Total	\$2,710,000.00	\$1,070,000.00	38,000 L.F.

1. Analysis:

Construction Cost	\$1,070,000.00
Engineering (1972 Program)	70,000.00
Engineering (1973 Program)	<u>60,000.00</u>
Total Request	\$1,200,000.00

Since planning and preparation of construction plans and specifications normally takes several months (approximately 6 months for this program), the engineering fee for the 1973 program has been included in our FY72 request. This approach will allow for a continuous construction program as soon as the 1973 funds are made available. A more precise cost for the 1973 program can be determined because engineering plans would be complete before the appropriation request.

Cost Analysis:

1. Roadway Earthwork	\$ 5.18/ft.
2. Base Course & 2" AC	<u>22.98/ft.</u>
Total	\$28.16/ft.
Say	\$28.00/ft.
