14 needed storage space for library supplies and equipment, the library is also in need of
15 additional space for bookshelves, a library personnel workroom, and computer
16 room, and an audio/visual room. This major problem has made it very difficult for
17 the Dededo Middle School library personnel to provide the necessary informational
18 and educational services such as library books/materials/supplies/equipment for
19 the school's ever-increasing student population, thus the present library facility is in
20 dire need of expansion.

21 b) **Appropriation.** Three Hundred Forty-five Thousand Dollars
22 (\$345,000) are appropriated from the General Fund to the Department of Education
23 for the purpose of expanding the Dededo Middle School Library facility, to be
24 allocated as follows:

11 22-137, and Four Hundred Fifty Thousand Dollars (\$450,000) is appropriated from
12 the General Fund to the Office of Public Auditor for Fiscal Year 1995. The Public
13 Auditor shall submit a detailed budget request and organizational plan to the
14 Legislature by April 8, 1995, at the same time as required for submittal of territorial
15 agency budgets to the Legislature. If the Public Auditor has not taken office by
16 October 14, 1994, this appropriation shall lapse on October 14, 1994.

17 **Section 22. Budget for the Department of Education.** The Legislature
18 finds that the annual budget for the operation of the Department of Education as
19 submitted by the Board of Education on August 1, 1994, with the claim that the same
20 was submitted pursuant to paragraph (i) of §3102, Title 17, Guam Code Annotated, as
21 amended by Public Law 22-42 (Elected School Board Act) is a nullity because the
22 members of the current Board of Education have not been elected and thus
23 paragraph (i) is not in effect. Nevertheless, in order to avoid any controversy as to
24 which budget for the Department of Education is controlling for Fiscal Year 1995, the
25 budget so submitted by letter of Dr. Kasperbauer dated July 30, 1994 and received at
26 the Legislature on August 1, 1994 is hereby disapproved in its entirety. The Fiscal

1 Year 1995 budget for the Department of Education is covered in Subsection (b) of
2 Section 1 of Chapter II of this Act.

7 in Section 60 of Public Law 22-41 to the Off-Island Medical Referral Program
8 established in Section 110 of Public Law 20-221. The replenishment mandated in this
9 Section is not subject to any further use of the Governor's transfer authority
10 thereafter. The last sentence of Section 60 of Public Law 22-41 is amended to read as
11 follows:

12 "All patients, and one (1) authorized escort referred off-island since the date
13 of enactment of this amendment shall submit to the Director of Administration
14 supporting documents to justify their travel and per diem expenses."

25 "Department") may expend Two Hundred Fifty Thousand Dollars (\$250,000) from
26 the Land Survey Revolving Fund to employ four (4) Surveying Technicians and

1 one (1) Supervisory Cartographer, to purchase necessary surveying and mapping
2 equipment, including one (1) vehicle, and to make other needed purchases to carry
3 out such survey and mapping. Such personnel and equipment shall be used only
4 on programs directly connected with the needs of the Commission. The
5 Commission shall advise the Department as to priorities in surveying and mapping,
6 the various sizes for the surveyed and mapped lots, and other information as may
7 be required by the Department in undertaking such surveying and mapping.

11 Services for Fiscal Year 1995 to subsidize family caregivers by making available
12 service providers under the Respite Care Program established in Public Law 22-01.

13 **Section 27. Amendment of Subsection (b) of Section 12 of Public Law 22-59**
14 **to extend the deadline for the use of funding for the Department of Park's and**

CHAPTER IV

MISCELLANEOUS PROVISIONS

Section 1. Amendment of Section 2 of Public Law 20-20, amended in Section 4 of Public Law 22-89, is further amended to include design and construction of sewer lines relative to property of Andrew Toves, Agana Heights, to take care of recent raw sewage overflow onto their property.

a) Legislative intent. The Legislature has been informed that the sewer line adjacent to the property to Mr. Andrew Toves, Agana Heights, has become inadequate due to the recent construction of apartments in the area, to the point where raw sewage is overflowing on the Toves' property, resulting in an unhealthy situation. In order to rectify this situation, the Legislature intends that the remaining balance in the previous appropriation first made in Section 2 of Public Law 20-20 be utilized by the Public Utility Agency of Guam to rectify this raw sewage problem.

