### MEMORANDUM

To: **All Members**  
Committee on Transportation, Infrastructure, Lands, Border Protection, Veterans' Affairs and Procurement

From: **Senator Thomas C. Ada**   
Committee Chairperson

Subject: **Committee Report on Bill No. 362-33 (COR), As Amended**

Transmitted herewith for your consideration is the Committee Report on Bill No. 362-33 (COR) As Amended, **AN ACT TO AMEND § 75121 OF CHAPTER 75 OF TITLE 21, GUAM CODE ANNOTATED, RELATIVE TO DESIGNATING BLOCK 3, TRACT 1722, MUNICIPALITY OF MANGILAO, AS A BIODIVERSITY CONSERVATION EASEMENT FOR THE PURPOSE OF PROVIDING LAND FOR "HATDIN AMOT CHAMORRO."**

This report includes the following:

- Committee Vote Sheet
- Committee Report Digest
- Copy of Bill No. 362-33 (COR), As Introduced
- Copy of Bill No. 362-33 (COR), As Amended
- Public Hearing Sign-in Sheet
- Written Testimony from: Department of Land Management
- Copy of Fiscal Note Request
- Copy of Fiscal Note
- COR Referral of Bill No. 362-33 (COR)
- Notices of Public Hearing
- Public Hearing Agenda

Please take the appropriate action on the attached vote sheet. Your attention to this matter is greatly appreciated. Should you have any questions or concerns, please do not hesitate to contact me.

## COMMITTEE REPORT DIGEST

### I. OVERVIEW

Bill No. 362-33 (COR) was introduced on July 29, 2016 by Senators Thomas C. Ada, Mary Camacho Torres, Tommy Morrison, Tina Rose Muna Barnes, Nerissa Bretania Underwood, Vice Speaker Benjamin J. F. Cruz, and Speaker Judith T. Won Pat, was subsequently referred on August 1, 2016 to the Committee on Transportation, Infrastructure, Lands, Border Protection, Veterans' Affairs and Procurement.

The Committee on Transportation, Infrastructure, Lands, Border Protection, Veterans' Affairs and Procurement convened a public hearing on September 26, 2016 at 6 :00 pm in *I Liheslaturan Guahan* Public Hearing Room to receive public testimony on Bill No. 362-33 (COR).

### Public Notice Requirements

Public Hearing notices were disseminated via email to all senators and all main media broadcasting outlets on September 19, 2016 (5-Day Notice) and again on September 22, 2016 (48-Hour Notice).

### Senators Present

Sen. Thomas C. Ada,	<i>Committee Chairperson</i>
Vice Speaker Benjamin Cruz	<i>Committee Member</i>
Sen. Nerissa Underwood, Ph.D.	<i>Committee Member</i>
Sen. Tina Rose Muña-Barnes	<i>Legislative Member</i>

The public hearing was Called-to-Order at 6:00pm.

### II. SUMMARY OF TESTIMONY AND DISCUSSION

**Chairperson Ada:** He introduces Bill 362-33 and refers to a PowerPoint picture depicting the lands in question.

**Michael Borja, Director, Department of Land Management:** He reads his written testimony (see attached written testimony). He said DLM is in contact with the Department of Agriculture, which have their own plan to protect endangered plant species. He said DLM and Department of Agriculture, will have an MOU to identify a larger area to protect, the dwindling habitat, that are essential to the native medicinal plant species. He adds that Biodiversity Conservation Easements is a new term being used, which requires definitions and foundations. He said DLM supports the role of Haya Foundation and the Yo Amte. He said he wants to see a buffer zone around these lots to protect its interior. He said it could be a trail or an erected perimeter, to mark and identify where the lands are.

**Zita Pangelinan, Haya Foundation:** Thanked all Senators for the opportunity to testify. The Haya Foundation has publicly presented their efforts since 2005.

The organization relies on volunteers to perpetuate our traditional healing practices. It has been extremely hard work. Haya Foundation has been working with CLTC and has conducted the First Amot Conference. The conference has recognized the sensitivity and risk of perpetuating our Amot. We are two generations away from losing our traditions, and it is imperative we move with our efforts.

It takes days and days to find Amot. There is fear that the Yo Amte will not be able to pass the traditional practices to their family members who do not want to practice healing. In the First Amot conference, the big issues were losing a tradition, which is four thousand years old, and the non-communicable disease epidemic. Participation in traditional healing is necessary to heal our people. She said many studies have indicated practicing traditional healing, and moving away from western medicine, is necessary to heal our people.

