations for the Guam Police Department (GPD). Bill 304 is in reference to overtime payment obligations incurred in prior fiscal years. Bill 305 is vendor payment obligations incurred in prior fiscal years. Bill 306 is GPD third (3rd) Cadet Cycle payment obligations incurred in prior fiscal years. [Bill No.] 307 is court-ordered obligations incurred in prior fiscal years. And [Bill No.] 308 [is] in reference to promised compensation obligations incurred in prior fiscal years.

“Mr. Chairman, in regards to this, I want to thank Chief Cruz and the Guam Police Department for submitting and providing the Committee with information that I believe you yourself also were privy to and that was sent out and received by the Chief of Police on March 18, 2016 (*document appended to this report*), in reference to a request on Guam Police Department’s Prior Year Obligations, in anticipation of the Fiscal Year 17 budget. Mr. Chairman, information that was requested dealt with all of the items we will be dealing with as it applies to the proposed legislative measures. And I just want to make one general comment: this recognizes prior year obligations and, if in fact, there’s a need and that is why these pieces of legislation are being introduced to allow for the Executive branch, the Chief Executive, to identify resources within this fiscal year budget so that they can address these outstanding obligations and we can close the book on these items.

“But one thing that I need to stress, most particularly, is that most of these are obligations that are due to our law enforcement, our Guam Police Department uniform personnel, and just looking at this and recognizing that our law enforcement personnel—our GPD uniform personnel—continue to work every single day without questioning its government in terms of when it’s going to compensate and pay for overtime payment, for promised compensation, and some of these other obligations that are highlighted here. I think, that this government really has [to] own up to these obligations and pay them off within a timely manner. I mean it’s very similar in nature to the previous pieces of legislation that we were just discussing prior to these bills so we’d like to go ahead and proceed.”

Following his sponsor statement, **Senator Aguon** acknowledged that Chairman Cruz

had momentarily stepped out. In the absence of the Chairman, Senator Aguon presided over the hearing and called upon **Mr. Joseph I. Cruz, Chief of Police of the Guam Police Department**, to testify.

Senator Aguon inquired whether Chief Cruz's testimony would encompass all five measures [Bills No. 304-308].

Chief Cruz responded that he would be presenting one holistic testimony.

Senator Aguon sought the concurrence of Chairman Cruz, who had returned to the hearing, informing the Chairman that Chief Cruz's presentation would encompass Bills No. 304-308. **Chairman Cruz** concurred and prompted Chief Cruz to present his testimony.

Chief Cruz thanked Chairman Cruz and offered clarification on his testimony:

"I'd just like to state for the record that [for] my testimony this morning, I will be giving—in tandem—a PowerPoint presentation (*appended to this report*) that highlights all the information that will be indicated in my testimony. Before I get started [with] my testimony, I'd like to indicate that—with regards to the information that [Senator Aguon's] office received back in March—in that document, I specifically indicated that we will continue to refine and review those documents and I believe in the cover letter that I provided—on line six (6)—I indicated that a total accurate tally of exact financial costs is currently being conducted and is estimated and will be completed in May. But, more specifically, I wanted to indicate that we are continuing to refine that product.

"So therefore, the spread sheets that you will see up on this screen [indicate] a difference from what you've been given back March to what you will see and hear in my testimony this morning. So I just wanted to throw that out for the record."

Senator Aguon inquired:

"And the information, the statistics, the numbers we are providing this morning to the Committee would reflect the most current information?"

Chief Cruz replied:

"Absolutely. I do have copies of [the updated spreadsheets (*appended to this report*)] if somebody would like to make a copy of that for the Committee, because there is a difference from the figures I provided [Senator Aguon], as compared to the figures I'll be providing in my testimony."

Chairman Cruz inquired:

“And if I could ask, did you say that you are still refining the numbers?”

Chief Cruz clarified:

“No, no. Mr. Chairman. The numbers we see are as accurate as we can get them for now. And I will tell you that the reason why these things continue to surface is because—as the best example to that particular point that you’re raising is that—I’ve had a bunch of my police officers express an intent to retire and as they go to the retirement fund and look at the numbers so that they can see how much they will be getting in retirement, we come to find out that in prior years there were retirement contributions that were not paid out.

“So those are unbeknownst to the Guam Police Department, its unbeknownst to myself, my [Administrative Services Officer (ASO)] or anybody in my administrative staff. So these things continue to pop up and those are the little disparities that we continue to catch. So that’s what I reference [when I say that we are] ‘continuing to refine it’ because as they’re made aware to me, we document that. We figure out a way to pay it out, but I just want to make it known that these things are continuing to surface even though we submitted documentation to Senator Aguon’s Office.”

Chairman Cruz continued:

“The bottom line between your March number and [the] bottom line of today’s number—what’s the difference?”