(b) Amendment. Section 2 of Public Law 20-20, previously amended by Section 4 of Public Law 22-89, contains an appropriation for design and construction of sewer lines on specific named streets in the village of Agana Heights. There is a balance remaining of this previous appropriation. Garrido Street, near the home of Andrew Toves, is hereby added to the list of streets contained in Public Law 22-89, as a new number 18 to Subsection b of Section 4 of that public law.

Section 2. Creation of Income Tax Refund Reserve Fund. **a) Legislative findings.** The Legislature finds that the Executive Branch is invariably inclined to delay the issuance of refunds due taxpayers as a consequence of the government's ongoing cash difficulties. The Legislature further finds that such delays, as a matter of policy, are not acceptable inasmuch as these refunds are not money of the government of Guam but are, in fact, funds that rightfully belong to the taxpayers. It

1 of Administration shall deposit in the Fund all money reserved for income tax
2 refunds from income tax receipts.

3 §50005. Expenditures from the Fund. Any and all expenditures from the
4 Fund shall be for the payment of income tax refunds and for no other purpose. The
5 fund is not subject to the provisions of §6120, Government Code (Public Law 17-4),
6 which provisions could otherwise permit the Governor to pledge the Fund.

7 §50006. No Transfer Authority. The money placed in the Income Tax
8 Refund Reserve Fund is not subject to any transfer authority of the Governor.

9 §50007. Monthly reports. The Director of Administration shall make
10 monthly reports to the Legislature on all expenditures from and deposits into the
11 Fund."

12 c) **Effective date of the creation of Income Tax Refund Reserve Fund.**
13 This Section is effective October 1, 1994.

14 **Section 3. Repeal and reenactment of §7105, amendment of §§7106 and**
15 **7107 and addition of §71-7.1, all of Title 2, Guam Code Annotated, relative to the**
16 **Guam Youth Congress. a) Vacancies. §7105 of Title 2, Guam Code**
17 **Annotated, is repealed and reenacted to read:**

18 "§7105. Vacancies. In case of a vacancy occurring one (1) year prior to the next
19 general election because a member can no longer qualify to represent the entity from
20 which the member is elected, the school principal of the public or private junior or
21 senior high schools or the President of the University of Guam at which the student
22 member attends, or the municipal mayor of the municipality in which the member
23 resides, shall call for a special election to be held on the third Monday in October
24 preceding the next general election for Youth Congress."

25 b) **Sessions. §7106 of Title 2, Guam Code Annotated, is amended to read:**

1 "§7106. Sessions. Regular sessions of the Congress shall be held each third
2 Saturday of the year exclusive of holidays, commencing the third Saturday in
3 November, and shall continue for Two (2) calendar years. Sessions shall be held in
4 the legislative chamber of the Guam Legislature."

5 c) Elections. §7107 of Title 2, Guam Code Annotated, is amended to
6 read:

7 "§7107. Elections. General election to the Youth Congress shall be held on the
8 third Monday in October commencing October, 1994 and every two (2) years
9 thereafter. The election for school representatives will be conducted by the school
10 principal of the public or private junior or senior high schools and by the President
11 of the University of Guam at the school which the eligible electorate attends, and at
12 which the electorate are officially enrolled, and each voter shall be entitled to vote
13 by private ballot for the number of candidates allotted their school as is provided in
14 §7103 of this Code. The election for village representatives will be conducted by the
15 village mayor for the eligible electorate residing within the village boundaries, and
16 each voter shall be entitled to vote for the number of candidates allotted his village
17 as is provided in §7103 of this Code. The eligible electorate may vote in both, the
18 school and village elections.

19 Candidates for election may run as members of a political party or as
20 independents, all such candidates to have received by petition from the eligible
21 youth electorate at least fifty (50) signatures. Names of candidates on ballots shall
22 appear as provided in §7105 of Title 3, Guam Code Annotated.

23 It shall be the responsibility of the school principal, the President of the
24 University of Guam, or the village Mayor, to provide forms for petitions, ballots and
25 tally sheets, the necessary ballot boxes and personnel to supervise the election, count
26 and tally the ballots.

