COMMITTEE REPORT DIGEST

I. OVERVIEW

The Committee on Rules, Federal, Foreign and Micronesia Affairs; Human and Natural Resources, Election Reform, and Capitol District convened a public hearing on Wednesday, October 5, 2016 at 9:00 A.M. in the Public Hearing Room of *I Liheslaturan Guåhan*. Among the items on the agenda was the consideration of on the appointment of **Mr. Jesse B. Rosario to serve as a Member of the Guam Ocean and Fisheries Management Council [Length of Term (4) Four Years]** whose appointment history is as follows:

- Appointed by Governor Eddie Baza Calvo on September 13, 2016;
- Appointment packet forwarded to *I Liheslaturan* on September 14, 2016;
- Packet forwarded to this committee for public consideration on September 15, 2016.

Public Notice Requirements

Notices were disseminated via e-mail and facsimile to all senators and all main media broadcasting outlets on September 28, 2016 (5-Day Notice), and again on September 20, 2016 (48-Hour Notice), thereby meeting the noticing requirements of the Open Government Law. Notices were also transmitted to various stakeholders.

Senators Present

Senator Rory J. Respicio, *Chairperson*

II. SUMMARY OF TESTIMONY & DISCUSSION

1. **Mr. Jesse B. Rosario, nominee, Guam Ocean and Fisheries Management Council, provided oral and written testimony in support of his appointment. (Please see attached for written testimony).**
2. **Ms. Judy Rosario in support of appointment.**
3. **Mr. Mike Duenas, self, provided oral testimony in support of appointment.**
4. **Mr. Felix S. Reyes, self, provided written testimony in support of appointment. (Please see attached for written testimony).**

Chairman Rory J. Respicio called the public hearing on the appointment of **Mr. Jesse B. Rosario to serve as a Member of the Guam Ocean and Fisheries Management Council [Length of Term (4) Four Years]** to order at 9:00 A.M.

Chairman Senator Rory J. Respicio called the panel to testify.

Mr. Jesse B. Rosario

(Please see attached for written testimony).

Mr. Mike Duenas testified in support of Mr. Rosario and explained how the Council developed through Senator Brant McCredie's recent public law establishing this Council.

Chairman Respicio suggested on Mr. Mike Duenas also be considered to be a member of this new Council because of his knowledge and interest in ocean, fisheries and new public law that created this Council.

Chairman Respicio thanked the panel for testifying and the senators present at the hearing.

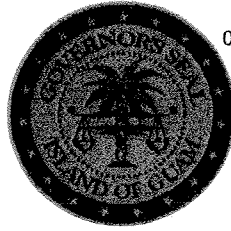

No further testimony being offered, Chairman Respicio then declared the appointment of **Mr. Jesse B. Rosario to serve as a Member of the Guam Ocean and Fisheries Management Council [Length of Term (4) Four Years]** was duly heard.

III. WRITTEN TESTIMONY

1. **Mr. Jesse B. Rosario, nominee, Guam Ocean and Fisheries Management Council, provided oral and written testimony in support of his appointment. (Please see attached for written testimony).**
2. **Mr. Felix S. Reyes, self, provided written testimony in support of appointment. (Please see attached for written testimony).**

IV. FINDINGS AND RECOMMENDATIONS

The Committee on Rules, Federal, Foreign and Micronesia Affairs; Human and Natural Resources, Election Reform, and Capitol District hereby reports out the appointment of **Mr. Jesse B. Rosario to serve as a Member of the Guam Ocean and Fisheries Management Council [Length of Term (4) Four Years]** with the recommendation to TO CONFIRM.

Bill No. 160-33 (COR)
Article 9, Guam Ocean and Fisheries Conservation Act of 2015
§ 63902 Establishment of the Guam Ocean and Fisheries Management Council

Hafa adai and Good morning Mr. Chairman (Senator Rory J. Respicio) and
members of the 33rd Guam Legislature,

My name is Jesse Blas Rosario, I am a citizen of Guam, born and raised on this
beautiful island of ours. I am here before this committee on a nomination by *I
Maga'lahaen Guahan*, Governor Eddie Baza Calvo to serve as a **Committee
Member on the Guam Ocean and Fisheries Management Council for a four
(4) year term** with the advice and consent of *I Liheslaturan Guahan*. I am a life-
long fisherman/peskadot starting at a very young age of seven (7) with my
family, the Familian Tenbat, a fishing family for generations. Fishing is my
passion and I am strong advocate and steward of our Ocean and Fresh water
ecosystem and marine resources. To ensure that our ocean and freshwater
resources are cared and protected, I've obligated my time and effort to engage
and participate in various organizations and committees that serve to develop
conservation and management policies as well as perpetuating our traditional

and cultural practices involving our ocean and freshwater. Listed are some of my involvements.

