II. SUMMARY OF TESTIMONY AND DISCUSSION

Chairperson Ada: calls those who have signed up to give testimony.

Tim Kernaghan, PAG Board Member: He has been impressed with Mr. Calvo's dedication to the Port Authority Board. Mr. Calvo's brings with him the perspective of working with people and understanding of asset basis of the Government of Guam according to Mr. Kernaghan. He explains that the Port Board is in a difficult position with only 3 members currently sitting and all 3 members have to be committed in order to have a quorum.

Joann Brown, GM Port Authority of Guam: She is in favor for Mr. Oscar Calvo to sit on the Port Authority Board. Ms. Brown had the opportunity to work with Mr. Calvo about 10 years

ago when he was the Chairman at Chamorro Land Trust and she was with UOG. They had an MOA agreement to look at Chamorro Land Trust compliance when it came to Agricultural leases. According to Ms. Brown, it was the first time these issues were ever being pursued was during Mr. Calvo's time as chairman of the CLTC.

She explains, Mr. Calvo has been very dedicated and committed to the Port Authority Board. The board including Mr. Calvo have been very supportive of the Port's efforts in the upgrading of their facilities according to Ms. Brown.

Chairperson Ada: He calls forward Mr. Calvo to present his testimony.

Oscar A. Calvo, PAG Board Member/Appointee: He is here today to ask for his re-nomination to the PAG board. His philosophy is to think simple and easy and is open to any questions the panel may have for him.

Chairperson Ada: He explains to Mr. Calvo the topics that are going to be discussed were basically taken of the PAG board minutes and should come as no surprise. Additionally, the topics to be discussed were provided in advance so that he (Mr. Calvo) could prepare in advance for his confirmation hearing.

Chairperson Ada asked Mr. Calvo to give the major reasons that drove the petition for the 7% tariff increase and is the increase a one time bump or is there going to be further tariff adjustments to the PUC.

Mr. Calvo: He did [vote to] approve the tariff for one year and hold back on the other 4 years. They felt at the time that 7% was good for one year and the other 4 would be on a study to see where they stand. The board approved the 1 year and from there they would see if they need to go for the next 4 years.

Chairperson Ada: Asked Mr. Calvo if it is his [Mr. Calvo] understanding that after 1 year, if a new petition is not sent to the PUC by Dec. 1, 2016 then the tariff rate will roll back to the rate it was before the increase.

Mr. Calvo: Responds by saying not necessarily because of the other 4 years is still under a review study. Until the results from those studies come out is when they would be able to notify the PUC.

Chairperson Ada: Asks Mr. Calvo if measures being taken to make sure that when December 2016 comes you have the necessary data to send to the PUC.

Mr. Calvo: He says that will be up to the management of the Port and will take it from there once it gets to the board.

Chairperson Ada: Brings to the attention of Mr. Calvo that 12 GCA, §12116 (a) says, "*no rate charge or assessment cost shall be established, abandoned, modified, departed from or changed without a public hearing and the prior approval of the Commission.*" Chairperson Ada understands this provision of the law that although the resolution from the Board requested the

rate increase for only 1 year, that 7% increase stays in place until the Board transmits a petition for further tariff adjustments to the PUC.

Mr. Calvo: The 7% is for one year and the other 4 years is under study to see if it is feasible for the Board to go ahead with the other percentage and it is being worked on by the management.

Chairperson Ada: Asked Mr. Calvo if he has read the Slater, Nakamura report (pertaining to the proposed tariff increase).

Mr. Calvo: Stated He did not have time to read the report.

Chairperson Ada: Explains the report states that the ‘7% increase is not adequate to generate the level of revenues needed by PAG’. He asks Mr. Calvo to enlighten the panel for the primary reasons for the tariff increase.

Mr. Calvo: He says it is for upgrades for maintenance and grounds in the port.

Chairperson Ada: He explains 3 major reasons were identified in the resolution that was passed by the Board. The major reasons are to cover operational costs, provide adequate funds for debt service of existing loans, and to purchase ground handling equipment and the Terminal Operating System (TOS).

Sen. Underwood: Asked what are some of the major accomplishments at the Port during his time on the board.

