Memorandum

To: Governor of Guam
From: Chief Procurement Officer
General Services Agency
Subject: Request for Certificate of Emergency for
Elderly Nutrition Program and Home-Delivery Meals

Attached is a memorandum from the Director of the Department of Public Health and Social Services' Division of Senior Citizens requesting for an emergency declaration to provide continued food services; to the senior citizens for up to three (3) months.

One part of the program provides over seven hundred (700) hot meals a day to seniors at senior centers, while the home delivery provides over eleven hundred forty-four (1144) meals a day. For many of the seniors receiving this service, this is perhaps the one balanced meal that they will receive on any service day.

On July 30, 2013, we submitted to you the previous request for a certificate of emergency. At that time, we believed that a bid would be issued. A bid was issued; however, none of the bidders met the requirements stated in the bid. The Department reviewed these specifications to address the issue and provided the General Services Agency with a revised bid. The General Services Agency put out a new bid and is currently in the process of reviewing the submission to determine whether any of the bidders' are deemed to be a responsible and responsive winner. This bid will have a thirty (30) day transition period from the current provider to a new provider if the current provider does not win the award.

Based upon the facts provided by the Department, I, CLAUDIA S. ACFALLE, Chief Procurement Officer for the General Services Agency do certify under penalty of perjury,

CFD0414-1564

that a certificate of emergency is not being used solely for the purpose of avoidance of the provisions of Title 5, Guam Code Annotated, Chapter 5, the Guam Procurement law.

Request for certification for DPHSS on food service contract for seniors both congregate and home delivery