I am an active member and Board Secretary to the Executive Board of the Guam Fishermen Cooperative Association (GFCA), and had served as Guam's representative on the NOAA Marine Fisheries Advisory Council (MAFAC), a member of the Recreational Fisheries Working Group (RFWC). I currently serve as the Advisory Panel member for the Marianas Fisheries Ecosystem Plan (FEP) team for the Western Pacific Regional Fishery Management Council (WPRFMC) located in Hawaii which is regulated and mandated by the Magnuson-Stevens Conservation and Management Act (MSA). While serving under the WPRFMC I've gained valuable knowledge and gained numerous contacts and friends abroad. I've also gained personal knowledge and experiences on fisheries management and conservations, attending scoping meetings with stakeholders on best practices on fisheries management and conservation. These meetings also provided the opportunity to listen to the stakeholders from various Pacific Island Nations (Hawaii, American Samoa, CNMI and Guam) on their fisheries challenges and issues. Through the Council, I've also learned to engage with Council Officers seeking their advice, the relative provisions and an understanding of the Magnuson-Stevens Fisheries Conservation and Management Act (MSA), the core manual for our existence. The Guam Ocean and Fisheries Management Council is a newly created Council for Guam, its Ocean, Freshwaters and Fisheries and my involvement and role is to ensure this Council fulfills the duties and obligations by promulgating the provisions of Public Law 33-144 formerly Bill No. 160-33. As a Council member, I will work with my Council colleagues to coordinate and promote conservation

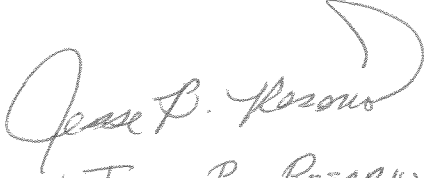

and sustainable development of Guam's Ocean, fisheries, and marine resources; develop, impose and issue permits for the general public based on the approved Schedule of Fees; oversee the expenditure and management of funds in the Guam Ocean and Fisheries Conservation and Development Fund; to provide advice and information to *I Maga'lahaen Guahan* and to *I Liheslaturan Guahan*; to develop programs to enhance and promote sustainable use of Guam marine and freshwater resources; and to collaborate with Department of Agriculture in the expenditures of the funds derived from marine activities, or federal grants, and other ocean, fisheries and marine related funding; to seek legal advise from the Attorney's General Office on the creation ocean and freshwater use policies, regulations and fees. To provide public education and awareness on the Guam's Ocean, Freshwater and Fisheries rules and regulations. And to network and partner with both the private and government sectors

Further acknowledging the Council's plans for the coming years, I agree to support and commit to the Council objectives to meet its mission in serving our community. I will advocate for the Council in good standing and preserve the Council integrity through my actions and belief in fisheries management and conservation.

As a steward of our ocean's resources, and an advocate for fishermen and water way users, I believe my participation as a Council Member on the Guam Ocean and Fisheries Management Council will help ensure that our children, grandchildren and others will be able to enjoy the traditional island ways of fishing and enjoying our beautiful coastal bays, marine and fresh water activities.

It is imperative to sustain our island fisheries through proper teaching and management that have been practiced for in our generations for thousands of years.

Un Dangkulona Si Yu'os Ma'ase' for your consideration and approval of my appointment to the Guam Ocean and Fisheries Management Council.