Chief Cruz replied:

“There are several on two (2) different documents and I would like...it can be better displayed on the sheets.”

Chairman Cruz remarked:

“I understand. I’m just trying to figure out whether or not we should just wait until you get a final number. Otherwise this is going to be the first set of legislation that we’re going to pass in June, [but then] am I going to be expecting another set of numbers?”

Chief Cruz replied:

“No you’re not, Mr. Chairman. The numbers, for these particular bills that are being introduced, are set. What I’m referencing is the military leave without pay for retirement and that’s not covered in any of these bills.”

Chairman Cruz replied:

"I just wanted to get that on the record that this [is] set, because if we introduce it on another bill, I'll just tell [Senator Aguon] to take it back."

Chief Cruz responded:

"I understand that."

Chairman Cruz replied:

"Thank you."

Chief Cruz responded:

"You're welcome."

Chief Cruz proceeded to read his written testimony (*appended to this report*) in support of Bills No. 304-308.

[Section entitled "Executive Summary"]

The Guam Police Department Prior Year Obligations have accumulated over several years due to budget mandates that restrict the department's ability to fund debt carried into the fiscal year from previous fiscal years. Over the previous four fiscal years, the Guam Police Department has incurred debt that is categorized and introduced by the Thirty third (33rd) Guam Legislature as the over-time bill highlighted in 304, vendor obligations highlighted in 305, GPD Third (3rd) Cadet Cycle highlighted in 306, Court Ordered rulings highlighted in 307 and promised compensation highlighted in 308. During the performance of duty by departmental personnel or services rendered by vendors, the Guam Police Department has documented and forwarded action and/or payment request to appropriate agencies within the Government of Guam. GPD has yet to receive the authorization by law to fund prior obligations with the adequate source of funding to do so. More importantly, is that Guam Police Department will continue to accumulate debt if the measures introduced in these bills associated with these obligations are not successfully passed into law.

[Section entitled "Bill 304-33"].

"The Guam Police Department is in support of Bill No. 304-33 which intends to provide authorization to pay overtime obligations incurred in FY2015. GPD performs operations in natural disaster cases on the island. Peace officers and civilian support personnel were assigned essential tasks which were performed in direct support of tropical storms and typhoons that occurred in FY2015. GPD personnel provided life protection services for Tropical Storm Bavi that occurred on March 14th and 15th [of] 2015; Typhoon Dolphin that occurred on May 14th through the 16th [of] 2015; and Tropical Storm Goni that occurred on August 15th and 16th [of] 2015. Work performed for these assignments are cost-

identified by submission of appropriate timesheet information through GPD and other agencies of mutual concern such as the office of Guam Homeland Security. The total prior year obligation debt incurred for worked performed by GPD personnel for these natural disaster cases is two hundred sixty two thousand four hundred sixty three dollars and forty one cents (\$262,463.41). Those costs for each assignment are broken down. For Tropical Storm Bavi: fifty three thousand three hundred and seventy five dollars and sixty two cents (\$53,375.62). For Typhoon Dolphin: two hundred and four thousand one hundred eighty six dollars and five cents (\$204,186.05). For Tropical Storm Goni: four thousand nine hundred and one dollars and seventy four cents (\$4,901.74).

[Section entitled "Bill 305-33"]

"The Guam Police Department is in support of Bill 305-33 which intends to provide authorization to pay vendor obligations incurred in prior years. GPD receives services throughout each fiscal year in compliance with Government of Guam procurement mandates. These vendors have provided invoices or billing statements that were for services rendered in prior years, however GPD's budget restrictions do not allow for the payment of prior year invoices, billings, statements, and/or claims. The total prior year obligation debt incurred for vendors is two hundred and two thousand one hundred sixty five dollars and fifty nine cents (\$202,165.59).

[Chief Cruz references Slide 6 of the presentation].

"The costs for vendors in general categories are highlighted on the screen from items one (1), two (2), three (3).

[Slides 7-13 of presentation]

"Four (4), five (5), and six (6), seven (7), eight (8), and nine (9), ten (10), eleven (11), and twelve (12), thirteen (13) and fourteen (14) are invoices and billings for the cost of six thousand four hundred and six dollars and seventy cents (\$6,406.70). For claims indicated in items fifteen (15), sixteen (16), and seventeen (17), eighteen (18), nineteen (19), and twenty (20), twenty one (21) and (twenty two (22) to the amount of one hundred ninety five thousand seven hundred fifty eight dollars and eighty nine cents (\$195, 758.89) for a total cost of two hundred and two thousand one hundred sixty five dollars and fifty nine cents (\$202,165.59).