The Haya Foundation has achieved a lot since the Amot conference. They have had publications, three documentaries, and have many out reaches on Rota, Tinian, and Saipan. They also worked with the healers and medical professionals on Guam. They have also gone out to locate, find and set up registrations of Amot. They have collected three hundred plants that need to get in the ground, which is also a part of the resolution.

The Haya Foundation has had difficulty finding property. They have taken a look at property in Mangilao, and it has medicinal plants and the forest is an ideal environment. In Inarajan, because the property is behind a school, they are able to teach and get the knowledge to our children. She has spoken to the School Principal at Inarajan Middle School, who is in support of the Haya Foundations efforts on the Inarajan property.

The Haya Foundation's issue is property. Haya Foundation wants to obtain more grants. But to access grants Haya Foundation has to state they have property to work with. The only property they have is the Yo Amte location at Sagan Kuturan Chamorro. However, the Sagan Kuturan Chamorro lot is not sufficient for the plants they have.

The challenge is mimicking the same habitat for they plants. They do need property because the plants that have been collected are dying. The Healers say must save plants that save lives. They want to access property as soon as possible.

Haya Foundation has pitched ecotourism and the use of food as medicine. Through this plan they can begin to heal our people and truly educate our kids. Haya Foundation would like the Bill to stipulate that Haya Foundation has a lease, and not just access. Secondly, they would love to manage the properties. They do not have finances to operate, so they work in cooperation with Department of Agriculture to assist in their efforts.

Haya Foundation would like to create a master plan, in cooperation with other agencies to achieve the statements Mr. Borja stated. She said the Healers look to heal holistically, through life style changes and diets. She is in support of the Bill.

**Chairperson Ada:** Stated there is an original law authored by the late Senator Ben Pangelinan and asked if Zita was aware of that.

**Zita Pangelinan:** Yes she is aware of the previous Law.

**Chairperson Ada:** Asked if anyone knows if other individuals are doing the same thing that Haya Foundation wants to do, in managing a fifteen-acre Biodiversity tract of land.

**Michael Borja:** The Chamorro Land Trust has an agricultural lease with an individual in northern Guam, who has an Amot farm for display purpose. She has created an Amot farm on her own agricultural lot.

**Chairperson Ada:** He asked if anyone has any questions.

**Senator Tina Rose Muña-Barnes:** She asked Mr. Borja about section three in his testimony. She said there is an exemption for a parcel appraisal. She said also, that the parceling survey map be approved by land management. She asked Mr. Borja if Land Management has a survey department.

**Michael Borja:** He said there is no need for an appraisal and yes land management has a survey division. The survey division can do the survey, yes, but it will be labor intensive. He said the land has not been formally surveyed. He said by surveying the property we could have a formal and recorded map for the parcels.

**Senator Tina Rose Muña-Barnes:** Asked if we have to do the survey in house, how much would it cost.

**Michael Borja:** He said surveying would cost \$1,000 per acre. He said does the Chamorro Land Trust have the money. He said they want to survey that and other lands.

**Zita Pangelinan:** Haya Foundation hopes and plans is to move forward with our goals. They have offers of assistance from other institutions to develop a master plan. They want access to generate revenue and be self-sustaining. They are begging to move and get the plants in the ground. The Healers have about nine apprentices and we need the facilities and properties.

**Chairperson Ada:** He asked Mr. Borja if the law is passed for the fifteen acres for the Hatdin, how do you think Chamorro Land Trust envisions giving out leases.

**Michael Borja:** He said this is not a commercial lease nor is this an unusual circumstance. Instead, we see this as permitted by the law. The size of the land must be determined. The original law indicated an acre in the north and an acre in the south, which is too small in area. This Bill improves the previous law.

The Chamorro Land Trust is not using this situation to generate money, but to perpetuate our culture in a specific sense. CLTC wants to be sure these organizations continue to operate and not take a different form and function. In the future, these organizations might change the scenario and landscape of what their lease was originally intended for. That is why CLTC is strict about the subleasing and assignments. If we do not have any control over that, who knows what that portion of land will become. If the lease is to a nonprofit organization that no longer exists, then there may be other organizations that can take the lease.

**Zita Pangelinan:** Recommends that if Haya Foundation does not fulfill contractual obligations, the property should revert back to Chamorro Land Trust, but remain as a Biodiversity Conservation Easement.

