*Hafa Adai Madam Speaker:*

This communication is to respectfully notify you the Guam State Clearinghouse (GSC) has received a federal grant application from the Department of Parks and Recreation. The GSC has accepted the application, assigned State Application Identifier (SAI) number 02503141125Y, and has initiated the process for an intergovernmental review. Application information is provided below:

**Grantor:** National Park Service, U.S. Department of the Interior  
**Grant Title:** Historic Prevention Fund Grant – State Historic Prevention Office Operations Grant  
**Details:** Funds from this grant program will be used to: conduct surveys; register historic properties to the National Register of Historic Places; implement planned activities contained in the State HP Plan; assess the State Inventory system; implement federal regulations on federal undertakings; produce public awareness literature and other activities; travel for annual Micronesia Endowment for Historic Preservation meeting and the Pacific Preservation Event in Washington, DC and other miscellaneous operations to include supplies and telephone. There will be a recruitment of one Historic Preservation Specialist III and one GIS Mapping Technician.

**Start Date:** 10/01/2014

**End Date:** 09/30/2015

**Federal Grant:** \$404,123.00

**In-Kind:** \$234,149.00

**Total Amount:** \$643,272.00

GSC conducts intergovernmental reviews and solicits comments through electronic communication. This notice is sent to you as a part of the review process. A digital copy of the grant proposal is attached for your perusal. The GSC point of contact designated for this application is Jerica Cruz. Please submit any comments you may have pertaining to this proposal by **April 18, 2014** via email to [jerica.cruz@guam.gov](mailto:jerica.cruz@guam.gov).

MEMORANDUM

To: Administrator, Guam State Clearinghouse  
From: Director, Department of Parks and Recreation  
Subject: Notice of Intent to Apply for Federal Assistance

*Håfa Ada!* Enclosed herewith, are the GSC required Grant Project Application forms, and the Historic Preservation Fund (HPF) Grant Application packet for Fiscal Year 2014. The Grant Period runs from October 1, 2013 to September 30, 2015. The Fund is mandated under the National Historic Preservation Act of 1966, as amended, and is apportioned to the fifty States, U.S. Territories, and FAS, every fiscal year.

The purpose is to conduct surveys of historic properties, and nominate eligible properties for listing on the National Register of Historic Places.

The deadline to submit the grant application is March 31, 2014. We have indicated to the federal grantor that we are **seeking your concurrent review** in order to facilitate a short turnaround time to receiving the *Obligational Authority* letter from National Park Service. We hope the grant application meets your approval.

Should you have any questions or require additional information, please call me or Ms. Lynda B. Aguon who is the point of contact for this grant and the historic preservation program. *Si Yu'os Ma'åse'!*

### Anticipated Activities List

The Anticipated Activities List is the means by which the Annual Grant Application recognizes the activities that Guam will carry out, which in part, will help achieve goals and objectives established in the NPS-approved Guam Comprehensive Statewide Historic Preservation Plan.

Project activities include: new projects; projects that are continued every fiscal year; or projects that lacked funding in FY 2013, will be implemented in FY 2014.

Anticipated activities are described briefly for each NPS-approved program areas. They are correlated with planned goals and objectives contained in the approved "State Plan."

#### 1. Administration Program Area (Goal 5)

All routine activities associated with budget formulation and execution, finance, personnel management, property management, equal opportunity, and other duties and functions not directly attributable to the other five program areas fall under Administration Program Area. All activities are directly related to managing HPF activities of the State Historic Preservation Office.

a. Title: Management of State Historic Preservation Office (SHPO) website [www.historicguam.org](http://www.historicguam.org).

Description: Procure a qualified Vendor/Consultant to provide technical services to manage the SHPO website. Website has existed since 2006 and has been very useful in establishing a "presence" on the internet. Project activities include upgrading to the most current software version; updating information; posting announcements; documents and plans; site records; providing additional linkages to enhance its attractiveness; providing staff training; and other activities as needed.

b. Title: Digitize Guam and National Register Site Files, and State Inventory

Description: This is an In-House Project that started in FY 2011. The plan then, was to make available in the State Historic Preservation Office, a copier with high efficient capabilities in scanning, storing, retrieving, electronic mail, and other useful features. This has been accomplished. One staff has been and will continue to dedicate time to digitizing the entire Guam Historic Properties (State) Inventory, Review and Compliance Project Files, Survey Reports, Supplemental Site Files, Photo Files. It is anticipated that this project will continue for the next 3 – 5 years, and will continue to be updated in order to conform to new technology and retrieval system.