Mr. Calvo: He says, now the port is beautiful and amazing of what has transpired down there through the years.

Sen. Underwood: Asked Mr. Calvo what is the major improvement he has noticed since his time at the Port.

Mr. Calvo: He said there are so many major completions down there and it is worth while to see the improvement of the port’s projects.

Chairperson Ada: Asks Mr. Calvo to elaborate on where the board is at in regards to the Union contract and GFT requests to the Port’s GM to make changes to the collective bargaining agreement.

Chairperson Ada references the January 30, 2015 board minutes where the Port’s legal counsel stated “*the authority to make changes to the agreement is vested in the Board of Directors and not the GM and also the process is entirely at the discretion of the board to move this issue forward or not*” regarding the collective bargaining agreement.

Mr. Calvo: States that he does not know much about the union issue and is premature for him to elaborate on it.

Chairperson Ada: He asked Mr. Calvo if, he had a chance to be briefed on the collective bargaining agreement.

Mr. Calvo: He says the issue was brought up at the second meeting when he first started on the Port Board. He believes board policies should be encumbered with the Port's management to act on what needs to be done. Mr. Calvo would rather not discuss this issue.

Sen. Mary Torres: She asked Mr. Calvo how long has he been sitting on the board now and knew about the issue since he first sat on the board.

Mr. Calvo: He sat on the board only about a year ago.

Chairperson Ada: Stated that in the advance memo sent to Mr. Calvo it was stated that Gantries 2, 3, and 4 were to be topics of discussion. In reviewing the board minutes it reported gantry crane 2 is awaiting to be surplused, crane 3 has been moth balled and gantry crane 4 has been fluctuating up and down according to Chairperson Ada. He asked Mr. Calvo to enlighten the panel on what is happening with the cranes.

Mr. Calvo: He knows gantry 2 has been decommissioned and gantry 3 is up for an assessment to determine if it would be decommissioned as well. In regards to gantry 4, 5, and 6 it is operational.

Chairperson Ada: He asked Mr. Calvo when is the last time he reviewed the operational report for the gantries.

Mr. Calvo: He reviewed it on the last board meeting.

Chairperson Ada: He notice on the board minutes the port had written 3 or 4 letters to GSA asking GSA to return custody of gantry crane 2 back to the Port and asked if Mr. Calvo is aware of it.

Mr. Calvo: He is aware of it, but it is up to the procurement of GSA.

Chairperson Ada: Said he called GSA and asked them why they have not responded to the Port. According to GSA, gantry crane 2 has been decommissioned.

Mr. Calvo: It has been decommissioned and has been resolved by the procurement issue.

Chairperson Ada: He asked Mr. Calvo, then why is the Port writing letters to GSA asking to return the crane back to the Port.

Mr. Calvo: He responds not really and are just waiting on the bidders.

Chairperson Ada: He called GSA last week and GSA put the gantry up for bid with the requirement of a minimum of \$200,000 deposit by the winning bidder. GSA does have an interested buyer and it is just taking awhile for them to coordinate getting access into the Port to

obtain the necessary data needed. He then talks about gantry 3 and asks Mr. Calvo who is making the assessment to the gantry.

Mr. Calvo: He says Matson is making the assessment and is awaiting a thorough report. The report will come back to the GM and then reported to the board.

Chairperson Ada: He asked Mr. Calvo what is his understanding of what the Port is doing to prepare for the replacement of the cranes. Chairperson Ada explains the when the cranes were purchased, part of the requirements by the PLUC was for the Port to set up a sinking fund for the cranes. They estimated the life of the cranes would expire around 2028.

Mr. Calvo: He asked Chairperson Ada if he could have the GM of the Port answer that question.

Chairperson Ada: He says no and wants Mr. Calvo to answer it.

Mr. Calvo: He says *‘every equipment has a life span and envisions that when they purchase something if comes with a maintenance manual as well as to prepare themselves before the breaking down of equipment’s’.*

Chairperson Ada: He suggested to Mr. Calvo to review a copy of the Nakamura report. In that report Mr. Calvo will find that PAG estimates the crane reserve funds (sinking fund) to be about \$8M dollars by the year 2028. The projection is estimated to be about 12% of the replacement cost of a new crane which is projected to be anywhere between \$43M and \$61M.

