**Comments:**

1/ Should the proposed legislation become law, the sum of four hundred thousand dollars (\$400,000) will be appropriated to the Guam Police Department. The intent of the bill is to allow GPD to purchase completely marked police vehicles which shall include, but not be limited to, graphics, emergency lighting, sirens, police/radio communication system, and a prisoner transport system. According to Department of Administration, there is available funding in the General Fund's escheatment account to cover the cost of the appropriation. However, due to the nature of the escheatment account being funded by unclaimed tax returns, an estimated value of the account could not be determined because of the uncertainty concerning the amount of unclaimed tax returns being claimed between this current date and the end of FY13. It should be noted that the funds being appropriated through this bill must be expended by the department within one full year of this bill's enactment, in which any leftover funds after one full year will no longer be available to the Guam Police Department and reverted back for future appropriations to *I Liheslaturan Guahan*.