1 Results of the election will be certified by the Mayor, school principal, or the
2 President of the University of Guam, as appropriate, within three (3) days after the
3 election to the Secretary of the Guam Legislature, who shall verify the election
4 results, and certify election of members to the Youth Congress.

5 Any disputes resulting from the election shall be resolved by the Chairman of
6 the Judiciary Committee of the Guam Legislature."

7 d) **Term of office.** A new §7107.1 is added to Chapter 3 of Title 2,
8 Guam Code Annotated, to read:

9 "§7107.1 Term of Office. Members of the Youth Congress shall be elected for a
10 term of two (2) years with the exception of a member who is elected on special
11 election, the term of which will expire on the next general election for the Youth
12 Congress."

13 **Section 4. Provision for Limited-Term Teacher Educational Development.**

14 (a) **Legislative findings.** The Guam Legislature finds that there are presently a
15 significant number of limited term teachers with educational degrees within the
16 Department of Education who are working towards acquiring the necessary
17 educational training for teacher certification. Due to the extreme need for certified
18 and qualified teachers within our island's public schools, positive efforts, including
19 financial assistance, must be made to assist these prospective teachers in acquiring
20 their certification so they may eventually render their expertise and services toward
21 the education of the children of Guam. Due to an existing provision of law, the
22 Department is presently unable to render any tuition assistance to these limited
23 term teachers. Therefore, this provision would accordingly provide for such an
24 amendment to the existing mandate.

25 (b) **Amendment of restriction on expenditures for limited term**
26 **teacher educational development.** Subsection (m) of Section 6 of Chapter I of Public

1 Law 21-136, reenacted in Section 4 of Public Law 22-41 and in Section 1 of Chapter 1
2 of this Act, is amended to read:

3 “(m) Notwithstanding any other provision of law, it is prohibited to expend
4 General, Other, or Federal Funds for in-service training or other professional
5 development training, excluding seminars, to persons occupying unclassified or
6 temporary positions within the Executive Branch, except attorneys, physicians, and
7 limited term teachers of the Department of Education seeking certification.

8 The Guam Territorial Board of Education shall establish and promulgate
9 rules and regulations for the proper disposition of such funds for limited term
10 teachers, as provided for in this Subsection. These rules and regulations shall
11 include, but shall not be limited to the following:

- 12 i) establishing qualification requirements for financial assistance; and
13 ii) employment service requirements for each year of financial
14 assistance rendered to limited term teachers seeking certification.

15 Section 5. Amendment of Subsection (b) of Section 1 of Public Law 22-10
16 regarding voluntary transfer of sick leave. Subparagraph (b) of §4109.1, Title 4,
17 Guam Code Annotated, is hereby amended to read:

18 “(b) Voluntary transfer of sick leave or annual leave. Whenever a
19 government of Guam employee desires to transfer a number of hours of earned sick
20 leave or annual leave to another employee in any department or agency of the
21 government, a formal written request shall be made by the donor employee to his
22 payroll supervisor, stating the name of the recipient, the number of hours of leave
23 to be transferred and the type of leave. No transfer may be made by any employee to
24 his or her supervisor or to any person above him or her in the supervisory chain, or
25 to a member of the supervisor's or such supervisory person's immediate family.

1 If the donor has sufficient hours of leave accrued to cover the donation, the payroll
2 supervisor shall notify the Payroll Division to transfer the approved number of
3 hours to the recipient. Upon receipt of the notice of transfer, the receiving
4 employee may then submit a leave request for the number of hours of leave, sick or
5 annual, that the employee needs and the department head shall then approve the
6 leave request. Leave may not be transferred to another employee if as recipient he
7 or she intends to use it for credit towards retirement or accumulated leave. This
8 transfer of leave shall be strictly on a voluntary basis. Leave transferred shall be
9 used as leave by the person to whom it is transferred and if it is not used in its
10 entirety it may be re-transferred to the person who originally earned it. In no event
11 shall transferred leave be converted to cash or retirement credit by the person to
12 whom it is transferred."

