COMMITTEE ON WAYS & MEANS COMMITTEE REPORT

BILL NO. 1089 - AN ACT TO APPROPRIATE THE SUM OF THREE HUNDRED THIRTY NINE THOUSAND SIX HUNDRED TWENTY DOLLARS (\$339,620) FROM THE GENERAL FUND TO THE MAYOR'S COUNCIL OF GUAM.

The Committee on Ways & Means conducted a public hearing on Tuesday, December 19, 1989 beginning at 9:00 a.m. in the Legislative Session Hall to hear testimony regarding Bill No. 1089. Senator Carl T.C. Gutierrez, Chairman of the Committee conducted the hearing. Members present were Senators George M. Bamba, Franklin J. A. Quitugua, Doris F. Brooks and Martha C. Ruth.

TESTIMONY

Mr. Greg M. Borja, Mayor of Santa Rita and Chairman of the Finance and Legislative Committee of the Mayor's Council of Guam presented written testimony in support of Bill No. 1089 (Attachment "A"). Mayor Borja stressed the need of such legislation in order for them, the Mayors to "deliver the services needed in each of the Districts so deserved to be provided." He shared with the Committee his recent experiences in providing services relative to general clean up, grass cuttings and tree trimmings around his village. "I requested assistance from the Department of Corrections for clients to assist my maintenance workers in general clean up during the latter part of November. Five (5) DOC workers and a guard were assigned and worked for nine days and three (3) tractor mowers from Public Works Dept. assisted for two (2) days. Even with these extra help, we were unable to complete the clean up most of the outlying areas in time for the December 9 and 10 Fiesta in Santa Rita."

Mr. Raymond S. Laguana, Mayor of Barrigada and President of the Mayor's Council of Guam gave oral testimony (the Chairman is in receipt of his letter dated November 28, 1989 requesting for funding for office furnitures, see Attachment "B") in support of the Bill. Mayor Laguana reminded the Chair that in his letter his request was

for Twenty Thousand Dollars (\$20,000) not Ten Thousand Dollars (\$10,000) as stated in the Bill. The Chair enlightened Mayor Laguana that his original request over the phone was \$10,000. Mayor Laguana went on to say that "the office furnitures are probably as old as me. The were there when I was first elected and are still there. In the past twenty (20) years, the Council have not been provided funds to upgrade its office furnishings. Our office furnitures, aside from being antiquated, are as a whole need to be completely refurbished or surplused."

Mayors Vicente L. San Nicolas from Asan-Maina and John F. Blas from Yigo, were present at the hearing and submitted written testimony.

Mayors Buck Cruz from Merizo, Isabel Haggard from Piti, Francisco Lizama from Sinajana, Tito Mantanona from Talofoyo, and Nito Blas from Mangilao were also present and presented oral testimony.

Mayors Felix Ungacta from Agana and Albert Topasna from Umatac were not present but submitted written testimony.

The Chair received a letter from Mr. Raymond S. Laguana, Mayor of Barrigada and President of the Mayor's Council of Guam dated December 20, 1989 requesting for an appropriation of Fifty Thousand Dollars (\$50,000) for the purpose of funding official off-island travel (Attachment "E"). Although the original request is for \$50,000, the proposed substitute Bill only appropriates \$37,500, the reason for the reduction is that three months out of the fiscal year have lapsed.

A Fiscal Note was submitted by the Bureau of Budget and Management Research indicating the amount specified in the Bill is sufficient and that a new section be added to the Bill amending Section 15003.1 of the Government Code of Guam.

RECOMMENDATION

The Committee on Ways & Means recommends that Bill No. 1089 be passed by the Twentieth Guam Legislature as Substituted.

Good morning Mr. Chairman and members of the Committee. My name is Greg M. Borja, Mayor of Santa Rita and Chairman of the Finance and Legislative Committee of the Mayor's Council of Guam.

I am here today to provide testimony in support of Bill No. 1089, "AN ACT TO APPROPRIATE THE SUM OF \$329,620.00 FROM THE GENERAL FUND TO THE MAYOR'S COUNCIL OF GUAM", to be distributed equally to all of the Mayor's, with each to received \$17,348.00 for the hiring of one (1) additional maintenance workers, and 10,000.00 to the Mayor's Council for the purpose of furnishing it's at it's new location.

Mr. Chairman and members of the Committee, please note that the Council received copy of the Bill and notice of the Public Hearing on Wednesday, December 13, 1989. Due to time constraint, we were unable to convene the Council to discuss the Bill. However, a survey by telephone and personal contact was undertaken and all of those contacted are in favor of passage of Bill No. 1089. Two (2) Mayors are off Island.

Mr. Chairman, this is a much needed legislation in order that the Mayors can deliver the services needed in each of the Districts so deserved to be provided.