[Section entitled Bill 306-33]

"The Guam Police Department is in support of Bill 306-33 which intends to provide authorization to pay obligations incurred through the administration of GPD's Third (3rd) Cadet Cycle. In May 2012, the police cadet position was

amended by the Department of Administration to a police officer training position as well as the current entry-level position for police officers. At that time, thirteen (13) members of the Third (3rd) Police Cadet Cycle underwent initial entry certification training and were converted to the new police officer training position. Although the conversion took place, the thirteen (13) police cadets did not receive the appropriate incremented salary adjustment as a result the cost for each officer are cumulative.

“Until such time so that the appropriate adjustments can be made, work performed by these officers are cost identified by the submission of appropriate documentation through GPD and other agencies of mutual concern, such as the Bureau of Budget and Management Research and the Department of Administration. The total prior year obligation debt incurred for work performed by the Third (3rd) Police Cadet Cycle is estimated at one hundred eight nine thousand three hundred and nine dollars and eighty cents (\$189,309.80). What’s indicated on the slide are numbers one (1) through thirteen (13), and those are the thirteen (13) police officer cadets who were converted to police officer trainees and the amount of money owed to them to the tune of one hundred and eight nine thousand three hundred and nine dollars and eighty cents (\$189,309.80).

[Section entitled “Bill 307-33].

“The Guam Police Department is in support of [Bill] 307-33 which intends to provide authorization to payment obligations incurred in prior fiscal years that are under order of the court to be paid. Fiscal years whereby settlement agreements, Civil Service Commission rulings, and Unified Court of Guam rulings, ordered the payment of personnel awarded the claim were restricted to each respective Fiscal Year’s Budget Act mandates. Court ordered awards are cost identified by the submission of appropriate documentation through GPD and other agencies of mutual concern such as the Bureau of Budget and Management Research and the Department of Administration. The total prior year obligation debt incurred and ordered to be awarded is estimated at nine hundred forty eight thousand nine hundred thirty dollars and fifty two cents (\$948,930.52).

[Slides 17-20 of presentation]

“The categories for each of those are as follows: for items one (1), two (2), and three (3), and four (4) are settlement awards to the amount of seventy thousand three hundred and fifty five dollars and fifty five cents (\$70,355.55). For Civil Service case rulings indicated in item number five (5) [Case No. 13-AA25S]: one thousand forty one dollars and four cents (\$1,041.04). And finally, for forty/forty

three-hour Fair Labor Standard Act department-wide payout: eight hundred seventy nine thousand six hundred forty seven dollars and sixty seven cents (\$879,647.67).

[Section entitled "Bill 308-33"].

"The Guam Police Department is in support of Bill 308-33 which intends to provide authorization to pay obligations incurred in prior fiscal years for promised compensation. Operational needs in GPD have created situations whereby sworn and civilian support personnel performed the roles of supervisory positions but were not compensated when funds were available during the fiscal year assigned or when the determination for appropriate compensation was completed in the following fiscal year. Promised compensation awards are cost identified by submissions of appropriate documentation through GPD and other agencies of mutual concern, such as the Bureau of Budget and Management Research and the Department of Administration. The total prior year obligations debt incurred and ordered to be awarded is estimated at two hundred thousand one hundred ninety three dollars and thirty seven cents (\$200,193.37).

[Slides 22-24 of presentation]

"Up on the screen are items one (1), two (2), and three (3), four (4), five (5), and six (6). Four (4), five (5), and six (6) are for promised compensation.

[Slides 25-27 of presentation]

"Seven (7) and eight (8) are for retro pay. And nine (9), ten (10), and eleven (11) are for the Doc Sanchez merit pay to the tune of two hundred one hundred ninety three dollars and thirty seven cents (\$200,193.37).

"In conclusion, the Guam Police Department has consistently made efforts to avoid prior year obligations by appropriately funding the subject categories in each fiscal year. GPD has also incorporated a promised compensation category of prior obligation in its budget submissions. However, budget restrictions have not allowed for the payment of those obligations. In this regard, the Guam Police Department consistently documents the obligations from year to year. I would like to take this opportunity to thank this Committee for allowing me to provide this testimony in support of Bills 304, 305, 306, 307, and 308. Mr. Chairman this concludes my testimony. *Si yu'us Ma'åse Para I tiempun mizu.* At this point, I am subject to any questions that you may have."

The Chairman thanked Chief Cruz and prompted Captain Mark C. Charfauros to begin his testimony.