13 **Section 6. Occupational Therapy; definition; regulation and licensing of**
14 **occupational therapy and occupational therapists (a) Legislative statement.**

15 The Guam Legislature finds that the need for occupational therapy and occupational
16 therapists is rapidly increasing and becoming more evident because of the increase
17 in Guam's population, the increase in stress and tensions in the daily lives of the
18 individuals in the community, and the mounting evidence that occupational
19 therapy is an effective way of dealing with the problems of individuals with the
20 special health needs. It has been shown that occupational therapy is an effective
21 way of assisting individuals attain functional independence and productivity after
22 some form of illness or trauma. The Legislature further notes that forty-nine states
23 of the U.S. regulate or control the practice of occupational therapy to one degree or
24 another. Because the practice of occupational therapy directly affects the health and
25 welfare of individuals in the community, the Legislature finds it necessary to legally

1 define occupational therapy and its practice and to authorize the regulation and
2 licensure therefor.

3 The intent of this legislation is to require that any person representing
4 himself or herself as an occupational therapist or occupational therapy assistant
5 meet certain specified qualifications. The legislation provides for the eventual
6 licensure and regulation of occupational therapy and therapists through the
7 establishment of rules and regulations, under the guidance and auspices of the
8 Guam Board of Allied Health Examiners, regulating the practice of occupational
9 therapy and the issuance of occupational therapists and occupational therapist
10 assistant licenses.

11 (b) **Definition of occupational therapy.** A new Subsection (t) is
12 added to §12101 of Chapter 12 of Title 10 Guam Code Annotated to read:

13 "(t) (1) The practice of occupational therapy means the treatment
14 provided to people whose lives have been disrupted by physical injury or
15 illness, developmental problems, the aging process or psychosocial difficulties
16 in order to assist each individual to achieve and/or return to an independent
17 and productive life by teaching the individual techniques to prevent
18 disability, by assisting the individual in recovery from illness or accident, and
19 by promoting the development of functions which have been impaired or
20 delayed. The treatment provided may include, but shall not be limited to,
21 the adaptation of the environment and selection, design and fabrication or
22 assistive and orthotic devices and other technology to facilitate development
23 and promote the acquisition of functional skills."

24 (c) **Occupational Therapists and Occupational Therapist Assistants.**
25 A new Article 7 is added to Chapter 12 of Title 10, Guam Code Annotated, to read:

26 "Article 7

1 §12700. Establishment of Rules and Regulations. The Guam Board of Allied
2 Health Examiners, with the assistance of the Office of Attorney General, shall, upon
3 enactment hereof and in accordance with the Administrative Adjudication Law,
4 cause to be prepared such rules and regulations as are required for:

5 (a) the regulation of the practice of occupational therapy; and

6 (b) the licensure of occupational therapists and occupational therapy
7 assistants in accordance with the provisions of §12701 of this Article.

8 §12701. Requirements for Occupational Therapists and Occupational Therapy
9 Assistants. (a) Occupational Therapists. In addition to qualifications established by
10 the Guam Board of Allied Health Examiners pursuant to §12700 of this Article, any
11 person representing himself or herself as an occupational therapist shall meet all of
12 the following requirements:

13 1) be a graduate of an occupational therapy curriculum that is
14 accredited by the American Occupational Therapy Association, the World
15 Federation of Occupational Therapy, or another nationally recognized
16 accrediting agency; and

17 2) meet the following requirement:

18 (i) be certified, or eligible for certification, by the American
19 Occupational Therapy Certification Board.

20 (b) Occupational Therapy Assistant. Any person representing himself
21 or herself as an occupational therapy assistant shall be a person who is certified, or
22 eligible for certification, by the American Occupational Therapy Certification Board
23 as a certified occupational therapy assistant, and shall meet the qualifications for
24 occupational therapy assistants prescribed by regulations pursuant to §12700 of this
25 Article.

1 (c) Misdemeanor for unauthorized representation as occupational
2 therapist or occupational therapy assistant. It is unlawful and constitutes a
3 misdemeanor for any person not meeting the criteria established under (a) or (b) of
4 this Section to use, in connection with his or her name or place of business, the
5 words "occupational therapist", "occupational therapy assistant", "certified
6 occupational therapist", "certified occupational therapy assistant", "occupational
7 therapist registered", or the letters "OT", "OTA", "COT", "COTA", OR "OTR", or any
8 other words, letters, abbreviations, or insignia indicating or implying that he or she
9 is an occupational therapist or to represent, in any way, orally, in writing, in print or
10 by sign, directly or by implication, that he or she is an occupational therapist or
11 occupational therapy assistant, or claim to be providing occupational therapy
12 services."