Jesse P. ROSARIO

Jesse B. Rosario

167 Tenbat Street, Mongmong • PO Box 26140, GMF, Barrigada, Guam 96921 • Home phone 671-989-1108 • Work Phone: • Cellular phone 671-688-2627 • Fax: 672-731-6842 • E-Mail: jrosario@triton.uog.edu

Objective

To provide leadership, engage with community leaders on seeking effective sustainability of our ocean and freshwater resources, building capacity and engaging with community fishermen/women, manage and establish sound policy, rules and regulations on Guam Ocean and Freshwater, developing strategic objectives to achieve mission goals, oversee and manage the funds in the Guam Ocean and Fisheries Conservation and Development Fund, and to enhance and promote sustainable use of Guam marine and freshwater resources, provide educational and awareness on Guam's Ocean, Freshwater and Fisheries rules and regulations, maintain high ethical standards, and to serve as a member of the Guam Ocean and Fishery Management Council.

Experience

Bringing over 30 combined years of professional Leadership and Administrative experiences in an Executive Office or Dean/Director Office. Currently serving as a Program Coordinator IV in the Office of the Dean/Director, College of Natural and Applied Sciences. Former positions held in UOG are the Administrative Officer, Project and Office Manager and Administrative Assistant. Served as President of the UOG Staff Council (2 terms), served as Chairperson for the WPRFMC Advisory Panel members, active member of the WPRFMC AP, serving as Guam Fishermen Cooperative Association (GFCA) Executive Board Secretary, serving as active member of the NOAA Marine Advisory Fisheries Committee (MAFAC) for Guam, and serving as Staff Flotilla Officer for the USCG Auxiliary.

Education

Master's in Public Administration; University of Guam

Bachelor in Public Administration and Legal Studies; University of Guam

Associate of Sciences in Office Administration; Guam Community College

Diploma; George Washington High School

WORK EXPERIENCES:

College of Natural and Applied Sciences

1996 – Present

Dean/Director's Office

Oversees the Administrative and Fiscal management operations and functions of the Dean/Director's Office, and assist with the Offices of the Associate Director for Western Pacific Tropical Research Center (WPTRC), the Office of the Associate Director of Cooperative Extension Services (CES), the Assistant Dean for Academic Programs and other related programs in CNAS. Ensures compliances on both federal and local rules/regulations and/or policies for programs and projects are promulgated to all employees of the programs/projects and that they are adhered and implemented accordingly. I maintain a close relationship with the Accounting Office to provide advice on fiscal compliance with programs, projects and extramural federal funding such as the Hatch funds, Smith-Lever funds and McIntire-Stennis funds which are core federal funds for CNAS Land Grant activities. Regularly attends National and Regional USDA meetings sponsored by the National Association of Food and Agriculture (NIFA) to remain current of the new

regulations, policies and procedures and other related regulations applicable to Land Grant systems or other extramural funding.

I provide direct counsel, advice and enforce administrative protocols, promote best fiscal practices and procedures while effectively managing the administrative/fiscal offices. I review annual budget while forecasting operational budgets to ensure sufficient funding allocation are made. I makes administrative and fiscal decisions in accordance with appropriate program/project guidelines, applies federal/locals rules and laws based on operational and functional needs of the tri-mission objectives of the Land Grant Systems. I evaluate management-style effectiveness and recommend and initiate changes in policies, procedures and program requirements to improve effectiveness and sustain efficiencies. I engaged and retain a network of governmental and private contacts and organizations of their support and resources to augment the tri-mission of the CNAS.

I monitor budgetary accounts of more than 80 different Local and Federal funded programs and projects worth over 2 million dollars with the Hatch, Smith-Lever, McIntyre-Stennis, Special Grants, Contracts and State appropriated funds. I maintains current federal administrative manuals, interprets and advises the Dean/Director, Associate Director of Research and Associate Director of Cooperative Extension on their budgets on the compliance on the federal provisions of accountability of fund, expenditures, records of expenditures, and receipts/invoices, federal financial reports, Plan of Work (POW), draw-down of federal funds, and program/project audits. I further provide guidance to PI's on their allowable and unallowable expenses according to the programs and project grants and fiscal requirements. I consult and advise PIs and PDs, (projects/programs) and special project officers of conflicting or non-compliance of regulatory provisions with their service contracts, employee pay and benefits, travel, program/project expenditures on capital and non-capital equipment, etc. while ensuring the programs and projects are continually managed and supported.