Captain Charfauros thanked the Chairman and proceeded to testify in support of all Bills No. 304-308:

“Everything that was said on the panel to the Chief is concurred by the members of the Guam Police Department. The only thing that I would like to ask to be considered by this Committee is that...all the bills that we have testified [for are] tied into the [fiscal year (FY)] 2016 Budget which gives us [a] very narrow window for the transfer authority to place. We have a lot of obligations in the Government of Guam and basically by September 30, [2016], none of these things are accomplished, then that window closes and the provisions of the [FY] 2017 Budget would, once again, close this ability over the [the Guam Police Department] to pay these prior obligations. What I would like to ask [of] the Committee is to consider—as you move forward into the 2017 Budget negotiations—is placing these provisions in the FY 2017 Budget just in case there has not been enough funds available to transfer these monies to fund these direly-needed prior obligations. There is no argument that these prior year obligations continue to accumulate as time goes on and it just [is] common sense that if we are going to pass this, that it also be considered to reopen the window, past the 2017 Budget. Thank you. *Si Yu’os Ma’åse.*”

Chairman Cruz thanked Captain Charfauros and inquired if any other officers of the Guam Police Department would be providing testimony.

Major Fred Chargualaf approached the Committee, introduced himself as the Chief of the Operations Bureau for the Guam Police Department, and began to testify *in support of* Bills No. 304-308.

“My comments for the most part of the bills—with the exception, of course, [for] the bill [regarding] the vendor payments [Bill No. 305-33 (LS)]—[are that these bills] are dealing with issues that affect people’s lives in our organization, and it’s not just our uniformed officers, but we got some support staff that we have under [who] consistently fill these positions. So again, I just want to convey my message. I know, on behalf of the staff and the other uniformed officers, that these things are something that we’re just trying to think of; it’s monies really that are there. I don’t think it is an issue and I think you all know that. That it affects people’s lives because these are things that are naturally owed to them and they’re continuing to do the hard word that they do. And if there is anything that I would like to close out with my statement is that I’m sure they are looking at this, looking at us now, and they are expecting us to take the lead. And that is why Captain Charfauros, Chief [Cruz], myself, [and] Captain Perez—my cycle mate—are here as the senior leaders of the organization with the staff behind us. Thank you.”

Chairman Cruz thanked Major Chargualaf and opened the floor for other inquiries.

Senator Aguon remarked:

“Thank you very much, Mr. Chairman, for entertaining these particular measures. Chief Cruz, thank you for your overall presentation. If you can follow me in terms of looking at the numbers, the first one [Senator Aguon references spreadsheet entitled “Guam Police Department: Prior Year Obligation First Responders/Typhoon Compensation/Overtime” (*appended to this report*)] is Bill No. 304.

The [Federal Emergency Management Agency (FEMA)] is \$262,463. Now in reference to that, the Government of Guam receive[s] any cost share from FEMA as a result of Tropical Storm Bavi, Typhoon Dolphin, [and] Tropical Storm Goni, because if in fact the government did receive, then I anticipate that some of this overtime obligation should have been paid out of FEMA funds.”

Chief Cruz replied:

“Senator, I am not aware if there is a cost share involved in that, nor am I in a position to answer that. I would think that [the Bureau of Budget and Management Research (BBMR)] or someone from [Department of Administration (DOA)] or even from Guam Homeland Security could better answer that question. Unfortunately, I am not aware if any cost sharing was made available in the dispersion of any funds from FEMA.”

Senator Aguon responded:

“Okay, then I will discuss that with some of the other officials but if you can also work with the DOA and BBMR and see if by any chance we can get a confirmation and that information be shared with the Chairman, please.”

Chief Cruz replied:

“Yes sir.”

Senator Aguon continued:

“Okay, Bill No. 305: Prior Year Obligations. Now when you’re referring to claims can you go to your presentation, please?”

Chief Cruz replied:

“Yes sir.”

Senator Aguon continued:

“Bill No. 305—just for purposes of those who are watching—is to pay prior year vendor obligations. Now, taking a look at your presentation, Chief, I know you provided all the senators a copy of your breakdown [Senator Aguon references spreadsheet entitled “Guam Police Department: Prior Year Obligation Vendor(s), Item No. 21” (*appended to this report*)].

“I’m looking at [the] lease for Tiyan’s buildings for FY2013 (partial) and FY2015 (partial): one hundred and sixteen thousand dollars (\$116,000) [in] outstanding obligation and then a subsequent item [No. 22] which is the lease for Text Control Center (TCC)-911 Operations at the Office of Homeland Security (OHS) 2014 and 2015. Now my question is: were not those two (2) particular items included in the operational expense of these respective fiscal years?”

Chief Cruz replied:

“As we understand it, Senator, for the Tiyan lease, there were issues because of some transitions that was going on. The [Memorandum of Understanding (MOU)] was not in place so we were unable to pay that monies out. So as we moved forward from FY2013 into the next fiscal year, that never got paid out because of the fact that there was never any MOU in place. The [former] Chief of Police [Fred Bordallo], as I understand it—not speaking on his behalf or the former ASO [Ms. Ovita “Ovi” A. Nauta] on her behalf—[but] it was my understanding that it was not paid out due to the absence of an MOU.”

