Reverly San

J

Dear Mr. Speaker:

Transmitted herewith is Bill 813, which I have signed into law this date as Public Law No. 20-51.

In order to end fiscal year 1989 with a balanced budget, I request that the Legislature amend Sections 1 through 4 to indicate that the appropriations made in these sections are from the fiscal year 1990 revenues.

Sincerely,

Joseph F. Ada

JOSEPH F. ADA

JUL 20 1989

Honorable Carl T.C. Gutierrez
Chairman, Committee on Ways and
Means
Twentieth Guam Legislature
163 Chalan Santo Papa St.
Agana, GU 96910

Dear Senator Gutierrez:

I am here to testify on Bill No. ~~813~~ an act to appropriate funds for development of a sports and recreational complex in the Harmon area.

The concept of building a true sports complex is a facility dream that is long overdue to meet the present day and future sporting needs of the territory. Initiated through Governor Joseph Ada's 1990 budget request followed up by timely legislative action, Bill 813, will become a major sports landmark piece of legislation that if enacted will play major role in the future sports development of the Territory of Guam.

The development of a true sports complex for Guam, a dream that has been circulating in the minds of island leaders for the past 16 years. A true territorial sports complex will serve our local population, not only as an athletic center for recreation, but also as an entertainment center for the people of our island. The complex will serve a dual purpose...both international and top local game competition and also general active and passive recreational needs.

It's time for Guam to take a leadership role in the world of sports... our athletes are now going into far greater international competition...from the South Pacific Games to the Olympic games themselves.

Our sports complex must be progressive..it must look beyond the needs of a particular village or school...it must be one that we can be proud of...it must meet future needs.

Section one calls for the construction of a new olympic size swimming pool. Currently, we have only one such public pool in operation. Such a new facility will not only serve the sports complex needs but also allow greater opportunities for those in the northern portion of our island to have access to public swimming pool. This facility is deemed as a priority choice in the early development of the sports complex.

page - 2

Section two calls for architectural and engineering designs to be made of the Dededo Sports Complex. One must have a working master plan so that all features of the complex can be properly placed in an overall scheme.

Section three calls for a \$10,000 appropriation for making improvements to the Guam Football (Soccer) Association field. I recommend that the funding be raised to \$50,000 to cover additional costs to include grading, top soil, and fencing in the possible but highly probable relocating of the soccer field within the Dededo Sports Complex. The master plan as funded in section two would determine placement for this field. The field would then be constructed before any removal of the existing soccer field.

I strongly support all three sections within Bill No. 813.

Thank you.

Sincerely,

ANTHONY C. MARIANO
Director

8 the architectural/engineering design of a Sports Complex in Harmon.

9 Section 3. The sum of [Ten] Fifty Thousand Dollars [(\$10,000)]
10 (\$50,000) is hereby appropriated to the Department of Parks and
11 Recreation for the purpose of making improvements including
12 fencing on the field designated for the Guam Football (Soccer)
13 Association. The Department shall coordinate with the Association in
14 implementation of the projects authorized by this Section.

15 Section 4. The sum of Four Hundred Eighty-Five Thousand
16 Dollars (\$485,000) is hereby appropriated to the Department of
17 Parks and Recreation for the purpose of constructing five (5) tennis
18 courts with a pavilion facility within the Guam Sports Complex in the
19 Harmon Loop area.

**COMMITTEE REPORT
COMMITTEE ON WAYS & MEANS
BILL NO. 813**

**"AN ACT TO APPROPRIATE FUNDS FOR
DEVELOPMENT OF A SPORTS AND RECREATIONAL
COMPLEX IN THE HARMON AREA."**

A public hearing was held on July 20, 1989, in the Legislative Session Hall for the purpose of gathering testimony regarding Bill 813. The hearing was conducted by Senator Carl T. C. Gutierrez, Chair of the Committee on Ways & Means, with Senators Elizabeth P. Arriola, Ted S. Nelson, and Doris F. Brooks participating. Those present to testify were Michael Reidy, Director of the Bureau of Budget and Management Research and President of the Guam Olympic Committee, and Dennis Zermeno, Deputy Director of the Department of Parks and Recreation.