c. Description: SHPO Server

Description: FY 2011 began the initial process for procuring computer systems, a program server, and GIS hardware and software. Except for the GIS (ArcView) software and one more computer system, everything else has been procured. The next step is to

procure through an RFP for the development and management of the SHPO Server. Once the Server and protocols are established, the public can retrieve information on sites and access reports.

d. Title: Adequate Staffing and Training

Description: Continue to provide training for technical and administrative staff in formulating databases for all records to improve accuracy and efficiency in entering, retrieving disseminating, and storing program information. Training will include Govt. of Guam Dept. of Administration sponsored training in various skill sets in program administration and personnel management.

2. Survey and Inventory Program Area (Goals 1, 2, 3, 4, 5)

a. Title: Central Villages Guam Architectural Survey, Phase I

Description: This project is required by NPS. It involves a reconnaissance level survey of ten central villages to identify and characterize the range, number, and locations of historic properties in the project areas that are not presently on the National Register; and to determine the significance and eligibility of buildings, structures, sties, and objects. The survey will be conducted by NPS-qualified consultants.

A Project Notification will be submitted to NPS for review and approval. Technical reports will comply with the Secretary of the Interior's Standards and Guidelines for Identification and Evaluation and other acceptable standards for such survey.

b. Title: Guam Historic Properties Inventory System Assessment, Phase II, Implementation

Description: Issue a request for proposals to conduct Phase II as recommended in Phase I of this phased project.

c. Title: In-House Survey

Description: In keeping with the Annual HPF Grant Agreement, an In-House survey will be implemented within the respective grant period. The State Archaeologist will determine which area and/or site to survey that is under Government of Guam jurisdiction or ownership, and prepare for NPS review and approval the Project Notification, which will include a Scope of Work. The survey will adhere to the Secretary of the Interior's Standards for Identification and Evaluation. The final products of this project will include, a Technical Report, and the Guam Historic Properties Inventory Data Form, if appropriate, and if eligible a draft National Register Nomination.

d. Title: Guam Historic Sites Geographic Information System.

Description: Continue to develop, update, and improve the historic sites GIS by assigning the GIS Mapping Technician, upon hiring, to perform all the tasks and duties required to establish a reliable, dependable, useful, and public accessible Geographical Information System. The purchase of essential GIS software and GIS field equipment, such as the Trimble GEO latest model, may be necessary. The GISMT will review all site records and documents contained in the Guam Historic Properties Inventory to ensure accurateness.

3. Review and Compliance Program Area (Goals 1, 2, 4, 5)

a. Title: Regulatory Reviews – Routine

Description: Continue conducting state and federal regulatory project reviews; attend meetings and working sessions; and assist and guide state, federal, and private entities through the consultation process relative to state and federal historic preservation responsibilities and requirements. Continue reviewing, developing, and implementing forms, procedures, requirements, and guidelines, to expedite reviews, and ensure program data entries are matched to cumulative products.

b. Title: Section 106 Seminar

Description: Procure a knowledgeable and expert trainer to conduct a seminar in Section 106. This training is usually provided to state and federal agencies every two years. The last seminar was conducted in 2010. It is critical for such a seminar to occur in 2014 or 2015 because of the increase in permit and project reviews, and more importantly to help both state and federal representatives become familiar and/or re-acquainted with the 106 process.

c. Title: Programmatic Agreement on the Military Relocation - Project Reviews

Description: Continue to implement the March 9, 2011 Programmatic Agreement. The Agreement contains approximately 165 Dept. of Defense (DoD) projects that will require Section 106 reviews. These projects will take an inordinate amount of time to review, most especially if they require scopes of work, research designs, and various plans to address monitoring, discovery, and data recovery to mitigate adverse effects. A DoD-funded Liaison has not been hired to assist in the workload imposed by the Buildup due to a funding shortfall.

4. National Register Program Area (Goal 1)

a. In-House National Register Nomination

Description: Professional NPS qualified staff will nominate one site, as required in the Annual HPF Grant Agreement. The nomination may include sites that have been listed on the Guam Register; the Tarague Beach District; Pictograph (cave wall paintings) –

thematic nomination; and Two Lovers' Point – traditional Cultural Property; just to name a few. A Project Notification will provided to NPS review and approval.