“Now I can only say that we would think that it was in the budget to pay it out. [As to] why [Chief Bordallo] at that time did not make that payment out? I’m not sure. But I was led to believe [the absence of the MOU] was the reason why. With regards to the lease, the TCC-911, the same issue existed, there was no MOU between the Guam Police Department and the Guam Homeland Security Office of Civil Defense for that lease. It lapsed and no lease was put in place. Again, I was briefed that the Chief of Police at the time and the ASO conferred and that payment wasn’t made out. So as we move forward in time, as I took over the Chief, I was made aware of this. I documented it, and I’ve put it on as a proposal in my budget to be able to take care of that debt.”

Senator Aguon remarked:

“Chief, I understand about the lease with the TCC-911 operations at the Office of Homeland Security because as a prior Chair of Civil Defense and Homeland Security, that was an issue that was only brought to the attention of the Police Department about a year and a half ago, if I’m not mistaken.”

Chief Cruz replied:

"Yes sir. Yes sir."

Senator Aguon continued:

"That I understand, in terms of that obligation. It is the lease for Tiyan buildings. If I recall correctly, in prior legislatures, there was authorization given on two (2) separate occasions [with] budgetary flexibility to allow the Guam Police Department to meet those payments. That's one of the reasons why I brought it up as an issue because that's one hundred and sixteen thousand dollars (\$116,000) and I'm saying, that if my memory serves me right, at this moment, that one hundred and sixteen thousand (116,000) should have been paid out, and none of that has been based on what you're presenting today. So I'm taking this information, Mr. Chairman, as the most current information coming from the Chief, regardless of what transpired. But I do recall very distinctly that [in] prior legislation, there was authorization for budgetary flexibility to allow for the payment of prior year leases of those facilities."

Chief Cruz replied:

"Yes sir."

Senator Aguon continued:

"Okay, moving on to the third (3rd) Cadet Cycle [Bill No. 306-33 (LS)], the number that you provided the Committee today is consistent with what was previously provided, so there are no additional questions with regards to that. Now, the payment obligation for the forty (40) versus (vs.) forty (43) hours for law enforcement [Bill No. 307-33 (LS)]"

Chief Cruz replied:

"Yes sir."

Senator Aguon inquired:

"What was previously provided to the [Committee on the Guam U.S. Military Relocation, Public Safety, and Judiciary] was an obligation of about one point eight million dollars (\$1,800,000)."

Chief Cruz responded:

"That's correct."

Senator Aguon continued:

"[Senator Aguon referenced spreadsheet entitled "Guam Police Department: Prior Year Obligation(s) Court Ordered/ 40 vs. 43" (*appended to this report*). Now the current figure that you're presenting to this body [the Committee on

Appropriations and Adjudication] reflects nine hundred forty eight thousand dollars (\$948,000)."

Chief Cruz replied:

"[Referenced Item No. 6 on spreadsheet] Eight hundred seventy nine thousand six hundred forty seven dollars and sixty seven cents (\$879,647.67), to be exact."

Senator Aguon clarified:

"For the forty (40) vs. (forty three (43) hours?"

Chief Cruz repeated:

"For the forty (40) vs. (forty three (43) payout."

Senator Aguon inquired:

"Okay, why the huge disparity?"

Chief Cruz replied:

"Because at the time, we submitted the documentation to [the Committee on Public Safety] back in March, that [figure] was our assessment. I've sat with the folks at DOA's payroll. I've had my payroll staff go over and go back and take a look at it. We found that there was an issue and if you take a look at it when we reevaluated it, there was an actual cost that was brought down versus remaining at where it was. Our initial assessment was one point eight million dollars (\$1,800,000). We saw that error and we thought it's the right thing to do to correct that, and the correct amount is eight hundred and seventy nine thousand dollars (\$879,000)."

Senator Aguon inquired:

"Okay, so this is in direct communication between you and DOA personnel?"

Chief Cruz replied:

"That is correct. That is correct."

Senator Aguon responded:

"Okay. And Mr. Chairman, that's one of the huge reduction in the numbers rather than one point eight million dollars (\$1,800,000)."

Chief Cruz replied:

"That was the change that I had referenced earlier at the beginning of my testimony, Senator. That there was a changing in what I initially sent to you. There is another document that highlights the change as well."

Senator Aguon remarked:

“As long as it reflects communication between the Guam Police Department and DOA. Either way, now you’re presenting a more current and concrete figure to the Committee on Appropriations and Adjudication. And then finally, the two hundred thousand dollars (\$200,000) for promised compensation [Bill No. 308-33 (LS)]. I believe that the information that you provided us [in the presentation] and in this document is self-explanatory. Chief, I want to thank you very much for presenting this information to the Committee on Public Safety and now to the Committee on Appropriations. Senator Charfauros, I know you understand the budgetary process extremely well. What we’d like to do is try to deal with this, if by any chance the Chairman would like to proceed with this, because it would provide authorization to pay these obligations.

