te second visit or the first ibility of a citation and the e provided between inspecation and the complexity of

1988 EDITION

In those instances where the time limit for compliance has expired but the violator is doing his best to comply and no immediate fire or life hazard exists, the decision not to issue a citation can be made by the inspector.

Issuance of Citation

The citation (Notice to Appear) must be signed by the person responsible for the premises. This may be the owner, lessee or manager, but the citation must be issued to the responsible person.

Making the Arrest (Issue Citation)

A citation for a misdemeanor offense is an arrest. The violator's signature is a promise to appear as instructed and the violator is released upon his signing. Refusal to sign would require physical arrest. (See Refusal to Sign Citation, below.)

After the officer has made his decision to arrest, he should make the arrest by notifying the violator that he is arrested, the cause for the arrest and the authority to make the arrest (enabling state or local law).

Refusal to Sign Citation

The citation is a release stating that the defendant will appear in court or post bail in lieu of physical arrest. In extreme cases, one may encounter an individual who will refuse to sign the citation. After all reasonable efforts have been pursued and a signature is not obtainable, the fire prevention officer will summon a police officer or sheriff, explain the situation to him, and request a physical arrest (per state law section).

Accountability

Each citation is numbered and accounted for. A list of all citations will be maintained in the headquarters fire prevention office according to the area office of issuance.

If a mistake is made while a citation is being written, it shall be voided and the office copy given to the fire department citation clerk for filing.

Procedures

1. Routine Violations:

A written notice shall be issued whenever a code violation is encountered. The notice shall be issued to the persons responsible for the premises or his authorized representative.

The time established for reinspection may vary depending on circumstances, but generally within 15-30 days one of the following should occur:

- a. Compliance with all requirements.
- b. Partial compliance with a designated reinspection date.
- c. A satisfactory proposal for compliance with an agreed-upon time for completion.
- d. A final notice issued with a warning of pending legal action.

The amount of time permitted for compliance shall be dependent upon the hazard and danger created by the violation. Excessive time for compliance may

3.

こしてく

UNIFORM FIRE CODE

weaken the fire department's position in the event legal action is required.

When deemed necessary by the enforcing agency, a courtesy pre-citation letter may be issued to warn of a pending citation (see Sample No. 1). Such letters may be sent by certified mail if the violator is not available.

- 2. Imminent Hazards:
 - a. Order hazard abated.
 - A. If the hazard is abated as requested, follow with a pre-citation letter advising of a citation procedure for future or similar violations. Citation may be issued if it is a repeat violation.
 - B. If the hazard is not abated, inspector takes action necessary to abate hazard and citation is issued immediately.
- Transient Violators (violations not occuring at a permanent place of
- a. Violations involving persons who are transient are handled by a citation or by arrest if the violation is committed in the inspector's presence.
- b. When a physical arrest is necessary, a local law enforcement officer (sheriff or police) shall be requested to take the violator into custody and to ensure proper procedures are followed.

4. Citation Procedures:

- a. Adults being cited (19 years or older) must be able to be reached in the event a bench warrant is issued.
- b. Adults cited shall be cited in the local judicial court.
- c. Juveniles shall be cited into juvenile court.
- d. Citation books shall be issued by citation number to the assigned inspector. The inspector is accountable for each citation by number.
- e. Citation shall be filled out completely and correctly and all pertinent
- f. When the citation is written and completed, copies will be distributed as
 - A. Cited person's copy-give to violator.
 - B. Court copy (original)-attach copies of inspection notices and a summary sheet and deliver to the district attorney or the city
 - C. File copy (fire department's copy)-forward to the fire chief's office; a duplicate will be returned to the field office for the occu-
- g. The fire department shall keep a citation log entering each citation and

ards such as trespassing in a closed area, smoking in closed or restricted areas, failure to obey lawful orders of a fireman, faulty equipment or procedures, and violations of a similar nature will not require prior justification.

 Citations shall be issued only by qualified officers as designated by the fire chief.

Use of Citation

- 1. Citations shall be used only where a violation of a specific section of the appropriate code or ordinance has occurred.
- 2. Documentation establishing prior efforts to gain compliance shall be in evidence.

EXCEPTION: Citations issued for violations which present imminent life hazards such as trespassing in a closed area, smoking in closed or restricted areas, failure to obey lawful orders of a fireman, faulty equipment or procedures, and violations of similar nature will not require prior justification.

- 3. Issuing person shall be qualified as required by state law.
- 4. The offense for which the citation is issued shall be a misdemeanor and NOT a felony.
- 5. The date to appear as shown on the citation shall be as set forth by the local municipal court from the date of issuance.
- 6. Whenever the issuing person questions the uncertainty of releasing the violator upon signing the citation on his promise to appear, the assistance of a sheriff or police officer should be requested.
- All violations shall be indicated on the citation with reference to the appropriate code or regulations, including the specific section number.
- 8. All violations as shown on the citation shall be explained to the violator prior to his signing.

TWENTY-SECOND GUAM LEGISLATURE 1993 (FIRST) REGULAR SESSION

Bill No. <u>45</u>3 (LS)

P.C. LUJAN

AN ACT TO AMEND §73111 OF CHAPTER 73, TITLE 10, GUAM CODE ANNOTATED, TO ADD THE APPENDICES IN THE UNIFORM FIRE CODE

1 BE IT ENACTED BY THE PEOPLE OF THE TERRITORY OF GUAM:

2 Section 1. §73111 of Chapter 73, title 10, Guam Code Annotated is 3 hereby amended to read:

"§73111. Uniform Fire Code. 4 Inspection of premises and areas and 5 actions relative to the prevention of fires or the spread thereof, shall be in accordance with the Uniform Fire Code issued by the 6 International Conference of Building Officials and the Western Fire 7 8 Chiefs' Association. Standards and requirements for the fire prevention as set out in the Uniform Fire Code and its appendices 9 10 shall apply in Guam in the absence of specific provisions of this 11 chapter.
