LESTER L. CARLSON, JR.
DEPUTY DIRECTOR

APR 24 2015

The Bureau requests that Bill No. 63-33 (LS) be granted a waiver pursuant to Public Law 12-229 as amended for the following reason(s):

The proposed legislation seeks to add and amend Chapters 1 and 26 of Title 16 GCA by adding limousines to definitions and exemptions relative to the Vehicle Code and Passenger Restraint Devices.

The intent of the Bill is administrative in nature, as submitted for legislative consideration.

LESTER L. CARLSON, JR.
Deputy Director

Comments

Bill Number 64-33 is to add a new Article 3 to Chapter 40, 5GCA. The intent of the bill is to provide public broadband internet services in the village community centers. There are a total of nineteen (19) Mayors for the island of Guam. A majority of the villages have their community center. The average cost of providing internet services and for the rental of equipment required to provide these services is approximately \$250- \$300 a month for each community center. Utilizing the number of mayors to provide an estimate, costs of providing internet services for nineteen (19) community centers will be approximately between \$3,000-\$3,600 per month or \$57,000-\$68,500 per year. Estimates for each subsequent fiscal year includes a three percent (3%) increase, respectively. Bill 64-33 also will allow each mayoral office to solicit and accept donations for this purpose. Per the Mayors Council of Guam, currently, there are a total of thirteen (13) community centers, seven (7) gymnasiums, and four (4) youth centers under the administration of the village mayoral offices.

APR 22 2015

The Bureau requests that Bill No(s). 76-33 (COR) be granted a waiver pursuant to Public Law 12-229 as amended for the following reason(s):

The proposed measure seeks to amend §3201.1(a) of Chapter 3, Division 1 of Title 10 of the Guam Code Annotated relative to providing for the qualifications of the Territorial Epidemiologist of the Department of Public Health and Social Services. The Epidemiologist shall be a graduate from an American Medical Association with a M.D. degree and certified by the American Board of Prevention Medicine or a graduate from a recognized school of public health with a M.P.H. degree (epidemiology major) and 1-2 years of experience in the field of epidemiology.

The intent of the proposed measure is administrative in nature and, as such, poses no fiscal impact to any funds of the government of Guam.

BUREAU OF BUDGET AND MANAGEMENT RESEARCH
COMMENTS ON BILL NO. 77-33 (COR)

The intent of the proposed legislation is to amend the following: Item (a) of §90.90 of Chapter 90, Title 9 GCA relative to participation in prison industries; Item (b)(1) of §90.91, Chapter 90, Title 9 GCA relative to the use of funds deposited into the Prison Industries Revolving Fund.

The amendment to Item (a) of §90.90 of Chapter 90, Title 9 GCA authorizes detainees to be eligible for the Department of Correction's Prison Industries Program. The amendment to Item (b)(1) of §90.91, Chapter 90, Title 9 GCA authorizes the Department of Corrections to use its Prison Industries Revolving Fund to cover costs for training of Department of Corrections personnel.

The Bureau recognizes that the Prison Industries Program was established through P.L. 29-94 for two distinct reasons, the first being the need for the Department of Corrections to provide opportunities for its inmates to learn job skills and earn wages applicable to a variety of outstanding debts owed. The second reason was to authorize the Department of Corrections to enter into agreements with other government of Guam entities to receive in-kind contributions and/or credit for services rendered in lieu of cash payments.

The Bureau has determined that the authorization of detainee eligibility to the Prison Industries Program will increase the amount of participants available to provide the program's services. The increase will provide the Department of Corrections more opportunities to provide in-kind contributions and/or credit for services rendered in lieu of cash payments with other government entities, thus lowering the operating expenses for these government entities.

Subsequently, the additional amount of participants to the Prison Industries Program translates to an increase of potential revenues to be received in the Prison Industries Revolving Fund. Item (c) of §90.90, Chapter 90, Title 9 GCA outlines the earnings breakdown for each inmate that receives wages as a participant of the Program. This breakdown indicates that 25% of an inmate's wages earned shall be contributed to the Prison Industries Revolving Fund. As of April 20, 2015, there are Four Hundred Twenty-Five (425) detainees held in the Department of Corrections. Working under the assumption that One Hundred Fifty (150) detainees participate and earn minimum wages (\$8.25) for one (1) full working day as part of the Program, the Bureau estimates that approximately \$2,475 of additional revenues will be received by the Prison Industries Revolving Fund. This assumption is based on the fact that the length of time a detainee can be held ranges from days to months based on the severity of the charges placed on the detainee.

The second amendment listed in the proposed legislation authorizes the Prison Industries Revolving Fund to cover costs for training of Department of Corrections personnel. The amendment provides for an additional allowable expenditure to be covered by the Prison Industries Fund.