“Now working through the budget process, you know how it works in the next three (3) months. I’d like to see what we can do to allow the front office—BBMR and DOA—through the Guam Police Department to pay our law enforcement officers. If we look at it as a continuing provision, then chances are that it may be viewed as something that can be paid at a later date. I believe [that] our law enforcement officers, our uniformed personnel, as well as the civilian personnel who are under the promised compensation component, do deserve to get this payment as soon as possible, preferably in this fiscal year. So that’s why you take a look at those proposed measures. It takes budgetary authorization to pay these obligations in this fiscal year and then, come August, we’ll get more refined number in terms of what the front office is able to pay out this fiscal year and we’ll consider your suggestion. Thank you very much Senator. Chief, thank you very much.”

Chief Cruz replied:

“You’re welcome, sir.”

Senator Dennis G. Rodriguez, Jr. inquired:

“Thank you Mr. Chairman. Thank you to all the officers for being here. Chief, on the promised compensation, earlier I referenced the bill that I introduced: Bill No. 310. When you have time I just want you to please familiarize yourself with it. I’m looking here [Senator Rodriguez referenced spreadsheet entitled “Guam Police Department: Prior Year Obligation: Promised Compensation (*appended to this report*)] and some of these obligations that we have indicate that it is still being processed. [Senator Rodriguez references items number six (6), nine (9), and ten (10)]. So the processing between the [Guam Police Department] and BBMR and DOA has nothing completed? Because that was since 2013 right?”

Chief Cruz replied:

"It's still being evaluated based on what we are seeing in our personnel section when these officers qualified for that merit increase, and what DOA is telling us. It appears there is some disparity and that's what we're working through in processing that. From our perspective in the Guam Police Department, from a personnel perspective, we believe our officers are owed this kind of compensation from when they graduated, when they got their degree, and when they were owed that merit bonus increase. So that's the perspective we're taking and that's [what] we're working out with DOA at this time. So, in not throwing anyone under the bus, we're working to find that happy medium so that they understand where we're coming from so that we can get our officers their compensation."

Senator Rodriguez remarked:

"No, absolutely. And it's not about putting anyone in that spot right?"

Chief Cruz replied:

"Yes, yes."

Senator Rodriguez continued:

"But the reason why I ask is that the government doesn't have any policy on promised compensation. For [Item numbers] nine (9) and ten (10)—it's different. It's the merit increase based on the Doc Sanchez program."

Chief Cruz replied:

"Yes sir."

Senator Rodriguez inquired:

"Others [items] here are perhaps for detailed positions right?"

Chief Cruz responded:

"Yes sir."

Senator Rodriguez continued:

"That's where I'm really seeing a problem. We continue to exercise this practice, but not take into consideration that we must compensate these individuals for what we are detailing them to be. So Bill No. 310-33 (LS), the policy which we're attempting to establish now puts into place some strict timelines so that it's not open-ended like some of these are. Some of these are since 2013 [and] are open-ended so I'm hoping that you can take a look at that. And when a hearing is conducted—if it's ever conducted on Bill No. 310—then we can also get GPD's

input on that measure as well. Thank you.”

Chief Cruz replied:

“Yes sir. I will definitely look into Bill No. 310.”

Chairman Cruz inquired:

“Anybody else wish to testify? Chief, the reason why I’ve asked that question, now five (5) times is [that] I’m just trying to determine, with a presentation as well put together as you had with all your flow-charts and your PowerPoint presentation, did we really need fifty (50) officers in this hall for this?”

Chief Cruz responded:

“Well Senator, their decision to come down here to attend a public hearing is their decision. I can’t stop them from coming down here, if they wanted to come down here and be part of this democratic process called a public hearing.”

Chairman Cruz continued:

“Okay. I was just wondering whether or not they were on duty since they were all in uniform.”

Chief Cruz replied:

“Well, these officers are very proud of the uniform they wear and we all want to wear it. On Tuesdays and Thursdays, we wear it. Again, I can’t stop them from coming down here if they so desire to come down here, Senator.”

Chairman Cruz responded:

“No, I was just wondering if they were going to testify. That is why I asked several times if anybody else was going to testify.”

Chief Cruz replied:

“No, not unless anybody else is signed in. I’m not aware of anybody.”

Chairman Cruz thanked Chief Cruz. On account that there were neither additional questions from the Committee nor other individuals present to testify, the Chairman considered Bill No. 307-33 (LS) as heard.

III. FINDINGS AND RECOMMENDATIONS

At the recommendation of Legislative Counsel and the Office of Finance and Budget, several non-substantive changes were made to the style and form of the measure’s operational language. Additionally, language strengthening the measure’s reporting

requirements was added to ensure that the body is cognizant of the government's disposition of this important matter.