5. Planning Program Area (Goals 1, 2, 3, 4, 5)

a. Title: Continue Implementing the 2007 -2011 NPS-Approved State Plan

Description: NPS has approved SHPO's request to extend Guam's planning cycle.

b. Title: State Plan Update

Description: Advertise for request for proposals to Update the Guam Comprehensive Historic Preservation Plan. The Consultant selected must comply with the Secretary of the Interior's Standards and Guidelines for Planning and other NPS requirements. Project activities will include generating public interest and active involvement in preservation planning, conducting meetings, preparing a draft and final for NPS review.

6. Other Program Area – Public Awareness (Goals 2 and 3)

a. Title: Community Training in National Register Documentation, Basic Reconnaissance Survey Skills, or HABS/HAER Documentation.

Description: This project will continue to be included in future HPF Grant Applications. The project will entail an internship program with the University of Guam and Guam Community College that specifically focuses on history, anthropology, archaeology, and historic preservation related disciplines. Projects may also be pursued with other entities interested in providing training to the community. Projects may include survey projects, National Register nomination documentation projects, and such other projects.

b. Title: Production, publication, and printing of historic preservation program-related literature.

Description: Publication of historic preservation related literature is a continuing project. It has been proven that the written word can be a significant factor in the way the public responds to preservation efforts. With the Military Relocation occurring in the next 4 – 5 years, the interest in preserving Guam's historic sites is more urgent. The Guam SHP Office will assess what needs to be produced, published, printed, or be involved in. Literature may include: "protection of sites," "the value of preservation," "careers in historic preservation," posters, and other literature that espouses preservation, protection, registration, and presentation of cultural resources, specifically, historic properties.

c. Title: Partnerships

Description: Develop and establish partnerships through letters of agreement or other conveyances, with groups and organizations that promote cultural preservation, land conservation, coral reef conservation, student achievement, magazines geared toward

students, environmental awareness, such as, the Humåtak Community Foundation, the Tourism Education Council, Dept. of Education Chamorro Culture and Language Program, Playground Magazine, and such others.

d. Title: Public Awareness and Public Education

Description: Continue to provide assistance, lectures, exhibits, displays, and presentations on historic preservation, history of Guam, historic sites, current issues on historic preservation, and similar, to engender more interest in historic preservation. Events may include Chamorro Month, Career Day, Charter Day, Youth Tourism Summit, Village Events and Fiestas, and such other that require staff participation, or considered beneficial to the community.

**ASSURANCES - NON-CONSTRUCTION PROGRAMS**

Public reporting burden for this collection of information is estimated to average 15 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0348-0040), Washington, DC 20503.

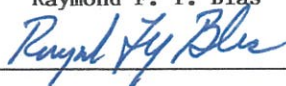

**PLEASE DO NOT RETURN YOUR COMPLETED FORM TO THE OFFICE OF MANAGEMENT AND BUDGET.  
SEND IT TO THE ADDRESS PROVIDED BY THE SPONSORING AGENCY.**

**NOTE:** Certain of these assurances may not be applicable to your project or program. If you have questions, please contact the awarding agency. Further, certain Federal awarding agencies may require applicants to certify to additional assurances. If such is the case, you will be notified.

As the duly authorized representative of the applicant, I certify that the applicant:

