Nadine T. Cepeda – Thank you honorable chairperson Senator Rodriguez and honorable Senator Mary Torres this is my opportunity I am very committed to giving back to our community there's an diary need that we still not enough we are the largest 70 plus therapy's in clear now in my private practice I have to turn the people away just because I need to provide quality care one of my things that I bring to the department of education is a background being in 15 years at behavioral health that I am now building capacity and stunning initiative called school base behavior health there's clearly need and not enough people in these area to help our people here, I am not saying that our community is unhealthy but we all can be healthier and that's start what we need so we always continue work on myself so I can't teach somebody if I'm not practicing what I teach and so still in my life commitments and being involved in all these organization coz I feel that I can be all change and we talk about therapy's that what it is it change I want to start to myself to make that change and so I'm actually taking interns from the masters program or actually school counselors because we don't have enough to work under my licensure clean provide clinical supervision working closely and Annie's is no longer clinical administrator and she was my actually works many years and learned a lot under her I actually

now spit it out under her capacity under working very closely because you may not know is one of every five students is actually have symptoms or have a mental illness, clearly that's alarming so alarming that their going to come to School to learn their coming with all kinds of an emotional and social issues that come in and academics will be secondary and you would think academics they would come in and think so the works begins its building and pounding and pounding one day at the time. But I know change can happen so part of these is an opportunity and also make a change, your right these board is going to be the system I mean its really the system but I'm young and I'm again (audible) I'm hoping that I can do the best and you think I do I will always be committed and so I would like to make a change so thank you.

Senator Dennis G. Rodriguez, Jr. – Thank you very much Senator Torres you have any questions?

Senator Marry Torres – Ms. Cepeda your record is very admirable but I think what is equally admirable is the support that you brought with you today and I rarely participated in the public hearing were it was delight to listen to your family members speak of you the way they did and makes me wish that I had a sister for its like issue, but I'm a you talk about quality care and I think that very critical and I want to ask you what you think about these notion that been circulating and discuss on the several occasion with regard to the licensure professional who would not graduate from the accredited in US Institution or who currently hold the licenses and other than US jurisdiction I ask these question because we have a shortage witch is professionals in Guam and we also rely in very much care in outside Guam with our closes neighbors Philippines for examples so we are utilizing insurance money to funds those treatments but what is your thoughts upon the inclusion to professional to practice on Guam and be license on Guam who are other that from US accredited schools or who currently hold non US board certifications.

Nadine T. Cepeda – You know I think that really (inaudible), however I just came back my mom has been going true medical issues and truthfully its not to put anyone down because we all do the school I really strongly hold if we go true it the standard it place that standards and the standards is you have to meet the requirements so when you kind of comparing it to the different country its kind of difficult even with the course work the type of training so I know I'm going to speak because I'm not a medical doctor nor or I'm misleading to anybody misinforming but part of that standard is giving the practice let's just say of being an empty position like the psychiatrist you would have to do the (inaudible) research so that school in the Philippine and then part of the standard is they have to do a residency in soil and that truly I always say that education is the frame work that the trainee makes the difference and with that training you can do a lot, because you can do academically you can be academically outstanding and performs A's but you cannot translated into application and that's what you treat people so I'm going to be very careful and you ask me then not just my opinion to having people in the different country and the US that standard and there's always a shortage of Nurses, Doctors, OTPT there is the national shortage when it comes to the medical and knowing that people, I think when they you

put standards that everything to make sure that their meeting the standards so that's my comments about that.

Senator Mary Torres – And I appreciate your honesty, Thank you.

Senator Dennis G. Rodriguez, Jr. – Thank you very much Senator, again congratulation but we wanted to schedule earlier but you're off island right? But were going to ensure that these will be part of the agenda next week section could you confirmed so we could start working on the board.

Nadine T. Cepeda – Ok thank you.

Senator Dennis G. Rodriguez, Jr. – But I do want to but I was speaking in the chair board a few weeks ago and one of the things I've been trying to do was really kind of reform and how we can help the board even more you know there it's like I said there a lot of discipline on these board but with you addition to the board hopefully we can get some new thoughts and there let see if how can move these so it can be more efficient specially with the licensing office I know that the board and the social work has already looking at and doing something different in terms of making the test online and working true that the process and one of the examiners the allied health board of examiners there is something that would be able to address as well, so I look forward to working with you.