RE: Written Testimony: 307-33 (LS)

Buenas yan Håfa Adai Mr. Chairman and members of the Committee,

Thank you for the opportunity to provide comments on Bills 307-33 (LS).

**AN ACT TO ADD A NEW SECTION 1(m)(7) TO CHAPTER V OF PUBLIC LAW 33-66,
RELATIVE TO PROVIDING AUTHORIZATION TO THE GUAM POLICE DEPARTMENT
FOR COURT ORDERED OBLIGATIONS INCURRED IN PRIOR FISCAL YEARS.**

The Department of Administration (DOA) understands the intent of Bill 307-33 and is appreciative of the support the Legislature provides to our Guam Police Department. However, caution must be exercised when utilizing current year funding as payment for Prior Year Obligations. The budget is authorized for the current fiscal year's needs and using it to pay prior year obligations may lead to a shortfall of funding for this year's expenses. Thus, because of the reduced availability of funds, the current agency's budget will be insufficient to address the current operational needs of the Guam Police Department. DOA highly recommends a plan be submitted showing areas of the current budget where cuts will be made to cover prior year obligation payments. If this is not feasible, DOA is not able to support Bill 307-33.

As an additional note, should Bill 307-33 pass, we kindly request the ability to stagger payments due to the fact that cash availability may be limited. DOA cannot guarantee immediate payments of these obligations.

Should you have any questions, please feel free to contact me at 475-1221.

**RE: Bill 304-33
Bill 305-33
Bill 306-33
Bill 307-33
Bill 308-33
(GPD Prior Year Obligations)**

**For: The Honorable Chairman and Members
Committee on Appropriations and Adjudication
33RD Guam Legislature**

***Buenas yan Hafa Adai*, Mr. Chairman and Members of the Committee on Appropriations and Adjudication.**

I am Joseph I. Cruz, Chief of Police for the Guam Police Department, and I am here in my official capacity along with key members of the Guam Police Department to render testimony in support of Bills 304-33, 305-33, 306-33, 307-33, and 308-33.

EXECUTIVE SUMMARY

The Guam Police Department Prior Year Obligations have accumulated over several years due to budget mandates that restrict the department's ability to fund debt carried into a fiscal year from previous years. Over the previous four fiscal years, Guam Police Department has incurred debt that is categorized and introduced by the 33rd Guam Legislature as:

- | | |
|-------------------------|-----------------------|
| ❖ Overtime Bill | Highlighted in 304-33 |
| ❖ Vendor Obligations | Highlighted in 305-33 |
| ❖ GPD 3rd Cadet Cycle | Highlighted in 306-33 |
| ❖ Court Ordered | Highlighted in 307-33 |
| ❖ Promised Compensation | Highlighted in 308-33 |

During the performance of duty by department personnel or services rendered by vendors, Guam Police Department has documented and forwarded action and/or payment requests to the appropriate agencies within the Government of Guam. GPD has yet to receive the

authorization by law to fund prior year obligations and an adequate source of funding to do so. More importantly, is that GPD will continue to accumulate debt if the measures introduced in the bills associated with these obligations are not successfully passed into law.

BILL 304-33

The Guam Police Department is in support of Bill 304-33 which intends to provide authorization to pay overtime obligations incurred in FY2015. GPD performs operations in all natural disaster cases on the island. Police Officers and civilian support personnel were assigned essential tasks which were performed in direct support of Tropical Storms and Typhoons that occurred in FY2015. GPD personnel provided life protection services for Tropical Storm Bavi that occurred on March 14-15, 2015, Typhoon Dolphin that occurred on May 14-16, 2015, and Tropical Storm Goni that occurred on August 15-16, 2015.

Work performed for these assignments are costs identified by submission of appropriate timesheet information through GPD and other agencies of mutual concern, such as the Office of the Guam Homeland Security. The total Prior Year Obligation debt incurred for work performed by GPD personnel for these natural disaster cases is **\$262,463.41**. The costs for each assignment are:

- ❖ Tropical Storm Bavi - \$53,375.62
- ❖ Typhoon Dolphin - \$204,186.05
- ❖ Tropical Storm Goni - \$4,901.74

(Reference power point presentation)

BILL 305-33

The Guam Police Department is in support of Bill 305-33 which intends to provide authorization to pay vendor obligations incurred in prior years. GPD received services throughout each fiscal year in compliance with Government of Guam procurement mandates. These vendors have provided invoices or billing statements that were for services rendered in prior years. However, GPD's budget restrictions do not allow for the payment of prior year invoices, billing statements, or claims.

