/ / Requested agency comments not received by due date / / Other:

Analyst: <u>Jean Mangiona</u>	Date: <u>1/30/14</u>	Director: <u>John A. Rios</u>	Date: <u>FEB 13 2014</u>
Jean Mangiona, BMA II		John A. Rios, Director	

Footnotes:
1/ According to the Office of Technology under the Department of Administration, a cost estimate to implement web-based platforms have not yet been prepared nor a timeline determined to prepare one. However, the proposed bill provides the Chief Technology Officer to determine the cost and report findings to the *I Liheslaturan Guahan*. In order to provide a cost estimate and based on queries and information gathered on web-based development, specifically web-based, meeting/conferencing and/or communication services, the estimated project cost for large companies could range from \$100,000 to \$1,000,000 depending on hardware and software requirements and number of participants.

I MINA'TRENTAI DOS NA LIHESLATURAN GUÁHAN
2013 (FIRST) Regular Session

Bill No. 230-32(COR)

Introduced by:

Michael F.Q. San Nicolas 

AN ACT TO REQUIRE THAT THE OFFICE OF TECHNOLOGY ESTABLISH A SECURE WEB-BASED COMMUNICATIONS PROTOCOL TO ALLOW AGENCIES TO SECURELY SHARE INFORMATION WITH AUTHORIZED RECIPIENTS BY *ADDING A NEW* SUBSECTION (j) TO §20204.1 OF ARTICLE 2, CHAPTER 20, TITLE 5, GUAM CODE ANNOTATED.

2013 NOV 27 PM 3:03 PM

1 BE IT ENACTED BY THE PEOPLE OF GUAM:

2 Section 1. Short Title. This Act *shall* be referred to as the “Responsible
3 Secure Web-Based Communications Act”.

4 Section 2. Legislative Findings and Intent. *I Liheslaturan Guáhan* finds
5 that secure web-based communications has the potential to greatly increase the
6 efficiency of government services, through improved inter-governmental
7 communications, intra-governmental communications, and communications with
8 people availing themselves of government services. There are agencies within the
9 government of Guam which could benefit from efficient web-based
10 communications for areas such as the referral of cases from employees of the
11 Department of Education to Child Protective Services. Due to the confidentiality
12 of such referrals, the current mechanism for transmission is hand delivery. The
13 establishment of secure web-based communication protocols across the
14 government would allow such communications to take place digitally.

1 *I Liheslatura* further finds that, under Public Law 32-10, the Chief
2 Technology Officer of the Office of Technology has the responsibility to ensure
3 the security of government information. There are discretionary duties which
4 indicate that the Chief Technology Officer could mandate such secure
5 communication protocols and *I Liheslatura* finds that it is imperative that the Chief
6 Technology Officer do so to save government agencies and the people of Guam
7 time, expense and effort.

8 It is therefore the intent of *I Liheslaturan Guåhan* to require the Chief
9 Technology Officer to adopt standard security protocols for use by agencies of the
10 government of Guam for the secure web-based transfer of confidential information
11 from such agencies to authorized persons and agencies of the government of Guam
12 and other governments, as applicable, by adding a new subsection (j) to §20204.1
13 of Article 2, Chapter 20, Title 5, Guam Code Annotated.

14 **Section 3. Secure Web-Based Communications Protocol Required.** A
15 *new* subsection (j) to §20204.1 of Article 2, Chapter 20, Title 5, Guam Code
16 Annotated, is hereby *added*, to read:

17 “(j) The Chief Technology Officer *shall* adopt standard security protocols
18 for use by agencies of the government of Guam for the secure web-based transfer
19 of confidential information from such agencies to authorized persons and agencies
20 of the government of Guam and other governments, as applicable, within ninety
21 (90) days from the enactment of this Act. The Chief Technology Officer shall
22 determine the cost of implementation of secure web-based transfer of confidential
23 information on a per agency basis and report such findings to *I Liheslaturan*
24 *Guåhan* to further determine financial feasibility of implementation.”
