## Written Testimony Regarding Bill No. 75-33 (COR)

June 26, 2015

Hafa Adai Senators,

During a trip stateside in 2012, I noticed that every state had a specialty license plate available for virtually any type of organization. Upon my return, I looked into the costs, requirements, and details associated with these specialty license plates.

I presented the idea for a Firefighter license plate to Fire Chief San Nicolas and he agreed it would be not only a morale booster, but also a revenue generating source for the Government of Guam and the Firefighters Organization (FOAM). Following the Application from the Utah State Tax Commission, the proposed fees would include a mandatory, annual donation from the holder to the FOAM.

After getting approval to move forward, several senators were approached with the proposal. While waiting for feedback, Fire Chief San Nicolas also mentioned the idea to Fire Chief Stanley Torres at Andersen Fire and Emergency Services. It was his suggestion that the license plate be developed for all firefighters working on Guam.

Although firefighters worldwide are part of one brotherhood, I believe the fire services on Guam should be allowed more time to choose a design and have the monies collected deposited into an account agreed upon. The intent original intent was to encourage other agencies, both local and federal, professionals, and organizations, to follow suit. It would open the door for the Rotarians, Girl Scouts, Guam Police, GAIN, etc. to develop a license plate that can be used to collect funds for their specific purpose.

Although I am in favor of this Bill and thankful for the work Senator Barnes has given towards this endeavor, I believe there are issues that need to be discussed and agreed upon amongst the personnel of the GFD, ARFF, Navy, and Andersen prior to the final drafting of this measure.

Thank you for your time,

FFII Kevin J. Reilly  
Guam Fire Department

**Notes:**  
According to information provided by the Department of Revenue and Taxation (DRT), customized license plates may cost anywhere between \$6,000 - \$10,000 for 1,000 plates, or an average of \$8,000. DRT is unable to absorb the additional cost related to customized plates in their current budget (FY15). Additional funding may be needed for subsequent fiscal years to accommodate additional orders of the customized license plates. The projected fiscal impact for FY16 - FY19 assumes other law enforcement departments will follow suit with customized license plates.
