Dear Speaker Won Pat:

In complying with Section 13 of Chapter 7, Public Law 32-181, we request the approval of *Liheslaturan Guåhan* for the release and expenditure of lapsed funds from three continuing accounts of the Division of Environmental Health (DEH) of this Department, specifically the FY 2009 Environmental Health Fund, FY 2010 Environmental Health Fund, and the Controlled Substances Diversion Fund.

The funds from the two Environmental Health Fund accounts will be used for DEH operation, to include procurement of items and services for the Guam Environmental Public Health Laboratory (aka, the "mosquito lab") that is slated for completion this fiscal year, and field instruments used to conduct environmental health inspections and investigations. The lapse funds of the Controlled Substances Diversion Fund will be expended to support the activities of the division's Controlled Substances Program and the Prescription Drug Monitoring Program to combat the diversion of pharmaceutical controlled substances.

The following are the amount sought from each lapsed funds and anticipated use:

- FY 2009 Environmental Health Fund.....\$72,497.09
  - Account number: 5600C091700GA208
  - Procure lab equipment and materials, office furniture, field instruments, and other items and services to support the operation of the Guam Environmental Public Health Laboratory and other division programs.
- FY 2010 Environmental Health Fund.....\$89,146.40
  - Account number: 5600C101700GA211
  - Procure lab equipment and materials, office furniture, field instruments, and other items and services to support the operation of the Guam Environmental Public Health Laboratory and other division programs.
- Controlled Substances Diversion Fund.....\$21,850.19
  - Account number: 5272C041740CE202

- Procure training, investigative tools, and other items and services for the two drug diversion programs of DEH.

Upon approval of the funds release by *I Liheslaturan Guåhan*, the Department will need to seek budget modifications with the Bureau of Budget Management and Research to ensure allocation of the funds into the proper object classes. As further mandated by P.L. 32-181, a copy of this letter will be furnished to the Office of Finance and Budget.

Should you have any questions, please contact me at 735-7102, or Mr. Thomas Nadeau of DEH at 735-7209 or Ms. Remy Suva at 735-7236.

Very Respectfully,

JAMES W. GILLAN  
Director