1. Has the legal authority to apply for Federal assistance and the institutional, managerial and financial capability (including funds sufficient to pay the non-Federal share of project cost) to ensure proper planning, management and completion of the project described in this application.
2. Will give the awarding agency, the Comptroller General of the United States and, if appropriate, the State, through any authorized representative, access to and the right to examine all records, books, papers, or documents related to the award; and will establish a proper accounting system in accordance with generally accepted accounting standards or agency directives.
3. Will establish safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest, or personal gain.
4. Will initiate and complete the work within the applicable time frame after receipt of approval of the awarding agency.
5. Will comply with the Intergovernmental Personnel Act of 1970 (42 U.S.C. §§4728-4763) relating to prescribed standards for merit systems for programs funded under one of the 19 statutes or regulations specified in Appendix A of OPM's Standards for a Merit System of Personnel Administration (5 C.F.R. 900, Subpart F).
6. Will comply with all Federal statutes relating to nondiscrimination. These include but are not limited to: (a) Title VI of the Civil Rights Act of 1964 (P.L. 88-352) which prohibits discrimination on the basis of race, color or national origin; (b) Title IX of the Education Amendments of 1972, as amended (20 U.S.C. §§1681-1683, and 1685-1686), which prohibits discrimination on the basis of sex; (c) Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. §794), which prohibits discrimination on the basis of handicaps; (d) the Age Discrimination Act of 1975, as amended (42 U.S.C. §§6101-6107), which prohibits discrimination on the basis of age; (e) the Drug Abuse Office and Treatment Act of 1972 (P.L. 92-255), as amended, relating to nondiscrimination on the basis of drug abuse; (f) the Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment and Rehabilitation Act of 1970 (P.L. 91-616), as amended, relating to nondiscrimination on the basis of alcohol abuse or alcoholism; (g) §§523 and 527 of the Public Health Service Act of 1912 (42 U.S.C. §§290 dd-3 and 290 ee 3), as amended, relating to confidentiality of alcohol and drug abuse patient records; (h) Title VIII of the Civil Rights Act of 1968 (42 U.S.C. §§3601 et seq.), as amended, relating to nondiscrimination in the sale, rental or financing of housing; (i) any other nondiscrimination provisions in the specific statute(s) under which application for Federal assistance is being made; and, (j) the requirements of any other nondiscrimination statute(s) which may apply to the application.
7. Will comply, or has already complied, with the requirements of Titles II and III of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (P.L. 91-646) which provide for fair and equitable treatment of persons displaced or whose property is acquired as a result of Federal or federally-assisted programs. These requirements apply to all interests in real property acquired for project purposes regardless of Federal participation in purchases.
8. Will comply, as applicable, with provisions of the Hatch Act (5 U.S.C. §§1501-1508 and 7324-7328) which limit the political activities of employees whose principal employment activities are funded in whole or in part with Federal funds.

9. Will comply, as applicable, with the provisions of the Davis-Bacon Act (40 U.S.C. §§276a to 276a-7), the Copeland Act (40 U.S.C. §276c and 18 U.S.C. §874), and the Contract Work Hours and Safety Standards Act (40 U.S.C. §§327-333), regarding labor standards for federally-assisted construction subagreements.
10. Will comply, if applicable, with flood insurance purchase requirements of Section 102(a) of the Flood Disaster Protection Act of 1973 (P.L. 93-234) which requires recipients in a special flood hazard area to participate in the program and to purchase flood insurance if the total cost of insurable construction and acquisition is \$10,000 or more.
11. Will comply with environmental standards which may be prescribed pursuant to the following: (a) institution of environmental quality control measures under the National Environmental Policy Act of 1969 (P.L. 91-190) and Executive Order (EO) 11514; (b) notification of violating facilities pursuant to EO 11738; (c) protection of wetlands pursuant to EO 11990; (d) evaluation of flood hazards in floodplains in accordance with EO 11988; (e) assurance of project consistency with the approved State management program developed under the Coastal Zone Management Act of 1972 (16 U.S.C. §§1451 et seq.); (f) conformity of Federal actions to State (Clean Air) Implementation Plans under Section 176(c) of the Clean Air Act of 1955, as amended (42 U.S.C. §§7401 et seq.); (g) protection of underground sources of drinking water under the Safe Drinking Water Act of 1974, as amended (P.L. 93-523); and, (h) protection of endangered species under the Endangered Species Act of 1973, as amended (P.L. 93-205).
12. Will comply with the Wild and Scenic Rivers Act of 1968 (16 U.S.C. §§1271 et seq.) related to protecting components or potential components of the national wild and scenic rivers system.
13. Will assist the awarding agency in assuring compliance with Section 106 of the National Historic Preservation Act of 1966, as amended (16 U.S.C. §470), EO 11593 (identification and protection of historic properties), and the Archaeological and Historic Preservation Act of 1974 (16 U.S.C. §§469a-1 et seq.).
14. Will comply with P.L. 93-348 regarding the protection of human subjects involved in research, development, and related activities supported by this award of assistance.
15. Will comply with the Laboratory Animal Welfare Act of 1966 (P.L. 89-544, as amended, 7 U.S.C. §§2131 et seq.) pertaining to the care, handling, and treatment of warm blooded animals held for research, teaching, or other activities supported by this award of assistance.
16. Will comply with the Lead-Based Paint Poisoning Prevention Act (42 U.S.C. §§4801 et seq.) which prohibits the use of lead-based paint in construction or rehabilitation of residence structures.
17. Will cause to be performed the required financial and compliance audits in accordance with the Single Audit Act Amendments of 1996 and OMB Circular No. A-133, "Audits of States, Local Governments, and Non-Profit Organizations."
18. Will comply with all applicable requirements of all other Federal laws, executive orders, regulations, and policies governing this program.