Nadine T. Cepeda – Thank you Senator.

Senator Dennis G. Rodriguez, Jr. – Thank you very much.

Chairman Committee on Health and Human Services
34th Guam Legislature

In Re: Letter of Support for Nadine Cepeda

Hafa Adai Mr. Chairman and Members of the Committee:

I am Dr. Lisa Baza and it is with great honor that I submit testimony in support of Ms. Nadine Cepeda's nomination to the Guam Board of Allied Health Examiners.

Ms. Cepeda has extensive experience in the field of behavioral health and human services. I worked closely with her during her tenure as a clinical supervisor with the Department of Mental Health, now Guam Behavioral Health and Wellness Center. Ms. Cepeda was instrumental in developing policies and procedures that streamlined and redefined service delivery to our most vulnerable populations- individuals with disabilities.

Ms. Cepeda was also a former colleague during her term with the Judiciary of Guam as a licensed behavioral therapist with Client Services and Family Counseling. It was during our clinical consultations that I realized the depth of her dedication to this field. Ms. Cepeda's clinical insights and skills are unequivocal no doubt. However insight alone does not impact lasting change. It was Ms. Cepeda's compassion and ability to establish meaningful rapport that is fundamental to the work we do.

Ms. Cepeda is presently serving her second term as the President of the Guam Association of Individual, Marriage and Family Therapists (AIMFT) of which I am a part. During Ms. Cepeda's term the association established the Ann Hardin Charity and the Jeanette Sablan Tanos Scholarship Fund. The charity provides grants to indigent families for basic necessities such as food, clothing, gas or bus passes, etc. And the scholarship fund was established to supplement educational costs for college students pursuing careers in behavioral health. Her work is a labor of love for the community she serves.

Whether Ms. Cepeda is forging crucial change in service delivery at the administrative level or effectuating measurable change with client systems at the frontline or very imperative change at the macro level with the community we love. She does so with professionalism, the highest ethical standards and integrity.

Please consider favorably her nomination to the Guam Allied Health Board. Thank you very much.

Respectfully,

Lisa V. Baza, Ph.D.

To Whom It May Concern,

I have known Nadine Taijeron Cepeda for my lifetime since I am one of her older sisters. She is the youngest of 6 siblings. She has been in the behavioral health field for the past 18 years. In addition, she is active in the community and gives of herself back to society. She is currently the Vice Regent for the Catholic Daughters of America Santa Barbara Court, was a CCD Confirmation teacher, is currently a Eucharistic Minister with the Santa Barbara Parish, she continues to serve as the president for the Guam Association of Individual, Marriage and Family Therapist, has been an associate member for Guam Psychological Association, and an associate member for Guam Medical Association.

Nadine is thoughtful, considerate, efficient and extremely competent. She is a healer in the community as she continued to provide pro-bono services to families in need in her private practice. Nadine also has an excellent rapport with people of all ages. Her excellent communication skills (both written and verbal) allow her to connect with all kinds of people.

In summary, I am honored to provide a letter for her appointment or endeavor that she may seek to pursue. She will be a valuable asset for any organization and to the people of Guam whom she serves. Should you have any question, please do not hesitate to contact me.

Respectfully,

Letter of Support for Allied Health Board for Nadine T. Cepeda

Håfa Adai Senator Rodriguez,

It is with great pleasure that I write a letter of support for the Executive Appointment as a Member of the Guam Board of Allied Health Examiners, Licensed Mental Health Counselor, for Ms. Nadine T. Cepeda.

I have known Ms. Cepeda for over 10 years as a colleague with Guam Behavioral Health & Wellness Center and through partnerships with various organizations we are involved in together. We have worked together on multiple agency and community projects; primarily those involving the Guam Association of Individual, Marriage, and Family Therapists and the National Association of Social Workers, Guam Chapter. We have also worked closely together to help improve service related gaps between the Guam Department of Education and the Guam Behavioral Health & Wellness Center to better serve Guam's Public School students. Ms. Cepeda's intimate knowledge and skills with multiple special needs population, behavioral and mental health issues and her broad professional experience in multiple institutional settings qualify her to optimally advise and advocate for members and licensee applicants of the Professional Board of Allied Health.

