GUAM EDUCATIONAL TELECOMMUNICATIONS CORPORATION

Board of Trustees Resolution

RELATIVE TO REQUESTING THE 20th GUAM  
LEGISLATURE TO APPROPRIATE THE SUM OF  
\$300,000 TO KGTF FOR THE PURPOSE OF  
PURCHASING A NEW TRANSMITTER AND  
RELATED EQUIPMENT.

Whereas, KGTF's current ability to provide the people of Guam with quality educational and cultural programming is threatened by a poorly functioning transmitter; and

Whereas, this transmitter has been in operation for over 12 years and is in need of replacement; and

Whereas, on Thursday, May 10th, a transformer within the transmitter malfunctioned, causing KGTF to go off the air for a period of 48 hours; and

Whereas, during this time, KGTF received over 100 telephone calls inquiring about the status of the station; and

Whereas, although a replacement transformer was ordered from Hawaii and installed, KGTF can only operate at 20% power, thus limiting the ability to broadcast to the entire island; and

Whereas, testing by local and off-island engineers have identified several other important components of the transmitter failing as well; and

Whereas, the total failure of any of these components will again render KGTF unable to broadcast; and

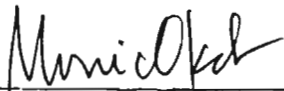

Whereas, many of these components are no longer manufactured, and would require special order and manufacture; and

Whereas, this process will require thousands of dollars and hundreds of hours of down-time to accomplish; and

Whereas, the best method of correcting the problems with KGTF's transmitter is to replace it with a new, state-of-the-art transmission system, now, therefore, be it

Resolved, that the Board of Trustees of the Guam Educational Telecommunications Corporation does hereby state its desire to replace the current KGTF transmitter with a new system, and be it further Resolved, that the Board of Trustees does hereby request the expeditious action of the 20th Guam Legislature to appropriate the sum of \$300,000 for the purchase of a new transmitter and related equipment, in order to rectify this emergency situation, and be it further

Resolved, that the Board Chairperson does certify to the adoption of this resolution by her signature below, and that copies of the same be thereafter transmitted to the Governor of Guam, to Speaker Joe T. San Agustin, 20th Guam Legislature, Senator Franklin A. Quitugua, Chairman, Committee on Education, 20th Guam Legislature, Senator Carl T.C. Gutierrez, Chairman, Committee on Ways and Means, 20th Guam Legislature, and the other members of the 20th Guam Legislature.