**Michael Borja:** That is why we need to define a Biodiversity Conservation Easement.

**Chairperson Ada:** We are not going to sort out all the nuances this evening. We will continue with a roundtable discussion. This evening gives us direction, as to where we go to next.

**Therese Terlaje, Attorney:** She completely supports the Haya Foundation and the work they do. She agrees with Director Borja that the term Biodiversity Conservation Easement needs to be flushed out. What does that term mean and serve for Gov. Guam and so on. What are the conditions for a Biodiversity Easement versus an Agricultural Lease. She wants to know what the CLTC's position on this.

**Michael Borja:** CLTC has not passed a resolution on this but have spoken about it and are in support of this.

**Therese Terlaje:** Compared to the original Hatdin Bill, which indicated 4,000 square meters for one lot and 60,000 square meters for the current lot are a big difference. She asked if there was any other land offered besides the Chamorro Land Trust lands for this purpose and how does this compare to the Lajuna Commercial Lease.

**Michael Borja:** We have been in discussion with the Department of Agriculture to locate other areas to the north, starting from the Andersen fence line for other areas for a Biodiversity Conservation Easement. We are starting to create a memorandum of understanding with Department of Agriculture to define, assist in, finding, and locating the best areas for a Conservation Easement.

**Therese Terlaje:** She is in support of a Hatdin Amot Chamorro, preserving indigenous plants, and a Biodiversity Conservation Easement. Asked how did this land get selected, what is the plan for the Chamorro Land Trust, if we are not going to prioritize the residential and agricultural leases. She asked if are we going to use Chamorro Land Trust lands to take care of the Government of Guam's obligations. She said these are huge tracts of land.

**Michael Borja:** Tracts of land are not suitable for homes or agriculture.

**Therese Terlaje:** Asked how does Lajuna area compare to the area in question.

**Michael Borja:** He is under an appeal process on an old RFP for the Lajuna lands and it is still up in the air. We are trying to locate areas, which are not suitable for agriculture or homes. The idea is that we are trying to preserve these areas.

**Therese Terlaje:** Asked if this is someone's Mandate.

**Michael Borja:** No. This area is pristine and culturally sensitive like around Pagat. He'd like to see this part of the island preserved.

**Therese Terlaje:** Asked if this property being used to mitigate the [land clearing] activities at Andersen. We could object to those kinds of goals. This needs to be vetted.

Asked what is Chamorro Land Trust going to do in the future. Is it their land that should be used as a Biodiversity Conservation Easement versus trying to get residential leases on them. Also wants to look at this Bill more, to make sure this is not some mandate or mitigation, for some other activity on Guam. I want to be cautious.

**Michael Borja:** Mitigation is not his plan. There was a conference with U. S. Navy, federal agencies, and government of Guam agencies, to discuss the options to create a habitat area for the Kingfisher bird. Nothing formal has come about since the conference. If anything comes about from the Kingfisher conference we should take advantage of that situation.

**Therese Terlaje:** I want to be cautious.

**Chairperson Ada:** There has been talk from the military to find habitat for the Kingfisher outside the gate.

**Michael Borja:** There has been "organized thinking".

**Therese Terlaje:** Asked what is the difference between Biodiversity Conservation Easements and the Commercial Leases.

**Michael Borja:** These leases are completely different. We are not trying to make money from these leases. By making these areas a Biodiversity Conservation Easement it takes these land off the table for commercial leases. He said in the case of the Department of Agricultural, their concern is deforestation that is occurring naturally. He said what they are finding is that wildlife is killing the ability for trees to reproduce and propagate. What we need to do is fence off areas. He said it is the illegal hunting, preserving these trees at this current time.

**Zita Pangelinan:** We have been through that area and the constant cleaning of the area will help preserve existing plants.

**Senator Muña-Barnes:** She supports the efforts of the Bill. We want to strengthen the Bill. She said on page 3 line 12, where Chamorro Land Trust and Haya foundation will coordinate to preserve Chamorro Land Trust. She said Ms. Zita in order to apply for grants and outside funding you will need site control right.

**Zita Pangelinan:** Yes.

**Senator Muña-Barnes:** She said so line 12 is not strong enough. She said I would hope the property stay in the Chamorro Land Trust inventory and work on a MOU or MOA. She said would site control be good enough for you to go out and look for grants.

**Chairperson Ada:** He said we are definitely going to need to go into a roundtable discussion. We need maybe one or two roundtable discussions, before it gets reported out. He asked if anyone has any final comments.