13 **Section 7. Repeal and Reenactment of portions of Safe Streets Act to**
14 **provide for fines collected pursuant to Safe Streets Act to be used for Department of**
15 **Corrections expenses in incarcerating those convicted under the Safe Streets Act.**

16 Subsections (c) and (d) of §18125 of Title 16, Guam Code Annotated, are
17 repealed and reenacted to read:

18 "(c) So much of the Fund as is required is appropriated to the Department
19 of Corrections to be used to compensate staff and provide supplies or facilities to
20 house incarcerated persons convicted of misdemeanors and persons convicted of
21 acts made unlawful in Article 1, Chapter 18 of Title 16, Guam Code Annotated.

22 (d) The Director of Corrections may expend not more than Eight
23 Thousand Dollars (\$8,000) per month from the fund for the purpose outlined in
24 Subsection (c) of this Section, which the Administrative Director of the Courts shall
25 pay over to the Director of Corrections on a regular basis. Any funds in excess of the
26 monthly payment to the Director of Corrections and all funds accumulated shall be

1 disbursed in accordance with Subsection (c) of §9211 of Title 7, Guam Code
2 Annotated."

3 **Section 8. Authorization for Guam Council on the Arts and Humanities to**
4 **accept grant application.** Notwithstanding the provisions of Public Law 22-60, the
5 Guam Council on the Arts and Humanities Agency is authorized to accept a grant
6 application from John F. Kenneky High School Stage Band for the remaining
7 balance of Seven Thousand Seven Hundred Dollars (\$7,700). Once the application is
8 received, it shall be reviewed in accordance to the policy established for the
9 administration of the Off-island Training and Cultural Enhancement Fund.

10 **Section 9. Rezoning of Lot No. 5172-3-3-1-1, containing an area of 1,216.20**
11 **square meters, Tamuning, owned by Pacific Medical Imaging Corporation, and**
12 **granting of conditional use. (a) Legislative intent.** The Legislature has been asked
13 by the lessee of a certain parcel of land along Camp Watkins Road in Tamuning to
14 rezone the property in order that it may be utilized for a medical clinic specializing
15 in magnetic resonance imaging ("MRI"). The Legislature notes that MRI is the latest
16 in technological advances for determining effects on or damage to soft body tissue as
17 a result of disease or trauma, and is capable of more effectively determining damage
18 to soft tissue which would not otherwise be picked up by standard x-rays, by CAT
19 scans, or by ultra-sound procedures. The property was leased because of its
20 proximity to the Guam Memorial Hospital ("GMH"), thereby making MRI
21 immediately accessible to GMH, its doctors and patients, in times of emergencies.
22 The Legislature finds that doctors have been sending their patients to off-island
23 facilities in order to have MRI check-ups because such check-ups are more effective
24 as a diagnostic tool than what is available locally. Likewise, the Legislature notes
25 that the hospitals in Hawaii and the mainland all have access to MRI services. The
26 Legislature finds that the parcel to be rezoned is adjacent to the large commercial

1 zones along Camp Watkins Road and Farenholt Avenue, that all infrastructure
2 required to service the facility is in place, that there is a residential structure
3 presently existing on the property which will be used as the clinic and facility to
4 house the equipment, and that the proposed use for the property is compatible with
5 the uses of surrounding properties.

6 Because the property to be rezoned is being leased by the owners of Pacific
7 Magnetic Imaging Center ("PMIC"), the Legislature is of the consensus that rather
8 than granting a rezoning to Commercial ("C") under which the opening of the MRI
9 Clinic would be a permitted use, granting a conditional use permit under an Multi-
10 family Residential ("R-2") zone would permit utilization of the lot for the stated
11 purpose while not making said rezoning permanent. At such time as the lease of
12 the property expires or PMIC moves to another location, the conditional use permit
13 would expire and the lot would retain a zoning limited to Multi-family Residential
14 ("R-2"). The Legislature is of the consensus that this would be an acceptable method
15 of retaining the residential nature of the lot as the property is only being leased by
16 PMIC.

