Dear Speaker Won Pat:

Transmitted herewith is Bill No 263 entitled "AN ACT TO ADD A NEW §19107 TO CHAPTER 19 OF TITLE 16, GUAM CODE ANNOTATED, RELATIVE TO THE PRESENTATION OF INSURANCE DOCUMENT TO ESTABLISH "PROOF OF INSURANCE" was signed into law as Public Law No. 29-117.

Mandatory automobile insurance is a necessary requirement for the safety of those who utilize our roadways. Unfortunately, some attempt to abuse the system by applying for insurance and obtaining a policy with no intention of paying the insurance premiums and keeping the insurance active. Although this legislation attempts to help rectify this type of problem by making it illegal to operate a vehicle without proof of insurance and criminalizing the act of knowingly providing invalid or expired insurance as proof of coverage, it may require further legislation to ensure compliance with the mandates to have automobile insurance.

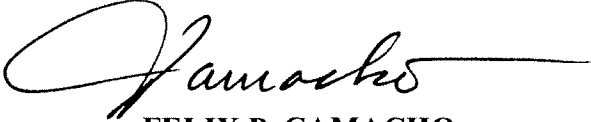

The bill uses the term proof of insurance in quotes, which implies that it is a defined term, yet the legislation does not define the term which is important when enforcing the provisions criminally. This could expose a person to criminal liability without clear concrete requirements as to the type of information or document the person needs to possess.

At the heart of the bill is subsection (f) which attempts to make the presentment of insurance that has not been paid as "prima facia evidence" that a owner or driver knowingly presented a fraudulent proof of insurance in violation of law. Placing the non-owner driver of a vehicle, for example an employee driving a company vehicle, with the burden of ensuring that insurance premiums are paid seems fundamentally unfair if not impossible. The language used within the section fails to obtain its objective as it only provides that it is the prima facia evidence when the driver knowingly presented a fraudulent proof of insurance. In order for the prima facia evidence language to meet the intent of the law, it should state that the failure to pay premiums under the policy is prima facia evidence that the owner knowingly presented proof of insurance

for a vehicle that is not properly insured. Presenting proof of insurance is not the malice act that the legislature is trying to prevent but it is the presentment of proof of vehicle insurance where the driver should have known that the vehicle does not have a current insurance policy.

We laud the author of this bill and the intent to provide new requirements aimed at insuring that all vehicles on Guam are covered by the requisite insurance policies. However, we note some deficiencies contained within the bill and respectfully request that they be addressed in order to ensure the prevention of this type of abuse.