**Mrs. McCullom:** People need to hunt for Amot and it only grows in specific places. Even if plants are transplanted to this area it might not survive. She is wondering if there is a private/public partnership between the government and private individuals. She was harvesting tomatoes chaka and removed the plants and they died. She said if the government owns the land, could private individuals access property to collect Amote. She said thank you.

Chairperson Ada ends the public hearing for Bill No. 362-33 (COR).

**Written Testimonies Received:**

**Michael Borja**, *Director, Department of Land Management.*

Michael Borja's written testimony is in favor of Bill No. 362-33 (COR).

**III. FINDINGS AND RECOMMENDATIONS**

The preservation of the local art of healing needs an area where local herbs used for healing can be planted. The bill originally was also going to designate 15 acres in Inarajan. However, the Inarajan MPC objects to reserving 15-acres for the Hatdin Amot. Instead, it was suggested that only one acre be set aside.

However; a more holistic review of Inarajan land issues and community lands needs of the People and Municipality of Inarajan reveals the following Committee Staff Findings:

1. The subject lot is contiguous to Inarajan Elementary School, government housing and other government facilities therefore infrastructure is available in the area.
2. There is pending before the Chamorro Land Trust Commission a solution proposal for a landlocked situation from Victor Duenas.
3. Community needs for educational buildings and its accompanying need for infrastructure seemed to be addressed in Public Law 22-18 by reserving 35 acres of **Lot 380** for the Inarajan Elementary School.
4. While Lot 380 is actually 138 acres large; actual field conditions and field visits indicate the following possible Development Projects as compatible use and positive contributions for the existing world order: Soil and Forestry Development to mitigate Layon, Agriculture use by the Inarajan Community, Solar Farm, Waterwells windmills, conservation and forestry grants to mitigate habitat destruction, alternative energy grants (LPG processing and storage area), Monitoring wells – work with Layon license requirements, Production wells – only 1 well in the south, grant for geo-study, New Products Test Area, Communications hub center, GPA southern Pole Yard, Southern Site Disaster Debris Collector (temporary site – shred and mulch green waste and de-metaled wood only, southern greens and southern wood only,

Staging Area for disaster debris: metallic waste and hard fill; International refugee temporary staging and housing area. Lot 380 does not lend itself to favorable infrastructure development for immediate or long term residential density development other than an emergency Federally funded one. Lot 380 is immediately south and downwind of the Layon Landfill.

5. **Inarajan Lot Transfers: Public Law 22-18 Section 9.** The land exchanges for the *Inarajan* seashore as authorized by the exhibit annexed to Section 2(b) of this Act are in compliance with the provisions of **Public Law 17-49**. Attached to this Act is a schedule setting out the lot numbers of the private lands which *are* to be exchanged under *such* public law. Such list is attached to identify the lands of those who are authorized to make such exchanges, but because of the passage of time, it might well be that the names of persons who should be authorized under such public law to make such exchanges have been inadvertently overlooked, in which *case* the Department, after investigating the individual *claim* of any such person not so listed and being satisfied that such person should have been listed, *shall* add the name of such person to the approved list. Additionally, any person listed who has already made an exchange shall not be deemed eligible for an additional exchange. Finally, a number of years having passed *since* the enactment of the public law, the persons listed for a land exchange may, if they so elect, exchange their properties for available government land in a municipality **other than Inarajan.** **The disposition of these lands is in direct relation to Gef Pago.**
6. Inarajan Land Needs include an adequate baseball field, the reserved by law lot is a deep coral hole: a safe first responder and recreational boat launch area – either repair or relocate the existing boat launch, a future elementary school, future water resources, future waste disposal needs and recycling programs.
7. The Southern Master Development Plan should be completed in 2 years, its development should be initiated once the new Taskforce members are sworn in in January. It also gives the CLTC some time and options consideration to deal with 15 acres in this Inarajan lot.
8. The Inarajan Mayor and the Municipal Planning Council should have a more active, involved and decisive role in the development and disposition of all Government of Guam lands in the Municipality of Inarajan.
9. In the Spirit of the Moratorium especially in Relation to large Government of Guam lands and their immediate disposition, ***the Inarajan parcel should be removed from Hatdin Amot development at this time.***

The Committee on Transportation, Infrastructure, Lands, Border Protection, Veterans' Affairs and Procurement hereby reports out **Bill No. 362-33 (COR) as amended**, with the recommendation to pass.

