Bill No. 935 on Oct. 27,  
... reported it out.

My office devoted considerable effort in preparing Bill No. 935. As noted in my testimony at your Committee's Oct. 27 hearing, the appropriation amounts are based on a DPW estimate for these sidewalks that were obtained by my office and attached to my testimony. Consequently, I believe that if we were to proceed in approving this project, the language in Bill No. 935 would be most appropriate inasmuch as it incorporates the most accurate estimates currently available. I therefore wish to strongly urge your Committee to report out Bill No. 935 at the earliest possible date.

Chairman  
Committee on General

163 Chalan Santo Papa  
Agana, Guam 96910

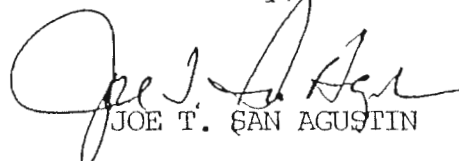

Dear Senator Nelson:

Please accept my thanks for your Committee's prompt action in scheduling a hearing on Bill No. 935, which I introduced, and which is being publicly heard by your Committee today. Bill No. 935 would provide funding for sidewalks along the Santa Monica and Ysengsong roads in Dededo.

Bill No. 935 would appropriate \$671,875 for sidewalks along Santa Monica road and would also provide \$345,315 for sidewalks along Ysengsong road. The funding amounts are based on the attached cost estimates by the Department of Public Works for these projects. Please note that these estimates were done in FY 1988 and so the estimates were adjusted upwards by 25% for each fiscal year since then as called for in the estimates. Furthermore, part of the funding for the Ysengsong road sidewalks would come from a previous appropriation of \$100,000, which I sponsored in P.L. 18-30 for sidewalk design. This appropriation is amended in Section 3 of the bill to allow these funds to be used for sidewalk construction as well as design.

I strongly urge your Committee to approve this legislation. These two roads are heavily travelled and the lack of sidewalks poses a serious hazard to pedestrians who use them, in particular the children of the neighborhood. For their sake, it is my hope that your Committee will favorably act on Bill No. 935 and report it out for action by the full Legislature at the earliest possible date.

Sincerely,

JOE T. SAN AGUSTIN