I oversee the college's Facilities and Administrative (F&A Cost) operations of the following programs and/or project: academic, administration, federally funded research & Special Projects. I am the Point of Contact (POC) for all capital improvement projects, I coordinate the A&E building designs, meet with Project Engineers on reviewing and approving final renderings.

Capital Improvement Projects: I am the Primary Project and Building Coordinator for the Capital Improvement Project for CNAS. I was directly charged with the American Reinvestment and Recovery Act (ARRA) Modernization and Improvement Projects worth over \$2 million dollars. The ARRA projects include but not limited to the installation of new modern LEED air-conditioning systems for the ALS building and Mathematic and IT Building. Renovation of CNAS Aquaculture facility and Hatchery duplex requiring extensive structural, electrical and mechanical improvement to meet Uniform Building Codes (UBC) standards and compliances. Oversee the construction of duplex and office buildings at the Hatchery and Agricultural Experiment Satellite Stations such as monitoring the reinforcements of the large metal beams and rafters, replacements of butler roofing tins and walls based on Blueprint designs and specifications.

WPTRC facility improvement projects such as the renovation of the warehouse for research studies. With the new capital improvement project – Air-conditioning system, this system will have improved both economical and power usage, ultimately realizing savings for UOG. I coordinate with primary contractors to determine timeline of project, schedule of events, i.e., staging of equipment and supplies, scheduling power

outages to avoid interruption of classes, coordinates with Plant Management Team on progress with the installation, problems, and delays. Conducts physical site inspections with PM team to ensure compliance and scope of work are being adhered. Ensures safety is top priority to all building tenants, students and others visiting the offices, labs, etc. Continually monitors the progress of all renovations and modernization of building and facilities. Cost for the installation and modernization of the air-condition system is approximately 1.5 million dollars.

Coordinates the renovation of the former Planetarium into a Lecture Hall. As the Project Coordinator, I assisted with the design and approval of the Blueprints, coordinate directly with the Project Engineers to determine timeline of project, schedule of events, i.e., staging of equipment and supplies, scheduling power outages to avoid interruption of classes, coordinates with Plant Management Team on progress with the installation, problems, and delays. Conducts physical site inspections with PM team to ensure compliance and scope of work are being adhered. The project of the renovation is approximately \$250K included are modern audio and teaching equipment. The renderings were drafted and approved by the Dean and I.

Primary Project Coordinator for the renovation and modernization of the Natural Sciences Chemistry Laboratories. This was a \$500K dollars project requiring total renovations of the two Chemistry labs with new lab benches, cabinets, floor tiles and related items. I assisted with the design and approval of the Blueprints, coordinate directly with the Project Engineers to determine timeline of project, schedule of events, i.e., staging of equipment and supplies, scheduling power outages to avoid interruption of classes, coordinates with Plant Management Team on progress with the installation, problems, and delays. Conducts physical site inspections with PM team to ensure compliance and scope of work are being adhered.

Primary Project Coordinator for the Natural Sciences Annex building. This building annex was designed to create two (2) teaching classrooms. The annex building was a design/build project involving the complete structural and electrical specs which I oversaw the project's progress from the pouring of the foundation to the pouring of the roof. I monitored the project progress and communicated daily with the project contractor to ensure they are meeting the conditions and scope of work as approved. This building project cost \$200K and is fully functional classrooms.

National Institute of Food and Agriculture (NIFA)
Federal Excess Personal Property (FEPP) Program

2000 - Present

Appointed as the NIFA-FEPP Accountable Property Officer for CNAS. This appointment/assignment has afforded the CNAS the opportunity to acquire federal excess property from various federal agencies who wish to transfer, release or dispose of property no longer needed. The FEPP is a program of Property Inventory and Accountability ensuring the property is used in furtherance of the Land Grant activities and mission. As a long-standing member of the FEPP, I was elected by my peers to serve as Vice President of the Users and Screeners Association (USA-FEPP) comprised of 90 members from the various 1862 Land Grant and Insular Areas Institutions. My role as Vice President is to act on behalf of the President when he/she is not able to hold a formal meeting. To provide our members with updated information on FEPP compliances, regulations and policies that may affect how we acquire federal excess property to augment our Land Grant Research projects, Cooperative Extension Services outreach programs, and our resident instructions for teaching. As a member of the USA-FEPP, Inc., I continually provide valuable information

on how to improved our programs. Since my appointment as the APO, I have acquired federal excess property in excess of \$1 million dollars without cost to UOG.