**I MINA'TRENTAI TRES NA LIHESLATURAN GUÅHAN**  
**2016 (SECOND) Regular Session**

Bill No. 362-33 (COR)

Introduced by:

T. C. Ada   
Judith T. Won Pat, Ed.D.   
T. R. Muña Barnes   
N. B. Underwood, Ph.D.   
Mary Camacho Torres   
Tommy Morrison 

**AN ACT TO AMEND § 75121 TO CHAPTER 75 OF  
TITLE 21, GUAM CODE ANNOTATED, RELATIVE TO  
DESIGNATING BLOCK 3 TRACT 1722,  
MUNICIPALITY OF MANGILAO AND LOT 354-4-R2,  
MUNICIPALITY OF INARAJAN, AS BIODIVERSITY  
CONSERVATION EASEMENTS FOR THE PURPOSE  
OF PROVIDING LAND FOR 'HATDIN ÅMOT  
CHAMORRO'**

2016 JUN 13 11:48 AM

1 **BE IT ENACTED BY THE PEOPLE OF GUAM:**

2 **Section 1. Legislative Findings and Intent.** *I Liheslaturan Guåhan* finds  
3 that the 30th Guam Legislature recognized the need to support efforts to preserve  
4 and perpetuate the practice of the Chamorro Medicinal Healing Arts, through the  
5 passage and enactment of Public Law 30-32.

6 *I Liheslaturan Guåhan* finds that Block 3 Tract 1722, Municipality of  
7 *Mangilao* as shown on Land Management Instrument No. 880762 and Lot 354-4-  
8 R2, Municipality of *Inarajan* as shown on Land Management Scheme No. M06-  
9 002 are uniquely suited for the purpose originally identified in P.L. 30-32. More

1 specifically, the *Hatdin Amot Chamorro* will become an invaluable tool for  
2 cultural preservation and conservation efforts, housing the many indigenous herbal  
3 species of flora used for medicinal purposes.

4 *I Liheslaturan Guåhan* finds that the designation of a *Biodiversity*  
5 *Conservation Easement* and its use for *Hatdin Amot Chamorro* will protect this  
6 land from commercial and residential development. Furthermore, the designation  
7 will assure the preservation of Guam’s pristine Eastern Coastline and Limestone  
8 Forest.

9 *I Liheslaturan Guåhan* therefore intends to authorize and allow the  
10 Chamorro Land Trust Commission to designate two parcels of land: ***Block 3 Tract***  
11 ***1722, Municipality of Mangilao and Lot 354-4-R2, Municipality of Inarajan, as***  
12 ***Biodiversity Conservation Easements*** for the purpose of establishing *Hatdin Amot*  
13 *Chamorro – Giya Fadian and Hatdin Amot Chamorro – Giya As-Agas*  
14 *respectively*. And to allow the *Håya Foundation*, which focuses on preserving,  
15 perpetuating and promoting the indigenous practices of traditional healing through  
16 medicinal plants, access to said lots in order to transplant, cultivate and perpetuate  
17 native flora used for traditional healing.

18 **Section 2.** § 75121 of Chapter 75 of Title 21, Guam Code Annotated, is  
19 amended to read:

20 **“§ 75121. The Establishment of ‘*Hatdin Amot Chamorro*’.**

21 (a) ~~The Chamorro Land Trust Commission, in consultation with the~~  
22 ~~Department of Agriculture and the UOG Cooperative Extension Service,~~  
23 ~~shall identify suitable land; and the Chamorro Land Trust Commission shall~~  
24 ~~designate and make available two (2) tracts parcels of land of approximately~~  
25 ~~four thousand (4000) square meters each, one (1) in the northern part of the~~  
26 ~~island, and one (1) in the southern part of the island. Both parcels shall be~~  
27 ~~designated as a *Biodiversity Conservation Easement* for the purpose of~~

1 transplanting, cultivating herbal plants and establishing a *Hatdin Ámot*  
2 *Chamorro*. ~~The Chamorro Land Trust Commission shall divide the~~  
3 ~~designated tracts into four (4) parcels or into parcels of one hundred (100)~~  
4 ~~feet by one hundred (100) feet, with access to each lot, for the establishment~~  
5 ~~of the 'Hatdin Ámot Chamorro'.~~

6 (b) Block 3 Tract 1722, Municipality of Mangilao as shown on Land  
7 Management Instrument No. 880762 (Exhibit A) shall be the site for the  
8 northern part of the island.