**PART D: Certification Regarding Drug-Free Workplace Requirements**

CHECK  IF THIS CERTIFICATION IS FOR AN APPLICANT WHO IS AN INDIVIDUAL.

Alternate II. (Grantees Who Are Individuals)

- (a) The grantee certifies that, as a condition of the grant, he or she will not engage in the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance in conducting any activity with the grant;
- (b) If convicted of a criminal drug offense resulting from a violation occurring during the conduct of any grant activity, he or she will report the conviction, in writing, within 10 calendar days of the conviction, to the grant officer or other designee, unless the Federal agency designates a central point for the receipt of such notices. When notice made to such a central point, it shall include the identification number(s) of each affected grant.

---

**PART E: Certification Regarding Lobbying  
Certification for Contracts, Grants, Loans, and Cooperative Agreements**

---

CHECK  IF CERTIFICATION IS FOR THE AWARD OF ANY OF THE FOLLOWING AND THE AMOUNT EXCEEDS \$100,000: A FEDERAL GRANT OR COOPERATIVE AGREEMENT; SUBCONTRACT, OR SUBGRANT UNDER THE GRANT OR COOPERATIVE AGREEMENT.

CHECK  IF CERTIFICATION IS FOR THE AWARD OF A FEDERAL LOAN EXCEEDING THE AMOUNT OF \$150,000, OR A SUBGRANT OR SUBCONTRACT EXCEEDING \$100,000, UNDER THE LOAN.

The undersigned certifies, to the best of his or her knowledge and belief, that:

- (1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, and officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.
- (2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying" in accordance with its instructions.
- (3) The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

As the authorized certifying official, I hereby certify that the above specified certifications are true.

MEMORANDUM

To: Administrator, Guam State Clearinghouse  
From: Director, Department of Parks and Recreation  
Subject: Notice of Intent to Apply for Federal Assistance

*Håfa Ada!* Enclosed herewith, are the GSC required Grant Project Application forms, and the Historic Preservation Fund (HPF) Grant Application packet for Fiscal Year 2014. The Grant Period runs from October 1, 2013 to September 30, 2015. The Fund is mandated under the National Historic Preservation Act of 1966, as amended, and is apportioned to the fifty States, U.S. Territories, and FAS, every fiscal year.

The purpose is to conduct surveys of historic properties, and nominate eligible properties for listing on the National Register of Historic Places.

The deadline to submit the grant application is March 31, 2014. We have indicated to the federal grantor that we are **seeking your concurrent review** in order to facilitate a short turnaround time to receiving the *Obligational Authority* letter from National Park Service. We hope the grant application meets your approval.

Should you have any questions or require additional information, please call me or Ms. Lynda B. Aguon who is the point of contact for this grant and the historic preservation program. *Si Yu'os Ma'åse'.*

- Archaeological and Maritime Law Enforcement Training
- Print public awareness literature
- Provide public presentations, exhibits, displays and lectures
- Other activities as needed to accomplish planned goals and objectives

## Program Overview

Administration. The Department's greatest internal need is to recruit for more staff for the review and compliance program, survey and inventory, and administrative/grants management. Not only does the Guam Historic Resources Division manage the (Federal) HPF Program, it also administers the State program pursuant Title 21, Guam Code Annotated, Chapter 76, Historical Objects and Sites.

Administration staff will continue performing daily routine tasks and duties in grants management, administrative oversight, personnel matters, project and program coordination, State Board support functions, just to name a few.

Survey and Inventory. Another large survey is planned – it is the second phase of the NPS required architectural survey. Central villages will be surveyed this fiscal year. The project will be procured through an RFT. Another required survey is the in-house survey. The State Archaeologist will select a site owned by, or under the jurisdiction of the Government of Guam.