Mr. Reidy noted that land had been made available in the early 1970's for development of a sports/recreation complex along the Harmon Loop road in Dededo. The overall vision at that time included an all-weather track and stadium built around a soccer field (which could also be used for football), as well as a pool and other fields. Mr. Reidy testified that this is a very important developmental matter and it is time to move on actual design and implementation of the overall project. He stated that the pool to be funded through the appropriation in Section 1 of the bill would be different from the Agana pool, more of a 'water park' concept that would be primarily a community pool with sections for competition. There would be "Olympic" space, but the pool would not be limited to that.

Mr. Zermeno presented written testimony from the Director of Parks and Recreation supporting Bill 813. He pointed out that this would be not only an athletic center for recreation, but an entertainment center as well. "The complex will serve a dual purpose -- both international and top local game competition and also general active and passive recreational needs." (*See Attachment A*)

Senator Gutierrez asked whether the plans also called for tennis courts, noting that the courts at Agana and Tamuning are continually in demand and that courts are needed in the Dededo area. Mr. Zermeno supported this contention and indicated that the

complex should include tennis courts. Senator Gutierrez asked for information to be supplied so that the Bill could be amended to include appropriation for tennis courts to be built as a priority matter. (*See Attachment B*).

Mr. Zermeno also indicated that the appropriation in Section 3 supports the current active use of the area and that improvements are needed to the Soccer field. He recommended that the amount to be appropriated be increased to \$50,000 for additional improvements. He noted that the final placement for the soccer field would be determined by the Master Plan design funded in Section 2, but assured the Committee that the Department would work with the Guam Football (Soccer) Association in good faith regarding their lease.

Mr. Reidy reiterated his support for the project and noted that if Bill 813 were to be passed in the August session, the Administration would push forward quickly with its implementation.

ANALYSIS

Bill 813 addresses an important community need in Dededo and for the sports/recreation enthusiasts of the island. It is the continuation of plans initiated many years ago, but not actively pursued due to periods of sluggish economic growth. The area identified for the sports complex is near the area of greatest population concentration, but easily accessible to others who desire to be active participants or enthusiastic spectators in various sports.

The Fiscal Note prepared by BBMR (*see Attachment C*) notes that the development of a sports complex is supported in the Governor's Executive Budget for FY '90 and recommends that the appropriation be made against FY '90 anticipated revenues so as to not expand the deficit of appropriations vs. revenues of FY '89.

Amendments were suggested at the public hearing to increase the funding for improvements to the soccer field from \$10,000 to \$50,000 and to add another section appropriating \$485,000 for Phase 1 of the tennis courts with pavilion within the Sports Complex.

RECOMMENDATION

The Committee on Ways & Means recommends that Bill 813 as amended be passed by the Twentieth Guam Legislature.

FRANK F. BLAS

JUL 31 1989

DENNIS M. ZERMENO
Deputy Director

The Honorable Carl T.C. Gutierrez
Chairman, Committee on Ways and Means
Twentieth Guam Legislature
163 Chalan Santo Papa St.
Agana Guam 96910

Dear Senator Gutierrez:

As per your request we are submitting to you the cost estimates to construct a major tennis complex in Dededo.

This proposal is to construct a major tennis court as part of the overall Guam Sports Complex in Dededo. This tennis complex would augment the current tennis complex on going at the Agana Tennis Court facility. The Agana facility would remain as a regional tennis center for central Guam. It is also estimated that the Agana courts would eventually have to be expanded to an additional four lighted courts to maximize facility potential.

FIRST PHASE

In response to the request to add the construction of five new lighted tennis courts plus a pavilion to the first phase of the Guam Sports Complex in Dededo, estimations are as follows:

Five lighted and fenced tennis courts (Fifth court would eventually become the tennis complex center court).

Five (5) courts	\$395,000
Pavilion facility	90,000

Total estimated project cost	\$485,000
------------------------------	-----------

SECOND PHASE

Eventually, this tennis complex would be expanded to accommodate an additional two courts. In addition, the fifth court as included in phase one would be expanded to include a controlled access grandstand seating area of 600 seats, restroom, locker room and concession area.

RECEIVED
8/01/89
10:35 AM
M

THIRD PHASE

An additional four lighted court is needed. Tennis pavilion would also be expanded to accomodate the tennis coordinator's office.

Projected court alignment would be in a four-three-four court planned layout.

If you have any questions concerning this matter, please feel free to contact me at 477-9620/21.

Sincerely,

ANTHONY C. MARIANO
Director
