RE: Update on HOT Bond Project Status

Dear Speaker Won Pat, Vice Speaker Cruz, Senator Muña Barnes and Senator Rodriguez:

Hafa Adai!

In carrying out GEDA's commitment to provide the Legislature with status reports concerning the HOT Bond Projects, enclosed is an updated report which provides the estimated completion dates for design and construction of each project and the budget allocation by project in the priority established by P.L. 30-228 as amended by P.L. 31-196, P.L. 32-56 and P.L. 33-147 along with a list of those amounts that have been approved for payment to date. As we have indicated in earlier reports, Design, Construction Management and Archaeological services are budgeted for most projects. If these respective amounts are not utilized for their budget or projects listed in the law. Also, if no dollar amount is indicated under "Approved for Payment", work has not commenced or invoices have not yet been submitted.

There is only one contract currently under legal counsel and staff review which is for construction of Phase 2 of the Tumon Flood Mitigation project. The IFB for the Ypao Lighting project is expected to be issued in the near future.

This report continues to add change orders to the spreadsheet that identifies the budget and expenditures for each project (Enclosure 2) and a description of the change orders (Enclosure 3).

For the Senator Antonio "Tony" Palomo Guam and Chamorro Educational Facility, Enclosure 2 indicates that only \$152K remains available for encumbrance, which was generated from the assessment of liquidated damages due to construction delays. However, GEDA anticipates that close to \$800K is needed to complete the project, to pay for cost increases for museum exhibits, media production, new signage to reflect the museum's new name and new construction requirements. To accommodate this anticipated increase, sufficient funding is available under the Hot Bond, generated from savings in other projects however, legislative approval is needed to lift the museum appropriation cap of \$27M. We are currently working with GEDA's Legislative Committee Chairman regarding this matter.

Should you have any questions, please contact my office. Si Yu'os Ma'ase!

Sinseru,