Several priorities will be highly regarded this fiscal year, as it relates to the State Inventory, i.e., Guam Historic Properties Inventory. Priorities include updating several digital layers on the GIS; preparing for the GHPI System Assessment; and continuing to digitize site files, reports, supplemental site files, and such other files. This is an on-going activity that will become routine once the digitization project is complete. Once the inventory system and its protocols are established, researchers, planners, archaeologists, and the public can rely on accessing data and information.

The *Final Proposed Guidelines for Conducting and Reporting Cultural Resources Survey on the Island of Guam* is a work in progress and should be completed by December 31, 2014.

Review and Compliance. The Division conducts routine reviews amidst other program and/or project matters. Reviews include state and federal projects, such as, but not limited to: construction development projects; permit applications for clearing, grading, foundation, building, use of easements, and other permits issued by the Guam Dept. of Public Works; Guam Land Use Commission Applications for zone changes, commercial development, and other GLUC applications; Guam Attorney General probate and land matters; USDA Loan Applications and other federal loans; HUD projects; USEPA projects; and other reviews regulated under 36 CFR 800, and Title 21 Guam Code Annotated, Chapter 76. Ninety percent of the technical staff time is dedicated to this program. The Military Relocation also accounts for the increase in submittals requiring staff review.

A Section 106 Seminar is planned within the next to years. It's important for staff and agencies to understand the fundamentals of preparing the required 106 documentation before submitting it to SHPO for review. So much of Division staff time is spent training State and Federal agency staff on the process and on the required documentation. A seminar on this will likely benefit these agencies – and Division staff.

National and Guam Register. The large survey mentioned above under Survey and Inventory, will

determine what properties are eligible for listing on the National and Guam registers. One In-House (Division) nomination will be completed for the fiscal year. Other nominations planned include the Tarague Beach District, Two-Lovers' Point (Traditional Cultural Property), or Pictograph – Cave Wall Paintings – Thematic Nomination.

Planning. An RFP will be advertised to Update the Guam Comprehensive Historic Preservation Plan.

Other - Public Awareness. The most demanding and pressing threats and dangers to cultural resources are neglect, vandalism, and looting. The Department plans to pursue a stronger partnership with the Guam Preservation Trust to restore, repair, and/or rehabilitate historic structures and buildings.

The Department will produce literature on preservation – examples are listed in the Anticipated Activities List (Item 4).

Partnerships will be developed through letters of agreement or other conveyances that establishes partnering efforts in preservation.

\*Base: Total direct salaries and wages, excluding fringe benefits.

Treatment of fringe benefits: Fringe benefits applicable to direct salaries and wages are treated as direct costs; fringe benefits applicable to indirect salaries and wages are treated as indirect costs.

## Section II: General

A. Limitations: Use of the rates contained in this agreement is subject to any applicable statutory limitations. Acceptance of the rates agreed to herein is predicated upon these conditions: (1) no costs other than those incurred by the subject organization were included in its indirect cost rate proposal, (2) all such costs are the legal obligations of the grantee/contractor, (3) similar types of costs have been accorded consistent treatment, and (4) the same costs that have been treated as indirect costs have not been claimed as direct costs (for example, supplies can be charged directly to a program or activity as long as these costs are not part of the supply costs included in the indirect cost pool for central administration).

B. Audit: All costs (direct and indirect, federal and non-federal) are subject to audit. Adjustments to amounts resulting from audit of the cost allocation plan or indirect cost rate proposal upon which the negotiation of this agreement was based will be compensated for in a subsequent negotiation.

C. Changes: The rates contained in this agreement are based on the organizational structure and the accounting system in effect at the time the proposal was submitted. Changes in organizational structure, or changes in the method of accounting for costs which affect the amount of reimbursement resulting from use of the rates in this agreement, require the prior approval of the responsible negotiation agency. Failure to obtain such approval may result in subsequent audit disallowance.

D. Fixed Carryforward Rate: The fixed carryforward rate is based on an estimate of the costs that will be incurred during the period for which the rate applies. When the actual costs for such period have been determined, an adjustment will be made to the rate for a future period, if necessary, to compensate for the difference between the costs used to establish the fixed rate and the actual costs.

E. Agency Notification: Copies of this document may be provided to other federal offices as a means of notifying them of the agreement contained herein.

