By signing the certification, the undersigned certifies that the applicant organization will comply with the requirements of the Act and will not allow smoking within any portion of any indoor facility used for the provision of services for children as defined by the Act.

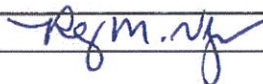

The applicant organization agrees that it will require that the language of this certification be included in any subawards which contain provisions for children's services and that all subrecipients shall certify accordingly.

Term	Definition
Homeless Individual:	<p>a. Homeless Individual: The Guam Mental Health Planning Council (GMHPC) defined homeless as being without a fixed place of residence. This definition has been expanded to include the term homeless individual as defined in Section 340 (r) of the Public Health Service Act as follows: Homeless Individual means an individual who lacks housing (without regard to whether the individual is a member of a family), including an individual whose primary residence during the night is a supervised public or private facility that provides temporary living accommodations and the individual who is a resident in transitional housing.</p>
Imminent Risk of Becoming Homeless:	<p>b. Imminent Risk of Becoming Homeless: It must be noted that the homeless mentally ill definition includes the population at risk, e.g. persons who might become homeless for lack of care and support.</p>
Serious Mental Illness:	<p>c. These conditions prevent the seriously mentally ill person from carrying out major life activities, such as maintaining patterns of eating and sleeping, working and social interaction for an extended period of time lasting at least six months.</p>
Co-occurring Serious Mental Illness and Substance Abuse Disorders:	<p>d. Co-occurring Serious Mental Illness and /Substance Use Disorders: Dually diagnosed individuals are those suffering from serious mental illness as defined by the GMHPC above and from substance abuse as defined under Public Law 17-21 as follows: Drug abuse means the use, without compelling medical reason, of drugs which may result in physiological and psychological dependency and addiction as a function of continued use in such a manner as to induce mental, emotional or physical impairment and cause socially dysfunctional or socially disordering behavior.</p>

##### **Overview of Guam's Continuum of Care**

On Guam, the Guam Homeless Coalition-Continuum of Care (GHC-COC) system is made up of a group of government agencies, non-profit organizations and the private sector that come together for the purpose of addressing the needs of homeless youths, adults and families. The Guam Housing and Urban Renewal Authority (GHURA) is the lead agency for GHC-COC.

Organizations involved in GHC-COC include Catholic Social Service, WestCare Pacific Islands, Guam Behavioral Health and Wellness Center, Department of Integrated Services for Individuals with Disabilities, Department of Public Health and Social Services, Habitat for Humanity, Guam Developmental Disabilities Council, The Salvation Army, Guam Police Department, Guma Mami, Inc., Sanctuary, Inc., and the Guam Housing and Urban Renewal Authority. Meetings are held at monthly to coordinate efforts, strengthen member links, and design innovative programs and services to combat issues that may lead to homelessness. Achievements have been made through community workshops, education / prevention campaigns, and focus group meetings conducted by both individual providers and agencies who are active participants in the homeless provider consortium focus groups.

**GHC-COC Vision:** To use a community based approach to significantly reduce, prevent and end homelessness and at risk homelessness on Guam including:

- Coordinating and /or integrating homeless-related programs for smooth transition throughout our continuum of care system.
- Implement an effective and efficient delivery system of services to prevent homelessness and to move homeless families into permanent housing;
- Develop an accessible and comprehensive system which receives individuals and families in need of care and move them through a system towards independent living and sustainability;
- Developing of strong homeless programs/services with sustainable links.

**GHC-COC Mission:** To empower individuals and families who are homeless and/or at risk of homelessness to achieve self-sufficiency, by providing supports through awareness, education and advocacy.

We will achieve this through:

1. Enhancing life skills,
2. Accessing to the resources to obtain and sustain permanent housing,
3. Providing the skills necessary to obtain employment.

We will achieve our mission through:

- Building relationships with those experiencing homelessness in our community and those at risk of becoming homeless

- 
- 
- Assessing the needs of those within our community and recommend strategies to address the gaps in services
  - Sustaining of successful programs
  - Insuring availability of adequate and appropriate housing for all
  - Creating a strong foundation between all members of our community
  - Open and inclusive planning
  - Collaboration among all service providers
  - Educating and advocacy

Our local system for meeting the needs of homeless individuals and families is a strong community-based system that provides outreach and assessment, education/prevention services, unique emergency shelters, transitional housing, permanent housing, and supportive services. Over the last four years, consortium members have focused on strengthening individual non-profit programs and services with the use of U.S. HUD Community Planning and Development Division funding. Sources include the Community Development Block Grant, Home Investment Partnership Grant, and Emergency Shelter Grant, all of which are administered by the Guam Housing and Urban Renewal Authority (GHURA).

Projects include funding rehabilitation and new construction projects for Catholic Social Service, Guma Mami, Inc., Sanctuary, Inc., Guam Behavioral Health and Wellness Center to expand their current client capacity for emergency and transitional shelters. Projects also include public service projects for The Salvation Army, Catholic Social Service, and Sanctuary, Inc. to implement new or expand on existing supportive service programs for homeless individuals and families. GHURA has also been working with the local public housing communities to develop family self-sufficiency programs, JOBS program, and G.E.D diploma and associates degree opportunities for individuals and families with the Guam Community College. Non-profit members have also been working to re-evaluate their community objectives and service networks by developing community awareness and outreach programs.