In 2008, I was also elected to serve as the **President of the USA-FEPP Inc.** I completed two (2) years in this capacity and was recognized for my services.

Micronesian Health and Aging Studies (Lytico-Bodig Project)

1990 – 1995

Served as the Office Manager for the Lytico-Bodig (also known as ALS-PD) Medical Research project under the leadership of Dr. Ulla-Katrina Craig, Director of the MAYO Research Project. I managed the recruitment of new employees to the project, managed the functionality and operations of the research offices and staff. Provided assistance to both local and off-island visiting Medical Physician (MDs) involved in the investigation of the diseased known as Lytico-bodig. Assist clients and patients during visit to the UOG clinic, and translate the local Chamorro language to non-speaking Chamorros. Conducts field assessment and visit to other pacific islands in search of individuals who may have symptoms or has the illness of Lytico-Bodig, traveled to Rota, Saipan, Tinian, and University of British Columbia, Canada for further medical studies on the disease.

University of Guam Activities:

Served as the **First UOG Staff Council President (1994 - 1996)** elected by my peers. Having created the Staff Employee organization ratified by then UOG President, Dr. John Salas and Chairman of the Board of Regents, Dr. Franklin Quitugua, the staff employees were ecstatic and showed their gratitude of this recognition. The creation of the UOG Staff Council committee became a recognized Body of the institution and UOG (Dr. Salas) was recognized by WASC for his support to the employees of UOG. The creation of the Staff Council motivated each staff to excel in their work knowing that they partners of UOG taking pride and having the privilege in planning for UOG future.

I also served a second term as **Chairman of the UOG Staff Council on 2005 – 2007** by continuing to perpetuate and promote the staff employees of UOG. Under my leadership, I was successful to engage with the UOG Administrative Council, the Faculty Council and Student Government Association to collectively achieve the missions and initiatives of the UOG President. The result for serving as the UOG Staff Council Chair is the productivity and accomplishment of staff recognition and their hard work.

MILITARY SERVICES AND EXPERIENCES:

1999 - Present

United State Coast Guard Auxiliary, Boat Qualified

Currently serving in the Department of Homeland Security, United States Coast Guard (USCG) Auxiliary with the Guam Flotilla 140-02-24. The purpose of my membership in the USCG Auxiliary, Guam Flotilla 140-02-24 is to perpetuate the mission and meet its goals;

To promote, educate and improve Recreational Boating Safety
 To provide trained boat crews and station facilities the resources of readiness to augment the Coast Guard mission and enhance safety and security of our ports, waterways, and coastal regions.

To support Coast Guard operational, administrative, and logistical requirements when a distress call is alerted.

To increase safe boating awareness to all boat operators, waterway users, and others using the open waters for both sustenance and recreational activities.

To provide community demonstrations, static displays and demonstration on the proper use of emergency equipment and how they are applied in distress or emergency.

To provide assistance to the USCG with Community Recreational events, i.e. Cocos Island Swim Race, Merizo Christmas Drop for children, Coastal and Beach clean-up, etc.

Served as the Non-commission Officer in Charge (NCOIC) 1986 - 1989
of HHC, HQ, United States Military Community Activity-Ansbach, Germany.

Served as the NCOIC for the company's Orderly Room, responsible for 125 active duty personnel in the Company with their military orders, administrative actions, travel documents or finances. Reports directly to the Company Commander and First Sergeant on all matters with soldier's administrative or financial problems, retentions in a foreign country and reenlistment options. Supervised five (5) enlisted soldiers during my tenure under this command. Oversee the administrative and financial operations in accordance with U.S. Army standards of managing a Company Orderly Office, ensures all individual personal records are secured, updated with pertinent documents and are recorded accordingly, each individual personal jacket is reviewed for completeness and properly documented. Served as Section Leader for non-combatant individuals (DOD civilian, family members, and U.S. citizens) for immediate air-lift evacuation from Germany if a Presidential Order for evacuation is declared.

Served as the Company's Recruiting NCOIC for two years. Received recruitment recognition for highest reenlistment of enlisted and Non-Commissioned Officers (NCO) for two consecutive quarters.

