RE: Update on HOT Bond Project Status

Dear Speaker Won Pat, Vice Speaker Cruz, Senator Muña Barnes and Senator Rodriguez:

Hafa Adai!

In carrying out GEDA's commitment to provide the Legislature with status reports concerning the HOT Bond Projects, enclosed is an updated report which provides the estimated completion dates for design and construction of each project and the budget allocation by project in the priority established by P.L. 30-228 as amended by P.L. 31-196 and P.L. 32-56 along with a list of those amounts that have been approved for payment to date. As we have indicated in earlier reports, Design, Construction Management and Archaeological services are budgeted for most projects. If these respective amounts are not utilized for their budgeted purposes, they will either be reprogramed to the respective project's construction

budget or for other projects listed in the law. Also, if no dollar amount is indicated under "Approved for Payment", work has not commenced or invoices have not yet been submitted.

Contracts still under legal counsel and staff review to date include the following:

- IFB 14-004 Design and Construction of Lighting and Electrical Improvements at Governor Joseph Flores Memorial Park (Ypao Beach Park);
- IFB 15-001 Design and Construction of Improvements to Hagåtña Pool

This report continues to add change orders to the spreadsheet that identifies the budget and expenditures for each project (Enclosure 2) and a description of the change orders (Enclosure 3).

Should you have any questions, please contact my office. Si Yu'os Ma'ase!

Sinseru,

JOHN A. RIOS

Administrator
