# Guam Fire Department A Report to Our Citizens

### Fiscal Year 2015

### **Statutory Basis**

Upon the enactment of Public Law 1-88 in 1952, the Fire Division was created within the Department of Public Safety (DPS). On March 13, 1985, Public Law 17-78 separated the Fire Division from DPS and established the Guam Fire Department, a line agency of the Government of Guam. On March 6, 1996 Public Law 23-77 tasked the Guam Fire Department with the responsibility to administer and operate the Emergency 911 telephone communications system; regulated by the EMS Commission.

The Guam Fire Department is mandated to protect life and property from the perils of fire and other disasters. This could only be achieved through an accomplished fire prevention, suppression, and extinguishment plan. Furthermore, the formulation of a comprehensive Emergency Medical Services (EMS/Ambulance) Program, inclusive of an Advanced Life Support Intercept Program for the Territory of Guam, was required. An extensive Fire Prevention bureau overseeing fire inspections, new and existing building plan review and approval, investigations, code enforcement, and public education, was also established. Also entrusted to the Guam Fire Department were the responsibilities of land and sea search and rescue, operation and management of an enhanced Emergency 911 communications system, and more recently the addition of a dedicated hazardous materials response team. We are able to perform these missions by: "Promoting safety and maintaining a well equipped, highly trained, and motivated force of professional Firefighters/EMTs, EMDs, and Rescue personnel; while promoting fire prevention and education programs".

#### **Future Projects**

Increasing Efficiency, Increasing Capability

- oNext Gen E911 System
- Relocation and Build of Sinajana Fire Station
- o Fire Apparatus
- o Fire Tenders
- Highrise Apparatus
- Establish EMT Position

### **Table of Contents**

Strategic Objectives	1
How have we progressed?	2
Our Finances	3
What's Next?	4

### Mission

The Guam Fire Department will respond to and mitigate all threats to life, property, and the environment in the Territory of Guam and its surrounding waters. This will be accomplished through education, prevention, and an effective response to fire, medical, and environmental emergencies.

### Goal

The Guam Fire Department will be a fire service nationally recognized and accredited in fire suppression, fire prevention, Emergency Medical Services, search and rescue, hazardous materials response and emergency medical dispatch. At a minimum, every fire station will house a fire engine, ambulance, and some type of specialty response apparatus such as a water tanker, ladder truck, rescue unit, or Life Advanced Support unit. Firefighters will be fully equipped and trained, both technically and physically, to respond to all emergencies that pose a threat to the safety of life and property.

### How We Have Progressed Fiscal Year 2015

### **2015 Accomplishments**

- E911 procurement
- Personal Protective Equipment
- Heavy Rescue/HAZMAT Truck
- Two (2) Medium Rescue Trucks
- Two (2) 40' Sea Ark Rescue Boats
- Two (2) Advance Life Support SUVs
- Hagatna Rescue Station
- Rope Rescue and HazMat Equipment

## Our Finances Revenues and Expenses

The main operating fund of the agency is the General Fund. As noted in the Deloitte's Government of Guam Independent Auditors' Report. Alternate funding sources that the agency uses are classified as Special Funds (revenues that are restricted for specific purposes.)

### **Independent Audit**

Independent audits of the GFD's finances were conducted, resulting in clean opinions.

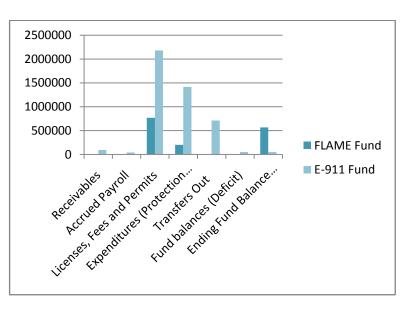

### **Financial Highlights**

	FLAME	E-911 Fund

Total	\$33,556,466.00	\$33,024,561.00

### What's Next Key Initiatives

### CORE VALUES

#### "Honor is GAINED THROUGH PRIDE"

- Professionalism– To respond with high technical and performance standards.
- Respect– To place high regard upon each other, to earn high regard from those we serve.
- Integrity– To sustain good moral and ethical codes.
- Dedication- To always be ready, trained and fit to answer the call.
- Empathy– To be courteous, conscientious and compassionate.

### **Recruitment and Promotion Initiative**

Continually, we are challenged with an increase attrition rate over the past four years through retirement and other means, resulting in a force reduction of (69) positions. Retirement in particular has produced many vacancies in senior ranking positions requiring personnel to assume duties well above their pay grade. This is necessary to maintain minimum manning requirements as required by National Fire Protection Association (NFPA) and Occupational Safety and Health Administration (OSHA) standards.

Including other leave and military deployments, the manpower challenge has also resulted in an increase in irregular overtime expenditures up to \$172,000 a pay period. We continue to adjust for shortages by transfer of personnel to rebalance rank, experience, firefighters with advanced skills and military reservists so that we can absorb these challenges with the resources available. Recruitment of 25 positions and promotions of 23 positions are authorized in FY17 and projected sometime this year.

### **CHALLENGES**

- o Attrition Rate
- o Military deployments, medical profiles
- o Meet National Fire Protections Association Standards
- o Lack of supervisory staff
- o Increased overtime expenditures

#### FISCAL YEAR 2012 FISCAL YEAR FISCAL YEAR FISCAL YEAR 2016 \* FISCAL YEAR 2013 TOTAL IO. OF PERSONNE RETIRE/RESIGN/ SEPARATED 9 13 12 14 21 69 verage of 13.8 per fis RECRUITMENT 30 0 0 0 0 30 PLUS/MINUS 21 -13 -12 -14 -21 -39

SEPARATION FROM SERVICE / RECRUITMENT COMPARISON

\* As of 6/23/16, a total of (15) personnel have either retired or resigned. Six (6) others, have already informed GED of their intentions to retire by 9/30/16.