F. Record Keeping: Organizations must maintain accounting records that demonstrate that each type of cost has been treated consistently either as a direct cost or an indirect cost. Records pertaining to the costs of program administration, such as salaries, travel, and related costs, should be kept on an annual basis.

G. Reimbursement Ceilings: Grantee/contractor program agreements providing for ceilings on indirect cost rates or reimbursement amounts are subject to the ceilings stipulated in the contract or grant agreements. If the ceiling rate is higher than the negotiated rate in Section I of this agreement, the negotiated rate will be used to determine the maximum allowable indirect cost.

H. Use of Other Rates: If any federal programs are reimbursing indirect costs to this grantee/contractor by a measure other than the approved rates in this agreement, the grantee/contractor should credit such costs to the affected programs and the approved rates should be used to identify the maximum amount of indirect cost allocable to these programs.

I. Central Service Costs: Where central service costs are estimated for the calculation of indirect cost rates, adjustments will be made to reflect the difference between provisional and final amounts.

J. Other:

1. The purpose of an indirect cost rate is to facilitate the allocation and billing of indirect costs. Approval of the indirect cost rates does not mean that an organization can recover more than the actual costs of a particular program or activity.

2. Programs received or initiated by the organization subsequent to the negotiation of this agreement are subject to the approved indirect cost rate if the programs receive administrative support from the indirect cost pool. It should be noted that this could result in an adjustment to a future rate.

3. New indirect cost proposals are necessary to obtain approved indirect cost rates for future fiscal or calendar years. The proposals are due in our office 6 months prior to the beginning of the year to which the proposed rates will apply.

Request for Waiver of Professional Staff

The Guam Historic Preservation Office requests a waiver from the requirement of a permanent staff position in architectural history, pursuant to 36 CFR 61.

The Historic Preservation Office is currently in the process of contracting for the services of qualified historic architects to provide advice and recommendations to the Historic Preservation Office on an on-call and as-needed basis for this and the following fiscal year.

Dear Mr. Mariano:

Thank you for your waiver request concerning Review Board requirements for a professionally qualified member in historical archeology and staff requirements for a historian.

National Park Park Service hereby authorizes an alternative composition rather than a waiver for the historical archeologist Review Board member. This alternative composition will remain in effect as long as the situation described in your letter remains accurate or until you appoint a qualified historical archeologist to your Review Board.

We also authorize a temporary waiver for the staff historian position. This waiver will be in effect until September 30, 1991.

If you need assistance or have any questions, please consult Paula Falk-Creech at (415) 556-7741.

Dear Mr. Mariano:

Thank you for your waiver request for staff and Review Board requirements to have a full-time architectural historian. Because of the provision for alternative staff and under the authority provided in 36 CFR 61.4 (d) (2) and 61.4 (e) (4) an alternative composition is granted for both positions. National Park Service hereby authorizes an alternative composition rather than a waiver for the staff and Review Board.

The 36 CFR 61 standards state that you must ensure that technical matters are addressed by the corresponding technical expertise. Alternative requirements must be able to perform the responsibilities.

You must seek appropriate expertise from an architectural historian meeting professional qualifications specified in Appendix A of 36 CFR 61 as appropriate for the resources being considered or evaluated by the State staff or Review Board.

Subsequently, you must have a system for professional program support when needed. All Historic Preservation Programs are required to have qualified professionals to conduct activities that will have a substantial and lasting impact on a resource. Assistance on specific projects could be obtained from qualified professionals on a contractual basis for the review of projects and development of related activities.

This alternative composition is approved for an indefinite amount of time. This will remain in effect until reviewed at the discretion of the National Park Service or at your request.

## PAG pledges revenue to service debt | New models seen to spur auto shipments to Guam

The Port Authority of Guam board of directors discuss the terms of the \$10 million loan agreement with Bank of Guam at Thursday's public meeting

THE Port Authority of Guam is now on the final stages of closing a \$10 million loan agreement with the Bank of Guam, which is requiring the agency to submit a financial statement that guarantees its consistent ability to service the debt.

Bank of Guam has asked the port authority to provide a fiscal report detailing funding sources in case of payment default. In particular, BOG requires the seaport management to pledge a portion of its annual cargo and facility rental revenues to cover its debt payments in the event of a default.