Served as US Postal NCOIC in Vent Hill Farms, Warrenton, Virginia 1984 - 1986

Served as the NCOIC Orderly Room for the Vent Hill Farms Signal Warfare Command serving 80 soldiers. After serving a year, I was transferred to oversee the company's US Postal Services ensuring official USPS and supplies are delivered to various units, offices and controlled facilities, record all accountable mail and delivered on a timed schedule. I ensure the receiving, sorting and delivering of official mails on campus are conducted daily without any delays.

I receive, review all Classified and Non-classified documents/publications and ensure they are properly marked based on their classification and are properly secured in accordance with establish policies. I also compile Classified and Non-classified documents for the Base Commander, Colonel Holland for his reading files on a daily basis and report any breach or violations on mishandling of classified materials/documents to Security.

Responsible overseeing the operations for all printing and publications for the military command in Vent Hill Farm Signal Warfare commands.

Enlisted and Sworn-in the United States Armed Forces – Army

1981 – 1984

Served in the U.S. Army after graduation from George Washington High School, Mangilao, Guam. Took Basic and Combat Arms training in Fort Jackson, South Carolina. After completing the Basic and Combat Arms training, I was promoted to the Advance Individual Training (AIT) also in Fort Jackson, SC to train as a Specialist in the Army’s Administrative field.

After completing my Basic and AIT, I was given orders to served my first overseas tour in Germany, North Point Army Depot, a weapons depot. At the depot, worked in the Company’s Administrative Office assisting soldier with personal records and their finances. I was further certified as Custodial Agent (CA), certifying and authorizing me as an armed escort transporting weapons by air-craft (helicopter), to various sites and military airports. I was also assigned to the Back-up Alert Team (BAT) during alerts and contributed numerous hours of helicopter flying transporting weapons.

COMMUNITY ACTIVITIES AND ENGAGEMENT:

Western Pacific Regional Fisheries Management Council (WPRFMC), Honolulu, Hawaii

Chairman for the *Guam Advisory Panel (member since 2005 to Present)* 2009 - 2015

The Western Pacific Regional Fishery Management Council is one of eight Regional Fishery Management Councils established by the Magnuson Fishery Conservation and Management Act of 1976. Amended in 1996 to establish Fisheries Management, prevent overfishing, minimize by-catch and protect fish stocks and habitat areas. Served on the Marianas Fisheries Ecosystem Plan (FEP), Guam Advisory Panel member. As a member of the Marianas FEP, Guam AP, I served to provide WPRFMC of best fisheries management practices, improve conservations methods and practices and promote fisheries sustainability for the future of our children, grandchildren, etc. and promote best fishing practices through engaging with local fishermen/women, the fishing community.

Served as member for the *WPRFMC Ecosystem Advisory Plan (EAP) Team* and member on the *Regional Ecosystem Advisory Committee*.

NOAA Marine Advisory Fisheries Advisory Committee (MAFAC) 2013 - Present

Recreational Fisheries Working Group (Guam)

Selected as Guam representative by nomination to NOAA to serve as a member to the Pacific Region Recreational Fisheries Working Group. Only three (3) positions allotted for the Western Pacific Islands, two (2) from Honolulu, Hawaii and one (1) from Guam. As a member of the RFWG, my role is to represent Guam’s Recreational fisheries through best fisheries management and conservation methods and practices. To perpetuate the traditional and cultural fisheries through sustainable fisheries, education and awareness. To educate and provide NOAA, MAFAC with the Pacific Island’s fishing traditions and culture so they understand the importance of fishing in the islands when drafting federal policies on Recreational Fishing. To engage with other members of the fishing community, both recreational, non-commercial and commercial fishing during National meeting and educate others on how we differ from the (CONUS) state side fishing, the cultural fishing and how fish we harvest is used during traditional ceremonies in the Pacific Islands.

Guam Fisherman's Cooperative Association (GFCA)

2008 – Present

Serving as the Guam Fisherman's Cooperation Association (GFCA) as Board Secretary to the GFCA Executive Officers. To officially take minutes, record minutes and prepare official minutes for the GFCA President's approval. To maintain all official records for GFCA Executive Officer meetings, attend special sessions meeting with Congresswoman Bordallo, Governor Calvo, Lt. Governor Tenorio, Chief of Staff, and the Guam Legislature on promoting best fisheries management and conservation and the perpetuation of Guam's traditional and cultural fisheries.