Chairperson Ada stated that he wants to make Mr. Calvo aware that all this information ties into the tariff increase, because the increase proposed by PAG did not make adjustments to the crane surcharge. What is being collected for the sinking fund is going to be no where sufficient for what will be needed.

Chairperson Ada then asks Mr. Calvo what steps is PAG taking to ensure that H-wharf becomes a contributing asset to the Port.

Mr. Calvo: He explains they have spoke about that in the board meeting. Right now, the harbor patrol does not meet the requirements of docking the ship there and are trying to secure some funds for it.

Chairperson Ada: He asks Mr. Calvo, at what level has the Port tried to secure funds for that project.

Mr. Calvo: He knows they have been working on that part and can not speak more on it, until the issue has been resolved.

Chairperson Ada: He suggest to Mr. Calvo to go back and read the minutes from the board meeting. In those minutes Mr. Calvo will find that the PAG has submitted an application for a tiger grants. The first couple of times were for \$17M and the third time for \$21M. He explains to Mr. Calvo, that is the level the Port is taking in trying to secure the funds.

Chairperson Ada then asks Mr. Calvo if, H-wharf is free of any sort of legal entanglements.

Mr. Calvo: He is aware it is under arbitration, but he can not speak much about it.

Chairperson Ada: He hopes Mr. Calvo can become more aware of it, because it is an important issue and asset to the Port.

Chairperson Ada: He took a look at the account receivables for the month ending October 2015 and compared it to October 2014. He notes the Port has made significant progress in reducing the receivables that are 120 days or older by 53%. What's notable is that 46% of the receivables that are 120 days or older can be attributed to 3 accounts. They are the same 3 accounts from 2014-2015. He asked Mr. Calvo does it cause him any concern.

Mr. Calvo: He says not really because the Port is working on the issues. Mr. Calvo bases himself on the facts and numbers that are given to him by management. He can not comment on it to much, until those reports come in.

Chairperson Ada: He ask Mr. Calvo does he know how much receivables are overdue 30 days or more.

Mr. Calvo: No he does not.

Chairperson Ada: He tells Mr. Calvo it is \$1.8M. He says it is good the Port is generating a lot of revenue, but if its not collected then the revenue is no good to the Port.

Chairperson Ada then moves on to talk about procurement issues. He explains to Mr. Calvo there has been a lot of concerns regarding procurement issues such as the delays for top lifters. He asked Mr. Calvo how do you think the procurement law should be improved for the Port.

Mr. Calvo: He believes the procurement authority should be given back to the Port Authority. It will lessen the burden on the Government of Guam, since it they deal with a lot of procurement issues.

Chairperson Ada: He asked Mr. Calvo, if he is familiar with the procurement process that took place with the top lifters.

Mr. Calvo: He knows there was a challenge of procuring the top lifters. Mr. Calvo believes the procurement process holds back the government.

Chairperson Ada: He stated his understanding that the top lifters specifications and paper work got put together by the Port's procurement division. Then it gets sent to GSA for its review and if everything is ok, it will be moved forward.

Chairperson Ada was told by GSA that they do not sit on the Port's procurement issues. He knows on the last go around for the procurement of top lifters there was a protest by one of the bidders. The bidder protested that the specifications only catered to one particular bidder and ask the Port to verify. In one week the Port was able to confirm from 3 vendors that they could meet the specifications as well. The specifications stayed at the Port for about 65 days more due to the Port wanting to get confirmations from 2 more vendors. When in fact, GSA was fine to go with the first 3 confirmation of vendors.

Chairperson Ada, says the timeline is really driven by the Port and is not sure if giving the procurement authority back to the Port will solve the problem. He understands the top lifters are not going to be in for about 9 months and asked Mr. Calvo will the Port survive on just 2 or 3 top lifters.

Mr. Calvo: He says why would the Port want to buy top lifters according to someone else's own specifications and not the Port's. The vendor that challenged the bid specifications protested because we did not want to go with their specifications. He feels the procurement law is what held the Port back from procuring the top lifters.

Chairperson Ada: Chairperson Ada explains in a media report the PAG Operations Manager indicated there should be 12 top lifters in the inventory of the Port. He asked Mr. Calvo, if he is concern that the Port is going to be operating with 4 top lifters for the next 9 months.