9 (c) Lot 354-4-R2, Municipality of Inarajan as shown on Land  
10 Management Scheme No. M06-002 (Exhibit B) shall be the site for the  
11 southern part of the island.

12 (b d) The Chamorro Land Trust Commission, in consultation with the  
13 Haya Foundation (a non-profit organization dedicated to the preservation of  
14 the Chamorro healing arts), is hereby directed to establish the criteria,  
15 application and operational procedures of the Hatdin Ámot Chamorro. The  
16 procedures shall establish the parameters ~~An applicant must submit a~~  
17 ~~proposal for the usage of the parceled lots~~ and a list of plants to be  
18 cultivated. To qualify to use a parcel of the *Hatdin Ámot Chamorro*, the an  
19 applicant must be an individual eligible for lease of Chamorro Land Trust  
20 land, and either:

21 (1) Be Aa member or officer of a non-profit organization  
22 registered with the Department of Revenue and Taxation, whose  
23 Charter includes the advancement of Chamorro traditional healing or  
24 medicine, or the advancement of Chamorro heritage and culture; or

25 (2) Must be a *Suruhana* or *Suruhanu*, or an apprentice, or  
26 student of traditional Chamorro medicines.

27 Preference shall be given to an applicant who meets more than one (1)

1 of the qualifications above.”

2 **Section 3. Exemption.** § 2107 of Title 2, Guam Code Annotated and the  
3 Standing Rules of *I Mina'Trentai Tres Na Liheslaturan Guåhan* relative to the  
4 appraisals of land *shall not* apply to this Act.

5 **Section 4. Severability.** If any of the provisions of this Act or the  
6 application thereof to any person or circumstance is held invalid, such invalidity  
7 *shall not* affect any other provision or application of this Act that can be given  
8 effect without the invalid provision or application, and to this end the provisions of  
9 this Act are severable.

**AN ACT TO *AMEND* § 75121 OF CHAPTER 75 OF  
TITLE 21, GUAM CODE ANNOTATED, RELATIVE TO  
DESIGNATING BLOCK 3, TRACT 1722,  
MUNICIPALITY OF *MANGILAO*, AS A BIODIVERSITY  
CONSERVATION EASEMENT FOR THE PURPOSE OF  
PROVIDING LAND FOR “*HATDIN AMOT*  
*CHAMORRO*.”**

1           **BE IT ENACTED BY THE PEOPLE OF GUAM:**

2           **Section 1. Legislative Findings and Intent.** *I Mina'Trentai Tres Na*  
3 *Liheslaturan Guåhan* finds that *I Mina'Trenta Na Liheslaturan Guåhan* (the 30th  
4 Guam Legislature) recognized the need to support the efforts to preserve and  
5 perpetuate the practice of the Chamorro Medicinal Healing Arts, through the  
6 passage and enactment of Public Law 30-32.

7           *I Liheslaturan Guåhan* finds that Block 3, Tract 1722, municipality of  
8 *Mangilao*, as shown on Land Management Instrument No. 880762; is uniquely  
9 suited for the purpose originally identified in Public Law 30-32. More specifically,

1 “*Hatdin Ámot Chamorro*” will become an invaluable tool for cultural preservation  
2 and conservation efforts, housing the many indigenous herbal species of flora used  
3 for medicinal purposes.

4 *I Liheslaturan Guåhan* finds that the designation of this parcel as a  
5 *Biodiversity Conservation Easement* for “*Hatdin Ámot Chamorro*” will protect this  
6 land from commercial and residential development. Furthermore, the designation  
7 will assure the preservation of Guam’s pristine eastern coastline and limestone  
8 forest.

9 *I Liheslaturan Guåhan*, therefore, intends to authorize and allow the  
10 Chamorro Land Trust Commission to designate Block 3, Tract 1722, municipality  
11 of *Mangilao*; as a Biodiversity Conservation Easement for the purpose of  
12 establishing the *Hatdin Ámot Chamorro* and to allow the *Håya Foundation*, which  
13 focuses on preserving, perpetuating and promoting the indigenous practices of  
14 traditional healing through medicinal plants, access to said lot in order to  
15 transplant, cultivate and perpetuate native flora used for traditional healing.