17 (b) Lot rezoned with conditional use authorization granted. Lot No. 5172-3-
18 3-1-1, said to contain an area of 1,216.20 square meters, situated along Camp Watkins
19 Road in the Municipality of Tamuning, as delineated on L.M. Check No. 2-FY70,
20 and leased to Pacific Medical Imaging Corporation, is hereby rezoned from Single
21 Family Residential ("R-1") to Multi-family Residential ("R-2"). The conditional use
22 of the property is hereby granted to Pacific Medical Imaging Corporation to establish
23 and operate a health service clinic with outpatient laboratory for magnetic
24 resonance imaging, CAT scans, and other related diagnostic systems, tools and
25 technologies.

1 **Section 10. Rezoning of Lot No. 1097-1-2-R1, Barrigada, containing an area of**
2 **4,263.35 square meters and owned by the First Church of God,**
3 **Incorporated. (a) Legislative statement. The First Church of God was incorporated**
4 **on Guam in 1958. At the present time, it is occupying land that is zoned Single**
5 **Family Residential ("R-1"), which permits the use of the land as a church as one of**
6 **the conditional uses permitted. The First Church of God has requested a zoning**
7 **change to Multi-family Residential ("R-2") in order to permit the building of an**
8 **educational center which would be utilized as a pre-school day care on the same lot**
9 **as the church and a single family residence are now located. This zone change is**
10 **required because of a ruling by the Attorney General that a day care facility falls**
11 **under the definition of "institution", a permitted use under the Multi-family**
12 **Residential Zone ("R-2"), and does not fall under the definition of "school", a**
13 **conditional use under the Single Family Residential Zone ("R-1").**

21 **statement. The economy of Guam continues to experience growth in the utilization**
22 **of real estate by developers, investors, businesses, homeowners, and non-profit**
23 **organizations. To plan for and complement this growth, governmental policies and**
24 **regulations have been enacted over the years. Chapter 61 of Title 21, Guam Code**
25 **Annotated, provides for conditional uses for Rural ("A") zones and for other uses**
26 **for Commercial ("C") zones which are customarily accessory or are similar to the**

1 permitted uses for these zones. The Guam Christian Charismatic Church owns Lot
2 No. R5, Tract 1416, and Lot No. 5152-4, both situated in the Municipality of Dededo,
3 and intends to build a church facility which would also be utilized for educational,
4 community, youth and sports programs and services.

5 (b) **Grant of conditional use.** Lots Nos. R5 of Tract 1416 and 5152-4, situated in
6 the Municipality of Dededo, as shown on Retracement Survey Map No. MS-91038,
7 recorded at the Department of Land Management under Instrument No. 479194,
8 currently zoned Commercial ("C") and Rural ("A") respectively, are hereby granted
9 conditional uses for non-profit church, educational, community, youth, and sports
10 facilities.

11 **Section 12. Lot No. 1, Tract 1812, Mangilao, containing an area of 4,000 square**

17 **Section 13. Lot No. 223-3-3, Asan, containing an area of 6,154± square meters,**
18 **and owned by the Archdiocese of Agaña, granted a conditional use. A conditional**
19 **use to renovate an existing structure for pastoral residence and to construct and**
20 **operate a new house of worship is hereby granted for Lot No. 223-3-1, in the**
21 **Municipality of Asan, containing an area of 6,154± square meters, owned by the**
22 **Archdiocese of Agaña, and leased by Saint Andrew's Catholic Church.**

23 **Section 14. Lot No. 5302-2-1, Dededo, containing an area of 10,800 square**
24 **feet, and leased by Val Santos to Jubilee Freedom in Christ, Inc., granted a**
25 **conditional use. (a) Legislative intent. Jubilee Freedom in Christ, Inc., (the**
26 **lessee) of Lot No. 5302-2-1 in the Municipality of Dededo, with the concurrence of**

1 Val Santos, (the Lessor), has requested the Legislature to grant a conditional use to
2 utilize the property for a church office, a church meeting place, and a private school.
3 The granting of this request for a conditional use can materially contribute to the
4 community as well as be of social benefit to all of the residents in the surrounding
5 area. As evidence of this, the owner of Lot No. 5302-2-1 is in agreement with the
6 proposed use of the property by Jubilee Freedom in Christ, Inc. and has no objections
7 to the request for a conditional use.