Mr. Calvo: He replies by saying, "*we are all concerned about it.*"

Sen. Aguon: He explains the line of questions directed to Mr. Calvo comes from a policy perspective, because in the next few years the Port is going to see an increase in activities. It will need to be in conjunction with the existing requirements as well as accommodate any additional impacts felt by the military build up, according to Senator Aguon. He just wants to make sure the Port pre-plans, so there are no delays and are provided with as much support as possible.

Sen. Blas Jr: He asks Mr. Calvo what does he see his role as in regards to employee relations with management. What kind of value does this bring to the board?

Mr. Calvo: He responds by saying this is the third board that he has sat on and has worked in the government for so many years. He looks and listens to what the employees need in order to make their department function. He believes he has a lot to offer to the people of Guam.

Sen. V. Ada: He feels Mr. Calvo's dedication is very valuable to the Port's Board.

Chairperson Ada: He asked has the determination been made of when the 90 days plus 3 legislative days is up. Chairperson Ada believes it will be in June and adjourns the hearing.

Submitted Written Testimony:

Francisco G. Santos, *Chairman of the PAG Board*

III. Findings and Recommendations:

Committee Finding:

1. Expiration of tenure: Mr. Calvo's term had expired on December 31, 2015 and is in the hold over capacity of 90calendar days plus 3 legislative days. His current tenure on the board is valid up until the adjournment of the Legislature's session in June 2016.

2. Attendance at Board Meetings: Mr. Calvo has a perfect attendance.

3. Knowledge of Board issues: Although the Board nominee was provided, in advance, the topics to be discussed (topics which were discussed at Board meetings that he was in attendance), Mr. Calvo was generally unaware of the issues and was thus not able to adequately explain his position on the issues.

Committee Recommendation:

The Committee on Transportation, Infrastructure, Lands, Border Protection, Veterans' Affairs and Procurement hereby reports out the appointment of **Mr. Oscar A. Calvo** to serve as a Member of the Guam Port Authority Board of Directors with the recommendation to

Honorable Senator Thomas Ada

Chairman, Committee on Transportation, Infrastructure, Lands, Border Protection, Veterans' Affairs and Procurement
33rd Guam Legislature
Hagatna, Guam 96910

Subject: Endorsement and Support Letter for the Confirmation of Oscar A. Calvo to the PAG Board of Directors

Hafa Adai Mr. Chairman Ada:

My name is Francisco G. Santos and currently the Chairman of the PAG Board of Directors. Having started my employment at the Port Authority as a casual employee serving as a longshoreman specialist and subsequently working my way as the Harbor Master, I have been privileged to see how the Port has grown during the past 30 years.

Although we always credit the hardworking Port Strong employees for making sure that commerce continues to flow through Guam's only seaport, there are also individuals behind the scenes that provide support to ensure that our valued employees possess the training, equipment, and financial resources to make sure that day to day operations are never compromised. These people are the Port's Board of Directors.

As the Chairman of the Port Board, I had the opportunity to work with Mr. Calvo during the past few years. During those times, he was instrumental in working with and through Port Management in the implementation and completion of many Port modernization projects. Among these were the Guam Commercial Port Improvement and Port Security Enhancements projects. These initiatives has elevated the Port to world class standards and stand ready to meet the requirements and demands of the impending military buildup and the increased traffic it will bring to the Commercial Port of Guam.

Without any hesitation, I wholeheartedly endorse and support Mr. Oscar A. Calvo's re-nomination to the Board of Directors. In addition to his vast business experience, he epitomizes determination, hard work, fairness, and compassion. He has always maintained a very positive and friendly attitude towards our Port employees, tenants, and stakeholders. This is a character that I admire the most of Mr. Calvo.

I kindly encourage your Committee Senator Ada to confirm Mr. Oscar A. Calvo's nomination to once again serve as a member of the Port Board of Directors. His involvement is important to the continuing modernization effort that is jointly and corporately undertaken by the Board, Management, and the hard working Port Strong employees.

Most sincerely,

Francisco G. Santos
Chairman of the Board
Port Authority of Guam