Let me relate my recent experience in providing the services relative to general clean up; grass cuttings and tree trimmings. I requested assistance from D.O.C. for clients to assist my maintenance workers in general clean up during the latter part of November. Five (5) DOC workers and a guard were assigned and worked for nine days and three (3) tractor mowers from Public Works Dept. assisted for two (2) days. Even with these extra help, we were unable to complete the clean up most of the outlying areas in time for the December 9 & 10 Fiesta in Santa Rita.

We strongly recommend the early passage of Bill No. 1089.

Thank you for the opportunity to testify before your Committee.

Dear Senator Gutierrez:

On behalf of the Mayors' Council of Guam, I am requesting a supplemental appropriation in the amount of \$20,000.00 to the Mayors' Council of Guam Fiscal Year 1990 Budget.

In the past twenty (20) years, the Council have not been provided funds to upgrade its office furnishings. Our office furnitures, aside from being antiquated, are as a whole need to be completely refurbished or surplused.

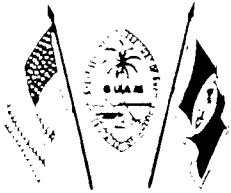

The fact that our office has recently been relocated, the Council finds this an oportune time to completely refurnished its office. In this regard, we respectfully request your Committee to consider an urgent supplemental appropriation in the amount of \$20,000.00.

Your expeditious assistance would be greatly appreciated.

I am here to testify in favor of Bill No. 1089: **AN ACT TO APPROPRIATE THE SUM OF THREE HUNDRED THIRTY NINE THOUSAND SIX HUNDRED TWENTY DOLLARS (\$339,620) FROM THE GENERAL FUND TO THE MAYOR'S COUNCIL OF GUAM.**

The appropriation of \$339,620 to the Community Development Fund of which \$17,348 is to be distributed to each Mayor in the 19 villages is a welcome piece of legislation. This will enable us to hire one additional maintenance worker so that we can continually beautify our villages.

Thank you for this opportunity and I urge a speedy passage of this Bill.

Mr. Chairman and members of the committee,

Good morning, I am John F. Blas, Mayor for the village of Yigo. I am here this morning to give testimony on Bill No. 1089 relative to making an appropriation to the Mayors' Council of Guam.

My testimony will be restricted to section 1 of the bill. I wholeheartedly support the intent of section 1 with respect to the hiring of one (1) additional maintenance worker. The two maintenance workers that I have at the present time are doing an outstanding job. However, the hiring of one (1) additional maintenance worker would enhance the day to day operations of the Yigo Mayor's Office and give me the flexibility I need to implement other projects.

Therefore Mr. Chairman and members of the committee, I respectfully request your favorable consideration for the passage of Bill No. 1089. I thank you for giving me this opportunity to submit comments on this much needed legislation.

Testimonial on Bill #1089

By: Mayor Albert T. Topasna

We the Mayors, my colleagues, join together in support of this Bill because it necessitates us to do so. That necessity is the end-result of Public Law-#14-27, which describes the responsibilities of the Commissioner in their respective Municipalities.

PROBLEM

Since the Public Law's enactment, the maintenance of the Municipal Parks, roads, buildings, bus shelters and sports facilities were largely dependent upon the Department of Public Works and Parks and Recreation usually upon the request of the Commissioners. As a procedure, the request were prioritized on a "first come, first serve basis" that took weeks or months to accomplish, due to the number of districts which the Departments dealt with.

In time, many changes of authority of the Municipalities maintenance switched over to the Commissioners, increasing the Commissioners responsibilities, yet, was lessen slightly due to the hiring of two maintenance personnel. With an increase in the Commissioner's workforce, the maintenance of the Municipality improved and a more responsive Commissionerial system approached other problems, such as flooding, infrastructure improvements and other related concerns frequently voiced by the people of the Community.

JUSTIFICATION

Now with an economic boom being experienced, infrastructures, such as the Umatac Bridge, Agat-Umatac road, and the New boal ramp being built are sign of times that eventually will need the personnel to maintain its general upkeep. Still further in the future, a New Multi-Purpose court, Youth -center and other improvements will generally be added on to a list of improvements necessitating the addition of the maintenance force in my Community.

As we approached the 1990's and with the change in titles from Commissioner to Mayor, the responsibilities and funds to support the new Mayoral system will allow a more responsive and decisive public official to the needs of the Community. Bill #1089 is a step towards the problems regularly experienced by all the Mayors, the problem of an increase responsibilities and a shortage of manpower to meet the workload.

RECOMMENDATION

Bill #1089 specifically calls for and appropriation of \$17,000.-plus to hire one additional maintenance personnel. However, I ask that the Legislators approach the Bill more realistically and double the appropriated amount to hire two personnel instead of the proposed version of Bill #1089.

Testmonial con't.

Or, another recommendation is to allow the appropriated funds to given to Mayors and give the descretion in using the funds to either increasing the Community Development Funds or hire two additional manitence personnel with a hourly wage of \$4.50 per hour and benefits on a full-time basis. This in either way will give greater leverage the effectiveness of the maintenance.