8 (b) **Conditional use granted.** The conditional use of Lot No. 5302-2-1 in
9 the Municipality of Dededo, containing an area of 10,800 square feet of warehouse
10 space, leased by Jubilee Freedom in Christ, Inc., for a church office, church meeting
11 place, and private school, is hereby granted.

5 amended to read:

26 130.

1 **Section 21. Guam Visitors Bureau. Carryover provision for 1994**
2 **appropriations to FY 1995. Notwithstanding any other provision of law,**
3 **unencumbered and unexpended funds from the Guam Visitors Bureau's (GVB's)**
4 **Fiscal Year 1994 budget appropriations are carried over and shall be available for**
5 **expenditure during Fiscal Year 1995 as approved by the GVB Board of Directors, as**
6 **they deem necessary to carry out marketing activities.**

7 **Section 22. Attrition of government positions (a) Legislative findings and**
8 **intent. The Legislature finds that thousands of positions have been added to the**
9 **government of Guam payroll in the last five or six years. With government of**
10 **Guam revenues rapidly falling, the hiring of new government employees must be**
11 **cut now, before government workers are once again faced with pay-less paydays.**
12 **The Legislature further finds that the budget of the Legislature itself has been cut by**
13 **more than five percent (5%), going from \$20,112,135 for fiscal year 1993 to \$19,052,511**
14 **for fiscal year 1995. Accordingly, the Legislature, of necessity, is imposing its own**
15 **hiring freeze and employee reduction program.**

16 **(b) Immediate freeze on hiring. Notwithstanding any other provision of law,**
17 **the following austerity measures shall be implemented immediately and will carry**
18 **over into Fiscal Year 1995, by all government of Guam departments, bureaus and**
19 **agencies, including autonomous agencies and other instrumentalities of the**
20 **executive and judicial branches of the government of Guam (collectively called,**
21 **"Agencies"):**

22 **(i) All vacant positions that are not federally funded and which are**
23 **vacant on the effective date of this Act and which have been vacant for**
24 **one hundred twenty (120) or more days prior to the effective date of this**
25 **Act shall thereupon be deleted and all Agencies must within ten (10) days**
26 **of the effective date of this Act report to the chairperson of the**

1 Legislature's Committee on Ways and Means what positions have thereby
2 been deleted. After the effective date of this Act, any position which
3 remains vacant for one hundred twenty (120) or more days will be deleted.
4 As to the remaining vacant positions, the Governor (for the Executive
5 Branch) and the Judicial Council (for the Judicial Branch) may fill them on
6 the following terms, subject to the following conditions:

7 (1) The appointing authority certifies that the position is
8 essential for the continued operation of the government; and

9 (2) Not more than fifty percent (50%) of the numerical
10 number of existing vacancies in the Agency concerned that have
11 not been deleted are filled; and

12 (3) Not more than fifty percent (50%) of the total existing
13 vacancies in the Agency concerned which have not been deleted are
14 filled, based on the salaries of the positions filled compared to the
15 salaries of the vacant positions.

16 (ii) The only exceptions to the hiring restrictions of this section are
17 judges, judges pro-tem, referees, elected officials, directors, deputy
18 directors, attorneys in the prosecutor's office, police officers, firemen,
19 emergency technicians (non-administrative), the non-administrative
20 personnel of the Department of Youth Affairs, uniformed prison guards at
21 the Department of Corrections, uniformed personnel of the Department of
22 Customs and Quarantine, and doctors, nurses, dentists and licensed
23 medical or mental health professionals, teachers, and teaching assistants.
24 The number of these positions will be frozen at their current levels as
25 authorized, whether or not vacant, and vacancies therein shall not be
26 transferred between Agencies nor included as vacancies in computing

1 available vacancies or funding in computing how many other vacant
2 positions may be filled.

3 (iii) No new positions may be added to any Agency without consent
4 and approval by law subsequent to the effective date of this Act and prior
5 to the creation of the position.

6 (iv) From the effective date of this Act and until September 30, 1995,
7 No part-time or temporary workers may be hired in any Agency without
8 specific legislative approval enacted subsequent to this Act. Individuals
9 currently on temporary hire by the government of Guam shall not be
10 affected by the prohibitions of this subsection and may have their
11 employment renewed in the same position at the same salary, subject to
12 the foregoing prohibition on hiring temporary workers.