The total Prior Year Obligation debt incurred for vendors is **\$202,165.59**. The costs for vendors in general categories are:

- ❖ Invoices and Billing - \$6,406.70
- ❖ Claims - \$195,758.89

(Reference power point presentation)

BILL 306-33

The Guam Police Department is in support of Bill 306-33 which intends to provide authorization to pay obligations incurred through the administration of GPD's 3rd Cadet Cycle. In May 2012, the Police Cadet position was amended, by the Department of Administration, to a Police Officer Trainee position, as well as the current entry level position for police officers. At the time, thirteen (13) members of the 3rd Police Cadet Cycle underwent initial entry certification training and were converted to the new police officer trainee position. Although the conversion took place, the 13 police cadets did not receive the appropriate incremented salary adjustment. As a result, the costs for each officer are accumulative until such time that the appropriate adjustments can be made.

Work performed by these officers are costs identified by submission of appropriate documentation through GPD and other agencies of mutual concern, such as the Bureau of Budget and Management Research and the Department of Administration. The total Prior Year Obligation debt incurred for work performed by the 3rd Cadet Cycle is estimated at **\$189,309.80**.

(Reference power point presentation)

BILL 307-33

The Guam Police Department is in support of Bill 307-33 which intends to provide authorization to pay obligations incurred in prior fiscal years that are under order of the court to be paid. Fiscal years whereby settlement agreements, Civil Service Commission rulings, and Unified Courts of Guam rulings, ordered the payment of personnel awarded a claim were restricted to each respective Fiscal Year's Budget Act mandates.

Court ordered awards are costs identified by submission of appropriate documentation through GPD and other agencies of mutual concern, such as the Bureau of Budget and Management Research and the Department of Administration. The total Prior Year Obligation debt incurred and ordered to be awarded is estimated at **\$948,930.52**. The costs for each category are:

- ❖ Settlement Awards - \$70,355.55
- ❖ Civil Case (CV2038-10) - \$1,041.04
- ❖ 40/43 Hour, Fair Labor Standards Act department-wide payout - \$879,647.67

(Reference power point presentation)

Bill 308-33

The Guam Police Department is in support of Bill 308-33 which intends to provide authorization to pay obligations incurred in prior fiscal years for promised compensation. Operational needs in GPD have created situations whereby sworn and civilian support personnel performed the role of supervisory-level positions but were not compensated

when funds were available during the fiscal year assigned, or when the determination for appropriate compensation was completed in the following fiscal year.

Promised compensation awards are costs identified by submission of appropriate documentation through GPD and other agencies of mutual concern, such as the Bureau of Budget and Management Research and the Department of Administration. The total Prior Year Obligation debt incurred and ordered to be awarded is estimated at **\$200,193.37**.

CONCLUSION

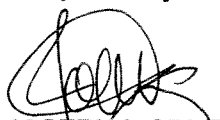

In conclusion, the Guam Police Department has consistently made efforts to avoid Prior Year Obligations by appropriately funding the subject categories each fiscal year. GPD has also incorporated the promised compensation category of Prior Year Obligations in its budget submissions, however, budget restrictions have not allowed for the payment of those obligations. In this regard, the Guam Police Department consistently documents the obligations from year to year.

GPD is confident that if sufficiently funded for the appropriate payment of these Prior Year Obligations, we can achieve an equitable budget cycle and avoid continued growth of GPD debt.

I would like to take this opportunity to thank this committee for allowing me to provide this testimony in support of Bills 304-33, 305-33, 306-33, 307-33, and 308-33. Mr. Chairman, this concludes my testimony, si Yu'os Ma' Ase para y tiempon miyu. At this point I am subject to any questions that you may have.

CONCLUSION

DIPATTAMENTON
POLISIAN GUAHAN
JOSEPH I. CRUZ, CHIEF OF POLICE

GPD has consistently made efforts to avoid Prior Year Obligations by appropriately funding the subject categories each fiscal year.

GPD has also incorporated the promised compensation category of Prior Year Obligations in a budget submission however, budget restrictions have prevented payment.

In this regard, the Guam Police Department consistently documents the obligations from year to year.

GPD is confident that if sufficiently funded for the appropriate payment of these Prior Year Obligations, we can achieve an equitable budget cycle and avoid continued growth of GPD debt.

Bill 307-33 (LS) will allow for the Guam Police Department (GPD) to pay for court ordered obligations from prior years. GPD has estimated a total amount of \$948,931 which consists of 1) promised compensations settlements; 2) adverse action settlements, and 3) estimated costs in reference to the 40-43 hours work shift civil case. Please note, as of April 29, 2016, it is anticipated GPD will incur a shortfall of approximately \$1.7M for Fiscal Year 2016 excluding the subject funding requirement. Additionally, potential fund sources to cover this obligation, if any, won't be known until September 2016. However, it should be noted that certain executive line departments / agencies funded by appropriations in Chapter V of P.L. 33-66 are projecting shortfalls by the close of FY2016. As such, it is highly unlikely that adequate funds will be available for transfers unless an alternate fund source is identified or additional appropriations are made from revenues in excess of those adopted in P.L.33-66 (FY2016 Budget Act).