16 **Section 2.** § 75121 of Chapter 75 of Title 21, Guam Code Annotated, is  
17 *amended* to read:

18 **“§ 75121. Establishment of “*Hatdin Ámot Chamorro*.”**

19 (a) The *Chamorro* Land Trust Commission, ~~in consultation~~  
20 ~~with the Department of Agriculture and the UOG Cooperative~~  
21 ~~Extension Service, shall identify suitable land; and the *Chamorro*~~  
22 ~~Land Trust Commission shall~~ designate and make available two (2)  
23 ~~tracts~~ a parcel of land, of approximately four thousand (4000) square  
24 ~~meters each, one (1) in the northern part of the island, and one (1) in~~  
25 ~~the southern part of the island; that shall be designated as a~~  
26 *Biodiversity Conservation Easement* for the purpose of transplanting  
27 and, cultivating herbal plants and establishing a the “*Hatdin Ámot*

1 *Chamorro.*” ~~The Chamorro Land Trust Commission shall divide the~~  
2 ~~designated tracts into four (4) parcels or into parcels of one hundred~~  
3 ~~(100) feet by one hundred (100) feet, with access to each lot, for the~~  
4 ~~establishment of the ‘Hatdin Ámot Chamorro’.~~

5 (b) Block 3, Tract 1722, municipality of Mangilao, as shown  
6 on Land Management Instrument No. 880762 (Exhibit A), shall be  
7 designated as a Biodiversity Conservation Easement for the purpose  
8 of providing land for “Hatdin Ámot Chamorro.”

9 (bc) The Chamorro Land Trust Commission, in consultation  
10 with the Håya Foundation (a non-profit organization dedicated to the  
11 preservation of the Chamorro healing arts), is hereby directed to  
12 establish the criteria, application, and operational procedures of the  
13 Hatdin Ámot Chamorro. The procedures shall establish the  
14 parameters ~~An applicant must submit a proposal~~ for the usage of the  
15 parceled lot and a list of plants to be cultivated. To qualify to use a  
16 parcel of *Hatdin Ámot Chamorro*, ~~the~~ an applicant must be an  
17 individual eligible for residential lease of Chamorro Land Trust land,  
18 and either:

19 (1) be Aa member or officer of a non-profit  
20 organization registered with the Department of Revenue and  
21 Taxation, whose charter includes the advancement of  
22 *Chamorro* traditional healing or medicine, or the advancement  
23 of *Chamorro* heritage and culture; or

24 (2) be a *Suruhan* or *Suruhanu*, or an apprentice, or a  
25 student of traditional *Chamorro* medicines.

26 Preference shall be given to an applicant who meets more  
27 than one (1) of the qualifications in this Subsection above.”

1           **Section 3. Exemption.** § 2107 of Title 2, Guam Code Annotated, and the  
2 Standing Rules of *I Mina'Trentai Tres Na Liheslaturan Guåhan* relative to the  
3 appraisals of land *shall not* apply to this Act.

4           **Section 4. Severability.** If any of the provisions of this Act or the  
5 application thereof to any person or circumstance is held invalid, such invalidity  
6 *shall not* affect any other provision or application of this Act that can be given  
7 effect without the invalid provision or application, and to this end the provisions of  
8 this Act are severable.

**SUBJECT: Bill No. 362-33 – AN ACT TO AMEND §75121 TO CHAPTER 75 OF TITLE 21, GUAM CODE ANNOTATED, RELATIVE TO DESIGNATING BLOCK 3 TRACT 1722, MUNICIPALITY OF MANGILAO AND LOT 354-RC, MUNICIPALITY OF INARAJAN, AS BIODIVERSITY CONSERVATION EASEMENTS FOR THE PURPOSE OF PROVIDING LAND FOR 'HATDIN AMOT CHAMORRO'**

***Buenas Yan Hafa Adai!***

This bill designates the following properties as biodiversity conservation easements:

- a. Block 3 Tract 1722, Municipality of Mangilao, approximately ±136,690 square meters; as depicted on the Chamorro Land Trust Commission Agricultural Subdivision Master Plan of Tract 1722, Instrument No. 880762. This land is registered.
- b. Lot 354-4-R2, Municipality of Inarajan, approximately ±61,461 square meters, as depicted on the Department of Land Management Proposed Lot Scheme of Lot 354-4-1-R1, Scheme No. M06-002. This land is registered.

Bill No. 362-33 also modifies 21GCA §75121 "The Establishment of Hatdin Amot Chamorro" by designating the parcels of land for this purpose and classifies this land as a "Biodiversity Conservation Easement." Lastly, Haya Foundation, a non-profit organization, is designated to consult the Chamorro Land Trust Commission (CLTC) to establish criteria, application and operational procedures of the Hatdin Amot Chamorro.

