Committee Report  
on  
Substitute Bill No. 399

"AN ACT CREATING THE VETERANS CEMETERY TASK FORCE"

Senator Frank R. Santos, Chairman of the Committee on Federal, Foreign and Legal Affairs convened the public hearing on Bill No. 399, an act creating the Veterans Cemetery Task Force on July 17, 1985 at 09:10 a.m. Present at the commencement of the hearing was Chairman Santos. Attending later in the hearing were other members of the Committee, Senators John P. Aguon, Ted S. Nelson and Joseph F. Ada; sitting in was Senator Edward R. Duenas.

I. Legislative History

The Government of the United States of America, as represented by the General Services Administration (GSA) on the interim Territory of Guam, has released excess land, formerly used by the Federal Government for U.S. national defence purposes, and has returned said land to Guam for use as a veterans cemetery. Currently, funding for construction of the cemetery is available through the Veterans Administration. The Government of Guam was charged with the task of preparing the construction plans for the cemetery and assuming responsibility for administering the cemetery when it is completed.

II. Intent Of Substitute Bill No. 399

---

The principle purpose of Bill No. 399 is to establish a Veterans Cemetery Task Force comprised of U.S. Veterans, to review and modify current plans for the establishment of a Veterans Cemetery for the interim Territory of Guam, and to perform the necessary task to satisfy Veterans Administration requirements for release of funds for the cemetery.

### III. Analysis

Section one(1) highlights the legislative history of Bill No. 399.

Section two(2) establishes the Veterans Cemetery Task Force and defines the structure and the membership of the Task Force.

Section three(3) calls for the annual election of a chairperson from within the membership of the Task Force, and establishes that Task Force members shall receive per diem in accordance with law.

Section four(4) ensures that the Task Force shall be provided with necessary staff support from the Guam Veterans Office.

Section five(5) allows the Task Force to review and make necessary modifications for plans to establish a Veterans Cemetery on Guam and to satisfy the Veterans Administration requirements for funding. If a September 30, 1985 deadline is not met, the Task Force may see the loss of certain federal monies.

Section six(6) requires the Task Force to, within 90 days after assuming office, present a review of the cemetery plans to the Governor and the Legislature; and to, further, advise if any local funding is required and whether further work must be done to meet requirements of the Veterans Administration, for the release of funds.

Section seven(7) requires the Task Force to submit final plans

for the cemetery to the Governor and the Legislature, and to recommend how the cemetery should be managed.

Section eight(8) establishes that the Task Force shall adopt rules governing qualification for burial in the cemetery, in accordance with the Administrative Adjudication Act.

#### IV. A Summary Outline Of The Public Hearing

(A) Mr. John Palomo, Director of Parks and Recreation was the first witness to deliver testimony on Bill 399. He stated the following in his oral testimony:

- 1) The Governor has accepted ownership of the site for the proposed Veterans Cemetery.
- 2) Development plans are being completed.
- 3) Is essential to complete the bidding process by early September 1985 to receive the maximum available grants for construction of the Vets Cemetery.
- 4) No time to create a project review body since the effective time for such input has already passed.
- 5) Opposes passage (reflects the view of the current Administration).

(B) Mr. Ed Guerrero, Acting President, U.S. Armed Forces Retirees Association of Guam (USAFRA)

In written testimony before the Committee Mr. Guerrero included these relevant points:

- 1) Veterans want a part in the planning of "their own cemetery."
- 2) Supports the "task force" concept.
- 3) Feels the Governor's appointed task force has neglected USAFRA's interests in the cemetery project.
- 4) Is relieved that the Veterans Administration rejects

the cemetery project/plans submitted by the Governor's Task Force, because such plans were hastily submitted.

5) RECOMMENDATIONS

- (a) Suggests that the Governor's Task Force remain a temporary body until Oct. 30, thereafter, the Veterans Cemetery Task Force, to be created by Bill 399, will assume control of the project's future.
- (b) Line 9, Sec. 2 of the Bill specify that the membership of the Task Force be composed of "U.S. Veterans".
- (c) Proposes deletion of lines 25 through 29 of Section 3.
- (d) Line 4, Section 4 should read: "...any local funding is required to complete the Veterans Cemetery; and shall advise what further work must be done to fulfill the Veterans Administration's requirements for release of the funds.'

(SEE ATTACHMENT 1 FOR THE COMPLETE TEXT OF MR. GUERRERO'S TESTIMONY)

(C) Mr. Juan R. Cepeda, former U.S. Army Sgt.

In his oral testimony, Mr. Cepeda said the following:

- 1) The Administration had the Vets Cemetery proposal since '83 but did not act until '85.
- 2) Veterans, in general, were not contacted until July '85; there was an Administrative Task Force in operation by that time.

3) RECOMMENDATIONS

Veterans Administration it was considered "unacceptable".

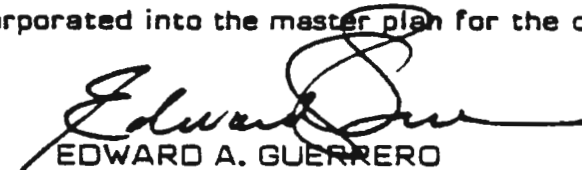

There are good people within the Governor's task force with the objective to meet the scheduled dateline of 30 September 1985, as established by the Veterans Administration. We are confident the dateline will be met.

Accordingly, to assure that the dateline will be met, USAFRA recommends that the Governor's task force shall remain temporarily in place until 30 October 1985. Hereafter, the Veterans Cemetery Task Force established by the proposed law shall be activated and continue the project in coordination with the Department of Parks and Recreation, Bureau of Planning, Veteran Affairs Office, and Department of Public Works.