Cargo revenue represented 81.14 percent or \$28.4 million of the port authority's year-to-date July 2013 earnings, while 18.9 percent or \$6.6 million came from facilities, leases and other services. Compared with the budgeted amount of \$34 million, overall operating revenues posted a 2 percent growth.

PAG reported that this year's cargo revenue swelled 24 percent from last year's \$22.9 million and at least 1 percent higher than the projected amount of \$28.1 million. Earnings from facilities, leases and other services also jumped 8 percent from the previous year's \$6.2 million and are about \$400,000 higher than the

\$6.2 million projection.

As part of the \$10 million loan's terms, BOG also requires PAG to maintain a 1.5 debt service coverage ratio, Port Authority Deputy General Manager Maria Taitano told the Board in a public meeting held Thursday.

Debt service coverage ratio is a benchmark used in the measurement of an entity's ability to produce enough cash to cover its debt payments. Breaching a debt service coverage ratio agreement can be considered, in some cases, an act of default.

Taitano said the seaport management has identified funding sources for this pledge and will submit the financial report to BOG and the Guam Economic Development Authority, which is facilitating

the loan on PAG's behalf.

Proceeds from the BOG loan will be used for PAG's wharf construction and repair project. The port authority is looking to execute the project contract by December and begin construction work by April, following the completion of the permitting process.

Project designs, plans and estimates for the wharf construction and repairs have been completed.

The Committee on Public Safety, Infrastructure & Maritime Transportation earlier enacted Bill 86, now Public Law 32-43, to clear the way for a commercial loan with BOG. P.L. 32-43 authorizes PAG to waive sovereign immunity to satisfy a prerequisite for approval of the \$10 million loan from BOG.

sold 40 million Corollas across the globe.

THE volume of car shipments from the mainland U.S. to Guam is expected to start increasing as major auto manufacturers release their 2014 models and local dealerships beef up their inventory.

Jumpstarting the end-of-year introduction of new models, Atkins Kroll Toyota last week launched its flagship mid-size sedan - the 2014 Corolla.

AK Toyota Marketing Officer Athena Cruz said the company, at the time of last week's launch, had 11 units and is expecting to receive 16 more new Corolla models by the end of September. It sold two cars during the event, which was held exclusively for current Corolla owners.

Cruz said AK Toyota Guam will receive a shipment of 36 new Corollas in October. Since its launch in 1966, Toyota has

A report obtained from the Guam Department of Motor Vehicles disclosed that compact cars accounted for about 36 percent of all new car registrations on the island in the first half of the year, totaling 1,333 units in the period covering January to June 2013.

This year's six-month number is at least 3.0 percent higher than the average makeup of all-vehicle registration in 2012, according to the DMV data. Popular for their fuel efficiency features, compact cars comprised 33 percent of all new vehicle registrations last year.

The Bureau of Statistics and Plans reported that imports under transportation and parts category - including automobiles - nearly quadrupled to \$19.2 million in May from \$5.3 million in February.

### Social media marketing seminar held

TAMUNING (MYG) - The Guam Chamber of Commerce held Friday a seminar aimed at helping participants learn the ropes of social media marketing, an emerging medium that has far broader reach due to the unprecedented growth in the use of social networking sites such as Facebook, Twitter and Google Plus.

Presented by Jessica Peterson, creator and webmaster of The Guam Guide, the seminar was held to full capacity

at The Marriott Hotel's The View, Peterson said social media marketing is a powerful tool that reaches thousands of potential customers at a fraction of the cost of traditional advertising.

Participants to the seminar learned to integrate social media channels into their marketing plans. Peterson discussed ways to craft and analyze the results of meaningful content, dashboard management, scheduling, paid campaigns, among others.

# Chamorro: Celebrate Mata'pang, San Vitores

Continued from Page 7

He said the island could instead celebrate other important days in island history such as April 2, which is the day Father Diego Luis de San Vitores, a member of the religious order of the Society of Jesus, was killed.

Underwood said the day can be both celebrated as remembering the man that brought Catholicism to Guam or the bravery of Chamorro Chief Mata'pang for standing up for Chamorro beliefs and values.

Joseph Artero-Cameron, president of the Department of Chamorro Affairs, said he supports the bill because it would celebrate the island's more than 4,000 years of history. Artero-Cameron said the day could be celebrated with the help of the southern village mayors to showcase the southern hospitality to visitors and residents.