Accordingly I feel that a majority of the responsibilities within the Community given to the Mayor and the introduction of other bills heard before, pertaing to the Islandwide Beautification Program, evolve around the maintenance of the Community. With monies appropriaten the enhance the program " the ends will justify the means".

In closin I strongly support Bill #1089, however I ask that the Senators re-evaluate the appropriation and hiring for the afore mentioned reasons. Moreso, with the addition of personnel, our dependency of the other Departments will lessen and the envolvment of the Mayor in other Community matters will truly be a representative of the people.

Thank-You and God Bless....

Respectively,

Albert T. Topasna, Mayor

Dear Senator Gutierrez:

I am submitting herewith a request for an appropriation in the amount of \$50,000.00 for the purpose of funding official off-island travel for the members of the Mayors' Council of Guam.

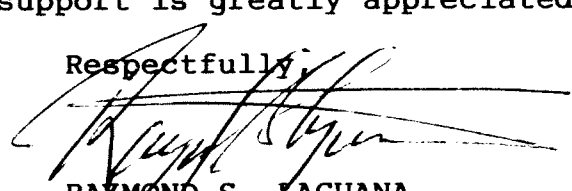

There have been many occasions in the past where members of the Council were invited to certain official trips off-island. Most of these invitations were either declined due to absence of travel funding, or those that were accepted were paid by the Governor's or the Legislature's funds.

As Mayors, we may find ourselves attending Mayors' Conferences off-island, or responding to invitations to significant and beneficial events.

The Council feels that in order to keep abreast current mayoral responsibilities, and to continue to improve our effectiveness, the members of the Mayors' Council of Guam should take advantage of certain given opportunities. As an elected official, you can well appreciate the significance of this request and, therefore, urge you and your colleague to respond favorably.

Your continued attention and support is greatly appreciated.

Dear Mayor Laguana:

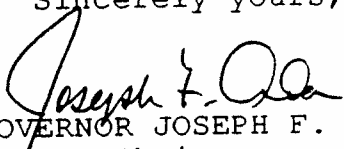

The people of Guam have moved steadily forward in the past few years toward removing federal control over Guam's affairs. The electorally approved Guam Commonwealth Act, has received a bureaucratic review by the Executive Branch of the federal government, and Congressional hearings will soon be conducted. Transferring some of the powers which the federal government now holds over Guam has never promised to be an easy task, but one which we must accomplish if our people and island are to reach its true potential.

The Commission has been informed that the first of a series of hearings on Guam's Commonwealth Bill will be held in Hawaii, December 11th and 12th, 1989. However, should Congress continue in session after Thanksgiving it is possible that hearings will be conducted in Washington. We feel certain though that Congress will manage a hearing this year. On behalf of the Commission, I would like to extend to you an invitation to join us for this historic event.

Our dynamic community has just begun to blossom. The Commission looks forward to your joining us before Congress in the presentation of Guam's aspirations and needs for the future.

I am,

Sincerely yours,

GOVERNOR JOSEPH F. ADA
Chairman

COMMENTS ON BILL NO. 1089

Section 1

This Section intends to appropriate the sum of \$329,620 from the General Fund to Community Development Fund under the Mayor's Council of Guam to be distributed equally the sum of \$17,348 to all the Mayor's for the hiring of one (1) additional maintenance workers. Currently, the Community Development Fund is appropriated pursuant to P.L. 20-41 and as amended by P.L. 20-94 the sum of \$855,000 from the General Fund. Of that amount, \$619,400 are for the payment of salaries for two (2) maintenance workers and the amount of \$235,600 distributed equally for the purchase of equipment and supplies to perform minor repair and maintenance functions.

An unclassified Community Maintenance worker position is currently at a salary of \$13,705 per annum. The proposed allocation pursuant to Bill 1089 is adequate to cover for the salaries and benefits of one (1) additional maintenance worker position. If Bill 1089 is enacted, the number of positions authorized will be increased from two (2) to three (3) positions each per village and a total number of employees from 38 to 57 unclassified positions authorized under the Community Development Fund. In addition, the General Fund will be required to provide \$1,184,620 annually to the Community Development Fund.

Please be informed, the Bureau recommends that before any action is taken on section 1 of Bill 1089, that it be revised to read as an amendment to Section 15003.1 of the Government Code. This section sets the staffing of maintenance workers of the villages. The Bill should amend the positions authorized and to make an appropriation to provide for the salaries and benefits of one (1) additional employee.

Section 2

This section appropriates the sum of \$10,000 from the General Fund to the Mayor's Council for the purpose of furnishing its office at its new location. At this present time, the Mayor's Council has since completed its move to the Adelup Complex building. The amount of \$10,000 is requested to reimburse the Mayor's Council for the cost of furnishing its office as the funds appropriated to the Presidents Contingency Fund was used to cover the costs incurred until such time an appropriation can be made. Based on information received from the Mayor's Council, the costs incurred for the furnishings cannot be absorbed within the Mayor's current FY 90 budget as the Contingency Funds are requested to be reimburse for the use of the current President of the Mayor's Council and for the President-elect for fiscal year 1990.