13 (v) No unclassified position in any Agency which is vacant may be
14 filled unless such position is specifically authorized by statute or the
15 position has existed for more than three (3) years before the effective date
16 of this Act.

17 (vi) The hiring freeze required by this Section shall be uniform
18 within the Agencies and shall be based on positions in the entire executive
19 and judicial branches, respectively.

20 (vii) The Governor and Judicial Council shall, on the first day of
21 the second month following the effective date of this Act, report to the
22 Speaker of the Legislature as to all positions in their respective branches
23 the following: (i) All positions which have been deleted, (ii) all vacant
24 positions, (iii) all positions filled, including those filled during the
25 preceding month, with the specific identification of each position within
26 the Agency concerned, and the salary therefor, with a similar report

1 following on the tenth working day of every month thereafter. Each such
2 report shall also set out the total number of employees and the total
3 payroll costs broken down by salary and benefits for each Agency for the
4 first pay period of the month preceding the date of the report.

5 (viii) No contract entered into for services by a consultant or other
6 person licensed to perform services shall be paid from appropriations for
7 personnel services and no such contract shall contain provisions entitling
8 contractors to standard employee benefits. No such contract shall be
9 entered into unless the contractor is licensed to do business and is current
10 in tax payments. The government of Guam shall not pay social security
11 taxes for the contractor. It is the purpose of this provision to stop irregular
12 recruitment and to preclude the further payment of contracts from
13 appropriations intended by the Legislature for positions authorized in the
14 budget. This subparagraph does not apply to contracts for services of
15 licensed health care professionals.

16 (c) **Personal Services Lapse Fund.** For the purposes of controlling and
17 appropriating for personal services lapses accrued during fiscal years 1995 and 1996,
18 there is hereby established within the government of Guam a special fund to be
19 known as the "Personal Services Lapse Fund" (the "Fund"). The Fund shall be
20 under the administration of the Director of Administration, but no monies shall be
21 expended therefrom except by appropriation of the Legislature, and the Governor
22 may not use his transfer authority to transfer money therefrom. Within ten (10)
23 days after each pay day period the Director of Administration and the heads of the
24 various Agencies within the government of Guam are hereby directed to calculate
25 wage, salary and benefit lapses caused by vacant positions for which the present
26 compensation is less than the maximum authorized by the Budget and the Director

1 of Administration shall cause to be transferred to the Fund such amounts as
2 represent vacant positions and positions for which the present compensation is less
3 than the maximum authorized by the Budget. The Director of Administration will
4 submit a report to the Speaker of the Legislature on the status of the Fund. The
5 report will reach the Speaker's Office on the second working day of the month after
6 the month being reported.

7 (d) **Two year plan.** A two (2) year plan for addressing the efficiency and cost-
8 saving measures of the government (the "Plan") shall be prepared by the Governor
9 and the Judicial Council, and shall be submitted to the Speaker of the Legislature
10 within sixty (60) days after the effective date of this Act. The Plan shall include, but
11 not be limited to the following:

12 (a) Reorganization or consolidation of similar services provided
13 by Agencies into a service pool, in order to eliminate duplication of
14 services; and

15 (b) A complete review of the staffing levels of all government of
16 Guam Agencies which include autonomous Agencies or other
17 instrumentalities of the Executive Branch for the purpose of complying
18 with other provisions of this Act and this Section.

19 (e) **No transfer authority.** The Governor may not use his transfer authority
20 to transfer funds appropriated for personnel accounts, except to other personnel
21 accounts.

22 (f) **Applicability.** This Section shall be applicable to all positions funded by
23 the government of Guam in fiscal years 1994, 1995 and 1996.

24 (g) **No termination.** No employee of the government of Guam or any
25 Agency thereof employed as of the effective date of this Act may be terminated as a
26 result of this Section.

1 **Section 23. Severability.** If any provision of this Act or its application to any
2 person or circumstances is held invalid, the invalidity does not affect other
3 provisions or applications of this Act which can be given effect without the invalid
4 provision or application, and to this end the provisions of this Act are severable.
