14           Section 10. Effective July 1, 1970, the functions of the  
15 Legislative Research Bureau, inclusive of assets and personnel  
16 thereof, are hereby transferred to the University of Guam.

17           Section 11. This Act is an urgency measure.

This Bill will repeal all prior operational appropriations for the three branches of the Government of Guam for Fiscal Year ending June 30, 1970, and will reappropriate for the same purposes and period and that all expenditures and encumbrances incurred from said prior appropriation shall be charged against these appropriations for the same purposes for which made. A net reduction total of (\$130,931) is requested in this appropriation measure. The Sections repealed under Public Law 10-103, Tenth Guam Legislature, are replaced in this Bill. Public Laws 10-33, 10-55, and 10-64, Tenth Guam Legislature, are repealed and the appropriations made in said Public Laws are included in this Act.

Attachment No. 1, transmitted to the Legislature by the Office of the Governor, attempts to justify the additional money requests for the various departments and agencies and for the requests to reappropriate (reduce) certain items of appropriation. Minimum adjustment is recommended by the Committee with the concurrence of the departments and agencies involved and with the Bureau of Budget and Management Research. Section 6 of this Act will reduce a prior appropriation of \$800,000 by \$700,000; this recommendation to reduce is predicated by the testimony of the Director of Bureau of Budget and Management Research and of a letter dated May 20, 1970, informing the Committee on Finance and Taxation of this Legislature that the \$700,000 will lapse at the end of this fiscal year, and that approximately \$100,000 of the original \$800,000 appropriated will be needed for the implementation of Section 2 of Public Law 10-78, Tenth Guam Legislature, and for the \$312 across the board pay increase. The reduction of current appropriation for Guam Public Schools shows \$935,000 plus another \$300,000 for Transportation Maintenance (P.W. Support). The Guam Legislature is requesting an additional \$242,518, for its operation and \$104,000 to supplement prior appropriation to the Legislative Reference Bureau.

Attachment No. 2, would show a comparison and a detailed summary of all operational appropriations for the three branches of the Government of Guam for the current fiscal year, including the request made by this Bill.