To assist with the Annual GFCA Membership meetings by reading aloud and explaining the GFCA membership rules, guidance and policy. To record all active and in-active members and keep account of their activities. Served as the POC for GFCA Scholarship Awards to students in the field of marine biology or related studies on Marine Science.

Technology:

Skilled to operate MAC and PC systems, knowledge of how each function differs and the uses of various applications and softwares. Familiar with software of Word, Wordperfect, Excel, Lotus, Powerpoint, Photoshop, Outlook, Safari, Mail, internet, World Wide Web, Ops. Systems, etc. Able to operate calculating machines, copy machines, printers, etc. Audio, digital camera, digital video camera. Operate GPS and other electronics devices to remain current with today's ever changing technology.

Personal Skills

Professional fisherman; A skillful and knowledgeable fisherman using traditional fishing since the age of 7 year old. My family relied on subsistence fishing as their primary source of food and income. My early stages in fishing as made me very proficient that I am able to read the lunar appearance to determine when the fish are spawning, when the seasonal fish are active and the type of species that are spawning. I am a very skillful fisherman with in-shore chenchulu (net) fishing, talaya (cast net) fishing, and off-shore fishing and fishing with boats from 15'boat to 66' in length. Competed in the GFCA International Fishing Derby for 15 years.

Knowledgeable of small construction projects. Able to read Blue-print design, understands various constructions design, structural, mechanical, environmental, etc.

Worked as a tradesman for a construction company, laying CMU hollow blocks, pouring cement in cmu, laying rebars, forming and other miscellaneous construction projects. Pulling electrical wiring for housings, working on weather heads, plumbing, repairing water pipes, minor electrical repairs, renovations and repairs. Installing split air-conditioning units, conducting semi-annual preventative maintenance on units (evaporator and condensing units) and recharging with regulated Freon. Experienced with plumbing and connecting water pipes (PVC) to external and internal uses in regular and temporary homes. Able to operate Back-hoe and other construction equipment, i.e. mixers, hammers, electric drills and saws, etc.

Worked as General Assistant with a Hardware and Construction Company, Guam Hardwood. Responsible for issuing lumber at various sizes, plywood, paints, rebar, etc. and operating a forklift, flatbed truck, and other vehicles.

October 5, 2016

Letter of Recommendation for:

Mr. Jesse B. Rosario
to the Guam Ocean and Fisheries Management Council

From: Felix S. Reyes
P. O. Box 8282
Tamuning, Guam 96931
Mobile: 483-1904 / e-Mail: efesar05@yahoo.com

Testimony:
Hafa Adai!

I would like to recommend Mr. Jesse B. Rosario to be a member of the Guam Ocean Fisheries Management Council.

Like Mr. Rosario, I've been fishing since I was a kid using all types of fishing methods and techniques. My parents taught us to watch for the tides, the moon, and select plants and animals, for signs of which types of fish may be in season. We follow this very closely and we harvest what we needed. Although we harvested a lot of fish, there were a lot of fish back then.

Times have changed and influences such as non-point pollution (erosion, fertilizers, etc.), development, population growth, etc., as well as other factors have taken their toll on our marine resources. Now, it takes greater effort and more time to catch close to the amount of fish we could catch back then.

I have known Mr. Rosario for many years both as a fisherman, as a University of Guam Program Coordinator for the College of Natural and Applied Science, as a member of the Western Pacific Regional Fisheries Management Council Guam Advisory Panel Member and as the Chairman of the same panel. He was always a gentleman and respectful.

Over the years that I've known Mr. Rosario he has demonstrated a thorough knowledge of all things fishing, including our delicate marine environment. His extensive experience in the fields of marine conservation and management, including policy and governance, qualifies him to help fulfill the mission of this committee and I am convinced he will be a major contributor towards guiding Guam towards a more sustainable, yet productive marine and ocean resources. I hope you kindly consider my recommendation for Mr. Jesse B. Rosario.

Thank you and Si Yu'us Ma'ase.

Felix S. Reyes