The following are recommendations to be incorporated into Bill No. 362-33:

- a. Each parcel is subject to a survey which must be approved by the Department of Land Management.

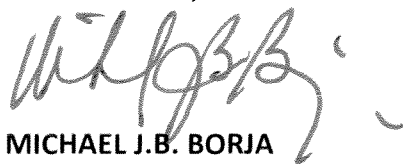

- b. Each parcel of identified property should be encircled by an interior buffer zone no less than 10 feet wide and no more than 30 feet wide for the purpose of protecting from encroachments of neighboring lots. Buffer zone may be used as a perimeter trail, for the erection of a fence line or other demarcation.
- c. A comprehensive land use plan for all CLTC properties designated as a biodiversity conservation easement shall be created. Subject area experts in the Department of Agriculture, Department of Parks and Recreation, and other agencies, as necessary, may be utilized to assist with the establishment of this plan.
- d. All criteria and procedures established for the use of this conservation easement shall be approved, by resolution, by the CLTC board of commissioners.
- e. CLTC shall be the issuer and lessor of any parcels within the conservation easement assigned to qualified applicants.
- f. Lessees/land use designees shall not assign, transfer, or sublease any portion of their designated land use area.

While this legislation seeks to establish specific lots to be designated as a biodiversity conservation easement, the Chamorro Land Trust Commission envisions other parcels of land to also be assigned with this designation in order to propagate endangered native plant species and protect unique areas of our island's geography.

Thank you very much for permitting me to provide this testimony.

*Senseramente,*

A handwritten signature in black ink, appearing to read 'Michael J.B. Borja', with a flourish at the end.

**MICHAEL J.B. BORJA**

Director

**Notes:**  
 The proposed legislation intends to designate property from the Chamorro Land Trust Commission's (CLTC) land inventory as Biodiversity Conservation Easements as mandated through the creation of 'Hatdin Amot Chamorro' through P.L. 30-32. By designating the subject properties as Biodiversity Conservation Easements, the CLTC loses the potential ability to conduct agricultural, residential, or commercial leases, thus losing potential revenue to be received by the CLTC. However, the approximate fiscal impact could not be determined at this time due to lack of sufficient information pertaining to the original intended use of the subject properties.

### **MEMORANDUM**

To: All Senators, Media, and Stakeholders

Fr: Senator Thomas C. Ada, *Chairperson*

Subject: **1st Notice of Public Hearing: Monday, September 26, 2016  
at 6:00 p.m.**

Please be advised that the Committee on Transportation, Infrastructure, Lands, Border Protection, Veterans' Affairs, and Procurement will be conducting a public hearing on **Monday, September 26, 2016 at 6:00 p.m.** This meeting will take place in the public hearing room of *Liheslaturan Guahan*. The agenda is as follows:

**6:00 PM**

**Bill No. 331-33 (COR) – T. R. Muña Barnes / B. J.F. Cruz / F.B. Aguon, Jr. / F.F. Blas, Jr. / V. A. Ada / J.V. Espaldon**

An act to transfer portions of lot 5075, Municipality of *Tamuning* owned by the Chamorro Land Trust Commission to *Decha Farms, Inc.* in a land exchange.

**Bill No. 362-33 (COR) – T.C. Ada / J.T. Won Pat, Ed.D. / T.R. Muña Barnes / N.B. Underwood, Ph.D. / M.C. Torres / T.A. Morrison**

An act to amend § 75121 to Chapter 75 of Title 21, Guam Code Annotated, relative to designating block 3 tract 1722, Municipality of *Mangilao* and Lot 354-4-R2, Municipality of *Inarajan*, as biodiversity conservation easements for the purpose of providing land for '*Hatdin Ámot Chamorro*'.

Testimony on **Bill No. 331-33 (COR), and Bill No. 362-33 (COR)** should be addressed to Senator Thomas C. Ada, Chairperson, and will be accepted via hand delivery to our office, our mailbox at the Main Legislature Building at 155 Hesler Place, Hagåtña, Guam 96932, via email to [office@senatorada.org](mailto:office@senatorada.org), or via facsimile to (671) 473-3303 until **4:00pm, Monday, October 3, 2016**. In compliance with the Americans with Disabilities Act, individuals requiring special accommodations or services should contact the Office of Senator Tom Ada at 473-3301.