If you need more detailed information, please call me at (671) 727-6843 or email me at naswgu@gmail.com

Subject: Letter of Recommendation on behalf of Nadine T. Cepeda

This letter is in support of the nomination of Ms. Nadine T. Cepeda to the Board of Allied Health Examiners for Licensed Mental Health Counselors.

I have known Ms. Nadine T. Cepeda for over 18 years, 15 of these years was during the time she was employed at Department of Mental Health and Substance Abuse, now known as Guam Behavioral Health and Wellness Center. I was privileged to have Nadine under my supervision for the first 10 years at Mental Health as a new Social Worker, then as a Psychiatric Social Worker/Counselor and later as a Psychiatric Social Worker Supervisor with Adult Services for the next 5 years. In the 15 years with Guam Behavioral Health she has risen steadily up the ladder starting as a social worker fresh from college to becoming a counselor and later as a supervisor for counselors.

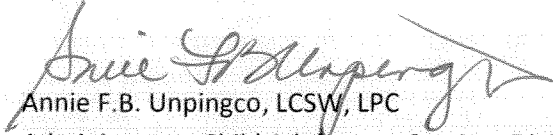

As a young social worker, with a genuine caring attitude and determination, Nadine's hunger for knowledge and experience was her path to success. She received numerous training in performing Intake Assessment using the Diagnostic and Statistical Manual of Mental Health Disorders as well as various training in best practice intervention models in developing and implementing clinical treatment plans that are culturally appropriate to the unique and individualized needs of the client's recovery and wellness.

In her clinical practice, Nadine does not shy from accepting challenging situations, she has a sound commitment to make things work, and that nothing seems so difficult... She exhibits strong ethical and professional standards throughout her clinical practice. Her enthusiasm, positive energy and passion for working with people especially young people was evident in how she readily connects and engages with them in a therapeutic working relationship. Nadine leaves a lasting positive impact on her clients beyond the duration of their treatment period. Young people that she had worked with and are now young adults still have positive memories of the the influence Nadine had on them.

Several years ago Nadine left Guam Behavioral Health to expand her work experience in the human service field by joining the Judiciary of Guam and more recently with the Guam Department of Education. Her mental health experience continues to benefit the community through her work in these agencies and the partnerships across the human services field are enhanced by the relationships she has developed over the years.

With Nadine's lengthy professional experience and clinical expertise in the mental health and human service field, I respectfully endorse her nomination to the Board of Allied Health Examiners for Licensed Mental Health Counselors without reservation.

Respectfully Submitted,

Administrator, Child Adolescent Services Division/IFamagu'on-ta
Guam Behavioral Health and Wellness Center

Dear Honorable Senators:

It is with great pleasure to provide a letter of support on Nadine Cepeda, a candidate member for the Board of Allied Health Examiners.

Ms. Cepeda worked as a Social Worker, Psychiatric Social Worker, and Psychiatric Social Worker Supervisor with Guam Behavioral Health and Wellness Center, formally known as the Department of Mental Health and Substance Abuse for over fifteen years. I have had the privilege to work with her in the Child Adolescent Services Division where she provided intensive case management services as a Social Worker for about four years from 2001-2005.

Recently, I have collaborated with Ms. Cepeda during her employment at the Judiciary of Guam working as a Judicial Therapist and as a District Psychologist with the Guam Department of Education providing counseling services to children, adolescents and their families.

Currently, I serve as an officer with the Association of Individual, Marriage, and Family Therapists of Guam working under Ms. Cepeda's leadership.

Ms. Cepeda performs her duties in a professional and ethical manner engaging easily with the clients she served displaying a deep respect for their situation and demonstrating a caring attitude for their well-being.

It is with great confidence that I support Ms. Cepeda's Executive appointment to the Guam Board of Allied Health Examiners. She is an individual with strong professional and ethical character and will be an asset in providing professional and competent work to the Board.

I will be glad to answer any question you might have about his character and professionalism.

Very Respectfully Yours,

Jesse U. Baleto, MSW, LPC