It is further recommended that Line #9, Section 2 of Bill 399 should read: "...tery Task Force. The task force shall have nine U.S. Veterans as members. Three of the mem-".

In addition, lines 25, 26, 27, 28 and 29 should be deleted as its entirety. It is also recommended that Line #4 to Section 4 should read: "...any, local funding is required to complete the Veterans Cemetery; and shall advise what further work must be done to fulfill the Veterans Administration's requirements for release of the funds."

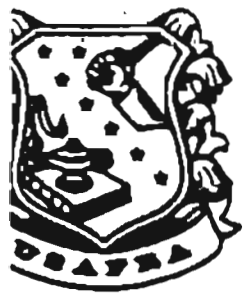

In summary, Bill 399 is considered sound and provides for representations by law, which ensures for a unilateral voice representing the U.S. Veterans community on Guam. USAFRA supports the establishment of a Guam Veterans Cemetery when the input, contribution, and participation of the veterans on Guam are incorporated into the master plan for the cemetery.

Dear Mr. Chairman:

My name is Mr. Ed Guerrero, Acting President of the U.S. Armed Forces Retirees Association of Guam, U.S.A. (USAFRA). On behalf of the members of USAFRA I would like to thank you for inviting our organization to submit testimony relative to Bill No. 399 AN ACT CREATING THE VETERANS CEMETERY TASK FORCE.

Mr. Chairman, USAFRA has been very active on the subject of the Guam Veterans Cemetery. It intends to continue its effort in support of the Veterans Cemetery for Guam. As understood, the Veterans Administration's relationship to the proposed Guam Veteran's Cemeteries is based on a Federal Assistance Program to aid in establishing, expanding, or improving an identified cemetery designed for veterans.

A united veterans group recently met right here in this session hall, and endorsed a task force concept composed of Veterans supposedly appointed by the Governor. On those premises, the group was supportive to the concept for the Task Force. However, we are not naive to think that the recommendations of the task force formed by the Governor would be accepted.

The Veterans, Mr. Chairman, only want to ensure that they would be given the opportunity to participate and contribute in the planning process towards "their own cemetery".

We the Veterans, have been neglected or ignored on this veterans cemetery project. And we definitely are disappointed.

These rationale would appear to be emotional. But the issue is an emotional one. This administration attempted to "ram-rod" their proposed package through, but thanks to the

AN ACT CREATING THE VETERANS CEMETERY TASK FORCE.

BE IT ENACTED BY THE PEOPLE OF THE TERRITORY OF GUAM:

1           Section 1. Legislative Findings. The General Services Adminis-  
2           tration has released excess federal lands to the Territory of Guam for  
3           use as a veterans cemetery. The Veterans Administration has made  
4           funding available for construction of the cemetery. The Government  
5           of Guam has to prepare plans for construction of the cemetery and  
6           assume responsibility for administration of it when it is completed.

7           Section 2. There is created within the Government of Guam the  
8           Veterans Cemetery Task Force. The Task Force shall have nine members.  
9           All members shall be veterans of the United States Armed Services.  
10          The Governor shall appoint the members from nominees submitted to  
11          him as follows:

12                   (a) Guam Armed Forces veterans organizations may nominate  
13                   not less than six(6) people of which three shall be appointed;

14                   (b) the Commissioner's Council may nominate not less than  
15                   four(4) people(who need not be Commissioners) of which two(2) shall  
16                   be appointed;

17                   (c) Guam Armed Forces retirees organizations may nominate

---

Task Force - should only have U.S. Veterans as members; no political affiliation and/or influence.

(b) Prospective members of the Task Force should be carefully screened.

(c) Final concurrence on the approval of the cemetery project can only come from Veterans.

(D) Mr. Larry Stotts orally emphasized the need for the passage of Bill 399 with particular concern for the following points:

1) There is a need for careful scrutiny of prospective members of the Task Force; make sure there is no political involvement.

(E) Senator Edward R. Duenas voiced the following concerns:

1) There is a need to make allowance for individuals whose expertise may be needed by the Task Force.

SUGGESTION:

--In such a case, it was suggested that such an individual be admitted as an advisor to the Task Force.

2) How true is the Sept. 30 DEADLINE? Why is the Governor's Task Force acting so hastily?

(F) Mr. Bill Sablan, member of the Vietnam Veterans Association, had the following to say:

1) Checked and found out that Sept. 30 is an ongoing date - this was verified in a telephone conversation between USAFRA President, Mr. A. Sgambelluri and one of the Directors of Parks and Cemeteries under the Veterans Administration; said that an extension is permissible if:

(a) There is some sort of litigation involved; or

(b) There is input yet to be submitted.

2) That Mr. A. Sgambelluri will follow-up on the question of the Sept. 30 deadline while in the States.

(G) Mr. John Palomo (again) noted the following:

- 1) The Sept. 30 deadline is crucial because of the three-year limitation on particular funding earmarked by Congress about four years ago.
- 2) In '82, there was an "authorization" for \$1.6 million to be put in a reserve for construction... - IF the Sept. 30 deadline is not met the \$1.6 million will be forfeited, not the other available funds.

V. Summary And Recommendation

The Committee is aware of the dispute between the Governor's cemetery task force and various U.S. Veterans on Guam over the planning and creation of the Veterans Cemetery, as witnessed at the public hearing on Bill No. 399. Thus, the Committee has initiated a compromise in the form of substitute Bill 399, so that the disputing parties may resolve their differences.

The Committee, therefore, after hearing all testimonies on Bill 399, have met and deliberated on the subject of creating a Veterans Cemetery Task Force and have decided to recommend the following:

- (1) That Bill No. 399, "AN ACT CREATING THE VETERANS CEMETERY TASK FORCE", be passed by the Eighteenth Guam Legislature
